Programs of Study

Arts, A/V Technology & Communications
DIGITAL MULTIMEDIA DESIGN 350  
**Associate in Applied Science degree (A.A.S.)**  
**67 Credit Hours (CH)**

The Digital Multimedia Design Program is designed to prepare students for entry-level positions in the field of interactive and multimedia design and for possible transfer into a four-year institution. Requirements for a major in Digital Multimedia Design will equip students with the necessary skills, both technically and aesthetically, to create digital multimedia presentations. Output can be delivered on CD, DVD, video, or in the form of web pages over the Internet.

The program has three required areas of specialization: 1) Video & Sound, 2) 3D Graphics, and 3) Interactive Media.

**General Education**  
16 CH

- Biology (023) or Physical Science (076)  
  Any IAI approved course  
- English (035)  
- Fine Arts (042)  
- History of Architecture, Painting, and Sculpture I  
- Math (045)  
- General Education Math or higher  
- Social Science (088)

Students should meet with a college Academic Advisor for selection of remaining course requirements for the general education portion of the A.A.S. degree.

See page 51 for A.A.S. general education degree requirements.

### MEDIA COMMUNICATIONS 083
**Associate in Applied Science Degree (A.A.S.) 63 Credit Hours (CH)**

The Media Communications program is a modification and extension of the former Radio & TV Broadcasting Program. The program offers an Associate in Applied Science degree with which students may choose specialized courses that qualify them in the following areas: 1) Audio/Video/Internet Production (AVIP), which includes Television; 2) Radio Production/Broadcasting; 3) Media Sales and Marketing; and 4) Interactive Media Design. All areas emphasize the use of technology, including computers. Therefore, computer literacy is required for successful completion of this program. The program prepares graduates for entry level positions in related fields and for possible transfer to a four-year institution.

**General Education**

Students should meet with a college Academic Advisor for selection of specific course requirements for the 15.0 credit hour minimum general education portion of the A.A.S. degree.

**Students may select one of the four specialty areas:**

**SPECIALTY AREA (1)**

**AUDIO/VIDEO/INTERNET/PRODUCTION (AVIP)**

Students will learn to create short video and audio projects and learn all facets of video and audio production from program design (pre-production), and hands-on recording (production) through the editing process (post-production). Students will take courses in webcasting and streaming media using state-of-the-art digital technology, facilities, and instruction. By the end of the program, students will have basic knowledge of lighting, camera operation, storyboarding and basic scripting, editing, sound, and producing techniques. Students will assume roles as producers, directors, camera operators and video editors. Pre-and post-production, scripting, graphics, lighting, legal requirements, and nonlinear video editing skills will be emphasized.
Programs of Study
Arts, A/V Technology & Communications

Required Specialty Area (1) Courses for Audio/Video/Internet/Production (AVIP) 15 CH

- Media Communications (011)
- 170 History of Television
- 203 Media Writing
- 231 TV Production I
- 232 TV Production II
- 240 Mini-Cam and Videotape Editing

Elective Courses for Audio/Video/Internet/Production (AVIP) 9 CH

Select three courses from the following.

- Entrepreneurship (143)
- 201 Introduction to Entrepreneurship (3)
- 202 Opportunity Recognition Development (3)
- 204 Entrepreneurial Marketing and Sales (3)
- Media Communications (011)
- 234 Producing for Television (3)
- 241 Video Editing (3)
- 242 Television Graphics (3)
- 244 Advanced Videography, Griping and Lighting Techniques (3)
- 245 Advanced Production Workshop (3)
- 260 Media Sales and Marketing (3)
- 261 Project Management & Team Dynamics (3)
- 270 Introduction to Radio and TV Programming (3)
- 272 Advanced Audio/Video Production for Interactive Media (3)
- Speech (095)
- 160 Business and Professional Speech (3)

SPECIALTY AREA (2)
RADIO PRODUCTION AND BROADCASTING

The Radio Production/Broadcasting course of study provides a comprehensive overview of the Media Communications industry with a concentration in radio. The program provides a real world, hands-on overview of the art and business of radio broadcasting, while developing in-depth knowledge and skills regarding the total operation of a radio station, including the history of radio broadcasting from its inception to the latest radio technology. The program will train students in the areas of on-air talent, production, programming, or business, which includes radio marketing, promotions, and sales.

Required Specialty Area (2) Courses for Radio Production and Broadcasting 18 CH

- Media Communications (011)
- 102 Announcing
- 160 History of Radio Genres
- 203 Media Writing
- 221 Radio Production I
- 222 Radio Production II
- 260 Media Sales and Marketing

Elective Courses for Radio Production and Broadcasting 6 CH

Select two courses from the following:

- English (035)
- 105 Business Writing (3)
- 107 Report Writing (3)
- Entrepreneurship (143)
- 201 Introduction to Entrepreneurship (3)
- 202 Opportunity Recognition Development (3)
- 204 Entrepreneurial Marketing & Sales (3)
- Media Communications (011)
- 224 Broadcast Performance (3)
- 261 Project Management & Team Dynamics (3)
- Speech (095)
- 160 Business and Professional Speech (3)

SPECIALTY AREA (3)
MEDIA SALES AND MARKETING

The curriculum for Sales and Marketing as part of the Media Communications program is designed to put graduates on the front lines of the business world and, more specifically, to prepare students to understand and communicate the value of media properties (TV, radio, newspaper and Internet). Each course in the Sales and Marketing program is focused and detailed, yet part of a broad-based curriculum that balances relevant management principles with hands-on marketing procedures and techniques.

Required Specialty Area (3) Courses for Media Sales and Marketing 21 CH

- Business (030)
- 231 Principles of Marketing (3)
- 236 Advertising (3)
- 237 Selling (3)
- English (035)
- 105 Business Writing or 107 Report Writing (3)
- Entrepreneurship (143)
- 201 Introduction to Entrepreneurship (3)
- Media Communications (011)
- 260 Media Sales and Marketing (3)
- Speech (095)
- 160 Business and Professional Speech (3)

Elective Courses for Media Sales and Marketing 3 CH

Select one course from the following:

- Business (030)
- 230 E-Business Marketing (3)
- 272 Sales Management (3)
- Entrepreneurship (143)
- 202 Opportunity Recognition Development (3)
- 204 Entrepreneurial Marketing & Sales (3)
- Psychology (087)
- 206 Business and Industrial Psychology (3)
- Speech (095)
- 102 Public Speaking (3)
Programs of Study
Arts, A/V Technology & Communications

Specialty Area (4)
Interactive Media Design

Students will learn the basic principles of graphic design and e-design as they relate to designing for the Internet and multimedia. The program will introduce time-based interactive design, animation, audio, and digital video. The students will learn to create interactive experiences, develop original concepts, and take a project from storyboarding to production. Narrative, linear, and non-linear structures will be analyzed as well as advanced navigation schemes and dynamic web strategies.

Required Specialty Area (4) Courses for Interactive Media Design 21 CH

(Prerequisite: Psych 201)

MUSIC BUSINESS 093
Basic Certificate (B.C.) 21 Credit Hours (CH)

Students enrolled in the Music Business certificate program will study the techniques and standards needed for a career as a manager, publisher, professional musician, or agent. Completion of the Music Business program can lead to employment with such businesses as recording companies, management firms, publishing companies, music festivals, or music production companies. Practical experience within the music industry is included. The field is highly competitive, but employment opportunities are expanding rapidly.

MUSIC TECHNOLOGY 094
Basic Certificate (B.C.) 26 Credit Hours (CH)

The basic certificate in Music Technology offers the study of techniques and standards needed for careers as a recording engineer, producer, professional musician, or composer/arranger. Completion of the certificate program can lead to employment with such businesses as advertising agencies, recording studios, recording companies, video game companies, publishing companies, radio stations, or as a free-lance artist. The field is highly competitive, but employment opportunities are expanding rapidly.
