EMERGENCY RESPONSE MANUAL

The emergency procedures described in this guide are designed to protect lives and property through effective use of campus and community resources. The emergency response principles, in the District Office All Hazards Safety and Security Plan, were applied to these procedures. The guidelines in this manual are based on the following assumptions:

- An emergency may occur at any time of the day or night, weekend or holiday, with little or no warning.
- The succession of events in an emergency is not predictable. Therefore, this manual will serve as a guide and may require modifications in order to meet the requirements of the emergency.
- A disaster may also affect the surrounding geographical area. Therefore, city, county and federal emergency services may not be available.

Response to an active shooter is one of the most dynamic situations that anyone will ever face. How you respond to an active shooter will be dictated by the specific circumstances of the encounter, keeping in mind there could be more than one shooter involved in the same situation. If you find yourself in an active shooter situation, try to remain as calm as possible and use these suggested actions to help you plan a strategy for survival.

1. If fleeing is an option you should:

   c) Keep your hands visible
   d) If you know where the shooter is located, tell the police if they are on the scene
2. If the active shooter is outside the building or inside and fleeing is not an option, you should:
   a) Go to a room that can be locked or barricaded by using available materials
   b) Close the window blinds, turn off the lights; try not to be visible from outside the room
   c) Seek concealment behind walls, desks, file cabinets, etc.
   d) Silence your cell phone and if possible call 911 or 9-911; give the dispatcher your name and location, remain in place until police give the “All Clear”

   a) Try to remain calm; it will aid you in decision making
   b) **IF POSSIBLE,** call 911 or 9-911 and give your location to the dispatcher; if you are unable to speak, leave the phone line open the dispatcher may be able to determine your location by hearing what is going on
   c) If there is absolutely no opportunity for escape or concealment, you may be faced with the decision to overpower the shooter with force by whatever means necessary

4. The Office of Safety and Security has provided a training video on surviving an active shooter situation and urges you to take a few minutes to view the contents. You can view the video [here](#).

BUILDING EVACUATION PROCEDURES

BE PREPARED FOR AN EMERGENCY:

- Know the locations of fire alarm pull stations.
- Know the locations of all exit doors and stairways.
- Know the locations of fire extinguishers on each floor of the building.
- If you have a disability and need assistance evacuating the building, notify Administrative Services of your special needs, your office location will be included on the District Office List of Locations of People with Disabilities. That list will be given to the Security Office. In the event of an evacuation, Security gives Fire Department personnel the list to help them locate people with disabilities who need assistance exiting the building.

WHAT TO DO IF YOU HEAR THE BUILDING ALARM:

- Listen for instructions from the Floor Leader or designee. Exit the floor in a quiet and orderly manner so you can hear any announcements.
- Exit the floor using the nearest stairway unless advised to use an alternate stairwell by the floor leader.
- **Do not use the elevators during an evacuation, including a fire drill.**
- The center stairwell, of each floor, is an area of refuge for those persons with disabilities to wait for the fire department.
- If you offer your assistance to a person with a disability ask the person what kind of assistance he/she needs. Only help if it will not impede you or other evacuees using the stairs.
- Exit the building immediately and **cross the street to the staging area south of Jackson Blvd.** Do not remain on the sidewalk near the building.
- Do not return to the building until College officials announce that it is safe to do so.
