MISSION

City Colleges of Chicago (CCC) delivers exceptional learning opportunities and educational services for diverse student populations in Chicago.

We enhance knowledge, understanding, skills, collaboration, community service and life-long learning by providing a broad range of quality, affordable courses, programs, and services to prepare students for success in a technologically advanced and increasingly interdependent global society.

We work proactively to eliminate barriers to employment and to address and overcome casual factors underlying socio-economic disparities and inequities of access and graduation in higher education.

RICHARD J. DALEY COLLEGE

Richard J. Daley College provides high-quality education which leads to academic success, career development, and personal enrichment that fulfill diverse community needs.

http://www.ccc.edu/colleges/daley/menu/Pages/Mission.aspx

HAROLD WASHINGTON COLLEGE

Harold Washington College is a student-centered institution that empowers all members of its community through accessible and affordable academic advancement, career development and personal enrichment.

KENNEDY-KING COLLEGE

Kennedy-King College is dedicated to providing high quality, comprehensive, accessible education and training opportunities that respond to changing community needs and enable individuals to reach their full potential and successfully compete in the global marketplace. Kennedy-King College is committed to improving student learning in all programs and services through and ongoing comprehensive assessment process.

http://www.ccc.edu/colleges/kennedy/menu/Pages/Mission.aspx

MALCOLM X COLLEGE

Malcolm X College, a learning and assessment-centered community college, empowers students of diverse backgrounds and abilities to achieve academic, career, and personal success.

OLIVE-HARVEY COLLEGE

The mission of Olive-Harvey College is to provide high quality educational programs and support services. Olive-Harvey College is dedicated to student learning and academic and career success through instructional excellence and responsiveness to student, business and community needs. Our goal is to support students in the completion of an associate’s degree in preparation for transfer to institutions of higher education and in preparation for immediate employment. Further, we support a wide array of excellent opportunities for life-long learning; career preparation, training, and advancement; and adult education including basic skills enhancement.

HARRY S TRUMAN COLLEGE

Our Mission dedicates us to deliver high-quality, innovative, affordable and accessible educational opportunities and services that prepare students for a rapidly changing and diverse global economy.

WILBUR WRIGHT COLLEGE

Wright College is a learning-centered, multi-campus institution of higher education offering students of diverse backgrounds, talents and abilities a quality education leading to baccalaureate transfer, career advancement and/or personal development.

STUDENT SERVICES
Each college offers a broad range of services to support the achievement of students’ academic, career, and personal goals, as well as referrals to external support agencies, as needed. Some of the many student services are listed below and on subsequent pages. More information, including contact and location information at each college, may be found at www.ccc.edu/studentservices.

FINANCIAL AID AND TUITION
At City Colleges of Chicago, we believe your education is an investment, that will pay dividends throughout your lifetime. That’s why we are dedicated to helping students get the assistance they may need to attend one of our seven colleges. The Financial Aid Offices at City Colleges of Chicago work closely with students and families to provide financial assistance in the form of grants, loans, and work-study from federal and state resources. The Financial Aid Office is your guide and resource to help you make college affordable. Please visit your respective college’s Financial Aid Office for more information regarding the financial aid process.

*Cooperative agreement between Illinois community college districts for programs not offered by CCC

ACADEMIC CATALOG
Effective Fall 2014 term, all students are assigned an academic career, program, and plan upon enrolling (consistent with Focus Area and Pathway choices made by the student). Students are required to follow the academic program/plan requirements in the Academic Catalog in effect at the time of their enrollment, subject to CCC Academic Policy www.ccc.edu/policies.

ACADEMIC AND STUDENT POLICY MANUAL
All students at all times are subject to the current Academic and Student Policy Manual, unless a new board rule has superseded the text in the policy manual. The manual includes detailed policies related to student procedures and protocols including transfer policies, financial aid policies, grade designation, graduation, responsible computer use, and more. The complete Academic and Student Policy Manual can be found at www.ccc.edu/policies.
TRANSFER CENTERS

It’s never too early to begin planning for transfer. City Colleges of Chicago Transfer Centers exist to help students plan for a seamless transition to four-year institutions. The Transfer Director at each college oversees an annual cycle of programs and services. At your Transfer Center you can:

- Find out about CCC’s partnerships with four-year institutions
- Identify four-year institutions that might be a good fit
- Match your graduation plan with your transfer goals
- Obtain college application fee waivers (pending eligibility)
- Receive scholarship assistance during the transfer process

TRANSFER EVENTS AT CITY COLLEGES

- **Fall and Spring Transfer Fairs**: Over 100 colleges and universities come to City Colleges annually to recruit students. Students are encouraged to attend these fairs to plan for transfer.
- **College Recruitment Visits**: When school is in session, colleges and universities recruit students by making “table visits,” Monday through Thursday at every City College.
- **The Transfer-mation Conference**: This District-wide event provides students with the opportunity to learn about career options, transferring with ease to colleges and universities and how personal goals can become a reality. Current students and alumni are invited to attend.
- **Transfer Scholars**: Eligible students can receive on-site admission, meet with selective enrollment admissions staff and get their financial aid packages up to one year prior to transferring.
- **College Success**: these classes include introductions to transferring for new students.

TRANSFER PARTNERSHIPS WITH CITY COLLEGES

Partnerships between City Colleges of Chicago and four-year institutions provide a smooth transition for CCC students into the college or university of their choice. The CCC Transfer Pages are continually updated with new transfer resources.

- **Star Partnerships**: CCC has partnered with colleges and universities across the state to provide continuing financial and transfer support for Star Scholarship recipients who participate in these partnerships.
- **Admission Partnerships**: Consider signing up for Dual Admission, Guaranteed Admission, and Dual Enrollment partnerships with local, outstanding universities.
- **Pathway Partnerships**: CCC has partnered with several universities in creating Pathway Partnerships. All students are put on a Pathway at CCC. Once you choose your destination college, using the Pathway Partnership document will show the classes preferred per major.
- **Transfer Guides**: Almost 50 colleges and universities have created Transfer Guides for CCC students to use when planning for transfer.

Illinois Articulation Initiative (IAI)

City Colleges participates in Illinois Articulation Initiative, or IAI, a comprehensive state-wide effort among more than 100 colleges and universities in Illinois to facilitate the transfer of general education credits. Advisors will direct students to take IAI general education courses to fulfill the general education requirements whenever possible, since transfer is guaranteed by so many Illinois colleges.

- Students who complete the AA or AS degree at CCC, and meet the admission requirements of an IAI-participating baccalaureate degree-granting institution to which they transfer, will have completed the lower-division general education requirements for an associate or baccalaureate degree in lieu of the receiving institution’s general education requirements.
- Students who complete the IAI General Education Core Curriculum (GECC) at CCC fulfilling all of the GECC requirements with IAI approved General Education courses and transfer to participating institutions have the assurance that lower-division general education requirements for an associate or baccalaureate degree have been satisfied and the GECC will transfer.

MyCreditsTransfer Powered by Transferology

MyCreditsTransfer is a statewide initiative designed to facilitate transfer within Illinois using the nationally available tool, Transferology. Within Transferology students can find out how courses transfer between institutions, how courses satisfy degree requirements and the different majors institutions offer. City College students can create an account in Transferology and with the touch of a button can import all of their CCC courses, allowing students to see how they will transfer to colleges by major. City College advisors and students use this system every day to plan for transfer.

Reverse Transfer of Credit

If you transfer to another college or university before completing your degree at City Colleges of Chicago, you can still earn an associate degree through the Reverse Transfer of Credit. Students who transfer to a four-year college or university can transfer back college credits to satisfy degree requirements at CCC.

For more information on transfer resources, visit [www.ccc.edu/transfer](http://www.ccc.edu/transfer)

*Number of job openings projected per focus area over the next 10 years.
Richard J. Daley College responds to the changing needs of Chicago and its people by providing general education, career and technical, and adult education programs. Daley graduates transfer to colleges and universities all over Illinois or join the work force. Daley's main campus is located at 7500 S. Pulaski Road and its satellite campus is Arturo Velasquez Institute located at 2800 S. Western Avenue in Chicago.

Daley College is City Colleges’ Center of Excellence in Advanced Manufacturing and Engineering. Industry leaders work with Daley College faculty to help align curriculum with industry standards and ensure facilities provide the hands-on training needed to succeed on the job. Manufacturing classes are also available at Daley College’s satellite campus Arturo Velasquez Institute.

Kennedy-King College embodies the commitment to academic excellence and civic responsibility espoused by its namesakes, civil and human rights activists Robert F. Kennedy and Dr. Martin Luther King, Jr.

Kennedy-King is City Colleges’ Center of Excellence in Culinary & Hospitality and in Construction Technology, working with industry experts to ensure students are prepared for careers in those fields. Culinary and hospitality courses are offered at Washburne Culinary & Hospitality Institute—where students receive hands-on training at restaurants serving the public, including Sikia, the Parrot Cage, and the Washburne Cafe—or they can take classes at the French Pastry School.

Dawson Technical Institute, located at 3901 S. State, offers career opportunities in construction technology at companies, such as ComEd and Peoples Gas, and through major trade unions representing workers in the field.

Malcolm X College is conveniently located near the Illinois Medical District and offers one of the largest selections of health sciences degrees in Cook County. In January 2016, Malcolm X College opened a brand new state-of-the-art School of Health Sciences, featuring a virtual hospital. It also houses the new City Colleges of Chicago School of Nursing.

West Side Learning Center, MXC’s satellite site, offers Adult Education classes as well as professional and Personal Development courses.

Olive-Harvey College, on the city’s far South Side, serves thousands of students annually in their pursuit of a certificate, degree, high school equivalency, or to learn English as a second language.

Olive-Harvey College is City Colleges’ Center of Excellence in Transportation, Distribution and Logistics (TDL), one of the region’s fastest growing industry segments. A TDL Center is currently under construction to produce the highly-skilled professionals needed to meet future industry demand.

South Chicago Learning Center, OHC’s satellite site, offers classes leading to a High School Equivalency Certificate (GED), classes for English Language Learners (ELL), Citizenship classes, and a select number of college credit courses.

Harry S Truman College has been a vibrant and vital part of Chicago's Uptown neighborhood since 1976, delivering high-quality, innovative, affordable and accessible educational opportunities and services. Our faculty, staff and administration work to provide students with the support and tools necessary to reach their goals.

As City Colleges’ Center of Excellence in Education, Human and Natural Sciences, students have the opportunity to become the best teachers by learning from the best teachers. Truman College offers a combination of certificates and associate degrees for those first entering the education profession as well as for professionals in need of continuing education.

Named after a great American innovator of flight, Wilbur Wright College prepares students to soar to academic and personal success, whether their goal is to transfer to a four-year college or join the workforce. Signature programs include information technology, paralegal, and addiction studies, as well as computerized numerical control at its satellite location, Wright College Humboldt Park. The college is easily recognized by the unique pyramid - designed by renowned Chicago architect, Bertrand Goldberg - on campus.

City College’s Center of Excellence in Information Technology, Wilbur Wright College also offers high school equivalency and English as a Second Language courses, with its credit courses transferable to most four-year colleges and universities.

A degree or certificate from City Colleges of Chicago is your ticket to a rewarding career, either right after graduation, or after a successful transfer to a four-year college or university. We have the resources to get you there, but you have to make some choices about your path.

City Colleges of Chicago offers over 100 degree and certificate programs. That’s a lot of choices! To narrow down your options, 1) choose one of our ten Focus Areas. Your College Advisor can give you tools and ask you the right questions to help you make your decision. Once you have chosen a focus area, you should consult with your College Advisor to 2) decide if you plan to transfer to a four-year school and discuss your career goals. With this information, you and your advisor can determine the degree or certificate program that works best for you!

Consider that in 2018, 80% of jobs in Illinois will fall under College to Careers focus areas. The College to Careers (C2C) initiative makes sure that we are training people to fill these positions. C2C also partners with potential employers and transfer institutions to ensure students make smooth transitions to meet their goals.

How do you define your success at City Colleges of Chicago? Once you choose a Focus Area, you will be able to figure out, with your advisor’s assistance, the best courses to take at CCC to achieve your goal of transferring or looking for employment after completion of a certificate or degree.

Students are assigned an academic advisor and are encouraged to meet with their advisor often. As soon as possible, advisors will put students on a pathway, based on their career intention. The pathway shows the general education and other course recommendations that will best prepare students for future success.

If you are undecided about your major or field of interest, but you know you want to transfer and earn a bachelor’s degree or if you are considering a career program, we can suggest possibilities for your first semester of college to help you decide.

Learn more by visiting Academic Advising, the Transfer Center, and the Career Planning and Placement Center at your college. We are here to help you succeed!

### Transferring College Credit into City Colleges

A large population of students at City Colleges transfer from another college. Students must submit all college transcripts during the admission process so that the credit can be evaluated. This will help you get placed in the right course while at CCC and complete your degree more efficiently. Be sure to have your official transcript sent to the Records Office at City Colleges at the time of admission.

### The General Education Core Curriculum (GECC)

These courses are offered at all seven City Colleges

You can complete the GECC in order to satisfy most core requirements in any major you choose after you transfer. In order to complete the GECC, you are required to take at least 12 to 13 courses (37 to 41 semester credits). If you complete the full package of GECC, more than 100 colleges or universities in Illinois have agreed to accept all of these credits from students transferring from City Colleges of Chicago. Students take classes in five general areas: communication; mathematics; physical and life sciences; humanities and fine arts; and social and behavioral sciences. Within each of these general areas, you will choose among many possible classes that qualify as GECC courses.

This set of general education courses is part of the Illinois Articulation Initiative (IAI), a statewide transfer agreement among Illinois colleges and universities, including City Colleges of Chicago and numerous four-year institutions in Illinois.
ASSOCIATE IN APPLIED SCIENCE

The Associate in Applied Science (AAS) degrees are occupational programs that are structured for students primarily interested in acquiring Career Technical Education (CTE) skills in order to enter the job market. However, a number of four-year institutions offer baccalaureate degrees designed to accommodate AAS degree graduates. Students planning to transfer to a four-year institution should meet with an advisor from the institution to which he/she plans to attend to discuss transferability of the AAS degree and individual courses.

Students seeking an AAS degree must select a program of study, (e.g., Child Development, Manufacturing Technology, Nursing) in order to determine the specific general education courses, the program core courses, and electives that are required to complete the program. An AAS degree is comprised of 50 to 75% of required technical core and specialty course work. Additionally, the AAS degree requires a minimum of 15 credit hours of general education. Students are required to take at least one course that fulfills the State of Illinois Human Diversity (HD) requirement for the Associate in Applied Science degree.

Minimum General Education 15 Credit Hours
Minimum Degree Core and Electives 45 Credit Hours
Minimum Degree Credit Hours 60 Credit Hours
Degree offered at: DA KK MX OH TR HW WR

ASSOCIATE IN ARTS (0210)

The Associate in Arts (AA) degree prepares an individual for transfer to a four-year college or university. Consistent with the IAI model and the ICCB Administrative Rules, City Colleges of Chicago requires that the degree is inclusive of a minimum of 37 semester hours of General Education.

For students who want to earn an associate degree before transferring to a four-year institution, the Associate in Arts degree (AA) is the traditional choice for most students. The AA degree indicates a student has mastered the basics of higher education. This degree plan provides you with the IAI General Education Core Curriculum (GECC) courses explained above, and in addition, you will select elective classes (25 credit hours).

Students are required to take at least one course that fulfills the State of Illinois Human Diversity (HD) requirement for the Associate in Arts degree.

General Education 37 Credit Hours

English (0035)
101 Composition I ................................................................. 3
102 Composition II ................................................................ 3

Speech (0095)
101 Fundamentals of Speech Communication ..................... 3

Mathematics............................................................................. 3

Fine Arts & Humanities ............................................................ 9
At least one (1) of the above courses must be from the Fine Arts category, and at least one (1) must be from the Humanities category.

Social & Behavioral Sciences .................................................. 9

Physical & Life Sciences .......................................................... 7
At least one (1) of the above courses must be from the Physical Sciences category, and at least one (1) must be from the Life Sciences category. At least one (1) lab course is required.

AA Electives 23 Credit Hours

Students should work with a College Advisor to select appropriate core and elective courses or select an AA semester map as a guide.

Total Degree Credit Hours 60 Credit Hours
Degree offered at: DA KK MX OH TR HW WR
### ASSOCIATE IN ENGINEERING SCIENCE (0100)

The Associate in Engineering Science (AES) degree offers courses required for transfer to a four-year college or university for students majoring in engineering sciences. Completion of the AES degree does not fulfill the requirements of the IAI General Education Core Curriculum (IAI GECC). City Colleges of Chicago requires that the degree is inclusive of a minimum of 22 semester hours of General Education. A student must complete the general education requirements of the college or university to which she/he transfers.

ASSOCIATE IN GENERAL STUDIES (0203)

The Associate in General Studies (AGS) degree provides students the ability to explore a broad range of college-level courses to develop new skills or investigate a personal interest. Courses may transfer individually to a four-year university, but the degree as a whole is not designed for transfer or as an occupational degree. Students should work closely with an advisor to determine if the AGS is the right degree program to reach their individual goals. City Colleges of Chicago requires that the degree is inclusive of a minimum of 20 semester hours of General Education.

General Education 20 Credit Hours

Students are required to take at least one general education course that fulfills the State of Illinois Human Diversity (HD) requirement for the Associate Degree.

Degree offered at: DA KK MX OH TR HW WR

ASSOCIATE IN SCIENCE (0211)

The Associate in Science (AS) degree prepares an individual for transfer to a four-year college or university. Consistent with the IAI model and the ICCB Administrative Rules, City Colleges of Chicago requires that the degree is inclusive of a minimum of 37 semester hours of General Education. For students who already know they are interested in science, technology, engineering, or mathematics (the "STEM" fields), the Associate in Science degree, or even the Associate in Engineering Science (AES), is probably the one to pursue. This is also a transfer degree, and it is similar to the Associate in Arts. The main difference early-on concerns the selection of specific math and science courses, which will be different for students who want to major in a STEM field. Again, working closely with your advisor will ensure that you enroll in the right classes to achieve your goals.

Students are required to take at least one course that fulfills the State of Illinois Human Diversity (HD) requirement for the Associate in Science degree.

General Education 37 Credit Hours

ADVANCED MANUFACTURING

Whether you are interested in learning how to program computerized machines and robotic assembly systems or enjoy working with numbers and your hands, consider pursuing a career in the high-growth field of Advanced Manufacturing. City Colleges offers Advanced Manufacturing programs that have been validated by our industry partners.

City Colleges offers transfer degrees—Associate in Arts (AA) and Associate in Science (AS)—that make transferring to a four-year college or university easy and convenient. There are several transfer pathways at CCC, which are suggested coursework that align with the area of study you are interested in. If a Focus Area offers any transfer pathways, they will be denoted in the below chart by the letter pairings AA or AS. Each pathway is hyperlinked to their Program Finder page where their semester map can be found.

PROGRAM OFFERED AT: FACTORY AUTOMATION

Basic Certificate (0826)*

*Beginning Summer 2017, this program is no longer accepting new students. Please refer to CCC’s other Advanced Manufacturing offerings.

The instructor certified CNC certificate program is for students interested in manufacturing in the area of Computer Numeric Control. By enrolling in 200 hours of training to become a machinist CNC set-up or operator, students will learn the safety and maintenance procedures of manufacturing; operate machinery such as drill press, lathes and mills; learn CNC machining such as writing G/M code, and run simulations of writing and running programs on the CNC machinery.

For more info on the Basic Certificate in Factory Automation, please visit www.ccc.edu/programs/Pages/Factory-Automation-Basic-Certificate.aspx.

SAFETY FOR PROCESS TECHNOLOGY

Basic Certificate (0412)

The Safety for Process Technology Basic Certificate program prepares students to work as entry-level operators in continuous or large batch production processes in manufacturing. Operating and monitoring production equipment in refineries, food, pharmaceutical and bio-manufacturing, process technicians use a range of instruments and sensors to measure and track temperature, pressure, viscosity, chemical composition, color and other physical and chemical properties. Process Technicians ensure safety, health, and other environmental practices and standards in all areas of plant activities. Students will earn the safety credential from the Manufacturing Skill Standards Council (MSSC).

For more info on the Basic Certificate in Safety for Process Technology, please visit www.ccc.edu/programs/Pages/Safety-for-Process-Technology-Basic-Certificate.aspx

WELDING

Basic Certificate (0765)

Welding is a challenging and rewarding career that combines the manual techniques of traditional welding processes with new digital skills used in robotic welding. With continual advances in welding technology, students in this program will study manufacturing materials and processes, including basic metallurgy and electricity, as well as print reading and fundamental quality assurance concepts. The welding processes that students will master include Gas Metal Arc Welding (GMAW or “MIG” welding), Shielded Metal Arc Welding (SMAW or “stick”), and Gas Tungsten Arc Welding (GTAW or “TIG”). Automated welding is taught using a FANUC robot and controller with a Lincoln Electric welder. Basic Certificate completers will be able to gain jobs as welders and entry level jobs in automated (or robotic) welding.

For more info on the Basic Certificate in Welding, please visit www.ccc.edu/programs/Pages/Welding-Basic-Certificate.aspx

WELDING (INDUSTRIAL TECHNOLOGY)

Basic Certificate (0827)*

*Beginning Summer 2017, this program is no longer accepting new students. Please refer to CCC’s other Advanced Manufacturing offerings.

The Industrial Welding Technology certificate program provides students with welding skills in a shop setting. Students are taught ARC, MIG, and TIG welding and all welding positions. Plasma and oxy-gas cutting are also taught. In addition, students examine job safety, ethics, and metallurgy. Graduates find entry-level employment as welders, solderers, and braziers. Upon program completion, students will receive Scaffold Safety Certification and the 10-Hour OSHA Construction Certification.

For more info on the Basic Certificate in Welding (Industrial Technology), please visit www.ccc.edu/programs/Pages/default.aspx.

BUSINESS AND PROFESSIONAL SERVICES

Business and Professional Services prepares students for careers as varied as marketing, management, insurance, and banking. Careers like these may have you working with financial statements, analyzing data to interpret trends, creating a marketing strategy, or managing an overall business plan. City Colleges’ Business and Professional Services programs get you ready for further college or a career with one of our industry partners and beyond.

City Colleges offers transfer degrees—Associate in Arts (AA) and Associate in Science (AS)—that make transferring to a four-year college or university easy and convenient. There are several transfer pathways at CCC, which are suggested coursework that align with the area of study you are interested in. If a Focus Area offers any transfer pathways, they will be denoted in the below chart by the letter pairings AA or AS. Each pathway is hyperlinked to their Program Finder page where their semester map can be found.

To learn more about Business and Professional Services at City Colleges of Chicago, visit [www.ccc.edu/business](http://www.ccc.edu/business).

PARALEGAL

Associate in Applied Science (0304)

The Associate in Applied Science degree in Paralegal prepares students with the skills to become highly trained paralegals to meet the needs of corporations, law firms and offices, and other sectors where law-related work is performed. Program completion can lead to employment in any area where law-related work is conducted. Paralegals may not provide legal services directly to the public, except as permitted by law. The program is approved by the American Bar Association at Wright College.

For more info on the Associate in Applied Science degree in Paralegal, please visit www.ccc.edu/programs/Pages/Paralegal-Associate-in-Applied-Science.aspx

PROGRAM OFFERED AT: DA TR
CONSTRUCTION TECHNOLOGY

Launch a career in the fast-growing Construction Technology industry and you could use the latest technologies to design and engineer blueprints for new buildings, install heating and plumbing into homes or office buildings, or manage and coordinate construction projects. City Colleges works with industry leaders to ensure our programs lead to careers.

City Colleges offers transfer degrees—Associate in Arts (AA) and Associate in Science (AS)—that make transferring to a four-year college or university easy and convenient. There are several transfer pathways at CCC, which are suggested coursework that align with the area of study you are interested in. If a Focus Area offers any transfer pathways, they will be denoted in the below chart by the letter pairings AA or AS. Each pathway is hyperlinked to their Program Finder page where their semester map can be found.

To learn more about Construction Technology at City Colleges of Chicago, visit www.ccc.edu/construction.

AIR CONDITIONING AND REFRIGERATION

Associate in Applied Science (0117)

The Associate in Applied Science degree in Air Conditioning and Refrigeration studies the design, selection, maintenance, testing and installation of residential and commercial air conditioning, refrigeration and heating and ventilation systems, and business skills. The degree can lead to self-employment or employment as an assistant to engineers in an industrial or business facility, air conditioning and refrigeration mechanic, furnace installer, oil burner mechanic or a gas furnace mechanic with cooling and heating dealers, contractors, or utility companies.

For more info on the Associate in Applied Science degree in Air Conditioning, please visit www.ccc.edu/programs/Pages/Air-Conditioning-and-Refrigeration-Associate-in-Applied-Science.aspx

PROGRAM OFFERED AT: KK
BRICKLAYER

Basic Certificate (0760)

The Basic Certificate program for Bricklayer is designed to provide students with an understanding of the bricklaying trade. Students will receive hands-on training in the building of solid walls and chimneys using bricks, blocks, and a range of bonds, as well as learning basic blueprint reading. Completion of this degree will prepare students for a career as a Stonemason.

For more info on the Basic Certificate in Bricklayer, please visit www.ccc.edu/programs/Pages/Bricklayer-Basic-Certificate.aspx.

PROGRAM OFFERED AT: BUILDING ENERGY TECH NOLOGIES

BUILDING ENERGY TECHNOLOGIES

Basic Certificate (0159)

The Basic Certificate program in Building Energy Technologies is designed for students seeking expertise in the practical application of energy efficiency and renewable energy systems in the building construction industries. An emphasis on integration into traditional building construction and operation allows the graduate to effectively coordinate with architects, engineers, and contractors on the installation and operation of these systems.

For more info on the Basic Certificate in Building Energy Technologies, please visit www.ccc.edu/programs/Pages/Building-Energy-Technologies-Basic-Certificate.aspx.

PROGRAM OFFERED AT: COMBINATION WELDER

COMBINATION WELDER

Basic Certificate (0758)

The Basic Certificate program in Combination Welder is designed to provide students with training in basic welding skills in a shop setting. In addition to learning welding mathematics, blueprint reading, and layout and fabrication, students are also introduced to the basic fundamentals of job safety and ethics. Graduates of this program are qualified for entry level employment as an ARC, MIG, or TIG welder.

For more info on the Basic Certificate in Combination Welder, please visit www.ccc.edu/programs/Pages/Welder-(Combination)-Basic-Certificate.aspx.

## COMMUNICATIONS TECHNOLOGY

### Associate in Applied Science (0750)

The Associate in Applied Science degree program in Communications Technology is a cooperative effort between Richard J. Daley College and the Electrical Joint Apprenticeship and Training Trust (EJATT) which is made up of the National Electrical Contractors Association (NECA) and the International Brotherhood of Electrical Workers (IBEW) Local Union 134. Through the joint effort of the college and EJATT, the program is dedicated to consistently provide state-of-the-art education and training to apprentices, and through them to the residential and commercial building contractors in the Chicagoland area. This commitment to both the individual and industry requires not only providing electricians for today’s market, but also for tomorrow’s market and future technologies.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Associate in Applied Science degree in Communications Technology, please visit [www.ccc.edu/programs/Pages/Communications-Technology-Associate-in-Applied-Science.aspx](http://www.ccc.edu/programs/Pages/Communications-Technology-Associate-in-Applied-Science.aspx)

## CONCRETE MASONRY

### Basic Certificate (0759)

The Basic Certificate in Concrete Masonry includes orientation to the cement masonry trade, industry terminology and blueprint reading. Hands-on training includes the proper use and maintenance of tools and instruction in job safety procedures. Students will learn the basic ingredients of concrete, rodding placement and floating, basic set-up and form work, and clean-up.

For more info on the Basic Certificate in Concrete Masonry, please visit [www.ccc.edu/programs/Pages/Concrete-Masonry-Basic-Certificate.aspx](http://www.ccc.edu/programs/Pages/Concrete-Masonry-Basic-Certificate.aspx)

CONSTRUCTION CARPENTRY

Basic Certificate (0775)
The Basic Certificate in Construction Carpentry prepares students for an entry level apprentice position with a construction contractor. The program provides instruction in tool safety and usage, construction materials, work site safety, blueprint reading, and mathematical concepts. Course content also includes an introduction to the trades and basic ARC welding. Theory and practical “hands-on” application are emphasized throughout the program. Students will receive the OSHA Construction Safety and Health 10-hour Certification and Scaffold Certification upon successful completion of the program.

GAS UTILITY WORKER

Advanced Certificate (0749)

The Advanced Certificate program in Gas Utility Worker consists of general education courses and core courses that feature specific competencies in the safe construction and operation of natural gas distribution systems. The program takes a student through a series of basic and advanced skill sets designed to enhance on-the-job performance and to quickly bring the student to the level of a full-functioning, skilled worker once employed. Upon completion, students who graduate from this program will be prepared to work as a utility worker in the gas utility industry.

For more info on the Advanced Certificate in Gas Utility Worker, please visit www.ccc.edu/programs/Pages/Gas-Utility-Worker-Advanced-Certificate.aspx.

PROGRAM OFFERED AT:
Skilled chefs, caterers and hospitality personnel are needed throughout Chicago to provide guests and diners with exceptional food and lodging. With a career in the fast-growing industry of Culinary Arts and Hospitality, you can successfully pursue your passion for cooking, baking, or organizing staff and events.

City Colleges offers transfer degrees—Associate in Arts (AA) and Associate in Science (AS)—that make transferring to a four-year college or university easy and convenient. There are several transfer pathways at CCC, which are suggested coursework that align with the area of study you are interested in. If a Focus Area offers any transfer pathways, they will be denoted in the below chart by the letter pairings AA or AS. Each pathway is hyperlinked to their Program Finder page where their semester map can be found.

To learn more about Culinary Arts and Hospitality at City Colleges of Chicago, visit [www.ccc.edu/culinaryhospitality](http://www.ccc.edu/culinaryhospitality).

CULINARY ARTS

Associate in Applied Science (0362)
The Associate in Applied Science degree program in Culinary Arts is a sequential learning program taught over four semesters. All semesters include lecture, discussion, demonstration and hands-on production that allow students to practice the techniques of food production in a commercial food service environment. The curriculum includes additional methods and techniques that will increase the student’s repertoire of ethnic and classical menus. In addition, the coursework covers management skills, cost control, budgeting techniques, merchandising, business planning, resume writing and interviewing techniques. General education classes must be completed to satisfy the degree requirements. Students will receive the ServSafe® Sanitation Certification and will be eligible for the City of Chicago and State of Illinois Sanitation certificates upon completion.
FOOD SANITATION

Basic Certificate (0253)*

*Beginning Summer 2018, this program is no longer accepting new students.

The Basic Certificate in Food Sanitation is a partnership between City Colleges of Chicago and the Chicago Department of Public Health. The program offers training in food service sanitation in four languages: English, Spanish, Chinese, and Korean. This program prepares personnel from food establishments for certification and re-certification by the City of Chicago and the State of Illinois and also trains and certifies food vendors participating in outdoor summer festivals.

If you have the desire to mentor and inspire others, consider a career in the fast-growing field of Education. City Colleges’ education programs prepare you to work with infants to high school students and to teach numerous subjects like mathematics, science, or languages. City Colleges’ pathways simplify the process of transferring to a four-year college or university, saving you up to $40,000 on the cost of a bachelor’s degree.

City Colleges offers transfer degrees—Associate in Arts (AA) and Associate in Science (AS)—that make transferring to a four-year college or university easy and convenient. There are several transfer pathways at CCC, which are suggested coursework that align with the area of study you are interested in. If a Focus Area offers any transfer pathways, they will be denoted in the below chart by the letter pairings AA or AS. Each pathway is hyperlinked to their Program Finder page where their semester map can be found.

To learn more about Education at City Colleges of Chicago, visit [www.ccc.edu/education](http://www.ccc.edu/education).

BILINGUAL EDUCATOR ENDORSEMENT

Basic Certificate (0428)

The purpose of the Education Department Bilingual Educator Endorsement (BEE) program is to prepare teachers, administrators, and school service professionals who hold an Illinois Professional Educators License to meet the state endorsement requirements for the BEE. The BEE certificate will prepare teachers to teach in Bilingual classrooms in which instruction is provided in English and the students’ home language. The coursework in these certificate is specifically aligned to meet the linguistics, development, education, methods, and cultural content requirements of the state endorsements including electives and a BEE practicum experience. The Education Department believes that these endorsements are of particular importance as the number of Bilingual students in Illinois is projected to continue to rise, and there is a declared Bilingual teacher shortage. The BEE certificate will prepare teachers who have tested as proficient in a foreign language to teach in bilingual settings.

For more info on the Basic Certificate in Bilingual Educator Endorsement, please visit www.ccc.edu/programs/Pages/Bilingual-Educator-Endorsement-Basic-Certificate.aspx

CHILD DEVELOPMENT: SCHOOL-AGE CHILDCARE

**Associate in Applied Science (0275)**

*Beginning Spring 2016, this program is no longer accepting new students. Please refer to CCC’s other Education offerings.*

The Associate in Applied Science degree in Child Development: School-Age Childcare provides graduates who have met the educational requirements to qualify as group workers and child care providers of school age children. The settings for which this focus is appropriate are private child-care centers and before- and after-school programs. Graduates of the program will also qualify to be assistant teachers or education support staff in public elementary schools.

For more info on the Associate in Applied Science degree in Child Development: School-Age Childcare, please visit www.ccc.edu/programs/Pages/Child-Development---School-Age-Child-Care-Associate-in-Applied-Science.aspx.

ENGLISH AS A SECOND LANGUAGE

Basic Certificate (0427)

The purpose of the Education Department English as a Second Language (ESL) program is to prepare teachers, administrators, and school service professionals who hold an Illinois Professional Educators License to meet the state endorsement requirements for the ESL. The ESL certificate will prepare teachers to teach in multilingual classrooms with students for whom English is not their first language. The coursework in these certificate is specifically aligned to meet the linguistics, development, education, methods, and cultural content requirements of the state endorsements including electives and an ESL practicum experience. The Education Department believes that these endorsements are of particular importance as the number of ESL students in Illinois is projected to continue to rise, and there is a declared ESL teacher shortage.

For more info on the Basic Certificate in English as a Second Language, please visit http://www.ccc.edu/programs/Pages/English-as-a-Second-Language-Basic-Certificate.aspx

PROGRAM OFFERED AT: TR
Qualified health sciences professionals work to prevent, diagnose, and treat illnesses and injuries, as well as handle patient bills or manage a team of healthcare providers. If you value helping others, consider a career in the fast-growing Healthcare industry.

City Colleges offers transfer degrees—Associate in Arts (AA) and Associate in Science (AS)—that make transferring to a four-year college or university easy and convenient. There are several transfer pathways at CCC, which are suggested coursework that align with the area of study you are interested in. If a Focus Area offers any transfer pathways, they will be denoted in the below chart by the letter pairings AA or AS. Each pathway is hyperlinked to their Program Finder page where their semester map can be found.

To learn more about Healthcare at City Colleges of Chicago, visit [www.ccc.edu/healthcare](http://www.ccc.edu/healthcare).

ADVANCED MASSAGE THERAPY

Advanced Certificate (0398)*

*Beginning Fall 2018, this program is no longer accepting new students. Please refer to CCC’s other Healthcare offerings.

The Advanced Massage Therapy program will provide students with the skills and knowledge to sit for the Massage and Bodywork Licensing Exam (MBLEX). Course completers will be eligible to apply for massage therapy licensing through the Illinois Department of Financial and Professional Regulation. The program provides the educational background required for pursuing a career as a massage therapist. The curriculum covers the foundational knowledge, skills, and abilities needed to function as a licensed massage therapist. The program focuses on student development in therapist-client communication, ethical massage practice, professionalism, business skills, self-care practices, and cultural competence. Employment opportunities for massage therapist include spas, health clubs, chiropractic practices, physical therapy clinics, hospitals and private practice.

For more info on the Advanced Certificate in Massage Therapy, please visit www.ccc.edu/programs/Pages/Massage-Therapy-Advanced-Certificate.aspx

PROGRAM OFFERED AT: BNA

BNA FUNDAMENTALS AND CLINICAL

Basic Certificate (0801)

This Illinois Department of Public Health approved certificate program for Basic Nursing Assistant (BNA) prepares students to work in the health care industry as a Certified Nursing Assistant (CNA). Students will be introduced to the discipline of nursing and the basic approaches to patient care. The role of the CNA as an assistant to the licensed nurse and member of the health care team is studied and practiced in the classroom, laboratory and clinical setting. Upon successful completion of all components of the program, the graduate must pass the State competency exam to become certified as a Nursing Assistant in the State of Illinois.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Basic Certificate in Basic Nursing Assistant, please visit www.ccc.edu/programs/Pages/Basic-Nursing-Assistant-Basic-Certificate.aspx

PROGRAM OFFERED AT: M X
DENTAL HYGIENE

Associate in Applied Science (0222)

The Dental Hygiene AAS degree program educates students to provide preventive oral health care services to patients. Major responsibilities include assessing a patient’s health history, examining the teeth and oral structures, removing plaque biofilm, calculus and stain from the teeth, taking intraoral radiographs and educating patients in oral self-care practices. Graduates are prepared to pass national, regional and state board licensing exams required for dental hygiene licensure.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the AAS degree in Dental Hygiene, please visit www.ccc.edu/programs/Pages/Dental-Hygiene-Associate-in-Applied-Science.aspx

PROGRAM OFFERED AT:

EMERGENCY MEDICAL TECHNICIAN - BASIC

Basic Certificate (0252)

The Basic Certificate in Emergency Medical Technician (EMT)–Basic recognizes that the majority of pre-hospital emergency medical care will be provided by the EMT Basic. This includes all skills necessary for the individual to provide emergency medical care at a basic life support level with an ambulance service or other specialized service. Specifically, the course is designed to provide training to recognize the nature or extent of a patient’s condition to administer appropriate emergency medical care to stabilize the patient’s condition, lift move, position, and otherwise handle the patient to minimize discomfort and prevent further injury and transport them safely to the proper medical facility.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Basic Certificate in Emergency Medical Technician (EMT)–Basic, please visit www.ccc.edu/programs/Pages/Emergency-Medical-Technician-Basic-Basic-Certificate.aspx

Required Program Core              8 Credit Hours

PROGRAM OFFERED AT:
EMT-II PARAMEDIC

Advanced Certificate (0265)

The AC in EMT (II)–Paramedic is awarded to students who successfully complete the Paramedic Core Curriculum. Courses run for three consecutive semesters starting each fall. Applications are accepted the previous spring. Successful completion of the core curriculum provides eligibility to take the licensing examination offered by the IL Dept. of Public Health or the National Registry of EMTs. The Malcom X Paramedic program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP). For CAAHEP contact information, please visit www.caahep.org. The program is approved by the IL Dept. of Public Health, Division of Emergency Medical Services and Highway through JHS Cook County (Resource) Hospital.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Advanced Certificate in EMT (II)–Paramedic, please visit www.ccc.edu/programs/Pages/EMT-II-Paramedic-Advanced-Certificate.aspx

EMT-II PARAMEDIC

**Associate in Applied Science (0263)**

Malcolm X College offers the only paramedic program in the city of Chicago and is one of the few colleges in Illinois to offer an AAS degree in this professional specialty. Successful completion of the Paramedic Core Curriculum, in addition to complementary general education courses, enables the paramedic student to attain an AAS degree. Completion of the degree can broaden the student's marketability as well as provide a strong basis for continued professional learning.

This program is presented as a collaborative effort by Malcolm X College, the Chicago Fire Department, and the Chicago Resource Hospitals: Advocate Illinois Masonic Medical Center, Northwestern Memorial Hospital, and University of Chicago Hospitals. The Paramedic Program is approved and accredited by the Illinois Department of Public Health, Division of Emergency Medical Services and Highway.

The Malcom X College Paramedic Program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP). For CAAHEP contact information, please visit www.caahep.org. The program is approved by the Illinois Department of Public Health, Division of Emergency Medical Services and Highway through JHS Cook County (Resource) Hospital.

*This selective admissions program requires students to submit a separate application or to take additional action before enrolling.*

# Health Information Management

**Associate in Applied Science (0393)**

*Beginning Summer 2017, this program is no longer accepting new students. Please refer to CCC's other Healthcare offerings.*

The Health Information Management (HIM) program prepares students with the knowledge, skills, and abilities to organize and manage health information data in both paper and electronic systems. Students will acquire knowledge and develop application skills for a variety of classification systems to code for reimbursement, databases and registries, and the maintenance of patients’ medical and treatment histories. This program prepares students for the Registered Health Information Technician Exam administered by the Commission on Accreditation for Health Informatics and Health Information Education (CAHIIM).

For more info on the Associate in Applied Science degree in Health Information Management, please visit [www.ccc.edu/programs/Pages/Health-Information-Management-(HIM).aspx](http://www.ccc.edu/programs/Pages/Health-Information-Management-(HIM).aspx)

HEALTH INFORMATION TECHNOLOGY

Associate in Applied Science (0408)

The Health Information Technology (HIT) program offers an introductory career-focused educational path into the healthcare industry. This program is designed for students who aspire to become healthcare professionals in the Health Information Technology (HIT) career field that includes professional opportunities for Medical Coders and Billers. This program is designed to prepare students to successfully attain a variety of professional coding certifications such as the Certified Coding Professional (CPC) through the American Academy of Professional Coders (AAPC). The knowledge and skills upon completion of the Health Information Technology (HIT) Associate’s Program will allow students to enter the vast opportunities that are available in the healthcare industry.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Associate in Applied Science degree in Health Information Technology, please visit www.ccc.edu/programs/Pages/Health-Information-Technology-Associate-in-Applied-Science.aspx

MEDICAL ASSISTING

**Advanced Certificate (0421)**

The Advanced Certificate program in Medical Assisting prepares students to become multi-skilled health care professionals qualified to perform administrative, clinical, and laboratory procedures in a doctor's office, clinic, hospital, or other medical setting.

*This selective admissions program requires students to submit a separate application or to take additional action before enrolling.*

*For more info on the Advanced Certificate in Medical Assistant (Basic), please visit www.ccc.edu/programs/Pages/Medical-Assistant-(Basic)-Advanced-Certificate.aspx*
MEDICAL BILLING

Basic Certificate (0395)

The Basic Certificate in Medical Billing is designed to provide students with the suitable education and hands-on skills necessary for entry-level positions as medical insurance billers for offices, clinics, billing services, and other facilities. Students will develop application skills for a variety of classification systems to code for reimbursement, databases and registries, and the maintenance of patients’ medical and treatment histories. Students learn how to accurately process health insurance claims with an emphasis on all aspects of medical insurance including: plan options, payer requirements, state and federal regulations, abstracting of source documents, the accurate completion of claims, along with the coding of diagnoses and procedures/services. In addition, students acquire knowledge about major insurance programs, the healthcare delivery system in the United States, and federal healthcare legislation. The content of this program also includes the study of origin and purpose, along with content, order, analysis, use of medical records, methods of retrieving, numbering, and the retention of health information. The focus of the program is on correlating health information with billing procedures in different healthcare settings. After the completion of the Medical Billing Basic Certificate the students can seamlessly transfer all of their credits earned in the Medical Billing program and have an opportunity to continue their education in the Medical Coding Advanced Certificate program.

For more info on the Basic Certificate in Medical Billing, please visit www.ccc.edu/programs/Pages/Medical-Billing-Basic-Certificate.aspx

MEDICAL CODING

Advanced Certificate (0394)

The Advanced Certificate in Medical Coding is intended to provide the student with the necessary education and hands-on skills required for entry-level positions as medical coders for a variety of healthcare settings. The students learn ICD-10-CM/PCS and CPT/HCPCS Level II guidelines and apply them while coding various coding scenarios including inpatient records, outpatient visits, operative reports, and other healthcare records. Students utilize 3M encoder software in both basic and advanced coding courses in order to master their coding skills and smoothly transition to their entry-level healthcare careers. In addition, the students participate in the planned and supervised clinical affiliations in medical facilities. Our stackable degree path allows students to apply all credits earned in the Medical Billing Basic Certificate program to the Medical Coding Advanced Certificate program. Upon the completion of the Medical Coding Advanced Certificate, students can then pursue an Associate in Applied Science degree in Health Information Technology.

For more info on the Advanced Certificate in Medical Coding, please visit www.ccc.edu/programs/Pages/Medical-Coding-Advanced-Certificate.aspx

MORTUARY SCIENCE

**Associate in Applied Science (0257)**

The Associate in Applied Science degree program in Mortuary Science prepares students enrolled in the program with work-based experiences in how to embalm and restore human remains, arrange and conduct religious and humanistic funerals, memorial services, manage funeral home operations, sell funeral merchandise, assist grieving families, and assist members of the medical profession in areas related to human remains. Funeral home establishments may employ students prior to the state of Illinois required internship. The program is in compliance with the standards, guidelines, and curriculum of the American Board of Funeral Service Education (ABFSE), the Conference of Funeral Service Examining Boards (ICFSE), the City Colleges of Chicago (CCC), and the Illinois Department of Financial and Professional Regulations (IDFPR).

Accreditation Agency Information: ABFSE
3414 Ashland Ave., Suite G | St. Joseph, MO 64506 | (816) 233-3747 | ABFSE.org

For additional accreditation specific information related to the aims and objectives of the program, please see the following link: www.ccc.edu/colleges/malcolm-x/departments/Pages/Mortuary-Science.aspx

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Associate in Applied Science degree in Mortuary Science, please visit www.ccc.edu/programs/Pages/Mortuary-Science-Associate-in-Applied-Science.aspx

PROGRAM OFFERED AT:
NURSING

Associate in Applied Science (0239)

The Associate in Applied Science degree program in Nursing prepares students through the study of nursing theory and patient care techniques to take the licensure examination for Registered Nurses (RN). Both classroom instruction and clinical experiences in Chicago, surrounding suburban area hospitals, and primary care facilities are provided. The curriculum is designed to lead the student to employment as a registered professional nurse in hospitals, clinics, nursing homes, physicians' offices, schools, public health, government, and military, or industry.

Proof of a Certified Nursing Assistant (CNA) certificate is required at the time of application to the Nursing program.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Associate in Applied Science in degree Nursing, including the LPN Bridge Pathway, please visit www.ccc.edu/programs/Pages/Nursing-Associate-in-Applied-Science.aspx

PROGRAM OFFERED AT: WR
OCCUPATIONAL THERAPY ASSISTANT (CER)

**Associate in Applied Science (0259)**

The Associate in Applied Science degree program in Occupational Therapy Assistant (OTA) is the study of occupational therapy as a skilled healthcare service that uses occupation to promote meaningful living. Occupational therapy assistants, under the guidance of occupational therapists, adapt activities, tasks, and the environment in order to enable people of all ages and backgrounds to fulfill their chosen occupations and life roles. Career options can include employment in hospitals, clinics, schools, specialized community care settings, and wellness programs. The program's mission is to prepare competent and effective occupational therapy practitioners who value occupation as both a means and as an end to quality living for self and others through a sound educational experience that includes preparation in:

- The occupational therapy process
- The impact of culture
- Use of self as an agent of change
- Ethical professional practice
- Teaching and learning processes
- Collaborating as a healthcare professional
- Working in a variety of practice environments
- Oral and written communication skills

The Occupational Therapy Assistant program is accredited by the Accreditation Council for Occupational Therapy Education. Graduates of the program are eligible to sit for the National Certification Exam for Occupational Therapy Assistants administered by the National Board for Certification in Occupational Therapy, Inc. (NBCOT). After successful completion of this exam, an individual becomes a Certified Occupational Therapy Assistant. Determination of exam eligibility for applicants who have a felony related charge or conviction requires individualized review by NBCOT, Inc. Most states require licensure in order to practice. Illinois license issuance is based upon the results of the NBCOT Certification exam.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Associate in Applied Science degree in Occupational Therapy Assistant (OTA), please visit [www.ccc.edu/programs/Pages/Occupational-Therapy-Assistant-(OTA)-Associate-in-Applied-Science.aspx](http://www.ccc.edu/programs/Pages/Occupational-Therapy-Assistant-(OTA)-Associate-in-Applied-Science.aspx)

PATIENT CARE TECHNICIAN

Basic Certificate (0396)

The Patient Care Technician basic certificate provides the educational background required for pursuing a career in the healthcare industry. The curriculum covers the foundational knowledge, skills, and abilities needed to function as an entry level healthcare provider. The program focuses on student development in the following competencies essential to all healthcare providers: effective communication, accountability, cultural competence, use of information systems, and patient safety. Upon completion of the BC, students will demonstrate that they can deliver safe, culturally-competent, and evidence-based patient care.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

PERSONAL FITNESS TRAINER

Basic Certificate (0397)

The Basic Certificate program provides students with the educational background required for pursuing a career in the health and fitness industry. The curriculum provides the basic foundational skills needed to assess human body mechanics and the ability to develop and implement exercise training programs designed to improve and maintain health-related components of fitness and performance. This knowledge will prepare students to achieve personal trainer certification from the National Academy of Sports Medicine (NASM). Employment opportunities with this certification include personal trainer, group exercise instructor, and/or entry-level positions available at corporate or community fitness centers (i.e. health clubs, hospital fitness centers, YMCA, community recreational centers, etc.).

PHARMACY TECHNOLOGY

Advanced Certificate (0254)

Pharmacy technicians assist and support licensed pharmacists in providing health care and medications to patients. They may perform many of the same duties as pharmacists, but all technicians’ work must be checked by a pharmacist before medication is dispensed. While pharmacy technicians can work everywhere pharmacists work, some state laws may limit the duties they perform. A special application is required for entry into the program. Upon acceptance into the program, students must provide proof of current health insurance and recent medical examination.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Advanced Certificate in Pharmacy Technology, please visit www.ccc.edu/programs/Pages/Pharmacy-Technology-Advanced-Certificate.aspx

PHLEBOTOMY

Basic Certificate (0219)

The BC in Phlebotomy leads to certification through the National Phlebotomy Association (NPA), the American Society of Clinical Pathologists (ASCP), and the American Society of Phlebotomy Technicians (ASPT). The phlebotomist is an entry level health care worker who serves as the direct link between the patient and the laboratory. The position is responsible for drawing both venous and arterial blood specimens from patients and sending blood to the laboratory. In some cases, physician approval is required. The laboratory technologist relies on the integrity and accuracy of the phlebotomist in procuring the proper specimens; accurate diagnosis of a patient’s condition can depend on quality work. Phlebotomists can further their education and become laboratory technicians or technologists.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Basic Certificate in Phlebotomy, please visit www.ccc.edu/programs/Pages/Phlebotomy-Basic-Certificate.aspx

PROGRAM OFFERED AT:
PHYSICAL THERAPIST ASSISTANT

Associate in Applied Science (0406)

The Physical Therapist Assistant curriculum provides graduates to be employed in direct patient care settings under the supervision of a licensed physical therapist. Physical therapy assistants work to progress or return function by alleviation or prevention of physical impairment and perform other essential activities in a physical therapy setting. Coursework includes human anatomy and physiology, the consequences of disease or injury, and physical therapy treatment of a variety of patient conditions affecting humans throughout the life span. Clinical education is provided at cooperating hospitals, public health facilities, and private physical therapy centers. Students entering clinical externships may be required to provide a criminal background check and drug screening test before or during each rotation. Upon completion of the program, students must sit for and pass the Physical Therapist Assistant licensure exam, administered by the Illinois Department of Financial and Professional Regulations, in order to be employed and practice in the field. Employment opportunities for physical therapy assistants include hospitals, physician offices, physical therapy clinics, and private practices.

The Physical Therapist Assistant Program at Malcolm X College is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: http://www.capteonline.org. If needing to contact the program/institution directly, please call 312-850-7021 or email edicapo@ccc.edu.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

PRACTICAL NURSING

Advanced Certificate (0240)*

*Beginning Summer 2016, this program is no longer accepting new students at WR. Please refer to the Nursing program at Malcolm X.

The Advanced Certificate program in Practical Nursing provides students with a basic knowledge of nursing theory and practice. Graduates of the practical nursing program meet the educational requirements for the National Council Licensure Examination for Practical Nurses (NCLEX-PN) to become a licensed practical nurse (LPN). Graduates of the program may transfer their credits to an associate or bachelor degree nursing program. If more applicants apply than the program can accept, the most qualified applicants will be accepted.

**This selective admissions program requires students to submit a separate application or to take additional action before enrolling.**

For more info on the Advanced Certificate in Practical Nursing, please visit www.ccc.edu/programs/Pages/Nursing-(Practical)-Advanced-Certificate.aspx

PROGRAM OFFERED AT: MX WR
RADIOGRAPHY

Associate in Applied Science (0246)*

*The Radiography program at Wilbur Wright College is no longer accepting new students. Students should enroll in Malcolm X College’s Radiography program.

The AAS in Radiography is the study of the theory, technical skills, patient care, and techniques necessary to use radiation in the diagnosis of disease. Completion of the program can lead to employment as an x-ray technologist or radiographer in private and public hospitals, clinics, and laboratories. The AAS degree in Radiography provides the necessary professional skills, progressive maturity, and the intellectual, social, and emotional values necessary for a graduate to be a trustworthy member of the healthcare team.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the AAS degree in Radiography, please visit www.ccc.edu/programs/Pages/Radiography-Associate-in-Applied-Science.aspx

REGISTERED NURSING COMPLETION

Associate in Applied Science (0381)*

*Beginning Summer 2016, this program is no longer accepting new students. Please refer to the Nursing program at Malcolm X.

The AAS in RN Completion provides students who have completed the Practical Nursing program with the Nursing coursework that will result in an AAS in Nursing. This is a ladder program designed to provide an opportunity for Practical Nursing (PN) graduates to continue their education by building on their previous education rather than repeating previously learned material. The AAS in Nursing prepares students to become registered nurses (RN) through licensure from the Illinois Department of Financial and Professional Regulation (IDFPR), and meet critical, local, state and national needs for nursing professionals. Successful completion of the program will allow students to apply to sit for the NLEX-RN licensure exam.

For more info on the AAS degree in RN Completion, please visit www.ccc.edu/programs/Pages/Nursing-(RN-Completion)-Associate-in-Applied-Science.aspx

PROGRAM OFFERED AT:
RENAL DIALYSIS TECHNOLOGY

Advanced Certificate (0248)*

*Beginning Summer 2016, this program is no longer accepting new students. Please refer to CCC’s other Healthcare offerings.

The Advanced Certificate program Renal Dialysis Technology leads to certification through the Board of Nephrology Examiners Nursing and Technology. It prepares students for employment as Dialysis Technicians or Nephrology Technologists. They perform treatment and services to patients with end stage renal disease and/or dysfunction.

PROGRAM OFFERED AT: MX
RESPIRATORY CARE

Associate in Applied Science (0234)

The Associate in Applied Science degree in Respiratory Care will offer the study of theory and techniques instrumental in diagnosis, treatment, management, and preventive care of patients with cardiopulmonary problems. It will prepare the student to become a well-rounded professional and competent advanced respiratory therapist. The graduate will be eligible to take the National Board For Respiratory Care entry-level respiratory care practitioner examination to become a “Certified Respiratory Therapist” and the advanced level respiratory care practitioner examination to become a “Registered Respiratory Therapist.” Successful completion of the program can lead to employment as a respiratory therapist in hospitals, clinics or home settings or branch off into research, sales, education or other career opportunities.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Associate in Applied Science degree in Respiratory Care, please visit www.ccc.edu/programs/Pages/Respiratory-Care-Associate-in-Applied-Science.aspx

PROGRAM OFFERED AT: MX
STERILE PROCESSING CLINICAL

Basic Certificate (0269)

The Basic Certificate program in Sterile Processing Clinical presents the basic concepts and principles for developing skills and competencies required for infection prevention and control in the sterile processing department in a health care facility. The program offers basic knowledge related to instrumentation connected with surgical procedures. Students will be involved in processes such as cleaning, disinfecting, decontamination, sterilization, standard precautions, and universal precautions, as well as gain basic knowledge concerning various types of central service equipment such as ultrasonic cleaning, washer sterilizers, cart washers, autoclaves, steris, sterrad, and ethylene oxide (ETO) machines.

Note: Graduates are eligible to write the International Association of Healthcare Central Service Material Management Examination (IAHCSMM).

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Basic Certificate in Sterile Processing Clinical, please visit www.ccc.edu/programs/Pages/Sterile-Processing-Clinical-Basic-Certificate.aspx

PROGRAM OFFERED AT:
Surgical Technology

Associate in Applied Science (0267)

The Associate in Applied Science degree program in Surgical Technology is designed for surgical technologies (formerly called operating room technicians) who perform many different responsibilities in the operating room. They act as the scrub person, as the circulator, and as the first assistant on the surgical team. Surgical technologists’ responsibilities involve preparing the operating rooms and instruments, equipment, and supplies that will be needed; positioning and preparing the patient for surgery; and passing instruments, sponges, and sutures to the surgeon. Surgical technologists are the surgical team’s expert in aseptic technique, being constantly vigilant for any break in the technique that could endanger the sterile field. Surgical technologists belong to a separate non-nursing profession and are highly skilled, having completed the necessary specialized education and training focusing on working in the operating room.

This selective admissions program requires students to submit a separate application or to take additional action before enrolling.

For more info on the Associate in Applied Science degree in Surgical Technology, please visit http://www.ccc.edu/programs/Pages/Surgical-Technology-Associate-in-Applied-Science.aspx

Whether you are using a smart phone, computer, or the enormous database that stores information online, professionals are needed to design software, maintain information systems, and troubleshoot network issues. If you are interested in working with technology in an expanding and innovative environment, consider a career in the fast-growing Information Technology industry.

City Colleges offers transfer degrees—Associate in Arts (AA) and Associate in Science (AS)—that make transferring to a four-year college or university easy and convenient. There are several transfer pathways at CCC, which are suggested coursework that align with the area of study you are interested in. If a Focus Area offers any transfer pathways, they will be denoted in the below chart by the letter pairings AA or AS. Each pathway is hyperlinked to their Program Finder page where their semester map can be found.

To learn more about Information Technology at City Colleges of Chicago, visit [www.ccc.edu/it](http://www.ccc.edu/it).

**Associate in Applied Science (0011)**

*Beginning Summer 2016, this program is no longer accepting new students. Please refer to CCC’s other IT offerings.*

The Associate in Applied Science degree can lead to entry-level jobs as programmer analysts, computer programmers, systems analysts, operations managers, network administrators, or unit supervisors in private and public firms or organizations. Advances in technology have increased the computer's application in the factory, the office and the telecommunications industry. As computer use grows, so will the need for workers who are able to cope with change and adapt to new technologies.

*For more info on the Associate in Applied Science degree in Computer Information Systems, please visit [www.ccc.edu/programs/Pages/Computer-Information-Systems-Associate-in-Applied-Science.aspx](http://www.ccc.edu/programs/Pages/Computer-Information-Systems-Associate-in-Applied-Science.aspx).*

NETWORKING SYSTEMS AND TECHNOLOGY

Associate in Applied Science (0141)

This program is for students interested in administering and maintaining network equipment as well as software and services common in modern network infrastructures. Curriculum covers both hardware and software components. It also offers students relevant skills required in a variety of industry certifications including A+, Network+, CCENT, CCNA, and CCNA Security.

General Education Coursework 16 Credit Hours

Students must complete a minimum of 9 credit hours in the

WEB DESIGN

Basic Certificate (0811)*

*Beginning Summer 2016, this program is no longer accepting new students. Please refer to CCC’s other IT offerings.

In the Web Design certificate program, students explore the essential elements of web design and utilize practical activities and step-by-step procedures to design, build, and post a website. Students will create templates for page layout and learn techniques for fine-tuning and modifying prepackaged Web page development software. They will learn how to convert and scale artwork and photographs for Web publication and use tables and templates to organize layouts.

For more info on the Basic Certificate in Web Design, please visit www.ccc.edu/programs/Pages/default.aspx.

258 Web Development II ...................................................... 3

*Students who intend to complete the Advanced Certificate and/or Associate in Applied Science degree in Web Development should take CIS 144 instead of CIS 103, as CIS 144 is required for both the AC and AAS degree.

Total Program Credit Hours 18 Credit Hours

PROGRAM OFFERED AT: DA MX OH TR WR

WEB DEVELOPMENT

Advanced Certificate (0155)*

The Advanced Certificate program in Web Development prepares students for entry-level positions as Web site editors, developers, or designers. Students acquire an understanding of programming principles and languages incorporated in Web pages, and become proficient in HTML and related technologies. This program will also be useful to individuals whose job duties have expanded to include web site responsibilities or who wish to develop web pages for their businesses.

WEB DEVELOPMENT

Associate in Applied Science (0409)

The Web Development Associate in Applied Science program prepares students for entry-level positions in website design, development, and administration. Students will learn various programming principles, languages, and web technologies to effectively create and deploy dynamic websites. Students will also learn how to integrate web and database servers to increase the productivity and interactivity of a website. Potential job opportunities for students in this program include web designer, web developer, e-commerce manager, web technician, or web server administrator.

For more info on the Associate in Applied Science degree in Web Development, please visit www.ccc.edu/programs/Pages/Web-Development-Associate-in-Applied-Science.aspx.

Program Electives 9 Credit Hours

Students must complete a minimum of 9 credit hours in the subjects Computer Information Systems (0032), Networking Technologies (0165), or Cybersecurity (0162).

At least one course must meet the Human Diversity (HD) requirement.

Total Program Credit Hours 61 Credit Hours
If you are interested in completing your general education requirements and transferring to a bachelor’s degree program while saving thousands of dollars along the way, consider a program in Human Sciences (Liberal Arts). This program includes many pathways that lead directly to four-year institutions, like history, politics, language, literature, and fine and performing arts.

City Colleges offers transfer degrees—Associate in Arts (AA) and Associate in Science (AS)—that make transferring to a four-year college or university easy and convenient. There are several transfer pathways at CCC, which are suggested coursework that align with the area of study you are interested in. If a Focus Area offers any transfer pathways, they will be denoted in the below chart by the letter pairings AA or AS. Each pathway is hyperlinked to their Program Finder page where their semester map can be found.

To learn more about Human Sciences (Liberal Arts) at City Colleges of Chicago, visit [www.ccc.edu/humansciences](http://www.ccc.edu/humansciences).

ADDICTIONS STUDIES

**Associate in Applied Science (0344)**

*Beginning Summer 2016, this program is no longer accepting new students at Harold Washington. Please refer to the Addictions Studies program at Kennedy-King.*

The Associate in Applied Science degree program in Addictions Studies is ideal for prospective mental health practitioners or those already working in the field who wish to receive training and credentials in Addictions Studies. Many Addictions Studies practitioners find employment in medical and non-medical detoxification centers, rehabilitation programs, community mental health centers and family service centers, halfway houses, therapeutic communities, business, or industry. Some combine counseling with such primary professions as nursing, social work, school guidance counseling, or the clergy.

The program is accredited by the Illinois Alcoholism and Other Drug Abuse Professional Certification Association (IAODAPCA).

For more info on the Associate in Applied Science degree in Addictions Studies, please visit [www.ccc.edu/programs/Pages/Addictions-Studies-Associate-in-Applied-Science.aspx](http://www.ccc.edu/programs/Pages/Addictions-Studies-Associate-in-Applied-Science.aspx).

PROGRAM OFFERED AT:
The AAS degree in Advanced Social Services–Addictions Studies is ideal for prospective mental health practitioners, or those already working in the field that wish to advance their knowledge in the core competencies of both addictions studies and social work. The program will focus on the generalist’s approach to counseling, training, and industry credentialing in addictions studies and social work, with emphasis on the practices of working with individuals, families, groups, and communities. Many mental health/social work practitioners find employment in medical and non-medical detoxification centers, rehabilitation programs, community mental health centers, family service centers, halfway house, hospitals, therapeutic communities, business, and other industries. Some mental health professionals combine counseling with such primary professions such as nursing, social work, school guidance counseling, or clergy.

For more info on the Associate in Applied Science degree in Advanced Social Services–Addictions Studies, please visit www.ccc.edu/programs/Pages/Advanced-Social-Services-Addictions-Studies-Associate-in-Applied-Science.aspx.

PROGRAM OFFERED AT: [TR][WR]
COSMETOLOGY

Advanced Certificate (0349)

The Advanced Certificate program in the field of Cosmetology offers challenging and rewarding opportunities designed to give students thorough training in the art, skill and applied science used in the treatment of hair, nails, and skin. The program meets the standards of the Illinois Department of Finance and Professional Regulation (IDFPR) in total hours, teaching staff, equipment, facilities, libraries, and course content.

Students are required to complete a specific number of hours in the Technical Center Styling Salon. Once students have completed all coursework and laboratory hours, they are ready to sit for the licensure examination through the IDFPR. Students must be licensed in order to practice Cosmetology in Illinois.

For more info on the Advanced Certificate in Cosmetology, please visit www.ccc.edu/programs/Pages/Cosmetology-Advanced-Certificate.aspx.

Required Program Core                  36 Credit Hours

MEDIA COMMUNICATIONS
AUDIO/VIDEO/INTERNET/PRODUCTION (AVIP) TRACK

Associate in Applied Science (0083)

The Associate in Applied Science degree program in Media Communications is a modification and extension of the former Radio and TV Broadcasting Program. Students may choose specialized courses that qualify them in the following areas: 1) Audio/Video/Internet Production (AVIP), which include Television; 2) Radio Production/Broadcasting; 3) Media Sales and Marketing; and 4) Interactive Media Design. All areas emphasize the use of technology, including computers. Therefore, computer literacy is required for successful completion of this program. The program prepares graduates for entry level positions in related fields and for possible transfer to a four-year institution.

In this specialty area, you will learn to create short video and audio projects and learn all facets of video and audio production from program design (pre-production), and hands-on recording (production) through the editing process (post-production). You will take courses in web-casting and streaming media using state-of-the-art digital technology, facilities, and instruction. By the end of the program, you will have basic knowledge of lighting, camera operation, storyboarding and basic scripting, editing, sound, and producing techniques. Students will assume roles as producers, directors, camera operators and video editors. Pre- and post-production, scripting, graphics, lighting, legal requirements, and nonlinear video editing skills will be emphasized.

For more info on the Associate in Applied Science degree in Media Communications, please visit www.ccc.edu/programs/Pages/Media-Communications-Audio-Video-Internet-Production-(AVIP)-Associate-in-Applied-Science.aspx.

MEDIA COMMUNICATIONS
RADIO PRODUCTION AND BROADCASTING TRACK

**Associate in Applied Science (0083)**

The Associate in Applied Science degree program in Media Communications is a modification and extension of the former Radio and TV Broadcasting Program. Students may choose specialized courses that qualify them in the following areas: 1) Audio/Video/Internet Production (AVIP), which include Television; 2) Radio Production/Broadcasting; 3) Media Sales and Marketing; and 4) Interactive Media Design. All areas emphasize the use of technology, including computers. Therefore, computer literacy is required for successful completion of this program. The program prepares graduates for entry level positions in related fields and for possible transfer to a four-year institution.

The Radio Production/Broadcasting course of study provides a comprehensive overview of the Media Communications industry with a focus in radio. The program provides a real world, hands-on overview of the art and business of radio broadcasting, while developing in-depth knowledge and skills regarding the total operation of a radio station, including the history of radio broadcasting from its inception to the latest radio technology. The program will train students in the areas of on-air talent, production, programming, or business, which includes radio marketing, promotions, and sales.

MUSIC BUSINESS

Basic Certificate (0093)

The Basic Certificate program in Music Business prepares students for the study of the techniques and standards needed for a career as a manager, publisher, professional musician, or agent. Completion of the Music Business program can lead to employment with such businesses as recording companies, management firms, publishing companies, music festivals, or music production companies. Practical experience within the music industry is included. The field is highly competitive, but employment opportunities are expanding rapidly.

For more info on the Basic Certificate in Music Business, please visit www.ccc.edu/programs/Pages/Music-Business-Basic-Certificate.aspx.

MUSIC EDUCATION

Associate in Fine Arts (0208)

Music educators are passionate about developing their students' musical talents and guiding them in their pursuit of music careers. They also enjoy helping all students have fun, develop discipline, and enrich their lives by learning to play music. Learn how to teach music and music appreciation to of various ages and abilities. Students may take courses in curriculum design, music theory, music history, classroom management, and technology for music teachers. People with degrees in Music Education can choose to become music teachers, recreational therapists, musicians, sound engineers, and more.

For more info on the Associate in Fine Arts degree in Music Education, please visit www.ccc.edu/programs/Pages/Music-Education-Associate-in-Fine-Arts.aspx.

## MUSIC PERFORMANCE

### Associate in Fine Arts (0205)

The Associate in Fine Arts Degree with a concentration in Music Performance provides the necessary foundation for more advanced study in music performance, music theory, music history, or music composition at four-year colleges, universities, and music conservatories. Performance areas include all musical instruments and voice. Employment opportunities are varied and are usually based on the student’s personal interest and area of specialization, including all professions based in the musical arts (performance, composition, research and analysis, music management, library science, music publishing, music therapy, among others).

For more info on the Associate in Fine Arts degree in Music Performance, please visit www.ccc.edu/programs/Pages/Music-Performance-Associate-in-Fine-Arts.aspx.

**Associate in Applied Science (0370)**

*Beginning Summer 2016, this program is no longer accepting new students. Please refer to CCC’s other Liberal Arts offerings.*

The Associate in Applied Science degree in Social Work: Youth Work can lead to employment in government, community, or private social service agencies. Enrollment in the program is open to anyone interested in working with youth during out-of-school time, e.g. after-school workers, school-age workers, grassroots youth workers, community activists, outreach workers, probation officers, prevention specialists, teen reach workers, managers, and supervisors. As an option under Social Work, the academic program for the professional development worker includes basic and advanced certificates and an Associate in Applied Science degree. Where applicable, under this professional development option, college credit will be awarded for prior learning experiences up to a maximum of fifteen credit hours.

PROGRAM OFFERED AT:
By studying one of the Natural Sciences programs at City Colleges, you can take the first step toward launching your career as a biologist, engineer, researcher or chemist. Complete an associate degree and you can save thousands of dollars on the cost of your bachelor’s degree when you transfer to a four-year college or university.

City Colleges offers transfer degrees—Associate in Arts (AA) and Associate in Science (AS)—that make transferring to a four-year college or university easy and convenient. There are several transfer pathways at CCC, which are suggested coursework that align with the area of study you are interested in. If a Focus Area offers any transfer pathways, they will be denoted in the below chart by the letter pairings AA or AS. Each pathway is hyperlinked to their Program Finder page where their semester map can be found.

## BIOTECHNOLOGY

### Associate in Applied Science (0215)

The Associate in Applied Science degree program for Biotechnology utilizes cellular components and microorganisms for the production of products used in medicine, pharmacology, agriculture, food processing, and environmental cleanup. Employment opportunities are available in laboratories, hospitals, and research and development companies.

**This selective admissions program requires students to submit a separate application or to take additional action before enrolling.**

CHEMICAL LABORATORY TECHNOLOGY

Associate in Applied Science (0137)

The Associate in Applied Science degree program for Chemical Laboratory Technology focuses on the study of the development, production and utilization of industrial chemicals, and methods used in modern chemical laboratories. The program can lead to employment as a chemical lab technician (working under supervision of senior technicians), engineer, or scientist in production or testing, as well as in commercial utilization of chemicals and chemical products.

For more info on the Associate in Applied Science degree in Chemical Laboratory Technology, please visit www.ccc.edu/programs/Pages/Chemical-Laboratory-Technology-Associate-in-Applied-Science.aspx.

PROGRAM OFFERED AT:
ENVIRONMENTAL TECHNOLOGY

Associate in Applied Science (0160)

The Associate in Applied Science degree program for Environmental Technology prepares students with the skills and knowledge needed to participate in environmental careers including environmental compliance in public and private sector organizations, pollution prevention, environmental remediation, workplace health and safety, and emergency response preparedness. You will learn to develop procedures for proper hazardous materials handling techniques and design training programs used to implement existing and future regulatory requirements to ensure compliance. Upon graduation, you will be prepared to work in the health and safety field in such positions as compliance officer, environmental safety specialist, laboratory technician, hazardous materials emergency response technician, and environmental coordinator.

For more info on the Associate in Applied Science degree in Environmental Technology, please visit www.ccc.edu/programs/Pages/Environmental-Technology-Associate-in-Applied-Science.aspx.

PROGRAM OFFERED AT:
TRANSPORTATION, DISTRIBUTION AND LOGISTICS

Through a career in the fast-growing Transportation, Distribution and Logistics (TDL) industry, you could manage the movements of products, drive and repair vehicles, or use technology to coordinate warehouses and distribution centers. TDL students gain real-world insight through on-campus seminars by TDL professionals and off-campus visits to TDL companies, as well as connect with hundreds of employers looking to hire through our Career Network, our online job board.

* Coming soon to Olive-Harvey! ** The Associate in Applied Science degree and Advanced Certificate in Automotive Technology have three tracks of study for students to choose from. This program is offered and accepting new students.
ALTERNATIVE FUEL VEHICLE TECHNOLOGY

Basic Certificate (0099)*

*COMING SOON TO OLIVE-HARVEY

The AFVT Program has been designed to prepare students to apply their skills and knowledge to correctly diagnose and repair alternative fuel vehicles such as hybrid power units in accordance with manufacturer’s specifications. The AFVT program will also give emergency response, auto insurance and salvage yard personnel working knowledge to safely perform their tasks when working on or inspecting hybrid fuel vehicles. This program will also prepare automotive technicians and instructors to sit for the Automotive Service Excellence (ASE) Advanced Engine Performance examination.

# Automotive Technology (Track 2)

## Associate in Applied Science (0125)

The AAS program in Automotive Technology prepares students to meet the ever-changing demands of the automotive industry by providing the necessary technical skills and practical experience essential to pursuing an entry-level position. Entry-level positions may be found in automotive dealerships, automotive franchises, independent service repair shops, auto part stores, or through self-employment. Upon completion of the program, the graduates may be able to seek employment opportunities as Automotive Technician Apprentices, Service Writers, or Auto Parts Personnel as well as other jobs. This Program is NATEF (National Automotive Technician Education Foundation) division of ASE (Automotive Service Excellence) accredited. The program also prepares students to continue their education with state universities. More information is available at the Truman Transfer Center.

For more info on the Associate in Applied Science degree in Automotive Technology, please visit [www.ccc.edu/programs/Pages/Automotive-(Technology)-Associate-in-Applied-Science.aspx](http://www.ccc.edu/programs/Pages/Automotive-(Technology)-Associate-in-Applied-Science.aspx).

AUTOMOTIVE TECHNOLOGY (TRACK 3)

Associate in Applied Science (0125) *

*COMING SOON TO OLIVE-HARVEY

The AAS degree in Automotive Technology provides the necessary foundation and practical experience to pursue entry-level positions that meet the changing demands of the automotive industry. Entry-level positions may be found in automotive dealerships and franchises, independent service repair shops, auto part stores, or through self-employment. Students will learn the skills essential to employment in the field of maintenance technology, auto body care, chassis, diesel, and power train, leading to employment in service, maintenance, and areas of technological specialty such as detailing, auto body paint and refinishing, as well as management occupations or self-employment. Students will also be able to consider transferring Industrial Engineering Technology credits to state universities.

For more info on the Associate in Applied Science degree in Automotive Technology, please visit www.ccc.edu/programs/Pages/Automotive-(Technology)-Associate-in-Applied-Science.aspx.

DEFENSIVE DRIVING: ATTITUDINAL

Basic Certificate (0890)

The Defensive Driving Attitudinal certificate program comprises an eight-hour workshop which addresses the needs of those individuals who are repeat violators of traffic rules and regulations and newly licensed chauffeurs who have been driving in the United States for at least three years. This training component is certified by the National Safety Council. Topics include the violation of rules and regulations, cultural sensitivity, anger management and conflict resolution, as well as behavior modification approaches for effective customer service. Additionally, the training also reviews the Illinois Rules of the Road Handbook and prepares the inexperienced chauffeur driver for the road. Students will receive the National Safety Council certificates of completion once they successfully complete the workshop program.

For more info on the Basic Certificate in Defensive Driving: Attitudinal, please visit www.ccc.edu/programs/Pages/Defensive-Driving-Attitudinal-Basic-Certificate.aspx.

DIESEL TECHNOLOGY

Associate in Applied Science (0400)*

*COMING SOON TO OLIVE-HARVEY

The Associate in Applied Science degree in Diesel Technology equips students with the skills necessary to repair and maintain diesel-powered highway, industrial, and marine vehicles and equipment. Students will gain more detailed instructions in how diesel maintenance techniques and principles are applied in diagnosing malfunctions and prescribing corrective action. The course work highlights diesel service management, critical thinking and problem solving, theory and skills of refrigeration, electronic and mechanical fuel injection, chassis maintenance, vehicle inspection, tune-up, engine overhaul, transmission repair, brake service, handling hazardous waste and preventative maintenance. Students will also be eligible to take the National Institute of Automotive Service Excellence (NAISE) examinations in heavy truck mechanics, Allison Transmission certification, and Hybrid certification.

For more info on the Associate in Applied Science degree in Diesel Technology, please visit www.ccc.edu/programs/Pages/Diesel-Technology-Associate-in-Applied-Science.aspx.

The below chart lists every course currently approved at City Colleges of Chicago that meets the Illinois Articulation Initiative (IAI). Please note that some courses have different IAI numbers at different colleges, and therefore, are double-listed in the chart.

While CCC tries to maintain the below information to the best of its abilities, it is subject to change. To view the most current listing of IAI courses approved at City Colleges, please visit the individual pages for GECC courses and Major courses at iTransfer.org.

AFRICANA STUDIES (0117)

Africana Studies 101
Introduction to African-American Studies
Survey of African-American Studies from an interdisciplinary perspective; team-taught course utilizing expertise of African-American Studies staff, embraces five basic categories of the African-American Studies program. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH HW
IAI: HF 906D GE: Fine Arts & Humanities HD Course

Africana Studies 214
Hip Hop: Culture and Politics
The political significance, globalization and history of Hip-Hop will be examined. Four of the multitude of musical permutations of American Hip-Hop (Rap, consciousness/social awareness, gangsta rap and commercial hip-hop) and their relative/potential impact will be outlined. The materials/social culture that has come to be associated with Hip-Hop will be the primary focus. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (English 101 and AFRO AM 101).
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH

AIR CONDITIONING (0094)

Air Conditioning 101
Intro Air Conditioning I
Fundamentals of heat and measurement; intensity, quantity and modes of flow; factors of comfort studied and explored in relation to design of a system in connection with function of that system. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Air Conditioning 102
Intro Air Conditioning II
Refrigeration, its theory, systems, components, and control as applied to air conditioning; study of refrigeration equipment, including function, selection, proper installation, maintenance, and service. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Air Conditioning 103
Duct Design And Layout
Conventional low velocity duct design; high velocity air distribution design and systems using sophisticated design techniques; layout techniques. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (AIR CON 101 and AIR CON 102) or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Air Conditioning 104
Equipment and Systems Controls
Pneumatic, electric, and electronic controls and control systems; selection and design of control systems. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Air Conditioning 105
Owner-Contractor Management
Fundamentals of management techniques for air conditioning dealers, contractors, and entrepreneurs. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Air Conditioning 106
Sheet Metal I
Fabrication and installation of ducts used in air conditioning, ventilation and heating systems. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Air Conditioning 107
Welding I
Techniques of welding and cutting different metals under a variety of conditions. Students will learn to weld, butt, edge, lap and fillet joints. Oxy-acetylene, oxy-propane and carbon arc methods are employed. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK
Air Conditioning 120
Introductory Laboratory
Shop and laboratory safety, use of hand tools for air conditioning, refrigeration and heating, use of meters, instruments and gauges. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Air Conditioning 121
Advanced Laboratory
Covers meters, instruments, and troubleshooting. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Air Conditioning 150
Intro To Refrigeration
Servicing, installation, reinstallation, warranty, and troubleshooting of home and commercial refrigeration systems. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Air Conditioning 151
Commercial Refrigeration
Selection, maintenance, installation of commercial refrigeration. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in Air Conditioning 150.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Air Conditioning 155
Refrigeration Laboratory
Gauges, meters, and troubleshooting. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Air Conditioning 156
Domestic Refrigeration Laboratory
Domestic and hermetic servicing. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Air Conditioning 157
Analysis Laboratory
Analysis of domestic and commercial hermetic systems, mechanical and electrical servicing. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Air Conditioning 158
Commercial Refrigeration Laboratory
Installation of components and complete systems, service and maintenance of those components and systems. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Air Conditioning 160
Intro to Principles of Heating
Warm air systems, hot water systems, steam systems, gas fuel, oil fuel, and coal fuel at both residential and commercial levels; control systems and their installation, maintenance, service and sub-electrical systems and their service. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Air Conditioning 165
Heating Laboratory
General study of domestic and commercial systems. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Air Conditioning 204
Advanced Control Systems
Theory, maintenance and repair of advanced electrical, mechanical and electronic controls and control systems. Design techniques of control systems explored. Writing assignments, as appropriate to the discipline, are part of the course. 
Prerequisite(s): Grade of C or better in Air Conditioning 104.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

ANTHROPOLOGY (0081)

Anthropology 201
Intro to Biological and Cultural Evolutions of Humans
Survey and analysis of the fundamentals of prehistoric archaeology, fossil primates and primate evolution, primate behavior, human genetics, and the variations of human populations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX TR HW WR
IAI: S1 902 GE: Social & Behavioral Sciences HD Course

Anthropology 202
Cultural Anthropology
Comparative study of human societies and cultures of the world; cross-cultural investigation of social organization and political, economic, religious, and family systems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: S1 901N GE: Social & Behavioral Sciences HD Course

Anthropology 205
Applied Anthropology
This course explores the application of anthropological concepts, perspectives, techniques, and information to understanding and dealing with contemporary issues. Discusses the relevance of anthropology to such practical concerns as health care, business, and community development, and illustrates the versatility of its uses in numerous career fields. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
GE: Social & Behavioral Sciences HD Course
Anthropology 206
Introduction to Archaeology
Introduces the study of past cultures through their material remains. Explores strategies for locating archaeological remains; techniques of excavation; conservation procedures; and methods for analysis and interpretation of these materials. Examines major prehistoric cultures of the world and their patterns of change and development. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
GE: Social & Behavioral Sciences  HD Course

Anthropology 210
North American Archaeology
Prehistoric cultural evolution in North America, including the first arrival of people, distribution, beginnings of settled life and formation of political-religious states; prehistory of Eastern and Western United States and Eastern, Central and Southern Mexico until arrival of Europeans. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA
GE: Social & Behavioral Sciences

ARABIC (0144)

Arabic 101
Arabic for Beginners I
Introduction to Arabic language with emphasis on language of everyday conversation. Focus is on alphabet, vocabulary and structure needed for elementary speaking, listening, reading and translating. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096, or Consent of Department Chairperson.
4 Lecture Hours. 4 Credit Hours.
Offered at: DA TR WR
HD Course

Arabic 102
Arabic for Beginners II
Introduction to Arabic language with emphasis on language of everyday conversation. Focus is on alphabet, vocabulary and structure needed for elementary speaking, listening, reading and translating. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Arabic 101, ACTFL Arabic Writing Proficiency Test (Score 2.00), Placement Test, or Consent of Department Chairperson.
4 Lecture Hours. 4 Credit Hours.
Offered at: DA OH TR WR
HD Course

Arabic 103
Intermediate Arabic I
Introduction to Arabic language with emphasis on language of everyday conversation. Focus is on the alphabet, vocabulary and structure needed for elementary speaking, listening, reading and translating. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Arabic 102, Placement Test or Consent of Department Chairperson.
4 Lecture Hours. 4 Credit Hours.
Offered at: DA OH TR WR
HD Course

Arabic 104
Intermediate Arabic II
Introduction to Arabic language with emphasis on language of everyday conversation. Focus is on alphabet, vocabulary and structure needed for elementary speaking, listening, reading and translating. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Arabic 103, Placement Test or Consent of Department Chairperson.
4 Lecture Hours. 4 Credit Hours.
Offered at: DA OH TR WR
GE: Humanities  HD Course

ARCHITECTURE (0005)

Architecture 104
History Of Architecture I
The study of the development of early architecture through the mid-18th century. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR HW WR

Architecture 105
History Of Architecture II
The study of architecture since the mid-18th century. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR HW WR

Architecture 110
Architectural Sketching
Introduction to the observational sketching of architectural subjects. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Architecture 121
Basic Design Studio
Introduction to visual and organizational design principles for the generation of spatial and formal ideas. Use of graphic techniques and physical modeling for representation. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 96 or consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: HW WR

Architecture 122
Intermediate Design Studio
Continuation of ARCHITC 121. Emphasis on the design and articulation of space and its representation. Introduction to spatial concepts of perception and order. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ARCHITC 110 and ARCHITC 121, or consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: HW WR
Architecture 123
Advanced Design Studio
Continuation of Architecture 122. Emphasis on architectural analysis and design process. Integration of analog and digital tools and media. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ARCHITC 122 and ARCHITC 171, or consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: HW WR

Architecture 166
Architectural Design I
Examination of criteria influencing residential design: program, context, municipal regulations, dimensional standards, and anthropomorphic data. Introduction to typologies, organizational strategies and precedents for architectural problem solving. Application of the skills of visual communication and design methodologies. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better or concurrent enrollment in ARCHITC 122, and Grade of C or better or concurrent enrollment in ARCHITC 171, or consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.

Architecture 170
Digital Lab I
Introduction to the methods of generation and representation of spatial and formal ideas. Use of software applications and a range of output methods. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 96 or consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW WR

Architecture 171
Digital Lab II
Three-dimensional modeling and rendering of spatial and formal constructs using software applications appropriate to the discipline. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ARCHITC 170 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW WR

Architecture 172
Digital Lab III
Introduction to the assembly of construction drawings for architectural projects. Use of software applications, as appropriate to the discipline. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ARCHITC 170 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW WR

Architecture 173
Architecture-CAD with Third Party Applications
Introduction to third party programs used to develop architectural designs and construction documents via Computer-Aided Design (CAD). Add-on programming to the base drafting package AutoCAD. The students will have hands-on experience with automated architectural programs that streamline management of file handling and the basic command structure. Utilization of comprehensive library symbols with smart features. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ARCHITC 171 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW WR

Architecture 174
Computer Aided Design V for Architectural Drafting
Introduction to third party programs used to develop architectural designs and construction documents via Computer-Aided Design (CAD). Add-on program to the base drafting package AutoCAD. The students will have hands-on experience with 3D studio. This course will include three-dimensional modeling with complete rendering. The model will include texture of materials, various lighting schemes with shade and shadow. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ARCHITC 171 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW WR

Architecture 202
Construction I
Study of the materials and methods of building construction. Emphasis on architecture framed in wood and light-gauge metal. Application of the skills of graphic communication through the generation of construction drawings. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better OR concurrent enrollment in ARCHITC 172 or consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.

Architecture 204
Construction II
Study of the materials and methods of building construction. Emphasis on architecture having assemblies of masonry, concrete and steel. Application of the skills of graphic communication through the generation of construction drawings. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ARCHITC 202, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.

Architecture 220
Portfolio Development
Design and compilation of an architectural portfolio for employment and transfer. Preparation of materials that supplement the portfolio. Overview of interview protocols and processes. Writing assignment, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ARCHITC 123 and ARCHITC 171; and a grade of C or better or concurrent enrollment in ARCHITC 266, or consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.

Architecture 266
Architectural Design II
Continuation of Architecture 166. Emphasis on mid-size commercial and institutional building types in urban contexts. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ARCHITC 166, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: HW WR
Art 103
Art Appreciation
Appreciation of art works taken from all cultures and periods. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores; or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: F2 900 GE: Fine Arts HD Course

Art 112
Experiences in African American Art
Examination of the works of African American artists utilizing various art forms (crafts, paintings, drawings, sculptures, and digital art) that express the cultural and racial identity of African Americans and their artistic influence on society, with a focus on contemporary artists from the Harlem Renaissance through the present time.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH
GE: Fine Arts

Art 113
Beginning Digital Photography
This course in digital photography introduces creating, manipulating, and producing images in a technologically based environment. Writing assignments, as appropriate to the discipline, are part of this course.
6 Lab Hours. 3 Credit Hours.
Offered at: OH TR HW WR

Art 114
Appreciation Of Photography
Topics from the history and technical development of photography from its invention to the present. Influence of other arts and sciences. May include darkroom work. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

Art 115
Photography
Basic principles of black and white photography. 35 mm cameras, exposure, development and printing processes, composition and presentation. Writing assignments, as appropriate to the discipline, are part of the course.
6 Lab Hours. 3 Credit Hours.
Offered at: DA OH TR HW WR

Art 116
Advanced Photography
Advanced techniques in development and printing. Introduction to other formats. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Art 115, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW

Art 117
Beginning Color Photography
Introduction to techniques, art and theory of color photography; printing from color negatives and/or transparencies, developing color negatives and/or transparencies; characteristics of different color film types, lighting for color photography; covers color theory and use of color in composition. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Art 115 and 116), OR Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA TR HW

Art 126
Printmaking I
Processes of lithography and relief printmaking; includes line, shape, texture, value and color in stone lithography, wood, linoleum printmaking. Writing assignments, as appropriate to the discipline, are part of the course.
6 Lab Hours. 3 Credit Hours.
Offered at: HW

Art 127
Printmaking II
Processes of intaglio, dry point and screen printmaking, includes line, shape, texture, value and color in printmaking process. Writing assignments, as appropriate to the discipline, are part of the course.
6 Lab Hours. 3 Credit Hours.
Offered at: HW WR

Art 130
African-American Art
Survey of African-American art over last 150 years; covers African-American crafts and sculpture during 19th Century; realistic painters of early 20th Century; cubistic and abstractionist influences on painting and sculpture; non-revolutionary artists such as Charles White, Henry O. Tanner, Aaron Douglas and Hughie Lee-Smith. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA MX OH

Art 131
General Drawing
Still-life, landscape and human figure; experimentation with various media. Writing assignments, as appropriate to the discipline, are part of the course.
6 Lab Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: ART 904

Art 132
Advance General Drawing
This course builds on and refines the experiences of general drawing focusing on a variety of color media. Emphasis is on invention and formal concerns. Explorations into abstraction, non-objective, and fabricated image making are covered in this class. Course includes vocabulary development, critical analysis activities, and reference to historic models of drawing. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Art 131.
6 Lab Hours. 3 Credit Hours.
Offered at: DA KK OH TR HW WR
IAI: ART 905

Art 141
Intro To The Visual Arts
Practical application of fundamentals of visual arts. Includes study of line, texture, color, shape and volume in various media. Recommended for pre-teachers. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: OH TR
Art 141
Intro To The Visual Arts
Practical application of fundamentals of visual arts. Includes study of line, texture, color, shape and volume in various media. Recommended for pre-teachers. Writing assignments, as appropriate to the discipline, are part of the course.
6 Lab Hours. 3 Credit Hours.
Offered at:  HW

Art 142
Figure Draw & Composition
Study of the human figure in action and still poses: rapid sketching, long poses, memory work, and portraiture. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ART 131.
6 Lab Hours. 3 Credit Hours.
Offered at:  DA  OH TR HW WR

Art 143
Advanced Figure Drawing
Development of skills. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ART 142.
6 Lab Hours. 3 Credit Hours.
Offered at:  DA  OH TR HW WR

Art 144
Two Dimensional Design
A studio course exploring the fundamentals of the formal systems and basic elements of visual organization through two-dimensional design principles and theories using a variety of media. Fundamental design and experimentation in relationship of line, shape, textures, and color. Writing assignments, as appropriate to the discipline, are part of the course.
6 Lab Hours. 3 Credit Hours.
Offered at:  DA KK OH TR HW WR
IAI: ART 907

Art 145
Three Dimensional Design
Study of the fundamentals of the formal systems and basic elements of visual organization through three-dimensional design principles and theories; use of a variety of media, including recent and traditional materials, such as clay and plaster. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ART 144, or Consent of Department Chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at:  DA OH TR HW WR
IAI: ART 908

Art 150
Crafts Workshop
Creation and construction of art forms in clay, metal, cloth, fibers, plaster and wood; art process in both two and three dimensions; recommended for pre-teachers. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at:  TR WR

Art 161
Freehand Drawing
Elementary drawing in charcoal and pencil from simple groups of block forms, still life and architectural ornament; includes developing pencil technique. No previous drawing experience necessary. Writing assignments, as appropriate to the discipline, are part of the course.
6 Lab Hours. 3 Credit Hours.
Offered at:  DA KK TR

Art 162
Architectural Representations
Continuation of Art 161. Experimentation with water colors and their use in rendering of architectural representation of building materials, textures and nature; includes exterior and interior perspectives. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Art 141 and Art 161), or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at:  TR

Art 163
Water Color Painting
Elementary painting and sketching including still life, landscape and figure painting. Writing assignments, as appropriate to the discipline, are part of the course.
6 Lab Hours. 3 Credit Hours.
Offered at:  KK TR WR

Art 166
Oil Painting Techniques
A studio course that serves as an introduction to basic painting techniques and color principles applied to the exploration of oil and acrylic painting media. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Art 131, or Consent of Department Chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at:  DA KK MX OH TR HW WR

Art 167
Advanced Oil Painting Techniques
Advanced techniques and experimentation in use of materials and the development of creative styles in oil painting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Art 166, or Consent of Department Chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at:  DA KK OH TR HW WR

Art 172
Communications Design I
Design application and merchandising of products and ideas; theory of design of form and function applied to products, brochures, packaging, display, and other commercial designs; application of design in television, newspapers, magazines, billboards, and posters for advertising industry. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Art 144, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at:  OH WR

Art 176
Graphics Design I
Creative approach to graphics, using traditional and modern media, such as drawing, painting, photography, constructed and sculptured art; includes reproduction of illustrations relating to advertising, periodical and book publishing. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Art 144, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at:  OH HW
Art 177
Graphics Design II
Continuation of Art 176. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Art 176.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: OH

Art 196
Ceramics
Ceramics formed by coil, slab or free form methods. Writing assignments, as appropriate to the discipline, are part of the course.
6 Lab Hours. 3 Credit Hours.
Offered at: DA KK OH TR HW

Art 197
Advanced Ceramics & Sculpture
Advanced work in pottery and sculpture, use of molds and various materials, individual experiments in pottery and sculpture. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Art 196, or Consent of Department Chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at: OH TR HW

Art 198
Sculpture I
The creation of sculpture using the formal systems and elements of visual organization in a study of materials and processes; this is done using a variety of tools and media, including but not limited to contemporary and traditional materials. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better or concurrent enrollment in Art 145 with consent of Department Chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at: HW WR

Art 200
Individual Art Projects
For advanced students who have completed beginning level studies in the corresponding discipline specific course, or an equivalent course at another institution, or who can demonstrate proficiency through portfolio review in the skills taught in the corresponding 100 level course. Work is completed on an independent project, the subject of which is designed through dialogue between the student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA KK OH TR HW WR

Art 272
Communications Design II
Story boards for television commercials, graphics design for television, and development and making of television commercials. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Art 172, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA WR

Art 275
Computer Art And Applications
An introduction and exploration of electronic imaging through hands-on experience of applications in computer graphics. A variety of software packages pertaining to art will be utilized, as well as input and output devices. The goal of the course is to begin to develop imaging skills in graphics systems. Students will also be introduced to computer concepts of design, color, image importing and exporting, image manipulation, and sequencing techniques. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Art 144, Art 131, Art 115 or Consent of Department Chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at: DA OH TR WR

Art 200-8
Art Projects: Advanced Ceramics
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 197, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-9
Art Projects: Computer Art/Application
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 275, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-A
Art Projects: Photography
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 115, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-B
Art Projects: Advanced Photography
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 116, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-C
Art Projects: Color Photography
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 117, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR
Art 200-D
Art Projects: Printmaking I
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 126, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-E
Art Projects: Printmaking II
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 127, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-F
Art Projects: General Drawing
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 131, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-G
Art Projects: Advanced Drawing
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 132, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-H
Art Projects: Painting I
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 134, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-I
Art Projects: Painting II
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 135, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-J
Art Projects: Painting III
Art 200-P
Art Projects: Crafts Workshop
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 150, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-Q
Art Projects: Freehand Drawing
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 161, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW

Art 200-R
Art Projects: Architectural Rep
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 162, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW

Art 200-S
Art Projects: Watercolor Painting
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 163, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-T
Art Projects: Oil Painting
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 166, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-U
Art Projects: Advanced Oil Painting
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 167, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-V
Art Projects: Communication Design I
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 172, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-W
Art Projects: Advanced Com Art
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 174, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-X
Art Projects: Graphic Design I
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 176, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-Y
Art Projects: Graphic Design II
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 177, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

Art 200-Z
Art Projects: Ceramics
For advanced students who have taken all or most other art courses. Work on individual projects. Hours scheduled at convenience of student and instructor. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Grade of C or better in ART 179, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA OH TR HW WR

ASTRONOMY (0071)

Astronomy 201
Descriptive Astronomy
Descriptive survey of major astronomical facts, concepts, and relationships, starting with the solar system and extending to stars, galaxies, and cosmogonies. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA MX TR HW WR
IAI: P1 906 GE: Physical Sciences
AUTOMOTIVE TECHNOLOGY (0105)

Automotive Technology 101
Intro To Automotive Techn
Lecture and laboratory course covering the operating principles of the modern automobile. Subjects will include Preventive maintenance of the cooling system service, fuel system, tires and wheels, lubrication system and accessories. Course will include career exploration and automotive academics. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH TR

Automotive Technology 102
Introduction to Collision Technology
This course includes students to technical skills and competencies in the workplace for entry-level positions. In addition to technical training, students develop interpersonal and problem-solving skills that are required in the dynamic workplace of today. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

Automotive Technology 103
Engine Concepts
Disassembly, inspection and service of automotive engines with major emphasis on operational diagnostic and service. Students gain skills based on industry standards to perform precise diagnostics to solve operational issues related to the automotive engine. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better OR Concurrent enrollment in AUTOTEC 101 OR Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH TR

Automotive Technology 104
Electrical Systems & Power Accessories
Introduction to theory, diagnosis, and repair of automotive electrical and electronic components and systems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better OR Concurrent enrollment in AUTOTEC 101 OR Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH TR

Automotive Technology 105
Fuel Management 1
Service techniques and theories of operations necessary to maintain modern fuel delivery systems. Service will be performed on modern fuel injection systems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (AUTOTEC 103 or AUTOTEC104), or Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH

Automotive Technology 106
Fuel Systems
This further study of the fuel system provides students with an opportunity to acquire knowledge of the construction, operating principles and components of automotive fuel systems. Students perform service on carburators as well as fuel injection systems in accordance with established industry standards. Writing assignments, as appropriate of the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (AUTOTEC 101 and AUTOTEC 104).
2 Lecture Hours. 9 Lab Hours. 5 Credit Hours.
Offered at: KK OH TR

Automotive Technology 107
Automotive Body Welding
Students will acquire knowledge and skills using MIG, TIG and spot welding equipment before welding operations in repairing damaged auto bodies. Proficiencies will be developed in butt and lap welding on light-gauge metal. Course will include replacement of body panels using adhesive techniques. All work performed must be in accordance with established collision industry standards. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

Automotive Technology 108
Work Based Learning I
Introduction to applied automotive technology in an actual work setting. Provides hands-on experience in an automotive shop. Students work on actual vehicles, carrying jobs from assignment through completion. Business operators will supervise students at the worksite. Instructors will supervise all on-campus work, and also visit off-campus worksites to observe, monitor, and critique student performance. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 20 Lab Hours. 3 - 6 Credit Hours.
Offered at: KK OH TR

Automotive Technology 109
Automotive Brakes
Theory of operation and servicing of braking systems, both conventional and computerized anti-lock brake systems. Emphasis on diagnostic procedures; inspection techniques and service. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better OR Concurrent enrollment in AUTOTEC 101 OR Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH TR

Automotive Technology 111
Auto Parts Specialist I
Lecture and Laboratory course covering the principles of selling automotive parts in retail and wholesale parts establishments. Subjects will include: customer relations, parts identification and usage, stockings control, products knowledge, telephone ethics, selling skills, and cataloging. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 9 Lab Hours. 6 Credit Hours.
Offered at: KK

Automotive Technology 112
Auto Parts Specialist II
Lecture and Laboratory course covering skills necessary to manage an automotive parts retail store. Subjects will include: customer relations, parts identification and usage, stockings control, products knowledge, telephone ethics, selling skills, and cataloging. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 111.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK
Automotive Technology 117
Auto Body Reconstruction I
Study of the principles and techniques of auto body sheet metal connections, use and care of basic tools, types and application of fillers, analysis of the extent of damage, and performance required repair operations. Students develop skills in repairing and/or removing and replacing damaged body panels. Emphasis is placed on developing proficiency in repairing body damage according to establish collision industry standards. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 107, or Consent of Department Chairperson.
1 Lecture Hour. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

Automotive Technology 118
Auto Body Repainting I
Students will execute the techniques of preparing body surfaces, selecting and mixing paint, and spraying. Refinishing techniques will be performed on individual panels until each student demonstrates competency to refinish a live vehicle. Course will also emphasize recognizing and performing repair techniques for damage paint finishes in accordance with collision industry standards. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: KK

Automotive Technology 119
Automotive Body Detailing
Study of the principles of auto body detailing for post collision repaired vehicles and new and used car customer delivery service. Students will develop skills in selection and use of proper cleaning and polishing materials, proper buffing and polishing techniques, preparation of plastic bumpers and accessories, steam cleaning of engine components and care of rubber parts and interior cleaning. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 9 Lab Hours. 5 Credit Hours.
Offered at: KK

Automotive Technology 121
Structural Analysis and Damage Repair I
The development of skills in roughing and shaping procedures on automotive metal to make satisfactory minor body repairs, the emphasis is on the alignment of component parts such as doors, hoods, front-end assemblies and deck lids. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 102, 117, 217 OR Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

Automotive Technology 122
Structural Analysis and Damage Repair II
Development of skills in manual and computer alignment with roughing and shaping procedures on automotive metal necessary to make satisfactory major body and unibody frame repairs. The emphasis is on the alignment of structural component parts such as, front-end assemblies, frame sections and body reconstruction. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 102, 117, 121, 217 OR Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

Automotive Technology 130
Topics in Alternative Fuel Technology
This course will introduce the student to special topics in alternative fuel vehicles and all related technology. Additionally, the course will provide the knowledge base needed to understand alternative fuel vehicles, green technology, and their effect on the current and future of the world. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 101,104,105,204,205 AND 206; OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH

Automotive Technology 204
Electrical Systems II
This course is designed to provide the necessary knowledge and skills to service today's automotive electrical systems. Selected topics include the reading of wiring diagrams, diagnosing electrical accessories, and operating and designing ignition systems. Students learn circuit testing on today's modern multiplex and CAN/BUS system protocol. Course will emphasize proper handling of advanced solid-state electronics such as air bags and computers. Writing assignments as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in (AUTOTEC 101 or AUTOTEC 104), or Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH TR

Automotive Technology 205
Fuel Management II
Emphasis on servicing of computerized engine and body controlled modules. Emphasis on service techniques for OBD II foreign and domestic computer control system. Students will gain skills in the use and interpretation of data related to modern diagnostic test equipment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 105.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH

Automotive Technology 206
Fuel Management III
This course builds upon the knowledge gained in previous fuel management courses with emphasis on diagnosis and repairs to sensors and actuators that control engine performance. Students will gain advanced diagnostic skills to interpret waveform patterns through the use of laboratory scopes. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 205.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH

Automotive Technology 207
Transmission Transaxle & Dr
This course will cover three, four, and five speed manual transmissions/transaxles and all automotive transmissions/transaxles used on front wheel drive passenger cars. Diagnosis and repair procedures will be covered in detail. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (AUTOTEC 101 AND AUTOTEC 212).
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH TR

Automotive Technology 208
Work Based Learning II
Advanced hands-on experience in an automotive shop. Students work on actual vehicles, carrying jobs from assignment through completion. Business operators will supervise students at the worksite. Instructors will supervise all on-campus work based learning students, and also visit off-campus worksites to observe, monitor, and critique student performance. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 20 Lab Hours. 3 - 6 Credit Hours.
Offered at: KK
Automotive Technology 209
Steering & Suspension Systems
Theory of operation in servicing of suspension systems both rear and front wheel drive systems. Students gain skills in the use of computerized four-wheel alignment equipment, servicing McPherson struts, shock absorbers, rack and pinion and conventional steering systems. Diagnosis and service of Tire Monitoring Systems (TMS) is now part of the course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better OR Concurrent enrollment in AUTOTEC 101 OR Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH TR

Automotive Technology 210
Performance & Driveability
This course covers the construction, operations and testing of the ignition systems. Training is offered on the use of oscilloscopes, infrared gas analyzers, and other diagnostic equipment such as scan tool testing. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (AUTOTEC 101, AUTOTEC 104, AUTOTEC 106 AND AUTOTEC 204).
2 Lecture Hours. 9 Lab Hours. 5 Credit Hours.
Offered at: KK OH TR

Automotive Technology 211
Auto Service Management
Instruction in management skills related to inventory control, writing estimates and repair orders, billing, employee relations, time management, vendor relation, business financials and customer relations. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH

Automotive Technology 212
Manual Drive Train & Axles
Upon successful completion of this course students will demonstrate understanding of design, construction, operation and the service principles of automotive clutches, manual transmissions, drivelines, differentials, and rear axles. Service work includes using appropriate repair and test equipment, determining problems or extent of damage, and performing corrective work in accordance with established industry standards. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better OR Concurrent enrollment in AUTOTEC 101 OR Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH TR

Automotive Technology 215
Auto Temperature Control Systems
Service procedures and theory of operation of both manual and electronically controlled heating and air conditioning systems. Emphasis will be on diagnosis, service, and replacement of air conditioning components. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH TR

Automotive Technology 217
Auto Body Reconstruction II
Students will increase their knowledge and skills by repairing more complex, extensive damages. Removal and installation of trim, body panels, welding, aligning various body components of the body, repairing of body hardware and accessories. Repairing or replacement of mechanical components as required for complete reconstruction of the vehicle is emphasized in this course. Students will utilize estimating skills to estimate the extent of damaged, repair time and cost of repairs and repair strategies. All work will be performed in accordance with established collision industry standards. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 117.
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: KK

Automotive Technology 218
Auto Body Repainting II
Students will build on their refinishing skills learned in Automotive Technology 118 course. Advanced refinishing techniques are emphasized through practical application of auto body refinishing techniques on live vehicles as well as panels. As refinishing skills increase in proficiency students will acquire skills to perform color matching to refinish weathered finishes and localized panel damage repairs. Students will be evaluated on their ability to complete refinishing assignments in accordance with industry standards. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 118.
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: KK

Automotive Technology 220
Collision Estimating
Estimating for automotive insurance claims and adjusting damages. Emphasis will be on appraisal procedures, flat rate computations, use of collision estimator and preparation of insurance claim forms. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

Automotive Technology 223
Auto Body Repainting III
This course introduces students to the theory and application of color in custom automotive paint jobs. Topics include color analysis, paint mixing and tint matching. Students may also receive instruction in primer choice and application, clear coat finishing and the equipment used to apply primer, paint and finisher. Instruction also covers refinishing techniques, such as the use of waterborne acrylic materials, color blending paint repair work and troubleshooting common auto painting problems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 102, 118, 218 OR Consent of Department Chairperson.
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: KK

Automotive Technology 230
Introduction to Alternative Fuel Technology
This course will introduce the student to the theories and service techniques of alternative fuel vehicles in today's society. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 101, 104, 105, 204, 205, and 206; OR Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

Automotive Technology 231
AFT Hybrid Fuel Vehicles
This course builds upon the knowledge gained in the previous alternative fuel courses with an emphasis on theories and servicing techniques of hybrids and fuel-cell vehicles. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in AUTOTEC 101, 104, 105, 204, 205 AND 206; OR Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK OH
Baking & Pastry 765  
Introduction to Baking  
The focus of this course will be an introduction to culinary history with emphasis on baking and pastry; instruction in principles and procedures of basic equipment and its use and beginning fundamentals of baking. A look at the contemporary employment options in this field will compare restaurant, specialty (e.g., wedding cakes), retail and wholesale careers. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 096 and Mathematics 098; concurrent enrollment in 330BKPS 766, 767, 768, and 769.  
3 Lecture Hours.  3 Credit Hours.  
Offered at:  KK

Baking & Pastry 766  
Baking Safety and Sanitation  
An introduction to safe food production practices. Topics will include prevention of food-borne illness, HACCP procedures, facility sanitation, legal guidelines, kitchen safety, and safe food preparation, storing, and reheating guidelines. The National Restaurant Association ServSafe examination will be a part of this course. Students who pass the exam will receive the ServSafe certification. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 096 and Mathematics 098; concurrent enrollment in 330BKPS 765, 767, 768, and 769.  
2 Lecture Hours.  2 Credit Hours.  
Offered at:  KK

Baking & Pastry 767  
Baking Techniques  
This course provides an introduction to the functions of baking ingredients (flour, sugar, fat, eggs and liquids) and mixing methods for doughs, fermentation techniques, and bread baking. Special emphasis will be placed on lean dough production and enriched dough methods (laminating, rubbing, and cut-in). Training in evaluation techniques of finished products will be emphasized. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 096 and Mathematics 098; concurrent enrollment in 330BKPS 765, 766, 766, and 769.  
1 Lecture Hour.  6 Lab Hours.  3 Credit Hours.  
Offered at:  KK

Baking & Pastry 768  
Pastry Techniques  
An introduction to pastry products and methods, this course will include lamination, short crust, liaison, meringue, pastry cream, pate a choux, vanilla sauce, ganache, custard and mousse. Assembling the various components into completed pastries will include filling, glazing, garnishing and making a variety of sauces. Students will learn to evaluate the quality of the items that are produced. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 096 and Mathematics 098; concurrent enrollment in 330BKPS 765, 766, 767, and 769.  
1 Lecture Hour.  6 Lab Hours.  3 Credit Hours.  
Offered at:  KK

Baking & Pastry 769  
Cookies and Tarts  
An introduction to a variety of mixing methods, doughs, batters, fillings and glazes with emphasis on preparing unfilled and filled cookies, mignardises, tarts, a variety of petit fours and other one bite items. Emphasis will be on production and will include specialty preparations, like gingerbread houses. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 096 and Mathematics 098; concurrent enrollment in 330BKPS 765, 766, 767, and 768.  
1 Lecture Hour.  6 Lab Hours.  3 Credit Hours.  
Offered at:  KK

Baking & Pastry 770  
Basic and Classical Cakes  
With emphasis on the different mixing and assembly methods, the students will prepare a variety of classical cakes from simple pound cakes to elaborate filled cakes and tortes. Classical preparations will include Sacher Torte, Dobos Torte, Opera Torte, Marjolaine, Gateaux St. Honore, and Charlottes. Piping skills will be introduced and practiced. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 330BKPS 767, 768 and 769; concurrent enrollment in 330BKPS 770, 772, and 773.  
1 Lecture Hour.  6 Lab Hours.  3 Credit Hours.  
Offered at:  KK

Baking & Pastry 771  
Special Occasions Cakes  
Decorating techniques will be practiced, including flowers and borders, royal icing, fondant draping, crimping and ruffling and gum paste flowers. Students will prepare special occasion cakes, seasonal cakes, and classical and contemporary wedding cakes. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 330BKPS 767, 768 and 769; concurrent enrollment in 330BKPS 770, 772, and 773.  
1 Lecture Hour.  6 Lab Hours.  3 Credit Hours.  
Offered at:  KK

Baking & Pastry 772  
Individual Pastries  
Quantity production will be a key element of this course. From scaling recipes and calculating yields to working a pastry station, each student will be exposed to volume production for pastry buffet tables and retail operations. Emphasis will include presentation and plate designs for banquet desserts. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 330BKPS 767, 768 and 769; concurrent enrollment in 330BKPS 770, 771, and 772.  
1 Lecture Hour.  6 Lab Hours.  3 Credit Hours.  
Offered at:  KK

Baking & Pastry 773  
Confectionary Arts  
Display pieces are an important art in the pastry chef's repertoire. This course will serve as an introduction to chocolate, sugar, marzipan, finishing techniques, molds and templates. Each student will create a centerpiece utilizing the skills learned. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 330BKPS 767, 768 and 769; concurrent enrollment in 330BKPS 770, 771, and 772.  
1 Lecture Hour.  6 Lab Hours.  3 Credit Hours.  
Offered at:  KK
Baking & Pastry 774
Hearth Breads and Rolls
Learn to mix, shape, bake and store bread and rolls. Emphasis will be on efficiency and increased speed in production of quality products. Students will use traditional fermentation methods, equipment, and methods to emphasize flavor, texture, and appearance as well as techniques that increase shelf life. Students will learn to evaluate the quality of the items that are produced. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 330BKPS 767, 768 and 769; concurrent enrollment in 330BKPS 775 and 776
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.
Offered at: KK

Baking & Pastry 775
Specialty Breads
This course will introduce advanced bread principles and techniques, including regional and ethnic breads. Production will include multi-grain breads, sourdoughs, bagels, pretzels, holiday or seasonal breads, and flat breads. Special emphasis will be placed on mixing, shaping, and finishing specialty breads; and innovative baking methods. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 330BKPS 767, 768 and 769; concurrent enrollment in 330BKPS 774 and 776
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.
Offered at: KK

Baking & Pastry 776
Advanced Baking Principles
We live in a world where many people have special dietary needs. This course examines baking methods and principles from a nutritional and chemical/physical point of view. Topics to be covered include: diets such as vegan, diabetic, low carb and gluten-free, nutritional analyses, and preparation of items for persons with special dietary needs. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 330BKPS 767, 768 and 769; concurrent enrollment in 330BKPS 774 and 775
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: KK

Baking & Pastry 777
Chocolate and Confections
This course introduces the student to the tempering of chocolate, creation of chocolate sculptures and simple centerpieces, and production of chocolates and other confections including fudge, fondant, nougat, caramel, toffee and truffles. Emphasis will be on creating confections by hand and with special equipment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 330BKPS 767, 768, 769, 773, and 776; concurrent enrollment in 330BKPS 778
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: KK

Baking & Pastry 778
Contemporary Desserts
Assembled and decorated with a modern approach, desserts will be produced using the latest technology and equipment. Students will use specialized equipment, practice new presentation methods, and focus on freshness, simplicity of style, and ease of production. Each student will produce a plated dessert and centerpiece using a variety of the techniques learned throughout the program and showing key elements of production, design, freshness of flavor and consistency. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 330BKPS 767, 768, 769, 773, and 776; concurrent enrollment in 330BKPS 777
1 Lecture Hour. 15 Lab Hours. 6 Credit Hours.
Offered at: KK
Biology 113
The Biology Of Women
A comprehensive look at the human female throughout her entire life span. Deals with Biological sex differentiation, fetal development and reproductive anatomy. Explains events of a woman's reproductive life from menarche to menopause, sexuality, birth control, infertility, and pregnancy. Discusses sexually transmitted diseases, gynecological problems, breast cancer, controversial treatments and health care. Examines sociological and cultural health factors that influence a womans nutrition, physical activity, use of cosmetics, use and abuse of drugs. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR HW
GE: Life Sciences HD Course

Biology 114
General Education Biology
A laboratory course emphasizing scientific inquiry through selected concepts of biology, such as organization, function heredity, evolution, and ecology. Biological issues with personal and social implications will be introduced to enable students to make informed decisions. This course is equivalent to the Illinois Articulation Initiatives General Education generic course numbered L1900L. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: L1 900L GE: Life Sciences

Biology 115
Human Biology
Examines practical aspects of selected concepts in biology and their application to technology. Concepts may include heredity, growth, development, health, and ecology. Human systems may be studied as they relate to the major topics. Emphasis will be placed on the relationship of the issues to the individual and society. This course is equivalent to the Illinois Articulation Initiative’s General Education generic course numbered L1904L. Writing assignments, as appropriate to the discipline, are part of the course
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: L1 900L GE: Life Sciences

Biology 116
Introduction to Anatomy And Physiology
An introduction to human structure and function, from cellular structures to organ systems, with emphasis on scientific processes and common laboratory techniques. Writing assignments, as appropriate to the discipline, are part of the course
Prerequisite(s): Eligibility for English 101, or successfully completing Biology 120 with a grade of “C” or higher, or consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: MX OH
IAI: L1 904L GE: Life Sciences

Biology 119
Environmental Biology
This general education laboratory course is geared for both environmental science majors as well as non-science majors. The environment and human impacts on natural resources, pollution, and ecosystems are emphasized. Writing assignments, as appropriate to the discipline, are part of the course
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.

Biology 120
Terminology For Medical Careers
Basic medical vocabulary for allied health professionals and others with minimal background in anatomy and physiology; includes study of the human body systems. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: BIO 910 GE: Life Sciences

Biology 121
Biology I
Cellular and Molecular Biology. Introduction to biochemistry, molecular genetics, cell structure, function and processes. Laboratory required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
4 Lecture Hours. 2 Lab Hours. 5 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: BIO 910 GE: Life Sciences

Biology 122
Biology II
Continuation of Biology 121. Organismal biology, ecology, and evolution. An introduction to structure and function of major groups of microorganisms, fungi, animals, and plants. Emphasis on evolutionary relationships and ecological principles. Laboratory required. Writing assignments, as appropriate to the discipline, are part of the course. Biology majors intending on transferring to a four-year institution must complete both Biology 121 and 122 with a grade of C or better.
Prerequisite(s): Grade of C or better in Biology 121, or Consent of Department Chairperson.
4 Lecture Hours. 2 Lab Hours. 5 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: BIO 910 GE: Life Sciences

Biology 130
Human Cadaver Anatomy I
Student-directed learning experiences designed to enhance histology and human cadaver competence. Includes osteology, articulations. Skeletal muscles, and neurology. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 226.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: MX

Biology 131
Human Cadaver Anatomy II
Continuation of Biology 130. Directed learning experiences are designed to enhance histology and human cadaver competence. Primarily stresses the following areas: cardiovascular, thoracic and abdominal cavity systems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Biology 226 and Biology 227), or Consent of Department Chairperson.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: MX
Biology 200
Field Biology
Natural history of local biota. Laboratory and field identification of plants and animals with a study of their habitats and relationships. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 3 Lab Hours. 3 Credit Hours.
Offered at: KK TR WR

Biology 201
Individual Topics in Biology
Students may conduct laboratory research, engage in a library project, and attend seminars. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: No more than 2 credit hours counted toward graduation.
1 Lecture Hours. 0.5 Lab Hours. 1 Credit Hour.
Offered at: KK TR HW WR

Biology 205
Pathophysiology
This course introduces the students to pathophysiology, which is the systematic study of the functional changes in cells, tissues, and organs altered by disease and/or injury. Students will also be introduced to the molecular and cellular basis of disease. Background in Anatomy and Physiology (Biology 226 and 227) is highly recommended for this course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 120, 121, OR Biology 115 and English 100.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA

Biology 209
Biochemistry
Biochemistry is designed to give the student in life sciences, allied health fields, and biotechnology a basic understanding of the biological processes at the molecular, cellular and organismic level. An emphasis is placed on the use of laboratory tools and equipment in order to familiarize the student with current biochemical techniques. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 121, Chemistry 205, and Chemistry 207, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: MX TR HW

Biology 210
Survey Of Biotechnology
This course will serve to introduce students to modern biotechnology which is based on recent developments in molecular biology, especially those in genetic engineering and bioengineering. Students will explore the diversity of the field focusing on such areas as medicine, biotechnology, biomediation, biocatalysis, biosafety, agriculture, forensics, quality control and assurance, testing, regulation, law and policy, intellectual property, proteomics, pharmacogenomics, nutrition, and product development. This course will incorporate speakers that are representative of specific areas in biotechnology. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in BIOLOGY 121 and CHEM 121.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW

Biology 226
Human Structure and Function I
Human anatomy and physiology. This laboratory course is recommended for those contemplating a career in the health professions and emphasizes the structure and function of the human body. Microscopic and gross anatomy are correlated with physiology. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 121.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Biology 227
Human Structure and Function II
Continuation of Biology 226. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 226, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Biology 236
Environmental Biology II
This course is a continuation of Biology 119. Environmental sampling and analysis techniques will be taught in the laboratory. Topics such as environmental toxicology, bio remediation, genetic contamination of plant species, conservation biology, and environmental law, policy and ethics may be covered in the lecture. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: OH

Biology 240
Vertebrate Embryology
Introduction to the major morphogenetic events in vertebrate development, including development of gametes, fertilization, and the development of organ systems. Special attention will be paid to human development, developmental anomalies, and teratogens. Laboratory required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in BIOLOGY 226, or consent of department chairperson.
4 Lecture Hours. 2 Lab Hours. 5 Credit Hours.
Offered at: MX

Biology 241
Genetics
Principles of heredity, structure of genetic material, mechanism of transmission, and the role of genetics in evolution. Application of these principles to human and other organisms is included. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Biology 101 and Biology 102), or (Biology 114 and Biology 115), or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 3 - 4 Credit Hours.
Offered at: DA

IAI: L1 907
Biology 250
Intro To Molecular Biology
The first course in a three-part series in the biotechnology program/plan 215. This course stresses an introduction to current concepts and progress in modern molecular biology with emphasis on DNA science and genetic engineering as it applies to molecular, cellular and organismic biology. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated six credit hours will be counted toward graduation.
Prerequisite(s): Grade of C or better in Biology 121, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR HW

Biology 251
Molecular Biology I
The second course in a three-part series in the biotechnology program/plan 215. The course stresses the theory and practice of separation techniques and safety procedures that would be employed in the purification and assay of such biomolecules as nucleic acids, proteins and other related substances and the relationship of these molecules to living organisms. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 250, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: TR HW

Biology 252
Molecular Biology II
The third course in a three-part series, stresses the theory and practice of current techniques used in DNA science, protein isolation, immunology and introduces selected biotechnology protocols. An emphasis is placed on the use of laboratory tools and equipment in order to familiarize the student with current biochemical techniques. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 251, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: TR

Biology 253
Plant Molecular Biology
This course is designed for students in the life sciences, and biotechnology to understand how plants function at the molecular level and discuss the current advances in plant molecular biology and genetic engineering. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (BIOLOGY 121 or 250), or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

Biology 299
Special Topics In Biology
Special topics in biology and biotechnology will be discussed along with appropriate lab and/or field trip activities. New developments will be emphasized, especially materials useful in K-12 education and industry. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times when topics are different, and may count for a maximum of six variable credits. Consent of Department Chairperson required for repeatability.
0.5 - 5 Lecture Hours. 1-2 Lab Hours. 1-6 Credit Hours.
Offered at: DA KK OH TR HW WR

General Botany I
General biological principles applied to anatomy, physiology, reproduction, and heredity of seed plants. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA OH TR WR
IAI: L1 901L GE: Life Sciences

BUSINESS (0030)

Business 111
Introduction To Business
Survey of modern US business, analyzing organization and types of businesses, major business functions, business and the environment, roles played by business and consumers in the economy and various economic systems. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Business 141
Business Mathematics
Review of basic arithmetic principles, application of arithmetic operations to business forms and to analysis and solution of problems of percentage, markup and markdown, discounts, interest, prorating, life and property insurance, taxation, and payrolls. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH TR HW WR

Business 147
Intro to Paralegal Studies
This course is the first of the required courses in the Paralegal AAS program/plan 304. It provides an overview of the American legal system. It explores essential knowledge in the paralegal field, including the basic skills, concepts, and reasoning processes for success in a paralegal career. This course explores basic paralegal roles and responsibilities and specific limitations as they relate to the legal system and the law office environment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and Eligibility for college-level Math -OR- Math 99 with a grade of C or better -OR- consent of department chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR

Business 148
Civil Litigation
This course is one of the requirements of the Paralegal AAS program/plan 304. It introduces the student to procedural concepts of the civil litigation process in state and federal courts with an emphasis on Illinois and federal civil codes. It examines the role of the paralegal from the initial phases of the pre-trial investigation and discovery through the appeals process while emphasizing legal theory and practical skills. This is a writing intensive course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and Eligibility for college-level Math -OR- Math 99 with a grade of C or better -OR- consent of department chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR
Business 149
Family Law
This course is one of the requirements of the Paralegal AAS program/plan 304. It is an overview of the basic principles of family law and domestic relations, with an emphasis on Illinois law. It examines the areas of marital contracts, divorce, annulment, issues affecting children, and other legal matters relating to domestic relations. It also covers client interviews, the drafting of necessary pleadings and supporting documents, and the performance of basic research relating to family law and domestic relations as well as the role of the paralegal in family law. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and Eligibility for college-level Math -OR- Math 99 with a grade of C or better -OR- consent of department chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR

Business 150
Legal Research and Writing I
This course is one of the requirements of the Paralegal AAS program/plan 304. It provides an overview of the fundamentals of legal research and writing. This course covers the use of primary and secondary source materials to research legal questions. It examines different types of legal documents and provides training in legal analysis. The course also includes principles and techniques of legal writing, and their application to legal correspondence and documents as well as the role of the paralegal in legal research and writing. This is a writing intensive course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of Business 147, Business 148 and English 101 with a grade of "C" or better, or consent of the Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR

Business 156
Warehousing Workforce Skills
This course provides training in the workplace practices that contribute to success on the job. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: OH

Business 158
Warehousing and Distribution Process
This course provides learners with the knowledge and core skills associated with warehousing and distribution. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Business 155 and Business 156.
2.5 Lecture Hours. 2.5 Credit Hours.
Offered at: OH

Business 159
Warehousing Technology Skills
Warehousing technology skills are those practices important to working in a technical environment. This course covers the use of scanners and data applications along with the understanding of industrial controls and computers and automation. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Business 155 and Business 156.
2 Lecture Hours. 2 Credit Hours.
Offered at: OH

Business 161
Prin Of Bank Operations
This course covers the fundamentals of bank functions in a descriptive fashion. Topics include banks and the monetary system, the relationship of banks to depositors, regulations, and examinations. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

Business 180
Fundamentals Of Accounting
This course emphasizes an understanding of basic accounting principles and other business concepts as they apply to the reporting of financial data and other economic events of a business enterprise. Emphasis is on recording, analyzing, and interpreting historical data and showing its effect on the business financially. Writing assignments, as appropriate to the discipline, the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK TR HW
IAI: BUS 903

Business 181
Financial Accounting
This course presents accounting as an information system that produces summary financial statements, primarily for users external to a business or other enterprise. Students study the forms of business organization and the common transactions entered into by businesses. The emphasis is on understanding and applying basic accounting principles and other concepts that guide the reporting of the effect of transactions and other economic events on the financial condition and operating results of a business. How to analyze and interpret historical financial statements as well as the limitations of using these statements in making forward-looking business decisions are included. The primary content emphasis will be accounting for current assets and liabilities, long-term assets and liabilities, corporations, cash flow statements and financial statement analysis. Writing assignments, as appropriate to the discipline, are part of the course.

Basic Chemistry I
Principles of general inorganic chemistry, including properties of matter, dimensional analysis, fundamentals of stoichiometry, interpretation of the periodic table, nomenclature and introduction to solution chemistry and commonly used concentration units. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and eligibility for Math 118 or higher or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: P1 902L GE: Physical Sciences

Chemistry 201
General Chemistry I
Topics include the periodic table of the elements, atomic structure, basic concepts of quantum theory, bonding, stoichiometry, interpretation of the periodic table, nomenclature and introduction to solution chemistry and commonly used concentration units. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for Mathematics 140 or higher and Grade of C or better in Chemistry 121 or one year of high school chemistry, or Consent of Department Chairperson.
4 Lecture Hours. 4 Lab Hours. 5 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: P1 902L; IAI: CHM 911 GE: Physical Sciences

Chemistry 203
General Chemistry II
Topics include equilibrium, acid-base equilibria, solubility equilibria, kinetics, thermodynamics, electrochemistry, coordination compounds, nuclear chemistry and descriptive topics in organic chemistry. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Chemistry 201, or Consent of Department Chairperson.
4 Lecture Hours. 4 Lab Hours. 5 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: CHM 912

Chemistry 204
Quantitative Analysis
Gravimetric, volumetric, and calorimetric procedures; basic techniques of quantitative measurement applied to the determination of percentage composition, equilibrium constants and the reliability of data. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Chemistry 203
2 Lecture Hours. 6 Lab Hours. 5 Credit Hours.
Offered at: DA

Chemistry 205
Organic Chemistry I
Fundamentals of organic chemistry, orbital and structural theory, aliphatic and aromatic hydrocarbons, alkyl halides, structural isomerism, introduction to functional groups, nomenclature, stereochemistry, reaction mechanisms, resonance theory, and spectroscopy. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Chemistry 203 OR Consent of Department Chairperson.
4 Lecture Hours. 4 Lab Hours. 6 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: CHM 913

Chemistry 207
Organic Chemistry II
Continuation of study of organic chemistry: alcohols, aldehydes and ketones, carboxylic acids, functional derivatives of carboxylic acids, O, N and S containing compounds, heterocyclic compounds, spectroscopy; laboratory emphasis on organic synthesis and spectroscopic analysis. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Chemistry 205, or Consent of Department Chairperson.
4 Lecture Hours. 4 Lab Hours. 6 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: CHM 914

Chemistry 212
Survey of Organic & Biochemistry
Survey of organic chemistry, including nomenclature and reactions of major functional groups essential to biochemistry. An introduction to the structure and function of biomolecules, and the metabolism of proteins, lipids, and carbohydrates. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Chemistry 201 OR Consent of Department Chairperson.
3 Lecture Hours. 3 Lab Hours. 4 Credit Hours.
Offered at: DA KK TR HW WR

Chemistry 217
Intro Instrumental Analysis
Use of modern optical and electrical methods in chemical analysis: filter photometers; visible, ultraviolet and infrared spectrophotometer; gas chromatographs, radioactive counters, and pH meters; potentiometers; refractometers; polarimeters; and polarographs. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Chemistry 201 AND 205), OR Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: TR

Chemistry 219
Chemistry for Education I: Matter & Structure
This course is designed to provide educators with a fundamental understanding of matters, its structure and its changes from both a qualitative and quantitative perspective. Physical properties, chemical interactions, bond, and the atomic structure of matter will be explored and mapped to state science education standards. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: TR
Chemistry 295
Independent Research in Chemistry I
Original laboratory research supervised by a faculty member, either on campus or off-campus. A well-defined academic goal must be outlined by the instructor and the student. This course will usually require library research, laboratory work, and the preparation of final and oral reports. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 20 Lab Hours. 2 - 6 Credit Hours.
Offered at: DA KK TR HW WR

Chemistry 296
Independent Research in Chemistry II
Original laboratory research supervised by a faculty member, either on campus or off-campus. A well-defined academic goal must be outlined by the instructor and the student. This course will usually require library research, laboratory work, and the preparation of final and oral reports. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Chemistry 295 OR Consent of Department Chairperson.
2 Lecture Hours. 5 - 20 Lab Hours. 2 - 6 Credit Hours.
Offered at: HW

Chemistry 297
Independent Research in Chemistry III
Original laboratory research supervised by a faculty member, either on campus or off-campus. A well-defined academic goal must be outlined by the instructor and the student. This course will usually require library research, laboratory work, and the preparation of final and oral reports. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Chemistry 296 OR Consent of Department Chairperson.
1 - 2 Lecture Hours. 5 - 20 Lab Hours. 2 - 6 Credit Hours.
Offered at: HW

Chemistry 298
Independent Research in Chemistry IV
Original laboratory research supervised by a faculty member, either on campus or off-campus. A well-defined academic goal must be outlined by the instructor and the student. This course will usually require library research, laboratory work, and the preparation of final and oral reports. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Chemistry 297 OR Consent of Department Chairperson.
1 - 2 Lecture Hours. 5 - 20 Lab Hours. 2 - 6 Credit Hours.
Offered at: HW

Chemistry 299
Independent Research in Chemistry V
Original laboratory research supervised by a faculty member, either on campus or off-campus. A well-defined academic goal must be outlined by the instructor and the student. This course will usually require library research, laboratory work, and the preparation of final and oral reports. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Chemistry 298 OR Consent of Department Chairperson.
1 - 2 Lecture Hours. 10 - 20 Lab Hours. 3 - 6 Credit Hours.
Offered at: HW

CHILD DEVELOPMENT (0090)

Critical Readings in Child Development
Prepares students to read critically in the field of human development. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Child Development 101
Human Growth & Development I
This course provides a foundation in theory and principles of human development, from conception to early adolescence, including an in-depth study of physical, social, emotional, cognitive, and language development, including children's play. Five hours observing young children, ranging in age from birth to age eight, are required. Writing assignments and oral presentations as appropriate to the discipline are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
4 Lecture Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 102
Human Growth & Development II
Continuation of Child Development 101. Emphasizes adolescence through late adulthood. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Child Development 101, OR Consent of Department Chairperson
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 107
Health Safety And Nutrition
This introductory course explores practices that promote good nutrition, dental, physical and mental health, as well as the safety of infants, toddlers, preschool, and school-aged children in group settings. The course has a dual emphasis on the health, safety, and nutrition of young children and adult students. Health, lifestyle, preventative health, community resources, and emergency response procedures are examined. This course introduces cultural beliefs that influence health, safety, and nutrition. It explores ethical and legal responsibilities of adults in protecting the emotional and physical well-being of young children. Five observation hours observing young children in an early childhood education setting are required. Writing assignments and oral presentations, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 109
Language & Literacy Development in Early Childhood
This course explores the developmental process of language and literacy development from birth to age eight. In addition, the course explores the relationship between language, literacy, and all other domains of development. Planning for a variety of developmentally appropriate activities that support language and literacy development are explored, as well as an examination of the role the environment plays and how to design a language and literacy-rich environment for young children. Bilingualism, multiculturalism, and the role of culture in language and literacy development and early childhood education are explored. Eight hours observing young children in an early childhood education setting are required. Writing assignments and oral presentations as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in CHLD DV 101 or 101-1 and CHLD DV 120 or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW
Child Development 120
Intro To Early Childhood Education Group Care
This introductory course is designed to familiarize students with the historic roots and philosophical foundations of early childhood care and education. The course includes an exploration of different types of early childhood programs, the role of the early childhood professional, and an examination of the student's personal qualities in relationship to expectations of the field. The course will include an examination of the role of culture in child development and anti-biased practices in early childhood education. Finally, the course defines the profession and explores the profession's Code of Ethical Conduct. 5 hours observing young children in an early childhood education setting are required for the course. Writing assignments and oral presentations, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 130
Special Topics in Child Development
Study of a single topic in child development that would enhance the student's ability to support children and the families of young children. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted toward graduation.
Prerequisite(s): Grade of C or better in Child Development 101 OR Consent of Department Chairperson.
1 Lecture Hour. 1 Credit Hour.
Offered at: HW

Child Development 141
Activity Programming
Recreational and creative activities as factors which change patterns of behavior in children. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Child Development 142
Methods & Materials for Infant Toddler Care
Acquaints current and prospective caregivers with the ways infant and toddlers play and learn at specific developmental levels. Through use of observations students will plan to meet needs of individual children in a group setting. Emphasis will be on creating a context for responsive and respectful care giving in a group setting. Writing assignments and observations, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Child Development 101 OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR HW

Child Development 143
Science & Math for Young Children
This course explores the relationship of play to the content areas of science and math in early childhood. Planning for a variety of developmentally appropriate experiences in mathematics and scientific inquiry are explored as well as an examination of the role of the early childhood environment in supporting development. The course emphasizes the study of cognitive theory as well as observation and documentation of science and math learning in diverse early childhood settings. The course includes student reflections of their own attitudes about science and math. 8 hours observing young children in an early childhood education setting are required for the course. Writing assignments and oral presentations as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in CHLD DV 101 and CHLD DV 120, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 149
Creative Activities For Young Children
This introductory course explores the importance of creative activities in the early childhood curriculum and the relationship of creativity to physical, cognitive, language, social, and emotional development. Planning for a variety of developmentally appropriate, creative experiences that allow young children to play with art, music, movement, literature, and drama is explored as well as an examination of the role of the early childhood environment on creative expression. This course emphasizes the importance of the process of creative expression and provides diverse, creative experiences for adult students so they may understand the arts as a means of communicating ideas, feelings, and cultural expression. 8 hours observing young children in an early childhood education setting are required for the course. Writing assignments and oral presentations, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 201
Observation, Assessment, & Documentation to Support Young Children & Families
This course provides an examination of developmentally appropriate techniques for observing, documenting, and assessing the development of young children in order to inform curriculum planning and promote positive guidance strategies. The course emphasizes a strengths-based approach to assessment that includes building partnerships with families and professional colleagues. Self-reflection is a major component of the course as well as the examination of bias in the observation and assessment of young children from diverse backgrounds. 15 hours observing young children in an early childhood education setting are required for the course. Writing assignments and oral presentations as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in CHLD DV 101, 107, 120, and 149 OR Consent of Department Chairperson. Grade of C or better or Concurrent enrollment in CHLD DV 109, 143 OR CHLD DV 262 is recommended.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 205
Development of Exceptional Child
Study of children whose development does not follow normal patterns; problems of identification, diagnosis and potential assessment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Child Development 101, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 225
Supervision of Exceptional Child
Techniques in handling and communicating with the deaf, blind, developmentally delayed, and physically challenged child. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Child Development 205.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Child Development 228
Principles of Child Care Practice
Role of the child care worker in group/residential settings; primary objectives and goals; re-examination of child rearing responsibilities in light of treatment goals. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Child Development 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
Child Development 229
Practicum In Residential Child Care
Twenty hours per week of professional, and supervised training in a Child Care Treatment Program; includes two-hour weekly seminar. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Child Development 102, and 201, and 228), AND Social Services 212, OR Consent of Department Chairperson.
2 Lecture Hours. 20 Lab Hours. 6 Credit Hours.
Offered at: KK

Child Development 230
Intr To Early Intervention
Introduction to the field of early intervention and the role of the Early Intervention Associate. Includes units covering the background and current status of the field, an overview of the characteristics of normal versus at-risk and special needs population of infants and toddlers, and theoretical models and strategies of early intervention, including Individualized Family Service (IFS) planning and team building. Writing assignments, as appropriate to the discipline, are a part of the course.
Prerequisite(s): Grade of C or better in English 101, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR HW

Child Development 248
Principles & Practice of Infant & Toddler Care
Acquaints prospective teachers and care-givers of infants and toddlers with theory and practice of care and education of very young children in group setting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Child Development 101 OR Consent of Department Chairperson.
4 Lecture Hours. 4 Credit Hours.
Offered at: KK TR HW

Child Development 258
Principles & Practices of Pre-School Education
This course provides opportunities to plan developmentally appropriate play-based activities that support all developmental domains including physical, cognitive, language, and socioemotional development with an emphasis on designing appropriate early childhood environments that address the needs of all children. The course emphasizes the process of becoming a professional including the implementation of the NAEYC Code of Ethical Conduct and other professional guidelines as well as fostering an early childhood environment that is conducive to respecting diversity. Students will write/revise their philosophy of early care and education. 30 hours observing young children in an early childhood education setting are required for the course. Writing assignments and oral presentations as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in CHLD DV 101, 107, 109, 120 AND 143, OR Consent of Department Chair. Grade of C or better in CHLD DV 201 OR CHLD DV 262 recommended.
4 Lecture Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 259
Practicum In Pre-School
In this capstone course, students spend a minimum of 250 student teaching hours in an early childhood program under the direct mentorship of an on-site supervisor, field supervision by the course instructor, and weekly 2-hour seminar discussions with classmates. Students are expected to apply what they have learned in all previous CD courses including engaging in positive interactions with young children, planning developmentally appropriate activities, and using appropriate assessment techniques. Students will uphold professional and ethical guidelines. Students will design and revise a Child Development Portfolio compiled of artifacts from their previous coursework and other professional experiences. An emphasis is placed on the NAEYC Standards for Professional Preparation. 250 student teaching hours with on-site supervision in an early childhood education setting are required for this course. Writing assignments and oral presentations, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in CHLD DV 101,107,109,120,143,149,201,.258 AND 262. To register for this course, all students must have Consent of Department Chairperson.
2 Lecture Hours. 20 Lab Hours. 6 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 260
Administration & Supervision of Pre-School Centers
For those with experience as teachers or directors of nursery schools or day care centers who wishes to improve their skills in administration and supervision. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK TR HW

Child Development 262
Child, Family & Community Relations
This course explores the importance of building positive relationships between young children, their families, the community, and the early childhood setting. It examines issues of diversity, multiculturalism, and anti-bias approaches in working with young children, their families, and the community as well as current policies, and practices that influence families. This course promotes self-reflection, cross cultural communication, and sensitivity to cultural, linguistic, and ability diversity. 5 hours observing young children in an early childhood education setting are required for the course. Writing assignments and oral presentations as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in CHLD DV 101 AND CHLD DV 120, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW

Child Development 269
Practicum in School Age Child Care
In this capstone course, students spend a minimum of 250 student teaching hours in a school-age program under the direct mentorship of an on-site supervisor, field supervision by the course instructor, and weekly 2-hour seminar discussions with classmates. Students are expected to apply what they have learned in all previous CD courses including engaging in positive interactions with young children, planning developmentally appropriate activities, and using appropriate assessment techniques. Students will uphold professional and ethical guidelines. Students will design and revise a Child Development Portfolio compiled of artifacts from their previous coursework and other professional experiences. An emphasis is placed on the NAEYC Standards for Professional Preparation. 250 student teaching hours with on-site supervision in an early childhood education setting are required for this course. Writing assignments and oral presentations, as appropriate to the discipline, are part of the course. Students spend 20 hours a week, under supervision, working with children in a school-child care setting; 17 weeks with a 2 hour seminar. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 20 Lab Hours. 6 Credit Hours.
Offered at: HW

Child Development 299
Special Topics in Child Development/Early Childhood
Special topics in Child Development or Early Childhood Education will be discussed. New developments such as the latest brain research and its implication to working with your children will be emphasized. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times when topics are different, and may count for a maximum of four variable credits. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
1 - 4 Lecture Hours. 1 - 4 Credit Hours.
Offered at: KK
### CHINESE (0141)

**Chinese 101**  
Introduction to Chinese  
This course introduces the basic elements of Mandarin Chinese that will enable the students to develop communicative language skills, basic conversational skills, as well as grammar and vocabulary knowledge in Chinese. Intensive drills on sound and tones, vocabulary, and sentence patterns in meaningful contexts will be used in order for the students to communicate appropriately and accurately in authentic contexts. The course will introduce students to the diverse culture, history, and social etiquette of China. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): ACTFL Writing Proficiency Test (Score 1.00), or Eligibility for English 101, or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
Offered at: **MX HW**  
HD Course

**Chinese 102**  
Chinese II  
This course is designed for students who have acquired some oral proficiency but lack formal training and literacy. It teaches more advanced grammar rules while reviewing basic ones. Students will learn how to use a bilingual dictionary to assist their reading of essays and short stories. They will learn to write notes, letters, and paragraphs. The course will introduce students to the diverse culture, history, and social etiquette of China. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): ACTFL Writing Proficiency Test (Score 2.00), or Grade of C or better in Chinese 101, or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
Offered at: **MX HW**  
HD Course

**Chinese 103**  
Chinese III  
This course is designed for students who have acquired some oral proficiency and basic grammar rules of Mandarin Chinese. It will emphasize four skills: speaking, listening, reading, and writing in culturally authentic situations. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in Chinese 102 or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
Offered at: **MX HW**  
HD Course

**Chinese 104**  
Chinese IV  
This course provides intensive work in the use of Mandarin Chinese through listening, speaking, reading, and writing and through continued enhancement of the cultural awareness intrinsic to those four skills. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in Chinese 103 or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
Offered at: **MX HW**  
IAI: **H1 900 GE: Humanities HD Course**

### COMPARATIVE RELIGION (0133)

**Comparative Religion 101**  
Introduction To Religion  
Introduction to the nature, origin, beliefs, practices, and development of religion in society. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 101 based on prior coursework or CC CRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: **KK OH TR WR**  
IAI: **H5 900 GE: Humanities**

**Comparative Religion 102**  
The Bible - Hebrew Old Testament  
The study of the Old Testament with an emphasis on its historical, cultural and intellectual settings; literary characteristics; and the scholarship related to its various translations and interpretations. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 101 based on prior coursework or CC CRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: **KK OH TR WR**  
IAI: **H5 901 GE: Humanities**

**Comparative Religion 103**  
The Bible - New Testament  
The study of the New Testament, with an emphasis on its historical, cultural and intellectual settings; literary characteristics; and the scholarship related to its various translations and interpretations. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 101 based on prior coursework or CC CRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: **KK OH TR WR**  
IAI: **H5 901 GE: Humanities**

### COMMUNICATION MEDIA (0004)

**Communication Media 162**  
Photography Of Persuasion  
Advanced photography darkroom skills; past and present use of photography in persuasion as in advertising and political campaigns; different approaches in magazine and newspaper advertising employing photographs. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in (Communications Media 161 or Art 115), OR Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: **WR**

**Communication Media 163**  
Film Rhetoric  
Introductory film making skills, both camera and editing; film viewing designed to cultivate students' understanding of how films affect them; includes terminology, effects of film on people, how these effects are achieved, and concepts of criticism and advertising. Writing assignments, as appropriate to the discipline, are part of the course.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: **TR WR**  
IAI: **F2 905 GE: Fine Arts**
Comparative Religion 104
Islamic Scriptures: The Qur’an
The study of the Qur’an with an emphasis on its historical, cultural and intellectual settings; literary characteristics; and the scholarship related to its various translations and interpretations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH TR WR
IAI: H5 901 GE: Humanities

Comparative Religion 106
Comparative Religion I/Eastern Religion
Comparison and investigation of major Eastern religions. Includes origins, rituals, religious knowledge and destiny. This course concentrates on the religions of the Eastern world. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH TR WR
IAI: H5 904N GE: Humanities HD Course

Comparative Religion 107
Com Rel II Western Religion
Comparison and investigation of major Western religions. Includes origins, rituals, religious knowledge and destiny. This course concentrates on the religions of the Western world. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR
IAI: H5 904N GE: Humanities HD Course

Comparative Religion 108
Religion And Psychology
The study of the relationship between religion and psychology. Includes the similarities between religious and psychological phenomena; ways religion and psychology shape and influence one another; and how human needs are met through the blending of religious and psychological experiences. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH TR
GE: Humanities

Intro To Programming Logic
Techniques and problem-solving aids necessary for efficient solution of computer programming problems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK MX OH

Computer Information Systems 103
Fundamentals of Programming
How to use a language to program a computer for real world problem solving in mathematics, science, business and other fields. The course will feature elements of program design, data types and expressions, procedures and modularity, conditions and loops, data and control structures, development of algorithms, and writing and debugging programs. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Computer Information Systems 111
Computer Operations
This course introduces operation and routine maintenance of hardware technologies; central processing unit; peripheral devices; network setup and connecting; notebooks; and printers. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Computer Information Systems 112
Advanced Computer Operation
Operating system concepts; program resources, and their allocations, job scheduling, exception handling, set-up, relationship between operating system, hardware and user program, time sharing and teleprocessing. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Computer Information Systems 111.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: KK

Computer Information Systems 113
Human-Computer Interaction
This course introduces students to the user interface development process, including evaluating, managing, and differentiating interaction styles. Design limitations and issues will be discussed, as students explore the design of computer interfaces. Students will follow an interactive design process to create a user-centered interface. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA MX OH TR WR

Computer Information Systems 114
Mobile Application Development
This course emphasizes development in an application language appropriate for mobile devices. This course covers programming logic, tools, and code syntax. It also covers designing interfaces to create an interactive multimedia mobile app. Students are expected to have some previous programming experience. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in CIS 142 or CIS 144, or consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA MX OH TR WR
Computer Information Systems 116  
**Operating System I**
An overview including a theoretical and practical framework for the study of controlling software in the microcomputer environment using prevailing cooperating systems. The concepts of interrupt handling, scheduling and query techniques, and access and storage methods will be clarified through readings and discussions. Writing assignments, as appropriate to the discipline, are part of the course. No more than 3 credit hours will count towards the CICT requirements. Additional earned credit hours up to 6 will be counted towards elective and requires Consent of Department Chairperson.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Computer Information Systems 118  
**Information Technology Problem Solving**
The course introduces students to a wide variety of problem solving methodologies and Information Technology tools that build problem solving skills needed to effectively meet the challenges of real world scenarios. They will use a variety of IT tools including programming, social media and networking among others. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR WR

Computer Information Systems 120  
**Intro to Microcomputers**
Fundamental concepts of computer information systems as applied to microcomputers in business and personal use; includes hands-on experience with a variety of microcomputer software. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than three credit hours will be counted towards the CIS/IT degree requirements. Additional earned credit hours up to six will be counted towards elective credit and requires the consent of Departments Chairperson. ARC: 3 times.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: BUS 902

Computer Information Systems 122  
**Intro to Word Processing on Microcomputers**
In-depth concepts of word processing as they apply to microcomputers in business and personal use. Laboratory assignments provide hands-on experience with microcomputer word processing software. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than three credit hours will be counted towards the CIS/IT degree requirements. Additional earned credit hours up to six will be counted towards elective credit and requires the Consent of Departments Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Computer Information Systems 123  
**Microcomputer Spreadsheets**
Fundamental concepts of computer programs as exemplified in the electronic spreadsheet. Emphasis on business applications and personal financial management and tax preparation. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than three credit hours will be counted towards the CIS/IT degree requirements. Additional earned credit hours up to six will be counted towards elective credit and requires the Consent of Departments Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Computer Information Systems 130  
**Intro to Assembler Programming**
Writing programs demonstrating use of assembler language. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Computer Information Systems 103 and Computer Information Systems 135, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA

Computer Information Systems 142  
**C++ Object Oriented Programming I**
Fundamentals of structured object-oriented C++ programming through a study of program specification and design, algorithm development, flowcharts, problem solving, programming concepts, classes and methods, control structures, arrays, strings, coding and testing using a modern software development environment. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in CIS 101 and grade of C or better in Math 118 or higher, or consent of Department Chairperson.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: CS 911

Computer Information Systems 144  
**Java Object Oriented Programming I**
A block-structured high-level programming language commonly used in internet applications; including procedural and data abstraction programming styles; the concepts of design, testing, and documentation in programming, programming platforms, and software developments; selection, repetition, and sequence control structures; the basic programming elements of arrays, records, and files. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in CIS 101 and grade of C or better in Math 118 or higher, or consent of Department Chairperson.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: CS 911

Computer Information Systems 145  
**Database Management**
In-depth concepts of database as they apply to microcomputers in business and personal use to build information management systems. The network, hierarchical, and relational models are discussed. DBMS on microcomputers are used for lab assignments to implement the rational models. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than three credit hours will be counted towards the CIS/IT degree requirements. Additional earned credit hours up to six will be counted towards elective credit and requires the Consent of Departments Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Computer Information Systems 158  
**Web Development I**
Course emphasis will include the design and development of standards-based HTML, XHTML, and CSS documents with an introduction to JavaScript. Previous knowledge of file management, including downloading and uploading, is required. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in CIS 101 or Consent of Department Chairperson.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Computer Information Systems 171  
**Computer Mathematics**
Survey of numbers systems, conversion of one number system into another; fundamental operations of binary, octal and hexadecimal arithmetic. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Math 059, or Grade of C or better in Math 140.

3 - 4 Lecture Hours. 3 - 4 Credit Hours.
Offered at: DA
Computer Information Systems 181
Web Development I/Basic Web Technologies

This course covers website architecture, layout structure, documentation, and user interface development with an emphasis on valid and semantic code. Style sheets will be used to organize and present page content. Responsive design techniques and tools will be used to build a robust website. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: DA KK MX OH TR HW WR

Computer Information Systems 182
Web Development II/Client Side Scripting

This course focuses on client-side scripting language to verify data entry, to manipulate and control webpage elements, and to store information on client machines using cookies. This course also introduces students to industry-standard client-side scripting libraries as well as concepts of data handling. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in CIS 181, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: DA KK MX OH TR WR

Computer Information Systems 203
Advanced Basic Programming

Event-driven programming using the Visual Basic programming language. Includes algorithm development, structured design and file processing, and the use of various controls including control arrays, exception handling and the use multiple forms. Introduces database manipulation using Microsoft Access and database controls. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in CIS 103, or Grade of C or better in CIS 142, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.

Offered at: KK TR

Computer Information Systems 242
C++ Object Oriented Programming I

Building on prior programming experience, design and implementation of large-scale programs; abstract data types; and data structures: files, sets, pointers, lists, stacks, queues, trees, graphs. Program verification and complexity, recursions, and dynamic concepts: memory, scope, block structures. Text processing and introduction to searching and sorting algorithms. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in CIS 142, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: DA KK OH TR WR
IAI: CS 912

Computer Information Systems 244
Java Object Oriented Programming II

Use fast, secure, and reliable Java programming language for designing and implementing applications and websites; management of abstract data types; data structures (lists, stacks, queues, trees, graphs); program verification and complexity; recursion; dynamic concepts (dynamic memory allocation); text processing, and an introduction to searching and sorting algorithms. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in CIS 144 or Consent of Department Chairperson
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: DA KK OH TR WR
IAI: CS 912

Computer Information Systems 250
Introduction to Systems

This course provides students with theory and practice associated with the analysis and design of computer-based information systems. Fundamental topics include systems theory, the role of the information system in operating and managing the organization, systems design concepts, forms and work-flow, entity relationship diagramming, equipment selection, and implementation of systems. Other topics include the function of design tools such as CASE planning techniques, and project management. Hands-on activities will be introduced at each phase of the SDLC with built-in security measures. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in CIS 101 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: DA KK MX OH TR HW WR

Computer Information Systems 251
Intro to Database Management Systems

Examination of data manipulation needs and comparison of traditional processes for meeting needs with data base approach; use of computer simulations to practice and apply database management system (DBMS) techniques. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or COMPART, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.

Offered at: KK OH TR

Computer Information Systems 255
Operating Systems II

This course introduces prevailing operating systems and their relationship to servers in the work environment. Course covers distributions and licensing, system installation and configuration, file system management, system scripting and usage, resource administration, user and group management, process, services and kernel management, and network configuration. Students will also learn how to set up network and other services on a server system and perform remote administration. Administrative tasks include file compression, system backup, and software installation. Topics in troubleshooting, performance tuning, virtualization and system security are also covered in this course. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in CIS 116 OR COMPART 101 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: DA KK MX OH TR WR

Computer Information Systems 258
Web Development II

Extends introductory concepts of CIS 158, using a variety of Internet and general networking concepts, including interactive forms and CGI programming for the World Wide Web, multimedia development, Intranets, server installation and management, and database connectivity, and simple website administration. This will include multimedia additions, setting design styles, and installing on a web server. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in CIS 158 or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: DA KK MX OH TR HW

Computer Information Systems 260
Computer Information Systems Field Project

This is a capstone course that provides students with practical application of computer skills by participation in a planned and coordinated field project. At the start of the class, specific goals and requirements will be carefully outlined to ensure that the student is aware of his or her responsibilities. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): CIS 260 - Prerequisites: Minimum of 18 credit hours completed with a C or better in CIS or NET TEC or CSFI courses, and consent of Department Chair.
3 Lecture Hours. 3 Credit Hours.

Offered at: DA KK MX OH TR WR
**Computer Information Systems 265**  
**Computer Information Systems Internship**  
Students gain data processing experience by working at an appropriate and supervised work-training station. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.  
2 Lecture Hours. 5 Lab Hours. 3 Credit Hours.  
Offered at: DA KK OH

**Construction Management 603**  
**Building Materials and Testing**  
Examination of the characteristics of materials such as wood, masonry, concrete, iron, and steel relative to their basic use in the construction industry. The physical properties of each will be studied relative to actual in-service behavior. This course is an introduction to the field and laboratory methods of testing soils, concrete, and steel. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK

**Computer Information Systems 281**  
**Web Development III/Server Side Programming**  
Continuation of CIS 182. Part III presents dynamic web programming using server side programming techniques. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in NET 101 OR CIS 182, OR Consent of Department Chairperson.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: DA KK MX OH TR WR

**Construction Management 604**  
**Blueprint and Specifications**  
Designed to provide proper knowledge of blueprints reading as it relates the architectural or building construction industry. The course covers the theory of orthographic projections, reading floor plans and elevations drawings, symbols and notations, scaling and dimensioning practices, reading blueprints of structural information, electrical and mechanical trade drawings. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK

**Computer Information Systems 282**  
**Web Development IV/Web Database Integration**  
Continuation of CIS 281. Part IV covers advanced topics in web development, including but not limited to Error Handling, Email, User Profile, Content Management, basic Online Store and E-Commerce Fundamentals. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in CIS 281, or Consent of Department Chairperson.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: DA KK MX OH TR WR

**Computer Information Systems 299**  
**Special Topic Computer Information Systems**  
Special topics in CIS will be discussed along with appropriate lab and/or field trip activities. New developments will be emphasized, especially materials useful in K12 education and industry. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.  
1 - 4 Lecture Hours. 1 - 4 Credit Hours.  
Offered at: KK TR

**Construction Management 605**  
**Construction Cost Estimating**  
This course is designed to provide the students with a basic introduction to the methods of construction, estimating and developing the associated costs. Students will gain a working knowledge of materials takeoffs, the estimating process, building and estimating spreadsheets, unit cost, assemblies for different trades, overhead and profit. Manual and computer approaches to solving estimating problems will be used. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 432CMGT 604 and CIS 120.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK

**Construction Management 606**  
**Construction Contracting Specs**  
Introduction the functions and operations of a construction office, including bidding, construction contracts and specifications, bonds and insurance, labor law and labor relations. Legal aspects and interpretation of contracts and specifications. This course is designed to give the student a general working knowledge of the various types of contracts, specification, and delivery methods. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 432CMGT 604.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK

**Construction Management 607**  
**Construction Scheduling/Management**  
An introduction to the methods of construction scheduling and project management. Students will become familiarized with using different scheduling approaches, how to handle worksite paperwork, and to plan the need for manpower, materials, and equipment coordination with the project budget. The course will use manual and computer approaches to solving scheduling programs. Discussion and critical path methods (CPM) and analysis are included in the course. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 432CMGT 604 and CIS 120.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK

**CONSTRUCTION MANAGEMENT (0432)**

**Construction Management 601**  
**Introduction to Construction**  
The course is designed to give the student a foundation in the basic concepts of construction. The course focuses on the fundamental skills needed in the industry for the core construction class; industry related terminology, construction processes and procedures, scale reading, applying construction calculation, measuring, tools and usage, and industry job descriptions. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 2 Credit Hours.  
Offered at: KK

**Construction Management 602**  
**Methods of Building Construction**  
The course is designed to develop an understanding of the methods of construction of residential and commercial type building and includes a survey of different types of construction and their advantages and limitations. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK
Construction Management 608  
Project Management  
This course is designed to provide the student with a basic understanding of the process of a construction project and provide the tools that are necessary to estimate or manage a construction project. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 432CMGT 604, 607, and CIS 120.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK

Construction Management 609  
Construction Safety II  
This course covers thirty (30) hours of training, required by the Occupational Health and Safety Act (OSHA) that apply toward the 30-hour Construction Industry course completion card. The course covers topics pertaining to regulations covered by Standard 28 CFR 1926. Upon successful completion of the course, participants will receive an OSHA construction safety and health 30-hour course completion card from the Department of Labor. Writing assignments, as appropriate to the discipline, are part of the course.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: KK

Construction Management 610  
Construction Internship  
This course is designed to give the student the practical application of current construction methods. There will be a variety of projects from the residential and commercial sectors. The sites selected will vary due to availability and weather. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Consent of Department Chairperson.  
3 Lab Hours. 3 Credit Hours.  
Offered at: KK

CONSTRUCTION MATERIALS TECHNIC (0432)  
Construction Materials Technic 611  
Hot Mix Asphalt Level I  
This course will include an introduction to laboratory and field equipment including proper utilization and calibration. Testing and general information on asphalt and the IDOT QC/QA will be presented. Student will be prepared to sit for the IDOT Level I certification in performing Hot Mix Asphalt (HMA) testing in the laboratory and field. Writing assignments, as appropriate to the discipline, are part of the course.  
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.  
Offered at: KK

Construction Materials Technic 612  
Portland Cement Concrete Level I  
The course is designed to prepare the student for level ACI/IDOT certification in performing Portland Cement Concrete (PCC) activities in the laboratory test. Testing and general information on the PCC and the elDOT QC/QA will be covered. Persons completing this course will be able to do the field testing for PCC and QC/QA projects. Writing assignments, as appropriate to the discipline, are part of the course.  
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.  
Offered at: KK

Construction Materials Technic 613  
Aggregates and Soils Level I  
This course is designed to prepare the student for IDOT 3 day Aggregates and Soils certification in performing aggregates and soil material testing in the laboratory including typical laboratory test methods and in the field. Writing assignments, as appropriate to the discipline, are part of the course.  
1 - 3 Lecture Hours. 1 - 3 Credit Hours.  
Offered at: KK

COOPERATIVE WORK EXPERIENCE (0008)  
Cooperative Work Experience 101  
Coop Education Exploration  
Career planning, job entry skills, guidance to assist students in exploring and assessing their interests, aptitudes and abilities for consideration of career goals; development of skills necessary for job search success and job entry preparation. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in English 100 OR Grade of C or better in English 127 AND Grade of C or better in Reading 125, OR Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: DA KK HW

Cooperative Work Experience 105  
Business Technologies CWE  
The Cooperative Education course is designed to provide employment skills as a concurrent and integral part of a student’s educational program in a number of career areas. Students are placed in an approved employment situation mutually agreed upon by the student, college staff, and employer, with the opportunity to apply knowledge and gain exposure to work methods unavailable in the classroom. College staff members develop with each student a written educational plan, including performance-based measurable objectives. Guidance and supervision are regularly provided by college staff members who visit students at work, confer with the employer, measure progress, and work out any concerns. Follow-up seminars with the staff may be scheduled for up to two hours per week. Students are assigned a job directly related to their academic program/plan, which will enhance educational goals without infringing upon course or program/plan obligations. Academic credit for part-time employment (up to 20 hours per week) is awarded on a ratio of 1 semester hour of credit for each 5 hours of approved employment per week, with a maximum of 4 semester hours credit for the work component. Academic credit for full-time employment (21 or more hours per week) is awarded on a ratio of 1 semester hour of credit for each 10 hours of approved employment per week, with a maximum of 4 semester hours of credit for the work component. If offered in conjunction with the work component, 1 semester credit hour is awarded for each seminar hour per week up to a maximum of 2 semester credit hours. In total, variable credit may be acquired depending upon the number of hours on the job and the extent of follow-up seminars, up to a maximum of 6 semester credit hours. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Consent of Department Chairperson.  
2 Lecture Hours. 20 Lab Hours. 3 - 6 Credit Hours.  
Offered at: DA KK OH TR HW WR
Cooperative Work Experience 106
Commercial-Data Processing CWE
The Cooperative Education course is designed to provide employment skills as a concurrent and integral part of a student's educational program in a number of career areas. Students are placed in an approved employment situation mutually agreed upon by the student, college staff, and employer, with the opportunity to apply knowledge and gain exposure to work methods unavailable in the classroom. College staff members develop with each student a written educational plan, including performance-based measurable objectives. Guidance and supervision are regularly provided by college staff members who visit students at work, confer with the employer, measure progress, and work out any concerns. Cooperative Work Experience 205
Business Technologies CWE

The Cooperative Education course is designed to provide employment skills as a concurrent and integral part of a student's educational program in a number of career areas. Students are placed in an approved employment situation mutually agreed upon by the student, college staff, and employer, with the opportunity to apply knowledge and gain exposure to work methods unavailable in the classroom. College staff members develop with each student a written educational plan, including performance-based measurable objectives. Guidance and supervision are regularly provided by college staff members who visit students at work, confer with the employer, measure progress, and work out any concerns. Follow-up seminars with the staff may be scheduled for up to two hours per week. Students are assigned a job directly related to their academic program/plan, which will enhance educational goals without infringing upon course or program/plan obligations. Academic credit for part-time employment (up to 20 hours per week) is awarded on a ratio of 1 semester hour of credit for each 5 hours of approved employment per week, with a maximum of 4 semester hours credit for the work component. Academic credit for full-time employment (21 or more hours per week) is awarded on a ratio of 1 semester hour of credit for each 10 hours of approved employment per week, with a maximum of 4 semester hours credit for the work component. If offered in conjunction with the work component, 1 semester credit hour is awarded for each seminar hour per week up to a maximum of 2 semester credit hours. In total, variable credit may be acquired depending upon the number of hours on the job and the extent of follow-up seminars, up to a maximum of 6 semester credit hours. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Consent of Department Chairperson.

2 Lecture Hours. 20 Lab Hours. 3 - 6 Credit Hours.
Offered at: DA KK OH WR

Cooperative Work Experience 206
Commercial-Data Processing CWE

The Cooperative Education course is designed to provide employment skills as a concurrent and integral part of a student's educational program in a number of career areas. Students are placed in an approved employment situation mutually agreed upon by the student, college staff, and employer, with the opportunity to apply knowledge and gain exposure to work methods unavailable in the classroom. College staff members develop with each student a written educational plan, including performance-based measurable objectives. Guidance and supervision are regularly provided by college staff members who visit students at work, confer with the employer, measure progress, and work out any concerns. Follow-up seminars with the staff may be scheduled for up to two hours per week. **COSMETOLOGY (0163)**

**Cosmetology 101  
Intro to Cosmetology/Cosmetic Art**

Topics covered in this course include orientation to the cosmetology field, its history, and the current state of the profession. This course also provides a foundation for understanding the histology of hair, principles of personal hygiene, requirements and procedures for sterilization and sanitation, shampoo and scalp treatment, roller control, manicures and pedicures. Additionally, students will gain specific knowledge on the techniques, principles, purposes, benefits and the contra-indications of applying hand, neck, and facial massage. Writing assignments, as appropriate to the discipline, are part of the course. 

**Prerequisite(s): Eligibility for English 096, OR ESL 099 AND Math 3001.**

Offered at: OH TR

---

**Cosmetology 102  
Hair Shaping Technology**

Students learn to identify, safely use and properly care for the various types of tools used for cutting and shaping hair. Students develop skill and proficiency in shaping hair with scissors and razors, as well as in various methods of cutting hair as required by specific hair styling and permanent waving. Considerable emphasis is placed on efficiency and quality. Writing assignments, as appropriate to the discipline, are part of the course. 

**Prerequisite(s): Grade of C or better in Cosmetology 101**

**Offered at: TR**

---

**Cosmetology 103  
Basic Styling Technology**

Through this course, students receive comprehensive instruction regarding the tools, materials, equipment and methods of basic waving and styling. Skills are developed in the proper application of sculpture curls, roller direction, comb-out techniques, and basic styling. Emphasis is placed on adapting hairstyles to suit the individual and recognizing the texture, elasticity and porosity of various types of hair. Writing assignments, as appropriate to the discipline, are part of the course. 

**Prerequisite(s): Grade of C or better in Cosmetology 101. Grade of C or better OR concurrent enrollment in 102.**

**Offered at: TR**

Cosmetology 104
Hair Tinting Technology

Studying the principles and techniques of applying hair tints and bleaches, students learn color-blending methods and they gain knowledge about the composition, merits and limitations of chemicals used in the cosmetology field. Students also learn about potential reactions of various hair and scalp textures to specific chemicals. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Cosmetology 101. Grade of C or better OR concurrent enrollment in 102 and 103.

9 Lab Hours. 3 Credit Hours.

Offered at: TR

Cosmetology 105
Salon Technology I

This course provides opportunities for the practical application of specific customer services for which the student has received previous training. Work is performed under the direct supervision of a licensed and experienced instructor. Emphasis is placed on the development of proficiency. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Cosmetology 101, 102. Grade of C or better OR Concurrent enrollment in Cosmetology 103 and 104.

15 Lab Hours. 5 Credit Hours.

Offered at: TR

Cosmetology 106
Salon Technology II

This course provides continued opportunities for the practical application of specific customer services for which the student has received previous training. Work is performed under the direct supervision of a licensed and experienced instructor. Emphasis is placed on the development of proficiency. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Cosmetology 101, 102, 103. Grade of C or better OR concurrent enrollment in 104 and 105.

15 Lab Hours. 5 Credit Hours.

Offered at: TR

Cosmetology 201
Advanced Styling Technology

Students received advance training to increase proficiency in all areas of customer servicing as it relates to cosmetology. Students will refine and further develop specific skills and technique previously learned to enhance hair shaping, coloring, tinting, waving and creative styling. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Cosmetology 101, 102, 103, 104, 105. Grade of C or better OR concurrent enrollment in 106.

12 Lab Hours. 4 Credit Hours.

Offered at: TR

Cosmetology 202
Summative Seminar

This course provides the opportunity for practical application of all previously acquired cosmetology knowledge and skills. Although trainees perform all work under direct supervision of a licensed and experienced cosmetology instructor, they are much less dependent upon instructors in carrying out assignments. Considerable emphasis is placed on efficiency and quality of work performed while servicing clients. Finalizing of the portfolio and salon floor plan is required for this course. Preparation and review for the Illinois State exam will be provided. Writing assignments as appropriate to the discipline are part of the course.

Prerequisite(s): Grade of C or better in Cosmetology 101, 102, 103, 104 and 106 and 201, or concurrent with 106, 201.

12 Lab Hours. 4 Credit Hours.

Offered at: TR

Cosmetology 211
Post-Graduate Cosmetology Training I

This course covers subjects in the basic Cosmetology curriculum such as proper techniques in roller setting, haircutting, clipper and razor cutting, skin care, and massage, including theory and practice. Presentation of material includes the concepts that are intended to be taught and the skills to be acquired during the various phases of basic education. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in HIM 102.

2 Lecture Hours. 4 Lab Hours. 6 Credit Hours.

Offered at: TR

Cosmetology 212
Post-Graduate Cosmetology Training II

This course covers subjects in the basic Cosmetology curriculum such as proper techniques in wet hair styling, manicuring, pedicuring, chemical hair treatment, and hair coloring, including theory and practice. Presentation of materials includes the concepts that are intended to be taught and the skills to be acquired during the various phases of basic education. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): High School Diploma OR GED Certificate required. Student must be a graduate of an accredited cosmetology school AND possess an active State of IL Cosmetology License.

2 Lecture Hours. 4 Lab Hours. 6 Credit Hours.

Offered at: TR

Cosmetology 223
Basic Teaching Skills for Career Education Instructors

Topics in this course cover educational objectives, student characteristics and development, the learning process and evaluation of learning, classroom management and lesson planning, assessment of learner performance, student motivation, and classroom development. Preparation and organization of subject matter of presentations include teaching objectives to be accomplished and correlate theoretical and practical applications. Salon Business basics are included, as well as applicable Illinois statutes and professional regulations. A portfolio and writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): High School Diploma OR GED Certificate required. Student must be a graduate of an accredited cosmetology school AND possess an active State of IL Cosmetology License. Proof of 2 years of salon experience OR Grade of C or better in COSME.

4 Lecture Hours. 4 Lab Hours. 8 Credit Hours.

Offered at: TR

Cosmetology 224
Principles and Practice in Cosmetology Education

This course is conducted under the direct supervision of an Illinois licensed Cosmetology Teacher. It prepares the student teacher in presenting theoretical and practical demonstrations to students in the basic cosmetology curriculum. These demonstrations include the use of educational materials used in the classroom; use of technology in the classroom; and teaching techniques and technical skills in hair cutting procedures, using the clipper and the razor, procedures for analyze the skin, care of the skin and using massage and the skin care machine, and the development of hair styling techniques. A portfolio and writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better OR concurrent enrollment in COSMET 223.

4 Lecture Hours. 4 Lab Hours. 8 Credit Hours.

Offered at: TR
Criminal Justice 102
Administration of Criminal Justice

Operation of the agencies of criminal justice: police, prosecution, courts, correctional institutions, probation and parole. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: CRJ 901

Criminal Justice 104
Street Law

The course contains information and activities designed to provide students with the ability to analyze, evaluate and understand legal issues related to business transactions, landlord and tenant relations, marriage and divorce, and constitutional issues like procedural and substantive due process. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CC CRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA KK OH HW

Criminal Justice 114
Administration of Juvenile Justice

Studies in the etiology of juvenile delinquency, analysis of the agencies of control of juvenile behavior, and the roles of courts and correctional institutions in the administration of juvenile justice. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: CRJ 914

Criminal Justice 151
Practice of Probation and Parole

Development, philosophy, organization and administration of probation and parole; survey of principles, investigation, supervision, treatment and utilization of community resources to rehabilitate and reintegrate the offender into society. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Criminal Justice 155
Introduction To Corrections

This course covers the history and development of corrections at the local, state and federal levels with emphasis on the goals, structure, and operations of correctional institutions. Included are alternatives to incarceration and the future of corrections within the American criminal justice system. This course is equivalent to the Illinois Articulation Initiatives Criminal Justice course numbered CRJ-911. Written assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Criminal Justice 102, OR Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH HW WR
IAI: CRJ 911

Criminal Justice 170
Scope & Purpose of Private Policing

Study of private policing as an extension of law enforcement in business, industry or mercantile establishments; applications within civil law enforcement; role of the security officer; analysis and development of US public and private policing. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA

Criminal Justice 172
Management & Supervision for Private Policing

Study of police supervisory and management principles; concepts of organization, communication, planning and human relationships. Analysis of problems and responsibilities in private security at middle-management; role of security director from behavioral standpoint. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA

Criminal Justice 173
Issues & Problems of Private Policing

Analysis of current issues and occupational aspects of private policing; implementation of federal, state and local government recommendations applied to private policing. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA

Criminal Justice 174
Law For Private Police

Survey of criminal law and applications for the private police industry; substantial criminal law, rules of evidence, criminal court procedures, court presentation; analysis of current civil court actions relating to private security. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA

Criminal Justice 202
Issues In Criminal Justice

Critical issues related to crime and urban society; analysis and evaluation of documents in the field of Criminal Justice. Consideration of newly proposed reforms and the method of implementing these reforms. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CC CRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Criminal Justice 211
Intro To Investigation

Intensive study and analysis in investigative procedures; strategy and tactics of obtaining and analyzing evidence through testimonial evidence, physical evidence and records; reconstructing the crime; preservation of evidence and case preparation. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH TR HW WR

Criminal Justice 215
Terrorism

Detailed study of terrorism, counter terrorism, terrorist personalities, and terrorist groups, including types, tactics, and trends on a worldwide scale as well as domestically. This course also examines the issues of prevention, civil liberties, nation building, and homeland security. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK
## Criminal Justice 221
### Police Organization & Management

Police organization as a means by which police goals are achieved. Variations in organizational patterns resulting from differing and changing objectives of police service. Analysis and evaluation of urban law enforcement problems and procedures. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

### College Success Hospitality Perspective

This course introduces students to the expectations of the college community and to the academic skills that promote success during their college career. Through coursework, students will develop strategies to improve their academic and professional skills. Students will also learn the importance of taking personal responsibility for their academic and career choices. Topics will be approached from a variety of interdisciplinary perspectives that focus on connecting individuals to their local and global communities in the culinary and hospitality industries. Through assignments that integrate community engagement, service learning, and hospitality and/or on-campus service projects, students will make connections between their coursework and their lives. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 096 AND Math 098.

Culinary 708  
Chef’s Training I-Section B  
This class continues building on Chef Training I – A with a focus on the standard cooking and heat transfer methods of frying, broiling, poaching, and braising. Includes practicing knife skills, proper station set-up, classical cooking terminology and culinary math and measurements. Students will be introduced to basic plate presentations. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 096 and Math 098; concurrent enrollment in Culinary 701, 703, and 705.  
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.  
Offered at: KK

Culinary 709  
Advanced Garde Manger  
This course is designed to provide the student with advanced garde manger skills focusing on the creation and production of pates, galantines, roulades, sausage, hors d’oeuvres, and canapes. Canning and preserving are also covered. Both individual plate and buffet presentations will be included to stress the visual appeal of food. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 330CUL 701, 330CUL 703, 330CUL 705, and 330CUL 708 or Consent of Department Chairperson.  
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.  
Offered at: KK

Culinary 710  
Plant Based Cooking  
Students will be in the kitchen for this lab class creating flavor profiles for complete meals while utilizing health-supportive cooking methods and plant based ingredients. Common ingredients such as grains, beans, tofu, tempeh, seitan, vegetables and fruits will be incorporated into recipes providing for well-rounded meals suitable for following a plant-based diet. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 330CUL 701, 330CUL 703, 330CUL 705, and 330CUL 708 or Consent of Department Chairperson.  
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.  
Offered at: KK

Culinary 714  
Nutrition for Chefs  
This course provides the basic principles of nutrition and their relation to food preparation. Nutrition’s role in culinary techniques, ingredient selection, flavor development and creation of healthful menu options will be applied in lecture and experiential learning. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 330CUL 701, 703, 705 and 708 or Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: KK

Culinary 717  
Food Costing & Control  
This course introduces common financial indicators in the food service industry. It includes topics such as profit and loss statements, food and beverage costs, purchasing and receiving, pricing a menu, measuring labor and managing from an operational and profitable perspective. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 096 and Math 098 or Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: KK

Culinary 721  
Enterre Preparation  
Study of principles, methods and techniques involved in the preparation of international cuisines with an emphasis on specialized cooking methods and flavor profiles; practical experience in banquet and buffet production with an emphasis on presentation techniques and design; proper and safe use of tools, materials and quantity foodservice equipment. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 330CUL 701,703,705, and 708 or Consent of Department Chairperson. Concurrent enrollment in 330CUL 707 and 723.  
2 Lecture Hours. 15 Lab Hours. 7 Credit Hours.  
Offered at: KK

Culinary 723  
Food Service Management  
Instruction in food service management and executive responsibility in all facets of the food service industry. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 096 Math 098 or Consent of Department Chairperson. Concurrent enrollment in 330CUL 707 and 721.  
4 Lecture Hours. 3 Lab Hours. 5 Credit Hours.  
Offered at: KK

Culinary 728  
Restaurant Service  
This course is held within a restaurant environment in which students will work for half of the semester in the kitchen and the other half in the dining room to be able to have a well-rounded operational experience. Students will utilize the cooking skills that they have learned in prior lab classes to effectively cook in a restaurant setting with a focus on guest satisfaction, speed and plate consistency. Food safety and sanitation, cooking techniques, plate presentation and professionalism are also included. When working in the dining room, students will rotate through positions typically found in a restaurant while creating a positive dining experience. Professionalism, teamwork, and following set service standards are included. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 096 and Math 98. Grade of C or better in (330CUL 701, 330CUL 703, 330CUL 705, and 330CUL 708), or Consent of Department Chairperson.  
1 Lecture Hour. 18 Lab Hours. 7 Credit Hours.  
Offered at: KK

Culinary 730  
International Cooking  
This class studies the principles and techniques involved in the preparation of cuisines from around the world with an emphasis on specialized cooking methods and flavor profiles found in the regions and countries being studied. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 330CUL 701, 330CUL 703, 330CUL 705, and 330CUL 708 or Consent of Department Chairperson.  
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.  
Offered at: KK

CYBERSECURITY (0162)  
Cybersecurity 101  
Networking Essentials  
This course is designed to provide essential knowledge in networking that is required for further study in Cybersecurity. It will explore the areas of knowledge necessary to understand general networking essentials and lay the foundation for further study and coursework. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: WR
Cybersecurity 102
Information Security Essentials
This course covers essential terminology, concepts, principles, and practices in Information Security and Assurance. The course balances a mix of technical and non-technical components for building, managing, and maintaining secure systems. The course introduces students to risk management, security policies, and prevailing controls and countermeasures used to minimize the risk of security breaches and intrusions. The course also provides an overview of the current trends in Information Security and the challenges faced when attempting to build secure systems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade C or better in CIS 116 or COMPSFI 101 or NET TEC 121, or Consent of Department Chairperson
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: WR

Cybersecurity 202
Cybercrime and Incident Response
This course covers the history, evolution, and the prevailing types and forms of cybercrime in our interconnected world. Students learn about the weakest links cybercriminals tend to exploit. The course covers the different types of cybercrime activities, intrusions and breaches, as well as, cybercrime terminology. Students learn how programming weaknesses/flaws or human errors make systems and applications vulnerable to cybercrime. The course introduces digital forensics and the application of forensic techniques to investigate cybercrime and respond to incidents and breaches. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade C or better in COMPSFI 101 or NET TEC 121, or Consent of Department Chairperson
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: WR

Cybersecurity 203
Financial Cybercrime
This course is one of the requirements for Computer Security and Forensic Investigation certificate program /plan 297. Explores the various types of economic cybercrime, the far-reaching consequences of such crime, and some recovery and countermeasures. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in COMPSFI 102 and COMPSFI 202.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Cybersecurity 204
Intro to Computer Forensics and Law
This course is one of the requirements for Computer Security and Forensic Investigation certificate program/plan 297. Designed to provide an introduction to the world of computer forensics and the attendant legal issues concerning privacy and electronic evidence. Explores computer forensics as the science of collecting, preserving and analyzing data from computers so they can be admissible at a company discipline hearing or in a court of law. Surveys problems of maintaining a secure technological environment, protecting the identity of individuals, as well as protecting confidential information. In addition, it will introduce techniques used in the collection and analysis of evidence. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in COMPSFI 102 and COMPSFI 202.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Cybersecurity 205
Computer Forensics Technology
This course is one of the requirements for the Computer Security and Forensic certificate Investigation program/plan 297. A continuation of COMPSFI 204. An in-depth, hands-on analysis and practice of computer forensics investigation techniques, technology, and procedures in a setting that simulates a real network environment. Demonstrates how to manage investigations from start to finish, how to use computer forensic technology to conduct such investigations, and how to present collected information to attorneys and courts. Follows six areas in computer forensic investigation: strategy, documentation techniques, use of technology, industry procedures, courtroom techniques, and enforcement developments and trends. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in COMPSFI 203 and COMPSFI 204.
6 Lab Hours. 3 Credit Hours.
Offered at: WR

Cybersecurity 206
Internet Vulnerabilities, Criminal Activities & Investigative Procedures
This course is one of the requirements of the Computer Security and Forensic Investigation program/plan 297. An overview of appropriate, lawful investigative procedures for the collection, documentation, preparation and presentation of evidence from internet cybercrime investigations. The lab course focuses on the areas of search and seizure, the use of some evidence analysis and presentation software and other appropriate software tools. Writing assignments as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in CIS 158, or Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: WR

Cybersecurity 213
Information Security Technology
Provides a hands-on review and analysis in a laboratory environment of the following six major areas of information security technology: firewalls, intrusion detection, virus detection, encryption, authentication/authorization, and trending/tracking/logging/analysis. Provides an understanding of each technology on a conceptual level as well as an understanding of specific technology brands. Demonstrates how to build and manage a complete information security architecture within a corporate computing environment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in COMPSFI 102 and COMPSFI 202.
6 Lab Hours. 3 Credit Hours.
Offered at: WR

Cybersecurity 214
Information Security Systems Analysis
This course is one of the requirements for Computer Security and Forensic Investigation certificate program/plan. Continuation of COMPSFI 103. Identification of classes of security systems and monitoring procedures. Introduces security and monitoring procedures and critical elements of effective security systems. Provides an overview of the challenges faced when attempting to build a secure security systems, and explores possible counter-measures to intrusions. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and Grade of C or better in CIS 120, or Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: WR

Cybersecurity 215
Information Security Domain
An overview of the critical information security domains. The Common Body of Knowledge (CBK) in information security is extensive and requires a thorough understanding of the security discipline or domains. This course will cover what each domain is, what area it encompasses, and how it is integral to the information security process. Provide an excellent preparation for those who wish to pursue certification as an information security professional. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in COMPSFI 213.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
Cybersecurity 216  
Info Security Program Management  
This capstone course is one of the requirements for the Computer Security and Forensic Investigation certificate program or plan 297. Explores the order and policies of security policies and procedures that govern how an institution views the importance, often underestimated, of securing the network environment and the relationship between those policies and procedures and the network security layers that need to be protected. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in COMPSFI 102 and 214.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Cybersecurity 231  
Internetworking Security  
This course provides a detailed understanding of prevailing network security principles and practices. It covers strategies, tool and configurations used to secure network devices and network infrastructures. Students develop the skills necessary to secure routers and switches, and learn how to apply security controls and countermeasures to minimize security risks that modern network infrastructures face. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in NET TEC 122, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA OH TR WR

DANCE (0097)  

Dance 110  
Ballet I  
Introduction to the technique and principles of classical ballet. Emphasizes instruction through the fundamentals of basic barre, center skills, positions, traveling sequences, placement and terminology. The history of ballet and aesthetic standards of dance are explored through movement, lecture, and concert attendance. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW

Dance 113  
Jazz I  
Introduction to the technique and principles of jazz dance. Emphasizes instruction through a fusion of American jazz techniques and styles. Fundamentals include basic floor skills, concepts of weight, traveling sequences, placement, and terminology. The history of jazz dance and aesthetic standards of dance are explored through movement, lecture, and concert attendance. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW

Dance 115  
Modern I  
Introduction to the technique and principles of modern dance. Emphasizes instruction through a fusion of American modern techniques and styles. Fundamentals include basic floor skills, concepts of weight, traveling sequences, placement, and terminology. The history of modern dance and aesthetic standards of dance are explored through movement, lecture, and concert attendance. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW

Dance 117  
Hip Hop I  
Introduction to the technique and principles of hip-hop dance. Emphasizes instruction through a fusion of American hip-hop techniques and styles. Fundamentals include basic floor skills, concepts of weight, traveling sequences, placement, and terminology. The history of hip-hop dance and aesthetic standards of dance are explored through movement, lecture, and concert attendance. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW

Dance 119  
World I  
Introduction to the technique and principles of world dance styles from Latin America, Africa, the Middle East, and Asia. Emphasis instruction through a fusion of world dance techniques and styles. Fundamentals include basic floor skills, concept of weight, traveling sequences, placement, and terminology. The history of world dance and aesthetic standards of dance is explored through movement, lecture, and concert attendance. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course. Not more than an accumulated six credit hours will be counted towards graduation.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW

Dance 210  
Ballet II  
Further develop the technique and principles of classical ballet. Emphasizes instruction through the mastery of intermediate barre, center skills, positions, traveling sequences, placement, and terminology. The history of ballet and aesthetic standards of dance are explored through movement, lecture, and concert attendance. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DANCE 110 or consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW

Dance 213  
Jazz II  
Further develop the technique and principles of jazz dance. Emphasizes instruction through a fusion of American jazz techniques and styles. Mastery of intermediate center floor skills, concepts of weight, traveling sequences, placement and terminology are required. The history of jazz dance and aesthetic standards of dance are explored through movement, lecture, and concert attendance. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DANCE 113 or consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW

Dance 215  
Modern II  
Further develop the technique and principles of modern dance. Emphasizes instruction through a fusion of American modern techniques and styles. Mastery of intermediate center floor skills, concepts of weight, traveling sequences, placement, and terminology are required. The history of modern dance and aesthetic standards of dance are explored through movement. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DANCE 115 or consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW
Dental Hygiene 112
Concepts of Preventive Therapy I
Orientation to the profession of dental hygiene and the role of the dental hygienist in the educational and therapeutic oral health services provided in the development of an individualized plaque control program. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admissions into the Dental Hygiene Program/Plan 222.
2 Lecture Hours. 2 Credit Hours.
Offered at: HW

Dental Hygiene 121
Principles of Dental Hygiene I Lecture
Fundamental theories and skills necessary to perform oral prophylaxis treatment. Principles of disease transmission, infection control, instrumentation, and the examining and charting of oral conditions will be presented. Concepts and procedures will be systematically presented through the lecture component and applied in the clinical laboratory sessions. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admissions into the Dental Hygiene Program and Successful completion of DENTHYG 112
2 Lecture Hours. 2 Credit Hours.
Offered at: HW

Dental Hygiene 122
Principles of Dental Hygiene II Lecture
Systematic presentation of additional theories and skills necessary to perform an oral prophylaxes and supplementary techniques. Emphasis will be placed on additional principles of instrumentation, instrument sharpening techniques, polishing technique, use of fluorides, taking alginate impressions, comprehensive periodontal evaluation, dental and periodontal charting, blood pressure measurement, medical emergencies in the dental office, classification of dental caries, use of phase microscope, and dental hygiene planning. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DENTHYG 121 and DENTHYG 123
2 Lecture Hours. 2 Credit Hours.

Offered at: MX

Dental Hygiene 123
Principles of Dental Hygiene I Lab
Companion course designed for the application of concepts presented in Dental Hygiene 121. Practice provided in the pre-clinical laboratory setting. Instrumentation skills are performed on typodonts and on student partners to a specified standard of competency. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DENTHYG 112 and concurrent enrollment in DENTHYG 121
6 Lab Hours. 2 Credit Hours.
Offered at: MX

Dental Hygiene 124
Principles of Dental Hygiene II Lab
Companion course designed for the application of concepts presented in Dental Hygiene 122 within the laboratory/clinical setting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DENTHYG 121 and DENTHYG 123 and concurrent enrollment in DENTHYG 122
9 Lab Hours. 3 Credit Hours.
Offered at: MX

Dental Hygiene 125
Nutrition And Biochemistry
An introductory study to provide an integrated background of the fundamental principles of general biochemistry, metabolism, oral biochemistry and nutrition. Particular reference is made to the molecular components of cells, their chemical processes, the biological basis of dental disease, and the clinical application of nutritional theory on the counseling of dental patients. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admissions into the Dental Hygiene Program
2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Dental Hygiene 126
Dental Radiology
The application of the fundamental principles of radiology in the study of teeth and surrounding structures. Provides pre-clinical laboratory and beginning clinical experience in exposing, processing, mounting, and basic interpretation of dental radiographs. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DENTHYG 131 and DENTHYG 133
2 Lecture Hours. 3 Lab Hours. 3 Credit Hours.
Offered at: MX

Dental Hygiene 130
Dental Materials
Introduces the student to the basic concepts of material science and physical properties while gaining practical experience in the manipulation of restorative materials used in dental hygiene practice. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admissions into the Dental Hygiene Program
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX
Dental Hygiene 131
Oral Structures & Function
Introduction to the microscopic, embryologic and morphologic characteristics of the cells, tissues and structures associated with the oral cavity. Emphasis is placed on the development, structure and function of periodontal tissues, external and internal morphology of the teeth and basic concepts of occlusion. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission to the Dental Hygiene program/plan 222 and Grade of C or better in Biology 226, and Biology 227, and Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Dental Hygiene 132
General/Oral Pathology and Diagnosis
A survey of general and oral pathology with emphasis on diseases and their manifestations in the oral cavity. Recognition and detection of such deviations from normal are based on the clinical signs and symptoms, and an introduction to the art of differential diagnosis of lesions occurring in and out the oral cavity. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DENTHYG 131 and 133.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Dental Hygiene 133
Head And Neck Anatomy
This course consists of lectures, readings, study of models and pro-section that will introduce the student to the gross anatomical structure and function of the human head and neck including the face, oral cavity, and deep structure of the face. Topics in embryology will be discussed. Implications and correlations will be discussed. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admissions into the Dental Hygiene Program
2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Dental Hygiene 135
Concepts of Preventive Therapy II
Continuation of DENTHYG 112- Concepts of Preventive Therapy I—with an understanding of oral health management of special needs patients, older population, the medically compromised, and the pediatric patient. This course emphasizes the concepts of disease management and prevention on plaque control, and therapeutic care to maintain optimum oral health. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DENTHYG 112
1 Lecture Hour. 1 Credit Hour.
Offered at: MX

Dental Hygiene 200
Summer Clinic
A continuation of dental hygiene theory and clinical concepts applicable to dental hygiene practice. Emphasis will be placed upon specific topics pertinent to acquiring clinical expertise. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Dental Hygiene 122 and Dental Hygiene124.
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: MX

Dental Hygiene 202
Critique of Dental Literature
Introduction to the fundamental concepts and skills needed to understand, interpret and critique professional literature. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission to the Dental Hygiene Program/Plan and Consent of Department Chairperson.
1 Lecture Hour. 1 Credit Hour.
Offered at: MX

Dental Hygiene 233
Expanded Functions
Principles and techniques utilized in comprehensive dental hygiene care. Instruction will include the mixing and placement of amalgam, composite, and other restorative materials. Special attention is paid to pain management with the use of local anesthesia and conscious sedation agents commonly utilized in the dental treatment setting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission to the Dental Hygiene program/plan 222 and Grade of C or better in Dental Hygiene 131, and Dental Hygiene 133.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: MX

Dental Hygiene 235
Community Dental Health I
An introduction to the current principles and issues in community health and their relationship to the delivery of dental care to the public sector. The role of the dental hygienist in the community disease prevention and health promotion activities will be emphasized. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission to the Dental Hygiene Program/Plan and Consent of Department Chairperson.
2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Dental Hygiene 241
Dental Pharmacology
This course introduces a study of principles of pharmacology, characteristics of the major drug groups, and their utilization in medicine and dentistry. Emphasis is placed on drugs which have an impact on dental practice and drugs which are utilized in dental practice.
Prerequisite(s): Admission to the Dental Hygiene Program and Consent of Department Chairperson
2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Dental Hygiene 243
Periodontics
A lecture course which includes the etiology, classification, symptomatology, diagnosis, treatment, and prognosis of periodontal disease. Emphasis will be placed on the phases of periodontics pertinent to a dental hygienist. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Dental Hygiene 121.
2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Dental Hygiene 244
Periodontics for Dental Hygienist
A lecture course which includes the etiology, classification, symptomatology, diagnosis, treatment and prognosis of periodontal disease. Emphasis will be placed upon the phases of periodontics pertinent to a dental hygienist. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DENTHYG 121.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX
Dental Hygiene 250
Oral Diagnosis
An overview course given as an introduction to the art of differential diagnosis as it relates to lesions occurring in and about the oral cavity. Attention is directed to the discussion of pathology, history, radiographic and clinical appearance, prognosis and treatment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission to the Dental Hygiene program/plan 222 and Consent of Department Chairperson.
2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Dental Hygiene 251
Clinical Dental Hygiene I
Enrichment of skills in performing oral health services in the clinical setting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Dental Hygiene 200.
1 Lecture Hour. 12 Lab Hours. 5 Credit Hours.
Offered at: MX

Dental Hygiene 252
Clinical Dental Hygiene II
Enrichment of skills in performing oral health services in the clinical setting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Dental Hygiene 251.
1 Lecture Hour. 12 Lab Hours. 5 Credit Hours.
Offered at: MX

Dental Hygiene 254
Dental Specialties
This course is designed to acquaint the dental hygiene student with the various dental specialties and current trends in dental treatment. Guest lecturers, who are specialists in the field, will provide pertinent information and in some cases, supervise practical experiences during clinical rotation. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission to the Dental Hygiene program/plan 222, and Consent of Department Chairperson.
1 Lecture Hour. 1 Credit Hour.
Offered at: MX

Dental Hygiene 256
Community Dental Health II
A continuation of Dental Hygiene 235 developing, implementing and evaluating a community dental health program; utilization of health care services, epidemiology of dental disease, health care financing and health care delivery will also be discussed. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Dental Hygiene 235.
2 Lab Hours. 1 Credit Hour.
Offered at: MX

Dental Hygiene 258
Ethics And Jurisprudence
Provides the student with information on the personal and professional aspects of dental hygiene practice. Topics of discussion include: interpersonal and inter-professional communication, licensure and credentialing, elements of practice management, employment opportunities and strategies, ethics, legal responsibilities, and the professional organization. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission to the Dental Hygiene Program/Plan 222 and Consent of Department Chairperson.
2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Dental Hygiene 260
Digital Multimedia 131
Beg Multimedia Design & Dev
This course is an introduction to multimedia authoring using industry standard web authoring software applications. Students will use industry standard vector and WYSIWYG development software to design and develop web and desktop applications. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101, DMD 130, AND DMD 168, or Consent of Department Chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at: HW

Digital Multimedia 168
Computer Art I
Students will be introduced to the concepts of computer art using representative programs and concepts from the profession. Students will be introduced to both raster paint/photo retouching programs and professional quality vector drawing programs. Students will also be introduced to the history of computer art. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101; or consent of department chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at: HW

Digital Multimedia 179
Digital Video I
Students will learn digital camcorder operation, basic shooting and lighting techniques, basic editing, storyboard creation and video production planning. The history, theory and criticism of video will be discussed. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101, CIS 120 or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW

Digital Multimedia 205
Advanced Animation
This studio course is a continuation of the exploration and development of 2D animation. Students will develop observational and storytelling skills, utilizing and experimental animation techniques, including stop motion, live-action composting, cutouts, time-lapse, and drawn animation. Students will explore the use of animation as a creative tool, art form, and distinct personal language through character development, timing, movement study, camera movement, observation and soundtrack implementation. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, working knowledge of Macintosh platform, DMD 105 required, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW

Digital Multimedia 221
3D Animation
This is a studio course whose primary orientation is the development of the student’s portfolio. The course will develop the students understanding of 3D graphics, 3D dimensional modeling with an emphasis on movement, using systems and inverse kinematics and the use of constraints and bones. Advanced modeling will be used such as skins and mesh deformation. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DMD 121 and 168, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW

Digital Multimedia 231
Intermediate Multimedia Design & Development
This course builds upon the technical and design skills learned in DMD 130 and 131. Focus is on design skills, intermediate programming skills, basic concepts of object oriented scripting, open source libraries, and designing for mobile devices. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DMD 130 or Consent of Department Chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at: HW

Digital Multimedia 233
Advanced Multimedia Design & Development
This course builds upon the technical and design skills learned in DMD 231. Focus is placed on advanced scripting and programming skills along with team-based projects. Students will develop an understanding of team roles, time management, and legal and technical considerations for preparing a project. Students work in teams to design and complete a client-based web site. This will provide an opportunity to plan, design, develop, and implement solutions for web/multimedia projects requiring students to analyze, integrate, and synthesize knowledge acquired from previous course work. Writing assignments, appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DMD 231, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW

Digital Multimedia 268
Advanced Computer Art
This studio course develops an understanding of and skills in computer art at an advanced level. This course builds upon the basic skills developed in DMD 168 and explores more advanced features in both bitmap and vector painting and drawing programs. Students will learn to utilize filters, layers, channels, gradient mesh, advanced type techniques, color correction, and surface and texture creation. This course will also explore preparing images for the web and using vector and bitmap programs in tandem. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DMD 168, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW

Digital Multimedia 279
Digital Video II
Builds upon the foundation of Digital Video I course. Students will learn advanced camera, editing, lighting, special effects, and audio techniques. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DMD 115 OR DMD 179, OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW

Digital Multimedia 299
Portfolio & Professional Practice Seminar
Students develop an online portfolio using technical and design skills learned in prior multimedia classes. Professional issues related to the business of interactive design will be covered. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in DMD 130, DMD 131, DMD 231, AND DMD 233, OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: HW
ECONOMICS (0083)

Economics 133
Consumer Economics
Principles of intelligent buying, investments, shelter, insurance, and basic commodities; development of consumer cooperative movement, advertising, fraud, monopoly, and competition, and role of government in promoting consumer welfare. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH
GE: Social & Behavioral Sciences

Economics 201
Principles Of Economics I
Covers macro or income analysis; includes money, income determination, public finance, and economic development. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: S3 901 GE: Social & Behavioral Sciences

Economics 202
Principles Of Economics II
Covers micro or price analysis; includes the markets, production function, income distribution, and international trade. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: S3 902 GE: Social & Behavioral Sciences

Economics 204
Money And Banking
Economic history and operation of US monetary and banking systems; business cycles, international exchange, Federal Reserve System, and use of national fiscal policies as instruments of economic control. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ECON 201 and 202, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
GE: Social & Behavioral Sciences

EDUCATION (0083)

Education 101
Introduction To Education
This course will provide an introduction to teaching as a profession in the American education system. The course offers a variety of perspectives on education including historical, philosophical, social, legal, and ethical issues in a diverse society. It includes organizational structure and school governance. A field experience is required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR HW WR

Education 102
Using Technology in The Class
Prepare pre-service and in-service teachers to integrate technology, including computer and multimedia software, into pre-K through 12th grade classes. Surveys concepts of technology use, provides hands-on experience with hardware and software, and addresses human, social, and ethical issues related to the use of technology in education. Meets national and state technology standards. Writing assignments as appropriate to the discipline are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR HW

Education 103
Students With Disabilities in School
A survey course that presents the historical, philosophical and legal foundations of special education, as well as an overview of the characteristics of individuals with disabilities, the Individual with Disabilities Act (IDEA) and the services that are provided under this act, and the diversity of exceptional populations with implications for service delivery. Writing assignments as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in EDUC 101, or PSYCH 207.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR WR

Education 203
Educational Psychology
Assessment of aptitudes, capacities, interests, and achievements; and the educational implications of physical, emotional and social development. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in PSYCH 201, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH TR WR

Education 220
Theoretical Foundations of 2nd Language Acquisition and Learning
This course is an introduction to the theoretical frameworks and educational research of English as a Second Language (ESL) and Bilingual Education (BE). It prepares students to analyze and evaluate the effectiveness of various ESL/BE program models across different contexts. Students will investigate the relationship between theory and practice and understand their role as advocates for English language learners. This course is part of an approved set of courses that fulfill the requirements leading to the Illinois State Board of Education (ISBE) Endorsement for ESL and/or Bilingual Education. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of English 101 with a grade of C or better
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Education 221
Methods and Materials for Teaching ESL in PK-12
This course explores methods and materials for teaching English language learners in ESL, bilingual, and mainstream PK-12 classrooms. With an emphasis on integration, students will learn to plan and implement English literacy and academic content area instruction. Students learn to recognize and practice strategies to differentiate standards-based instruction according to language proficiency. A variety of teaching resources and technologies are introduced, analyzed, and matched to diverse English language learners' needs. Meaningful connections with families and communities are discussed in relation to building culturally-responsive practices to support English language learners' achievement. This course is part of an approved set of courses that fulfill the requirements leading to the Illinois State Board of Education (ISBE) Endorsement for ESL and/or Bilingual Education. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of or concurrent enrollment in EDUC 220
3 Lecture Hours. 3 Credit Hours.
Offered at: TR
Education 222
Methods & Materials for Teaching ESL in PK-12 Bilingual
This course prepares bilingual students to work with second language learners in PK-12 bilingual programs. It will examine research-based models of bilingual education and prepare students to successfully assess benefits and limitations of particular program designs for various schools or districts. Using both primary and target languages, students will learn how to assess content instruction, teach literacy, select instructional materials, and use a variety of assessment tools. Relevant local, state, and national standards and policies are introduced in relations to teaching and learning in bilingual programs. This course is part of an approved set of courses that fulfill the requirements leading to the Illinois State Board of Education (ISBE) Endorsement for Bilingual Education. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of or concurrent enrollment in EDUC 220
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Education 223
Assessment of the Second Language Learner
This course examines the various assessment issues affecting English language learners in a variety of educational settings. It introduces concepts, procedures, and tools that are associated with current practices used in the identification and placement of bilingual and ESL learners. Students identify and differentiate between language needs and developmental needs. Students learn to recognize the impact of context on second language learners' performance and assess their content instruction in both primary and target languages in order to accurately plan and inform their future instruction. This course is part of an approved set of courses that fulfill the requirements leading to the Illinois State Board of Education (ISBE) Endorsement for ESL and/or Bilingual Education. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of or concurrent enrollment in EDUC 220
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Education 224
Cross Cultural Studies for Teaching Limited English Proficient Students
This course focuses on the relationship between language and culture as it relates to the needs and challenges of English language learners in ESL, bilingual, and mainstream PK-12 classrooms. It prepares students to examine cultural, political and social factors of English language learner's identity and its impact on the process of teaching and learning. Students will investigate how learning and communication styles affect teacher expectations on student achievement. Students will learn to utilize practical resources that support positive relationships between school, family and the community to provide culturally responsive instruction. This course is part of an approved set of courses that fulfill the requirements leading to the Illinois State Board of Education (ISBE) Endorsement for ESL and/or Bilingual Education. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of English 101 with a grade of C or better
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Education 225
Bilingual and ESL Practicum
This course serves as the student’s culminating experience for the Bilingual/English Second Language Program (ESL). Students will demonstrate competency in effectively teaching Bilingual/English language learners in the classroom. Students will participate in supervised authentic teaching and learning environments. The course requires both formal and informal observations, demonstration of support for students as well as effective instructional strategies, learning activities and assessment techniques. Students will reflect on their experience. Students are evaluated during the practicum experience. The course requires 100 hours of clinical experience. This course is part of an approved set of courses that fulfill the requirements leading to the Illinois State Board of Education (ISBE) Endorsement for ESL and/or Bilingual Education. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of EDUC 220, EDUC 221, EDUC 222, EDUC 223 with a grade of C or better
2 Lecture Hours. 1 Lab Hour. 3 Credit Hours.
Offered at: TR

Education 256
The American Public School
Function of the school as a social institution; organization, administration, and finance of public education and the major educational issues and trends. Designed for general education students and for prospective teachers. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in SOC SCI 101, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Education 260
Principles of Practice in Elementary Education
Organizational procedures, curriculum, principles of classroom management, and the role of the teacher in stimulating learning. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Education 269
Practicum in Elementary Education6 Wks.
Students spend 20 hours per week, under supervision, as a teacher aide in primary grade classroom, 8 or 16 weeks; course includes 2-hour weekly seminar. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in CHLD DV 102 and CHLD DV 107 and EDUC 256 and Consent of Department Chairperson.
2 Lecture Hours. 20 Lab Hours. 3 - 6 Credit Hours.
Offered at: KK OH

Education 277
Philosophy
Comparative study of philosophical views on the relationship of education to political institutions, social processes, material conditions and individual ideas. Designed primarily for future teachers; open to all students. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.

Education 299
Special Topics in Education
Special Topics in Education will be discussed. New developments in research and practice including the use of technology in the classroom will be emphasized. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times when topics are different, and may count for a maximum of four variable credits. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
1 - 4 Lecture Hours. 1 - 4 Credit Hours.
Offered at: KK TR
### Electronics (0033)

**Electronics 116**  
Basic Electronics Dc/Ac  
Beginning course covering fundamentals in advanced electronics; basic laws of alternating and direct current circuit theory and operation of electronics devices and circuitry; including operation of modern electronic test equipment in practical laboratory application. This course covers essentially the same material as covered in Electronics 101 and Electronics 102 but in an accelerated, one semester approach. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Consent of Department Chairperson.  
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.  
Offered at: TR

### Emergency Medical Technician (0120)

**Emergency Medical Technician 100**  
Emergency Medical Technician - First Responder Training  
Development of basic skills in patient assessment and emergency medical care procedures required for minimizing patient suffering and the prevention of further injury. Writing assignments, as appropriate to the discipline, are part of the course.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: MX

**Emergency Medical Technician 101**  
Emergency Medical Technician-Basic  
This course provides training to recognize the nature or extent of a patient's condition, administer appropriate emergency medical care to stabilize their condition and transport them safely to the proper medical facility. This course follows United States Department of Transportation (DOT) guidelines for EMT-B Training. Students will receive appropriate in class clinicals in addition to the course lecture, CPR training/certification and ten (10) hours working in a hospital clinical setting. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.  
6 Lecture Hours. 4 Lab Hours. 8 Credit Hours.  
Offered at: MX

**Emergency Medical Technician 221**  
Essentials of Paramedic Medicine I  
This course introduces the student to the roles of the paramedic. The content focuses on the introduction, assessment, management and stabilization of various patient conditions. This course follows the United States Department of Transportation Guidelines for Paramedic Training. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Successfully complete the Paramedic Program Application and Entrance Process; Concurrent enrollment in EMT 222 and Consent of Department Chairperson.  
9 Lecture Hours. 9 Credit Hours.  
Offered at: MX

**Emergency Medical Technician 222**  
Paramedic Medicine Practicum I  
This course provides the student the opportunity to focus on the integration of the principles learned in EMT 221, 222 (and concurrent course 223) and apply this knowledge in practical application. Includes: direct patient care; patient simulation, clinical rotations and ambulance ride time. This course follows the United States Department of Transportation guidelines for Paramedic Training. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in EMT 221 and 222 and concurrent enrollment in EMT 223 and Consent of Department Chairperson.  
2 Lecture Hours. 6 Lab Hours. 5 Credit Hours.  
Offered at: MX

### Engineering (0034)

**Engineering 100**  
Elements of Engineering Drawing  
Drawing survey course for students in technical and engineering science major programs. Study of more advanced software "AutoCAD Mechanical Program"; also draw geometric figures, multi-view drawings, pictorial drawing, charts and graphs with emphasis on graphic elements of machine parts drawing. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: TR

**Engineering 110**  
Introductory Drafting  
For students in non-technical and non-engineering science major programs. Learn to use "AutoCAD general program" to draw geometric figures, multi-view drafting, pictorial drawing, charts and graphs. Writing assignments, as appropriate to the discipline, are part of the course.  
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.  
Offered at: TR
Engineering 111
Intro To The Engineering Profession
History of engineering profession, engineer's role in a technological society, his/her work, and the relationship of engineering to other professions. Includes study of general and related areas, ethics and responsibility of engineers and guidance. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: DA  TR

Engineering 115
Engineering Communications-Blueprint Reading
For students in technical and non-technical curricula; principles and practices involved in interpretations of engineering graphics communications; emphasis on machine and structural graphic communications. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Engineering 131
Engineering Graphics & Intro to Design
Graphics, both manual and computer-aided drafting and design. Introduction to design techniques in graphics and multi-view drawing, auxiliary views, selecting, tolerance dimensioning, and technical sketching. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): ENGR 111 or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA  TR

Engineering 132
Descriptive Geometry
Theory of projections. Solution by graphical methods of problems concerning the relation of points, lines, planes, and surfaces. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENGR 131, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: TR

Engineering 190
Computer Applications In Engineering
FORTRAN or C with emphasis in engineering and scientific programming languages such as FORTRAN and APT with emphasis on engineering problems encountered in design and manufacturing. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Mathematics placement test, or credit in Mathematics 207 and Engineering 131.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA  TR  WR

Engineering 202
Advanced Drafting & Basic Machine Design
Application of fundamental stress analysis to design of complete machine units involving machine elements such as shafts, springs, gears and screws, mechanical properties of materials and their significance in design; and classification of fits, specification of materials in use, and the manufacturing processes. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENGR 131, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: TR

Engineering 206
Elements of Mechanics-Statics
Rigid bodies, fluid statics, friction, moments of inertia, centroids, and virtual work. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Physics 235 AND Mathematics 208 OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA

Engineering 208
Strength of Materials for Architecture
Concepts of stress and strain relationships; analysis of elementary stress distributions and deformations; study of axial loading, shear and bending moment diagram, and bending theory application. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Engineering 206.
3 Lecture Hours. 3 Lab Hours. 3 - 4 Credit Hours.
Offered at: KK

Engineering 215
Electrical Circuit Analysis
Basic electric circuits, Nodal and Mesh analysis. Voltage and current laws, circuit analysis techniques and superposition. Operational amplifiers, RL, RC, and RLC circuits. Frequency response, resonance, AC power analysis. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Physics 236, Math 209 and credit or concurrent enrollment in Math 210 (Differential Equations).
4 Lecture Hours. 2 Lab Hours. 5 Credit Hours.
Offered at: DA  WR
IAI: EGR 931L

Engineering 250
Engineering Projects
Projects of experimental and analytical nature to stimulate creativity; recommended scheduling and integrating subject material with selected engineering courses. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENGR 202, or Consent of Department Chairperson.
1 - 2 Lecture Hours. 1 - 2 Credit Hours.
Offered at: DA KK

ENGLISH (0035)

English 96
Aligned Reading and Composition
ARC is an integrated reading and writing course designed to increase students' critical thinking, reading, and writing abilities and to promote their academic literacy for long-term success. To meet these ends, this course provides a structured, rigorous learning environment that nurtures student engagement through a shared, sustained classroom experience, and it fosters collaboration in a curriculum that respects students' individuality and humanity and that prepares them to meet college-level expectations. It also encourages students to invest in a network of support services and resources to enhance long-term academic and professional success. There will be extensive reading and analysis of college-level texts, frequent essay-writing, relevant discussion, and collaborative work. The course immediately precedes the General Education Communication sequence of English 101 and 102. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Successful completion of FS Levels (FS READ 1005 or FS WRITE 2002 or FS WRITE 2003) or Grade of C or better in English 98 or Reading 99, or placement exam score of CCC RTW score of 2 or higher, or consent of Department Chairperson.
6 Lecture Hours. 6 Credit Hours.
Offered at: DA KK MX OH TR HW WR
Basic Writing Skills

This course provides additional support to English 101 students, emphasizing critical thinking, reading, and writing appropriate to academic literacy. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): CCRTTW score of 4+, a grade of C or better in English 96/intcomm 100/both English 100 AND Reading 125, or consent of department. All students enrolled in a section of English 097 MUST also register for the corresponding section of English.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Composition

Elements of reading, writing and speaking basic English. Writing assignments, as appropriate to the discipline, the course.

Prerequisite(s): Eligibility for English 098 by placement test scores or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

English ARC: Accelerated Reading and Composition

ARC is an integrated reading and writing course designed to increase students' critical thinking, reading, and writing abilities and to promote their academic literacy for long-term success. To meet these ends, this course provides a structured, rigorous learning environment that nurtures student engagement through a shared, sustained classroom experience, and it fosters collaboration in a curriculum that respects students' individuality and humanity and that prepares them to meet college-level expectations. It also encourages students to invest in a network of support services and resources to enhance long-term academic and professional success. There will be extensive reading and analysis of college-level texts, frequent essay writing, relevant discussions, and collaborative work. This course has strict requirements and high expectations and may only be repeated once. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in ENGLISH 098 and READING 099, CCRTTW 2+, or COMPASS e-Write (5-6) and Reading (50 or >), or CCC Writing score of 3+ and Reading (50 or >), or Consent of Dept Chair.

6 Lecture Hours. 6 Credit Hours.
Offered at: KW

Basic Writing Skills

Emphasis on individual expression in paragraph form, sentence clarity through knowledge of sentence structure, and correct word forms. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 100, or Grade of C or better in English 98, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Composition

Development of critical and analytical skills in writing and reading of expository prose. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: C1 900 GE: Communications

Continuation of English 101. Introduces methods of research and writing of investigative papers. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in English 101.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: C1 901R GE: Communications

Business Writing

Fundamentals of basic forms of business correspondence. Writing assignments, as appropriate to the discipline, the course.

Prerequisite(s): Grade of C or better in ENGLISH 101 or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR HW WR

Report Writing

Letters and reports, methods of collecting and organizing data, and methods of presenting facts and ideas effectively. Writing assignments, as appropriate to the discipline, are part of the course.

1 - 3 Lecture Hours. 1 - 3 Credit Hours.
Offered at: DA KK HW WR

Introduction to Technical Communication

Introduction to patterns of writing used in reports and letters for business, industry and technology. The course introduces many different approaches to solving specific communication problems and emphasizes critical thinking skills. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in English 101 or consent of department chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW

College Newspaper

News reporting and writing, feature writing, makeup and editorial work; discussion of problems of policy and newspaper. Lab work correlated with publication of college newspapers. Students will carry out all the tasks involved in the writing, publication and distribution of the college newspaper. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four hours will be counted toward graduation.

1 Lecture Hour. 1 Credit Hour.
Offered at: KK TR HW WR

News Reporting And Writing

Survey of journalism, including news reporting and writing, feature writing, makeup and editorial work, business and advertising problems. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR HW WR
IAI: MC 919

Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in English 101.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: C1 901R GE: Communications

Fundamentals of basic forms of business correspondence. Writing assignments, as appropriate to the discipline, the course.

Prerequisite(s): Grade of C or better in ENGLISH 101 or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR HW WR

Letters and reports, methods of collecting and organizing data, and methods of presenting facts and ideas effectively. Writing assignments, as appropriate to the discipline, are part of the course.

1 - 3 Lecture Hours. 1 - 3 Credit Hours.
Offered at: DA KK HW WR

Introduction to Technical Communication

Introduction to patterns of writing used in reports and letters for business, industry and technology. The course introduces many different approaches to solving specific communication problems and emphasizes critical thinking skills. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in English 101 or consent of department chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW

News reporting and writing, feature writing, makeup and editorial work; discussion of problems of policy and newspaper. Lab work correlated with publication of college newspapers. Students will carry out all the tasks involved in the writing, publication and distribution of the college newspaper. Writing assignments, as appropriate to the discipline, are part of the course. Survey of journalism, including news reporting and writing, feature writing, makeup and editorial work, business and advertising problems. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR HW WR
IAI: MC 919

Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in English 101.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: C1 901R GE: Communications
English 152
Intro To Mass Communication
Scope of modern journalism and dominant theories of communication; influences of the media in today's society. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR HW WR
IAI: MC 911

English 197
Communications Skills
This course provides additional support to English 101 students emphasizing critical reading, academic writing, and standard English grammar. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 197.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK MX OH TR HW

English 201
Advanced Composition
Intensified work in expository and argumentative writing for students who need to improve writing skills for professional careers. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 102.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX TR HW

English 241
Creative Writing
Descriptive and narrative writing, concentrating on the writing of poetry, drama, and fiction. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENGLISH 101, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

English 243
Creative Writing--Fiction
Students will understand the structure and elements of fiction and the writing process, produce fully-developed works of fiction, and demonstrate an understanding of the critical terminology of the creative writer. Student will experiment with different approaches to plot, point-of-view, dialogue, voice, sequence and structure. A minimum of 25-30 finished pages of original work is recommended. Journals, a midterm, and a final exam may also be required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

English 245
Creative Writing, Poetry
Students will understand the structure and elements of poetry and the writing process, produce fully-developed works of poetry, and demonstrate an understanding of the critical terminology of the creative writer. Students will experiment with different approaches to form, voice, narration, imagery, translation, creative response, and revision. A minimum of 200-250 finished lines of original work is recommended. Journals and exams may also be required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

English 276
Feature Writing for Newspapers & Magazines
This course teaches feature writing for newspapers and magazines. Study and applied skill emphasize idea development for the extended feature article.
Prerequisite(s): Grade of C or better in English 101
3 Lecture Hours. 3 Credit Hours.
Offered at: TR HW WR

English 299
Special Topics In English
Selected topics in English for students interested in further developing their understanding of specific authors, movements, genres, styles of writing, and forms of language; emphasis on linguistic structure, social contact, and interpretation. Writing assignments, as appropriate to the discipline, are part of the course.
1 - 3 Lecture Hours. 1 - 3 Credit Hours.
Offered at: DA OH TR HW WR

Entrepreneurship 204
Entrepreneurial Marketing & Sales
Introduces participants to marketing and personal selling strategies designed to support entrepreneurial development and growth. Participants will develop a theoretical and practical understanding of key marketing and sales strategies, including competitive product/services pricing, product/service promotion and distribution, customer and supplier qualification and the closing of sales transactions. This course will utilize the lecture and presentation format supplemented by interactive computer simulation to facilitate the participant's understanding of marketing and sales. Writing assignments, as appropriate to the discipline, are part of this course.
Prerequisite(s): Eligibility for English 101 and Math 118 and Grade of C or better in (ENTRE 201, and ENTRE 202), or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR WR

Entrepreneurship 205
Law for the Entrepreneur
This course is a required course in the Entrepreneurship program it provides the student with an overview of the formation and operation of business enterprises, exposes the students to types of business organization, contract law, leases, intellectual property and employment law. Students will learn about sole proprietorships, general and limited partnerships, limited liability companies and corporations, the benefits and disadvantages of each type of entity as well as the formation, dissolution and record keeping for each of these entities. Students will apply this information to business plans and will learn about other fundamental areas of law affecting business entities. Writing assignments, as appropriate to the discipline, are part of this course.
Prerequisite(s): Eligibility for English 101 and Math 118, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR WR

Entrepreneurship 206
Entrepreneurial New Venture StartUp
Participants will explore and identify problems that arise in the start-up phase of an entrepreneurial venture by developing a business plan/concept for a new venture and pitching it to a panel of judges. Alternatively, participants have the option to explore and identify the obstacles to success that occur while managing and operating a business venture in a computer-simulated environment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (ENTRE 201, 202, 203, 204, and 205), or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR WR

Environment Studies 101
Man & Environment I
Interdisciplinary study of humans, the environment and their interrelationships, including resources, processes, wastes, growth, change, values and individual responsibility and involvement; emphasis of ecology of Chicago metropolitan environment; individual in relation to urban systems and urban systems in relation to world environment. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR WR
IAI: L1 905 GE: Life Sciences

Environment Technology 100
Introduction to Emergency Management
This introductory course examines the principles and concepts of emergency management. It presents an overview of the various disciplines involved in preparing for emergencies resulting from many different causes. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 101
Basic Skills in Emergency Management
This course provides a background in the various aspects of emergency management that would apply in any emergency. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 102
Leadership/Influence/Communication
Among the most important attributes of the successful emergency manager is the ability to fill a strong authority position that will aid them in accomplishment
Prerequisite(s): Grade of C or better in ENVR TC 100 and 101 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 103
Introduction to Emergency Planning
The importance of planning for emergencies before they occur has long been recognized as the key to minimizing their impact on society. This course is designed to provide a basic overview of the concepts of pre-planning needed to deal with a wide range of emergency situations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENVR TC 100 and 101 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 104
Energy Systems Fundamentals
Course covers the basics of building envelopes, HVAC, lighting, insulation, glazing, plumbing and electrical systems, construction materials, and the surrounding environment. Incorporates blueprint/design fundamentals. Focus on construction engineering concepts. Introduces LEED and Energy Star programs, relevant environmental, health and safety principles, impacts, and regulatory implications. Provides a broad overview of energy use and efficiency in structures and why it matters. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 106
Introduction to Terrorism
Terrorism events present some special aspects to the world of emergency management. This course will examine the differences and similarities among emergencies resulting from terrorism versus natural disasters or accidents. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENVR TC 100 and 101 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
Environment Technology 107
Environmental Geology
This course will examine human interactions with geologic processes and hazards, including earthquakes, volcanoes, landslides, subsidence, hydrology, and flooding; occurrence and availability of geologic resources, such as energy, water, and minerals; principals of land-use planning, pollution, and waste disposal, environmental impact, health, and law. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR WR
IAI: P1 908 GE: Physical Sciences

Environment Technology 108
Mitigation Management
The impact of many types of emergencies can be reduced by taking certain actions prior to their occurrence that will lessen the damage when the emergency occurs. This course is designed to introduce the concept of mitigation, and the activities that will accomplish it in a wide range of potential emergency situations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENVR TC 100 or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 109
Urban Agro-Ecology
Introduction to the ecology of agriculture in urban settings addressing current local food production challenges. This course explores opportunities and efforts for more sustainable agriculture. Laboratory required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 or Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: WR

Environment Technology 111
Basic Incident Command
The Incident Command System provides a management framework for dealing with emergency situations. This course will provide the basic knowledge of what incident command is and how it functions, as well as the importance of having a strong central authority to oversee all aspects of responding to emergency situations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENVR TC 102 or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 112
Disaster Response & Recovery
This course explores the basic nature of disasters, what they are, what steps must be taken to respond to them, and what is involved in recovering from them. This is a lab class that will culminate by conducting a day-long, campus wide disaster scenario response drill. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENVR TC 100 and 101 or Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: WR

Environment Technology 113
Emergency Resource Management
In planning for and responding to emergencies, many varied resources will be required. This course identifies what these various resources are and how to put them to use.
Prerequisite(s): Grade of C or better in ENVR TC 103 or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 114
Renewable Energy Systems
An introductory, work-skills course on principles, concepts, applications, and installation of renewable and alternative energy technologies. Distinguishes between technologies appropriate to industrial/commercial settings versus those intended for residential structures. Covers renewable energy sources (solar, wind, geothermal, etc.) as well as alternative technologies utilized for building operations (microturbines, fuel cells, combined heat and power). Designed to prepare tradesman for the installation of various technologies. Up to five (5) off-campus field trips to alternative energy installations will be scheduled as part of this course.
Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: WR

Environment Technology 115
Intro to Weapons of Mass Destruction
This course provides an overview of chemical, biological, radiological, and nuclear (CBRN) weapons, and the threat of their use in terrorism events. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENVR TC 100 and 101 or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 121
Intro To Hazardous Materials Management
This course is an overview of the environmental impacts resulting from hazardous materials such as asbestos, and their mismanagement. Emphasis is placed on understanding the sources responsible for soil, water, land, and air pollution and the environmental laws governing our natural resources, including asbestos. Emphasis is placed on storage and treatment practices, monitoring, sampling and handling techniques, damaging effects on humans, ecology and environment, as well as governmental regulations concerning soil, water, and air. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 122
Disaster Site Worker
A course that focuses on the skills needed by workers who respond in the recovery phase of major disasters. This course includes the requirements for obtaining the OSHA Construction Worker 10-hour card, which is required for Disaster Site Worker certification. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENVR TC 100 and 181 or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 123
Chemical Emergency Response
This course is designed to meet the requirements of OSHA for workers that will respond to a hazardous chemical release. The course consists of the five levels of training required under 29CFR1910.120(q). Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
Environment Technology 131
Environmental Health & Safety
Introduction to health and safety principles and skills needed to conduct field operations dealing with hazardous substances and meets initial training requirements of the Occupational Safety and Health Administration for workers engaged in hazardous waste operations. Course includes fundamentals of hazard recognition, toxicology, selection, use, and limitations of personal protective equipment, and safety procedures for conducting waste site use, and limitations of personal protective equipment. It consists of lectures and demonstrations, problem-solving exercises, discussions, and field exercises. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 141
Site Investigation & Sampling
Introduction to the techniques for monitoring and sampling of soil, water, and air. Emphasis is on site investigation procedures for contamination by hazardous materials; the use of specialized sampling equipment, its maintenance and repair, and record keeping for chain-of-custody and other documentation. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 144
Building Systems Maintenance
Course is comprised of seven energy efficiency topics in building operations and maintenance. Building Operators Certification is a professional development program in the energy and resource efficient operation of buildings to qualify operations and maintenance staff for certification. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: WR

Environment Technology 150
Introduction to Homeland Security
Students will learn the basic concepts, strategies, and practices of the Department of Homeland Security (DHS), for the purpose of learning how to gather and use intelligence data and its specific application in emergency operations. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 151
Intro to Environmental Laws & Policies
This course introduces the student to the United States legal system, and to the doctrines and statutes which regulate the production, treatment, transportation, and disposal of hazardous materials. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Environmental Technology 121.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 160
Intelligence Analysis-Security Management
This course examines intelligence analysis and its indispensable relationship to the security management of terror attacks, manmade disasters and natural disasters. It also explores vulnerabilities of our national defense and private sectors, as well as the threats posed to these institutions by terrorists, man-made disasters, and natural disasters. This course examines substantive issues regarding intelligence support of homeland security measures implemented by the United States and explore how the intelligence community operates. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENVR TC 150, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.

Environment Technology 170
Transportation and Border Security
This course provides students with an understanding of the variety of challenges inherent in modern transportation and border security challenges, as well as the technological solutions employed to address these challenges. The course covers the period from 9/11 to the present. The course explores the topics of seaports, ships, aircraft, airports, trains, train stations, trucks, highways, bridges, rail lines, pipelines, and buses. Students will be required to discuss the legal, economic, political, and cultural concerns and impacts associated with transportation and border security. Writing assignments, as appropriate to the discipline, are part of the course
Prerequisite(s): Grade of C or better in ENVR TC 160, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 175
Hazardous Material Handling & Transportation
This course is designed to explore the regulations involving the transportation of hazardous materials and waste. It includes manifesting, generator and transporter standards, Department of Transportation hazard classes, placards, labels, markings, spill response, and driver responsibilities. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 190
Introduction to Animal Sciences
This is a survey course that will provide a firm biological and natural sciences background to students for understanding the principles important to the raising and management of livestock and companion animals. Students will have the opportunity to learn from animal industry leaders. The course is team taught to incorporate Animal Sciences instructors who are specialists in their subject matter areas. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Placement Test, or Grade of C or better in English 101 and Math 116 or higher.
4 Lecture Hours. 4 Credit Hours.
Offered at: WR

Environment Technology 191
Introduction to Crop Sciences
This course is designed to introduce students to the basic principles of plant growth, including human and environmental influences and the theoretical and practical application of agronomic principles to crop production. It also, serves as an introduction to basic agronomy revolving around crop production in the Midwest. The subject matter presented will provide an overview of major aspects of plant and soil management, pest control, and soil and water conservation issues and practices and how they affect growth and development. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): The student should be capable of college entry level reading, writing, and mathematics.
4 Lecture Hours. 4 Credit Hours.
Offered at: WR
Environment Technology 192
Introduction to Soil Science
This course is designed to provide a comprehensive treatment of the basic principles of soils as they exist and interact in the environment. The course emphasizes soil as a natural body in nature, its formation, classification, chemical and physical properties. The course is designed to be equally useful to the non-agricultural production students, including those studying plant science, ecology and environmental science, and to students in curricula such as agronomy, crop science, soil science, horticulture and forestry. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Successful completion of high school Chemistry is required.
4 Lecture Hours. 4 Credit Hours.
Offered at: WR

Environment Technology 193
Introduction to Horticulture
This course is designed to offer the student a general introduction to the principles of plant growth and development as they apply to the wide range of horticultural crops and the industries related to production, marketing and utilization of horticultural crops. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 203
Advanced Emergency Planning
This course covers the planning required for specific emergency response actions including emergency evacuation, housing, and logistics and others. Course information is presented in the context of exercise design as part of pre-planning for response. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENVR TC 103 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 204
Residential Energy Systems
Course addresses energy systems and energy efficiency technologies utilized in single- and multi-family residential building forms. Covers systems design and installation in both new construction and retrofit projects. Introduces field auditing techniques, environmental impacts (indoor air quality, asbestos, lead, voc's, radon, waste disposal issues, etc.), worker health & safety considerations, Energy Star certification, building commissioning procedures, and local regulatory requirements. An off-campus field trip to a residential “green” building/construction site will be scheduled as part of this course. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 205
Terrorism Planning
Preparing for and responding to terrorism events requires a more focused perspective. This course will provide an overview of the special considerations
Prerequisite(s): Grade of C or better in ENVR TC 106 or consent of Department Chairperson. Successful completion of ENVR TC 103 is highly recommended.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Environment Technology 209
ADVANCED URBAN AGROECOLOGY
This course explores ways to apply the knowledge and skills acquired through the full sequence of classes. The student will be expected to identify a practicum location and spend 64 hours working (either with or without compensation) on projects associated with the organization and relevant to the course material. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENVR TC 192 and 193.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
Environment Technology 222
Emergency Management Operations II

A field course in which students will study the application of the concepts covered in the program through direct observation of emergency response activities performed by various government agencies. Students will be placed as interns in government agencies in this course. Students registering for this course must meet all prerequisite requirements and submit to a criminal background check. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Consent of Department Chairperson.

20 Lab Hours. 4 Credit Hours.

Offered at: WR

Environment Technology 226
Disaster Psychology

This course examines the psychological impacts of disasters on both victims and responders. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.

Offered at: WR

Environment Technology 241
Environmental Sampling

This course is an in-depth study of the procedures and concepts used by EPA to investigate sites. Emphasis is on hazardous waste at both controlled and uncontrolled sites. The course will include the investigation of ground water, surface water, air, and soil contamination including health and risk assessments. This course is designed for students interested in the fields of environmental engineering and environmental science. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in ENVR TC 121 and ENVR TC 131.

2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.

Offered at: WR

Environment Technology 243
Environmental Analysis

This course will introduce the student to the foundations of environmental chemistry. Man-made and natural systems will be examined. Students will be encouraged to qualify and quantify the relationships between chemistry and the environment. United States Environmental Protection Agency analytical requirements will be surveyed using inductively coupled argon plasma, gas chromatography, mass spectrometry, ion chromatography and UV-Vis spectrometry, among other state-of-the-art analytical technologies. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Chemistry 121 and Biology 106.

2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.

Offered at: WR

Environment Technology 244
Energy Equipment Troubleshooting

A second tier course comprised of four (4) core classes in maintenance, operation, and diagnostics of electrical and HVAC systems, and two of four (2 of 4) possible electives in system specialty topics. Buildings Operator Certification is a professional development program in the energy and resource efficient operation of buildings to qualify operations and maintenance staff for certification. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.

Offered at: WR

ESL (INTEGRATED) (0136)

ESL (Integrated) 98
Intermediate Integrated ESL

This is an integrated reading/writing course at the intermediate ESL Level designed to increase students' receptive and productive command of written English. The focus is on grammatical structures, as well as reading and composition at the intermediate level. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of six credit hours. Consent of Department Chairperson required for repeatability.

Prerequisite(s): ESL Placement Test and interview, or Consent of Department Chairperson.

6 Lecture Hours. 6 Credit Hours.

Offered at: TR HW

ESL (Integrated) 99
High Intermediate ESL

This is an integrated reading/writing course at the high-intermediate ESL level designed to increase students' receptive and productive command of written English. The focus is on sentence structure, reading and authentic texts, and essay writing. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of six credit hours. Consent of Department Chairperson required for repeatability.

Prerequisite(s): ESL Placement Test and interview, or successful completion of ESL (Integrated) 098, or ESL English 098, and ESL Reading 098, or Consent of Department Chairperson.

6 Lecture Hours. 6 Credit Hours.

Offered at: TR HW

ESL (Integrated) 100
Advanced Integrated ESL

This is an integrated reading/writing course at the Advanced ESL Level designed to increase students' receptive and productive command of written English. There is a review of sentence structure and sentences connection; extensive reading of authentic texts, including academic ones; and frequent essay-writing. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of six credit hours. Consent of Department Chairperson required for repeatability.

Prerequisite(s): ESL Placement Test and interview or Grade of C or better in ESLINTG 099 or ESL English 099 and ESLREAD 099, or Consent of Department Chairperson.

6 Lecture Hours. 6 Credit Hours.

Offered at: TR HW

ESL Reading 98
Special Reading Skills

Special reading skills for non-native speakers of English; focus is on comprehension and analysis of reading materials and study of American idioms. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of three credit hours. Consent of Department Chairperson required for repeatability.

Prerequisite(s): Qualifying score on ESL Placement Test and oral interview, grade of C or better in ESLWRIT 098 and ESLSPCH 098; or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.

Offered at: KK OH HW

ESL READING (0137)
ESL Reading 99
High Intermediate Reading Skills
For students who need to improve their reading skills; efficient reading of textbooks and other materials including work in mechanics of reading, vocabulary development, comprehension, and rate of reading. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of three credit hours. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Placement Test, or grade of C or better ESLREAD 098, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH HW WR

ESL Reading 100
Advanced Reading Skills
Focus on comprehension and analysis of college-level reading materials and study of American idioms. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of three credit hours. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Placement test, or grade of C or better in ESLREAD 099, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH WR

ESL Speech 98
Intermediate Speech
Emphasis on achieving competency required for successful pursuit of higher education; pronunciation drills, pattern drills, participation in group discussion and presentation of brief speeches. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of three credit hours. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Placement Test, or Consent of Department Chairperson and grade of C or better in ESLSPCH 98.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH HW

ESL Speech 99
High Intermediate Speech
Emphasis on conversation, group discussion, and listening skills to improve communication to enhance academic pursuits. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of three credit hours. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Placement Test and oral interview or grade of C or better in ESLSPCH 098, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH HW

ESL Speech 100
Advanced Speech
The goal of this speech class is to upgrade the oral communication skills of students whose native language is not English, and to prepare them for Speech 101. Emphasis is placed on oral presentations, as well as comprehensibility and use of conversational techniques. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of three credit hours. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Placement test and oral interview, or grade of C or better in ESLSPCH 099, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH HW

ESL Writing 98
Special Grammar & Composition
Writing skills, linguistic and idiomatic patterns are emphasized. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of three credit hours. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Placement Test and oral interview; ESLREAD 098 and ESLSPCH 098, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH WR

ESL Writing 99
High Intermediate Grammar & Composition
Intensive review and refinement of grammar and composition. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of three credit hours. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Placement Test and oral interview; ESLREAD 099, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH

Exercise Sci and Sports Studies 101
Personal Trainer Preparation
This course introduces the knowledge and skills necessary to practice as a certified personal trainer for a variety of client populations, including the foundations of client interaction, the assessment of physiological, functional, and biomechanical aspects of human movement in the individual, and the design and supervision of strength and aerobic individual and group exercise programs. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: MX
Excise Sci and Sports Studies 102
Personal Trainer Practicum

The exercise practicum provides practical experience for students enrolled in the personal trainer program. The practicum focuses on the application and synthesis of the knowledge base skills of a personal trainer in a supervised commercial, community or clinical fitness setting in order to actively engage individuals of various ages and functional abilities. The course includes a campus-based lecture series that provides review and supplemental knowledge of the personal training profession. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

1 Lecture Hour. 5 Lab Hours. 2 Credit Hours.
Offered at: MX

Excise Sci and Sports Studies 103
Allied Health Clinical Skills

Course Catalog Description: This course serves as an introduction to rehabilitation professions, the basic concepts governing rehabilitation practice, and skills performed by a rehabilitation aide. Course work includes orientation to various practice settings and scope of practice for a rehabilitation aide. This includes education and training, communication, patient care, basic medical terminology, mobility, assistive devices, activities of daily living, adaptive equipment, and therapeutic exercise. Completion of this course will give the student the skills to work as a rehabilitation aide under the supervision of a physical or occupational therapist or a physical therapist or occupational therapist assistant in a variety of practice settings including hospitals, skilled nursing facilities, inpatient/outpatient rehabilitation centers, and home care. Writing assignments, as appropriate to the discipline, are part of this course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: MX

Excise Sci and Sports Studies 112
Functional Anatomy & Kinesiology

This course provides an organized study of human anatomy and kinesiology, the study of human movement. A working knowledge of both human anatomy and kinesiology are fundamental to student success in programs within the Exercise Science and Sports Studies (ESSS) department. Emphasis is placed on the integration of structure and function of the skeletal, articular, muscular, nervous, and circulatory systems. Upon completion, students should be able to identify skeletal anatomy including bony landmarks and muscular anatomy including origins, insertions, nerve innervations, vascular supply, and action. The concepts of locomotion, biomechanics, forces and levers will be introduced and how these apply to functional movement. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

2 Lecture Hours. 6 Lab Hours. 5 Credit Hours.
Offered at: MX

Excise Sci and Sports Studies 206
Sports First Aid

This course will introduce students to the proper protocols to follow to prevent injuries and to administer sports first aid. Students will learn how to perform physical assessment, conduct emergency actions steps, and administer first aid. Topics presented will include control of bleeding, treatment for tissue damage, and unstable injuries, moving injured athletes and returning athletes to play. Successful completion of the course leads to partial certification through the American Sports Education Program (ASEP) Professional Education Program. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in ESSS 101, OR Consent of Department Chairperson.

2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Excise Sci and Sports Studies 209
Corrective Exercise Training

This course will present an evidence-based approach to corrective exercise, the components of a comprehensive solution, and the practical know-how to develop and implement integrated strategies to improve common movement impairments. Students completing this course will be prepared to take the National Academy of Sports Medicine (NASM) Corrective Exercise Specialist credentialing examination. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in ESSS 102 and ESSS 110, OR Consent of Department Chairperson.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: MX

Excise Sci and Sports Studies 214
Exercise and Health Psychology

This course presents an overview of psychological, and social aspects as related to health promotion, health compromising and enhancing behaviors, stress management, coping strategies, coping with disease, coping with injury, the influence of social and physical environments on health, cognitive process of health information, health belief models, and models for behavior change. Writing assignments, as appropriate to the discipline are part of the course.

Prerequisite(s): Grade of C or better in English 101, OR Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: MX

FINE ARTS (0042)

Fine Arts 103
Theater Arts

A cross-disciplinary approach to the performing arts. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK
GE: Fine Arts

Fine Arts 104
The World Of The Cinema

Study of various types of films; covers historical development, production methods, technique of films and critical evaluation. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA MX TR HW WR
IAI: F2 908 GE: Fine Arts

Fine Arts 105
History of Painting, Sculpture & Architecture

Survey of art from pre-historic to contemporary. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA HW
IAI: F2 900 GE: Fine Arts
Fine Arts 107
History of Architecture, Painting & Sculpture I
Survey of art from pre-history through the 17th century. Writing assignments, as appropriate to the discipline, the course
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours.  3 Credit Hours.
Offered at: DA KK TR HW WR
IAI: F2 901 GE: Fine Arts

Fine Arts 108
Hist Of Arch Paint Sculp II
Survey of art from the 18th century to the present. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours.  3 Credit Hours.
Offered at: DA KK OH TR HW WR
IAI: F2 902 GE: Fine Arts

Fine Arts 109
History Of Cinema
An international survey of the history of cinema, from the silent era to contemporary filmmaking, emphasizing a study of various film genres from around the world and innovations in film production that have had significant influence on film as an art form. Full-length films and film clips will be screened in class. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours.  3 Credit Hours.
Offered at: HW WR
IAI: F2 909 GE: Fine Arts

Fine Arts 110
Opera And The Humanities
Opera as a medium in which the philosophic, aesthetic and psychological perspectives of composers and their eras are communicated; selected operas which parallel those offered in the community and present similar communication experiences will be studied; written material, radio broadcasts of operas, opera commentaries and opera performances will be utilized. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours.  3 Credit Hours.
Offered at: HW
IAI: F1 910 GE: Fine Arts

Fine Arts 111
History of Photography
The historical development of photography as an art form from 1839 to the present, including critical analysis of types of photographs and aesthetic movements in photography. Examines photographs for their aesthetic and humanistic values, emphasizing photographs as expressions of ideas and beliefs of photographers within their cultural and social contexts. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours.  3 Credit Hours.
Offered at: WR
IAI: F2 904 GE: Fine Arts

Fine Arts 112
Dance Appreciation
Study of dance and expressive movement reflecting socio-cultural and artistic traditions from early civilizations to the present. Compares ancient, modern, and contemporary dance forms and examines the contributions of individual dancers, dance companies, and choreographers to global cultural heritage. The history and aesthetic standards of dance are explored through lecture and concert attendance. Writing, as appropriate to the discipline, is expected for this course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours.  3 Credit Hours.
Offered at: HW
IAI: F1 906 GE: Fine Arts

FIRE SCI MGMT/FIRE SERV OP (0152)

Fire Sci Mgmt/Fire Serv Op 101
Principles of Emergency Services
This course provides an overview of fire protection and emergency services; culture and history of fire science and emergency services, fire loss analysis, organizations of public and private fire protection services, and fire departments as part of local government. This foundation course includes introduction to fire protection, safety, tactics and safety. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours.  3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 102
Strategies and Tactics I
This course provides the principles of fire ground control through utilization of personnel, equipment, and extinguishing agents. Basic procedures for suppression of fire; application to principles of building construction of human resources and equipment. This course will meet requirements of the Illinois Fire Protection Personnel Standards and Education Commission for Strategy and Tactics I. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 101 OR Consent of Department Chairperson.
3 Lecture Hours.  3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 103
Fire Behavior and Combustion
History of fire sciences; theories and fundamentals of fire behaviors including how and why fires start, spread and are controlled. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 101 OR Consent of Department Chairperson.
3 Lecture Hours.  3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 104
Occupational Safety & Health for Emergency Services
This course introduces the basic concepts of occupational health and safety as it relates to emergency service organizations. Topics include risk and hazard evaluation and control procedures for emergency service organizations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 101.
3 Lecture Hours.  3 Credit Hours.
Offered at: MX
Fire Sci Mgmt/Fire Serv Op 197
Principles of Emergency Responder Safety and Survival
This course is designed to help students to identify and explain the sixteen life safety initiatives and explain the concepts of risk management and mitigation as it pertains to emergency services. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 198
Strategies and Tactics II
Subject areas include strategic concepts in fire fighting, duties and responsibilities of command officers, incident command system (scene, manpower, apparatus, and Rapid Intervention Teams (RIT) management, multi-company operations, disasters, high-rise operations, critical incident stress, and tactical exercises. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 200
Management and Leadership I
This course is designed to provide information and skills required to act in primary supervisory role with a focus on leadership in fire service. Topics covered include basic management principles and concepts, leadership styles and conflict resolution. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 201
Fire Service Hydraulics
This course provides a foundation of theoretical knowledge in order to understand the principles of the use of water in fire protection and to apply hydraulic principles to analyze and to solve water supply problems. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 202
Building Construction for Fire Science
This course focuses on the study of the components of building construction related to firefighting, fire resistance and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, pre-planning fire operations, and operating at emergencies. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 101 OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 203
Fire Suppression and Protection Systems
This course provides information relating to the features of design and operation of fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection and portable fire extinguishers. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 205
Chemistry of Hazardous Materials
This course provides basic chemistry relating to the categories of hazardous materials including recognition, identification, reactivity, and health hazards encountered by emergency services. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 204
Management and Leadership II
This course focuses on the role and responsibility of a fire officer who may be in charge of a single company or station. The course provides information on leadership styles, communication, group dynamics, coaching and counseling and performance appraisal. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 206
Management and Operations III
This course is the third in a four-part sequence focusing on the roles and responsibilities of a department fire officer, cultivating leadership styles and advanced management skills. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 204 OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 210
Principles of Fire Prevention
This course provides fundamental knowledge relating to the field of fire prevention. Topics include: history and philosophy of fire prevention, organization and operation of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education; and fire investigation. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 211
Management Operations IV
This course is the fourth in a four-part sequence focusing on the roles and responsibilities of a department fire officer, cultivating leadership styles and advanced management skills. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 204 or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Fire Sci Mgmt/Fire Serv Op 212
Fire Investigation I
This course is intended to provide the student with the fundamentals and technical knowledge needed for proper fire science interpretations, including recognizing and conducting origin and cause. Preservation of evidence and documentation, scene security, motives of the fire setter, and types of fire causes. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in FIREMGT 101, 198 AND 202.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX
Foundational Studies ESL 4001
English Academic Purposes I
This is the first course of six designed for non-native speakers of English who have completed English for Academic Purposes. Each course provides a foundation for study in college content areas. This course focuses on study skills, critical thinking and reading of historical and other nonfiction prose, and correctness of written expression. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Foundational Studies ESL 4002
English Academic Purposes II
This is the second course designed for non-native speakers of English who are preparing to enter college. This course is a continuation of oral language development—speaking, listening, communication; reading skills, and written expression. Emphasis placed on listening skills, discussion, and vocabulary development. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.

Foundational Studies ESL 4003
English Academic Purposes III
This course is designed for non-native speakers of English who have completed English for Academic Purposes. This course will continue to focus on the study skills and correctness of written expression and will apply critical reading and thinking skills to literature. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Foundational Studies ESL 4004
English Academic Purposes IV
This is the fourth of six courses designed for non-native speakers of English who are preparing to enter college. This course focuses on oral language development, skills for reading college textbooks, skills for writing about subject area content, interpreting graphically presented information, locating and using information, and using the college library and resource center. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR

Foundational Studies ESL 4005
English Academic Purposes V
Study of the form and content of effective writing. Review of the essentials of written and spoken grammar and usage, and intensive practice in writing complete sentences, effective paragraphs and short essays/compositions. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR

Foundational Studies ESL 4006
English Academic Purposes VI
This is the last of the six courses designed for non-native speakers of English who are preparing to enter college. This course focuses on critical reading skills, research skills, essay writing, grammar, and discussion of current events and subject areas topics. Writing assignments, as appropriate to the discipline are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

Foundational Studies ESL 4007
ESL: College Prep I
This is the first of six college preparation courses designed for non-native speakers of English who have complete English for Academic Purposes. Each course provides a foundation for study in college content areas. This course focuses on study skills, critical thinking and reading of historical and other nonfiction prose, and correctness of written expression. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

Foundational Studies ESL 4008
ESL: College Prep II
This is the second of six college preparation courses designed for non-native speakers of English who have completed English for Academic Purposes. This course will continue to focus on the study skills and correctness of written expression and will apply critical reading and thinking skills to literature. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

Foundational Studies ESL 4009
ESL: College Prep III
This is the third of six concurrent college preparation courses for non-native speakers of English who has completed English for Academic Purposes. This course focuses on listening skills for academic purposes, note taking and study habits, writing to learn, and skills for intensive reading of factual material. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW
Foundational Studies ESL 4010
ESL: College Prep IV
This is the fourth of six college preparation courses designed for non-native speakers of English who have completed English for Academic Purposes. This course continues to focus on listening skills for academic purposes, note taking and study habits, writing to learn, and critical thinking and reading. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

Foundational Studies ESL 4011
ESL: College Prep V
This is the fifth of six college preparation courses designed for non-native speakers of English who have completed English for Academic Purposes. This course focuses on lectures by visiting college professors, skills for reading science materials, academic writing, and strategies for college success. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

Foundational Studies ESL 4012
ESL: College Prep VI
This is the last of six college preparation courses designed for non-native speakers of English who have completed English for Academic Purposes. This course focuses on lectures by visiting college professors, skills for reading science materials, political science, economics, and the humanities, and strategies for college success. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

Foundational Studies Math 3001
Math Refresher I
This course is designed for students needing a review of basic math in order to take college level math courses. This course provides a review of the rules of addition, subtracting, multiplication and division using whole numbers and decimals. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Foundational Studies Math 3002
Math Refresher II
This course is designed for students needing a review of basic math in order to take college level math courses. This course focuses on percents, fractions, and integers. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Foundational Studies Math 3003
Math Refresher III
This course is designed for students needing a review of basic math in order to take college level math courses. This course will review powers and roots, basic concepts of ratio, proportion, probability, and basic geometry. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Foundational Studies Math 3004
Elementary Algebra
This course is designed to prepare students to take college level algebra. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.

Foundational Studies Reading 1001
Reading I
This is the first in a sequence of six courses designed to prepare high school students for college level course work. This course focuses on developmental skills essential to effective reading. Emphasis is placed on decoding, and word attack skills, and sight word recognition. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH WR

Foundational Studies Reading 1002
Reading II
This is the second course in a sequence of six courses designed to prepare high school students for college level course work. This course will help students develop additional skills essential to effective reading. The emphasis on decoding skills will continue. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK WR

Foundational Studies Reading 1003
Reading III
This is the third course in a sequence of six designed to help high school graduates develop skills essential to effective reading. The emphasis on decoding skills will continue. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH HW

Foundational Studies Reading 1004
Reading, Writing, Critical Thinking I
This is the fourth in a sequence of six courses designed to prepare high school graduates for college level course work. This course will help students increase their reading, writing, and critical thinking skills. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR HW WR

Foundational Studies Reading 1005
Reading, Writing, Critical Thinking II
This is the fifth in a sequence of six courses designed to prepare high school graduates for college level course work. It is a continuation of Reading, Writing, and Critical Thinking I. It is designed to help high school graduates increase these skills for use in college level course content areas. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH TR
Foundational Studies Reading 1006
Reading, Writing, Critical Thinking III
This is the last course in a six course sequence designed to prepare high school graduates for college level work. It is a continuation of Reading, Writing, and Critical Thinking II and designed to prepare students to read across all majors content areas from a basic knowledge base. Students will gain basic content knowledge proficiency in literature, history, fine arts, geography, physical science, life science, medicine, and health. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): FS Read 1006 requires CCCRTW =1 or CCCWrite <=2 or Compass Read <=49 AND Compass EWrite <=4

3 Lecture Hours. 3 Credit Hours.
Offered at: MX OH

Foundational Studies Writing 93
Foundational Studies in Literacy
Foundational Studies in Literacy is an integrated reading and writing course with a focus on helping students develop core literacy skills. The course involves thoughtful discussion, engaged critical thinking, and the reading of various genres of appropriate-level texts. Students will practice effectively communicating clear thoughts at the sentence and paragraph level as well as in longer-form writing. In addition to reading and writing, students will practice and implement strategies for long and short-term goal setting, while improving study skills to prepare for long-term success in subsequent courses or career pathways. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Placement into FSL is determined by the CCC Placement Test, or consent of Department Chairperson in collaboration with the FSL Coordinator. CCC Reading to Write score of 1 is required.

6 Lecture Hours. 6 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Foundational Studies Writing 2002
Writing Mechanics II
This is course two of four for students who need instruction in basic writing skills required for college level analytical writing. The course will cover writing paragraphs; how to organize thoughts and information; examining the source of information; identifying problems of accuracy, specificity, and clarity, and writing explanations of the problem. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX WR

Foundational Studies Writing 2001
Writing Mechanics I
This course is the first in a series of four designed for students who need to learn basic writing skills required for college level analytical writing. The course focuses on sentence structure and the mechanics of writing sentences and simple paragraphs. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH WR

Foundational Studies Writing 2003
Writing Mechanics III
This course is designed to improve the college writing skills of each student by understanding and implementing the writing process, mastering both paragraph and essay development—intro, body, and conclusion—and other type prose and reinforcing grammar and usage skills, as well as punctuation, capitalization, and dictionary usage. Writing workshop methods will be used to enhance students’ personal writing styles, improve composition abilities, and build confidence. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: HW

FRENCH (0051)

French 101
First Course French
Pronunciation and basic structures, speech patterns, reading, and writing skills. Writing assignments, as appropriate to the discipline, are part of the course.

4 Lecture Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR
HD Course

French 102
Second Course French
Continuation of French 101. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Placement test, or grade of C or better in French 101

4 Lecture Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR
HD Course

French 103
Third Course French
Review and development of basic language skills, conducted in French. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Placement test, or grade of C or better in French 102 or Consent of Department Chairperson.

4 Lecture Hours. 4 Credit Hours.
Offered at: KK TR HW WR
HD Course

French 104
Fourth Course French
Review of language structure and interpretation of readings, conducted in French. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Placement test or grade of C or better in French 103 or Consent of Department Chairperson.

4 Lecture Hours. 4 Credit Hours.
Offered at: KK TR HW WR

IAI: H1 900 GE: Humanities HD Course

French 206
Intensive Oral Practice French
Practice in spoken language, fluency and accuracy. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Placement test, or grade of C or better in French 104, Consent of Department Chairperson.

4 Lecture Hours. 4 Credit Hours.
Offered at: KK TR HW
GE: Humanities

French 210
Modern Civilization & Culture French
Recent social, cultural, and historical trends, conducted in French and English. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.
Offered at: TR
GE: Humanities HD Course
French 213
Intro To Modern Literature French
Selections from contemporary writings, conducted in French. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Placement test, or grade of C or better in French 104, Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
IAI: H3 916 GE: Humanities HD Course

French 214
Readings In Literature French
Works from selected historical periods, conducted in French. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Placement test, or grade of C or better in French 104, Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR HW
IAI: H3 916 GE: Humanities

French Pastry School 707
Food Service Technology
Introduces kitchen calculations, including costing and conversion, determining revenue and food cost, menu planning and pricing, cost control in a food service environment, and an overview of the use of computers in a professional kitchen. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lecture Hours. 4 Credit Hours.
Offered at: KK

French Pastry School 712
Baking Theory and Problems
Instruction in formulas, new formulas and ingredients in the baking/pastry field. Evaluation of convenience mixes. Math for bakers. Writing assignments, as appropriate to the discipline, are part of the course.
5 Lecture Hours. 5 Credit Hours.
Offered at: KK

French Pastry School 754
Candy & Confectionery
In this course, the students will learn about the history of chocolate, chocolate by-products, tempering and handling of chocolate. They will learn to produce a wide range of chocolate candies. This class is taught using updated methods of traditional recipes with efficient production set-up. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: KK

French Pastry School 758
Plated Desserts
This course focuses on simplified and cost-effective production methods, while stressing the importance of maintaining high quality by using the freshest ingredients. Students will be exposed to refreshingly new presentations and elegant designs that will be carried out when they prepare several plated desserts including hot and cold, frozen desserts, fruit soups, parfaits, and a la minute desserts. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lecture Hours. 4 Credit Hours.
Offered at: KK

French Pastry School 761
Chocolate and Sugar
Students will learn about the history, tempering and the fundamentals of chocolate and sugar. They will learn the latest techniques with use of chocolate colors, spray gun, use of different types of molds, making cut-out decorations, silk screens, pastillage, saturated sugar, pulled and blown sugar, spun and piped, bubble, straw, pured sugar and more. All of these techniques will be applied to the several show pieces each student will create and take home. Writing assignments, as appropriate to the discipline, are part of the course.
5 Lecture Hours. 5 Credit Hours.
Offered at: KK

French Pastry School 762
French Cakes and Pastries
In this course, the students will learn to produce a wide variety of classical and modern French cakes suitable for restaurants, retail shops for large scale productions, using the latest assembling techniques and cost-effective production methods. These cakes will be highlighted with decorations such as silk screens, printed sponge, logos, chocolate and sugar decorations to name a few. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lecture Hours. 4 Credit Hours.
Offered at: KK

French Pastry School 779
Safety & Sanitation
This course conveys the utmost importance of food professionals providing safe food to their customers. Students learn everything about food safety, sanitation, equipment, and food delivery. This is a comprehensive immersion into all aspects of handing food safely. The National Restaurant Association ServSafe examination will be part of this course. Student must pass this exam in order to pass the 16-week program. Those who do not pass will have the opportunity to re-take the exam. Students who pass will be eligible for city and state certification. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Concurrent enrollment in 330FPS 780, 781, 782 and 783.
1 Lecture Hour. 1 Credit Hour.
Offered at: KK

French Pastry School 780
Baking, Pastry & Technology
This course takes students through the technology and science of the ingredients of pastry. Students learn the differences between various dairy products and eggs, the different types of flours and sugars, and how the interactions of ingredients affect the outcome. Students learn basic skills and modeling, petits fours and party favors, as well as the historical development of celebration cakes. Students immerse themselves in the history of French pastry and cake making, the development of palate, the hierarchy of a kitchen, and an explanation of the wide variety of settings where graduates can use their craft. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 330FPS 779. Concurrent enrollment in 330FPS 781, 782 and 783.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

French Pastry School 781
Cake Baking & Construction
This course covers all aspects of wedding, celebration, and specialty cake baking, constructing, and assembly. Recipe creations with taste and texture profile methods are covered in depth. Students learn a variety of doughs and fillings: the art of cake architecture: European classic recipes, cutting-edge creations, current trends, and sculpted cake methods: all this giving students a solid foundation necessary to create their own. Efficient production methods are taught and students will use these techniques to produce their own designs. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 330FPS 779 and 780. Concurrent enrollment in 330FPS 782 and 783.
2 Lecture Hours. 9 Lab Hours. 5 Credit Hours.
Offered at: KK
French Pastry School 782
Cake Decorating Techniques
In this course students learn a wide variety of cake decorating techniques including elaborate gum paste work, detailed piping techniques, French buttercream frosting, making rolled fondant from scratch and rolled fondant cake covering, chocolate decorations specifically tailored for cakes, pastillage and pressed sugar accents, pulled and blown sugar flowers and ribbons, mold making methods, airbrushing skills, figurine modeling and 3-D sculpted cakes. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 330FPS 779 and 780. Concurrent enrollment in 330FPS 781 and 783.
2 Lecture Hours. 9 Lab Hours. 5 Credit Hours.
Offered at: KK

French Pastry School 783
Cake Business Planning
This course provides in-depth lectures focusing on critical information needed to operate a successful wedding cake business such as pricing, customer consultation, cake portions, design, packaging, and delivery logistics. Career counseling and personal attention to each student’s career goals are provided. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 330FPS 779 and 780. Concurrent enrollment in 330FPS 781 and 782.
1 Lecture Hour. 1 Credit Hour.
Offered at: KK

GEOGRAPHY (0084)

Geography 101
World Geography
Economic, political, and cultural geography of the modern world; includes the people, raw materials, industrial resources, and trade connections of various parts of the earth. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: S4 900N GE: Social & Behavioral Sciences HD Course

Geography 102
Economic Geography
Contemporary view of the economic interdependence of the nations of the world with emphasis on role of the United States, the dynamic changing future of geography, and its influence on world conditions. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK HW
IAI: S4 903N GE: Social & Behavioral Sciences HD Course

Geography 201
Physical Geography
Physical environment of humans, their atmosphere, landforms, waters and other natural resources; emphasis on interrelationships of these areas and interaction of humans with their surroundings. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK HW WR
IAI: P1 909 GE: Physical Sciences

GEOLOGY (0075)

Geology 201
Physical Geology
Basic earth processes: weathering, erosion, deposition, mountain building, metamorphism, volcanism, and plate tectonics. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: DA MX OH TR HW
IAI: P1 907L GE: Physical Sciences

HEALTH (0001)

Health 102
Medical Law & Ethics
This course considers the standards of ethical conduct toward patients, colleagues and other members of the medical team. Legal responsibility, professional liability, licensing, contracts, and other applications of law in medicine will be included. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and General Education Math 118 or higher.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX WR

Health 103
Medical Assisting Clinical Procedures I
This course is designed to introduce students to basic clinical procedures in the medical office assisting field. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Acceptance in the Medical Assistant program/plan 0359 and Grade of C or better in Biology 120.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: WR

Health 104
Medical Assisting Clinical Procedures II
This course provides proficiency in performing basic skills and assist with procedures common to the medical practice. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Health 103.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: WR

Health 105
Medical Careers Professional Development
This course explores the professional issues that affect the medical assistant. Current trends in education, certification and employment will be discussed and their impact on the practicing medical assistant will be emphasized. Communication skills that will enhance the performance of the medical assistant will also be reviewed. Employment seeking techniques such as resume preparation and interviewing skills will be included. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and General Education Math 118 or higher.
2 Lecture Hours. 2 Credit Hours.
Offered at: MX WR
Health 106
Administrative Procedures
This course will explore administrative and front office responsibilities in the physician's practice or clinic setting. Emphasis is placed on clerical functions, bookkeeping procedures, preparing special accounting entries, transcription, and processing insurance claims. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Health 103.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: WR

Health 107
Pharmacology
This course introduces the student to the basic skills that are performed by the medical assistant in the medical office. The course will emphasize the principles of pharmacology as they relate to medication administration in the medical office and clinic settings. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Acceptance into the Medical Assisting program/plan 0359 and Grade of C or better in Biology 120.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: MX WR

Health 108
Fundamentals of Ambulatory Billing & Coding
This course covers performance of coding procedures; application of third party and managed care policies, procedures, and guidelines, including obtaining referrals and pre-certifications; and billing for services, including insurance claim forms and use of a physician's fee schedule. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Acceptance into the Medical Assistant program/plan 0359 and Grade of C or better in Biology 120.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: WR

Health 109
Medical Assisting & Externship Practicum
This course requires a minimum of 160 hours of supervised, non-salaried experience in a variety of health care settings. Students will be assigned to clinical sites. This course requires 16 practicum hours per week. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 20 Lab Hours. 6 Credit Hours.
Offered at: WR

Health 250
Health Education
Trends and issues of personal and community health; stress ways to maintain good physical and mental health; ecology, drugs, alcoholism, human sexuality, nutrition, disease and related topics. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX TR HW WR

Health 251
First Aid
Standard American Red Cross course in first aid; principles and practices of first aid for all age levels; safety and accident prevention stressed; First Aid Standard and Advanced certificates awarded to students completing the course successfully. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
Health Information Technology 105
Pharmacology for HIT Professionals
Course offers comprehensive coverage of pharmacology as it relates to clinical documentation in the health record. Content includes medical terminology, drug classifications, therapeutic use in diseases and conditions, adverse effects, and side effects. This course introduces the student to the basic skills that are performed by the medical assistant in the medical office. The course will emphasize the principles of pharmacology as they relate to medication administration in the medical office and clinic settings.
Prerequisite(s): Grade of C or better in HIT 100.
2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Health Information Technology 108
Advanced ICD-10-CM/PCS Coding
Course covers the ICD-10-CM/PCS classification systems required to organize medical information for retrieval and reporting. Focus in on both the ICD-10CM disease classification system and ICD-10-PCS classification system. Work focuses on mastering skills in coding diseases and procedures and abstracting medical data. Hands-on experience in coding site-specific cases. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in HIT 103
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Health Information Technology 109
Advanced CPT Coding
Course covers principles and guidelines of CPT coding in both hospital-based and ambulatory environments. Students master coding skills in using CPT to report reimbursable services. Hands-on experience in coding site-specific cases. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in BIOLOGY 116 and HIT 104.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Health Information Technology 110
Medical Terms for HIT Professionals
This course presents medical terminology through study of medical word roots, prefixes, and suffixes. Focus of the course is on the relationship among symptomatic, disease, and procedural terms. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Information Technology 201
Fundamentals of Medical Science
Course provides introduction to medical science. Content includes study of nature and cause of disease, treatment and management of patients, and practical application of knowledge by health information management professional. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in HIT 100.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Information Technology 202
Advanced Coding ICD9/10-CPT-4
This course provides advanced coding techniques for the CPT-4, ICD-9-CM, and ICD-10M/PCS coding systems with emphasis on official coding guidelines, and sequencing. Emphasis on case studies, health records, and federal regulations regarding perspective payment systems and methods of reimbursement. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in HIM 103 AND HIM 104, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Health Information Technology 207
Health Information Management Clinical Practicum
This course is a practicum course that provides practical experience for students enrolled in the Associates Degree in Health Information Management program. This practicum is focused on the application and synthesis of knowledge, skills, and abilities developed as part of the health information management associate degree curriculum to a healthcare setting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Concurrent enrollment in HIM 206. Students must be in their last semester of the Associate Degree Program AND Consent of Department Chairperson.
1 Lecture Hour. 1 Credit Hour.
Offered at: MX

Health Information Technology 208
Health Information Database Management
This course introduces computer applications relevant for use in the HIM health sciences. Emphasis is placed on the use of, health-related software, the Internet, and various spreadsheets for interpreting hospital statistics. Upon completion of this course, the student should demonstrate basic competency in the use of computers and HIM related software.
1 Lecture Hour. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Health Information Technology 209
Pharmacology for HIM Health Professions
This course provides a framework to understand medications and their administration, and is appropriate for Medical Coding students. This is not an acceptable course for Clinical Nursing, Surgical Technologists, and Emergency Medical Service students. Students will be introduced to an extensive body of knowledge within a limited time frame through a concise yet adaptable format. They will examine drug classifications through their indications, side effects, precautions, and interactions and client education. An introduction to prescription abbreviation will be covered. The increasing need for all health care professionals to provide a clear and accurate patient education will be addressed through highlighted sections and case studies.
Prerequisite(s): Grade of C or better in HIM 102.
2 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: MX

Health Information Technology 211
Intermediate ICD-CM Coding
This course introduces the student to the basic ICD-CM basic coding guidelines for diagnoses used in hospitals, physician offices and other healthcare settings. By practical application of the official coding guidelines, the student will become familiar with ICD–CM diagnostic coding for all body systems and conditions. Topics include the format of ICD–CM practice code assignment, ethical coding principles, and software with practical applications. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in HIM 102.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Information Technology 212
ICD-PCS
This course introduces the theory, structure, and organization of the International Classification of disease using ICD-10-CM/PCS system. Emphasis is placed on the importance of body structure, procedures, application of coding principles and official guidelines for coding and reporting. The student is introduced to Diagnosis Related Groups (DRGs) and their relationship to coding using the encoder. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in HIT 101,102,103,104 AND HEALTH 102.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Information Technology 213
Supervisory and Legal Aspects
Course studies impact of legal system on health information. Focus of this course is on the health record as a legal document, and effect of confidential communication laws, including HIPAA, on release of information and use of health information. Content of this course also includes management principles and supervisory role in healthcare organizations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Earned Advanced Certificate in HIT
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Information Technology 214
Quality and Performance Improvement
Course covers trends in healthcare quality control and performance, Performance Improvement (PI) foundations, fundamentals and principles. It reinforces understanding of PI concepts and issues with case studies and real-world scenarios. Hands-on practice through analytical and practical tools. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Earned Advanced Certificate in HIT
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Information Technology 221
Professional Practice I
Continuation of HIT 221. This course provides opportunity to increase proficiency in coding skills, gain knowledge and skill in release information, patient care evaluation procedures, supervisory duties, and ambulatory care settings. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Concurrent enrollment in HIT 109 and HIT 203.
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.
Offered at: MX

Health Information Technology 222
Professional Practice II
Continuation of HIT 221. This course provides opportunity to increase proficiency in coding skills, gain knowledge and skill in release information, patient care evaluation procedures, supervisory duties, and ambulatory care settings. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Earned Advanced Certificate in HIT
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.
Offered at: MX

Health Professions 101
Patient Care Technician Training
This course is designed for students interested in allied health fields. The course introduces students to the healthcare delivery system, health professions, primary patient care, fundamental clinical skills and healthcare communications. Safety, healthcare professionalism, employability skills, basic infection control, HIPPA, and OSHA are also included. The course will prepare individuals to accurately perform electrocardiograms as a supportive diagnostic procedure. Basic arrhythmia recognition will be taught to enable the student to recognize familiar ECG patterns including major life threatening rhythms. Additionally, the student will learn basic venipuncture techniques and human specimen management for diagnostic purposes. The course will consist of theory and lab experience to promote competence. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better, OR concurrent enrollment in English 101, OR consent. Completion of the H2P orientation program. Current/valid CNA Certification. OR CCC's BNA program and CPR certification. Up to date vaccination history or exception
4 Lecture Hours. 4 Lab Hours. 6 Credit Hours.
Offered at: MX
Health Professions 102
Health Career Studies
This course introduces students to the integral knowledge and professional skills required to be successful in healthcare careers. It prepares students for the rigor of healthcare career programs. It emphasizes understanding of the professional culture, retention and application of key foundational skills for professional healthcare practice, application of health information technology, and demonstrating cultural competence in interactions with others. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 or consent of Program Director or Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

HEALTH SCIENCE (0124)

Health Science 101
Trends & Issues in Health Care Delivery
Introduction to health care delivery systems. Various health professions will be presented with emphasis on their primary role and how they interact or complement each other in delivery of health care services. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Science 102
Professional Medical & Health Care Practices
This course includes the study of acronyms and current professional jargon used in the medical and healthcare environment. Emphasis includes examination of data used in the delivery of healthcare and the characteristics of the healthcare workforce. Chronic illness and rehabilitative care will be examined as well as primary and specialty care in light of managed care. The process of accrediting and licensure of health science programs will be explored. A case study format involving inter-disciplinary health science programs will be reviewed, emphasizing systematic clinical applications. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

HEALTH TECHNOLOGY TC4 (0334)

Health Technology TC4 107
Health and the Public
Students will examine both historical and contemporary public health stories focusing on the United States to begin to understand the contexts, systems, professionals, tools and skills associated with the public health enterprise. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 120
Public Health Study of Disease & Epidemics
This course is designed to introduce the basic principles surrounding the distribution of disease and epidemics in human populations. Through the use of lectures and field exercises, students will learn the fundamentals of epidemiology, and the basic science of public health. From historical perspectives to current day context, how disease differentially impacts populations will be the focus. Topics covered include surveillance of disease, the distribution of health outcomes (with particular emphasis on health inequities), outbreak investigation, the impact of the media on health outcomes, measurement of health outcomes, study design, and the impact of epidemiologic students on policy development and implementation. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 121
Introduction to Community Health Work
This course provides an overview of the health care system and community health work. Students will gain an understanding of the role of the community health workers, the scope of their function and how they interact with other health personnel and resources. It includes principles of effective verbal and non-verbal communication to assist students in encouraging positive interaction. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 122
Assessing Community Resources
This course will provide students with a brief overview of public health, its services and core functions in the protection and promotion of health and prevention of diseases and injury. It will include selected international, national and local health organizations that influence public health. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, CIS 120, 334HLTH 121.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX
Health Technology TC4 123
Community Health Problems
This course will focus on developing community leadership and capabilities to identify and address community health needs. This course is designed to help students develop self, client and community capacities to protect and improve health. Emphasis is on building individual and community participation in health through information sharing, informal counseling, social support, health skills instruction, community-wide assessments and promoting changes in negative behaviors. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, CIS 120, AND 334HLTH 121.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 124
Communicable Diseases
This course will provide students with an overview of communicable disease. It will provide the student with information on prevention, referral courses and treatment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, CIS 120, AND 334HLTH 121.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 125
Nutrition, Exercise and Disease
This course will provide students with the information necessary to promote healthy eating styles and proper food preparation for all age groups. This course gives students information about identifying the relationship of diet to disease. Attention is given to the treatment of disease by diet modification. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 126
Human Development Overview
This course provides students with information on pre-conceptual, prenatal care, fetal development and newborn care. Students will gain an understanding of the various stages of human development and recognize their role in promoting acceptable standards of health care. This course includes information of the important role parents have in the development of children. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, CIS 120, AND 334HLTH 121.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: MX

Health Technology TC4 127
Portfolio Development
This course provides students the opportunity to carefully select, purposefully organize their professionally related academic accomplishments. It provides documentation of the student's having met the entry-level competency skill standards for community health workers. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, CIS 120, AND 334HLTH 121.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 128
Adult and Senior Health
This course will focus on adult health throughout the early, middle and later stages of adult development and health issues. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, CIS 120, AND 334HLTH 121.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 129
Substance Abuse Issues
This course gives the student an overview of what substance abuse is and how to recognize it. Students will become familiar with misuse and abuse of substances ranging from over the counter medications to highly controlled narcotics. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, CIS 120, AND 334HLTH 121.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 130
Mental Health Issues
This course will provide an overview of mental issues and concerns of community and families. This course also covers the more prevalent diseases such as depression, domestic violence, developmental delays, alcoholism, etc. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 131
Case Management Fundamentals
This course is designed to provide the student with the basic case management skills. The focus of this course is on the main components of case management, outreach, screening, intake, referrals, and follow-up. Students will learn about home visits, universal precautions and handling emergencies on the job and in the community. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, CIS 120, AND 334HLTH 121.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Health Technology TC4 132
Field Experience
This course is an introduction to clinical experience in community health that includes field experience and basic skills for working effectively in communities in order to serve as a liaison between health care and social service providers and the communities they serve. It includes providing patient advocacy, utilizing professional communication skills, and incorporating approaches for working effectively with community health agencies such as public health departments, schools, correctional health, and other appropriate agencies. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and enrollment in the CHW Certificate Program-program plans 716, 717-OR- 718.
8 Lab Hours. 4 Credit Hours.
Offered at: MX

HISTORY (0085)

History 111
History of American People To 1865
Exploration of the new world and its colonization; study of colonial life with emphasis on cultural heritage and the American Revolution; emergence of American nation traced through major trends and events in economic, political, cultural, social and intellectual affairs; includes past and present American cultural patterns. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: S2 900 GE: Social & Behavioral Sciences
History 112
History of American People From 1865
American history from the close of the Civil War to the present; political and economic developments, and social, intellectual and cultural changes. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: S2 901 GE: Social & Behavioral Sciences

History 113
United States Labor History
Labor movements development in the United States; worker issues such as wages, hours, working conditions are analyzed within their historical context; labor legislation, collective bargaining, social insurance, government intervention and prospects for organized labor are examined in their historical setting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK TR WR
GE: Social & Behavioral Sciences

History 114
The Afro-American In American History
Role of the African-American in American culture and the historical traditions which give rise to current dilemmas confronting the American community: traces history of people of African heritage from the background of African culture and slave trade as they became a part of American life. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH HW
GE: Social & Behavioral Sciences HD Course

History 115
Afro-American History Since 1865
Reconstruction period after the Civil War; black politics in the new South; rise of Jim Crow sentiment; alliance of northern industry and southern Bourbonism; early northwest migrations and urban culture; growth of civil rights organizations; W. E. B. DuBois and Booker T. Washington; blacks in World Wars I and II; post-war developments. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK MX OH TR HW
GE: Social & Behavioral Sciences HD Course

History 117
History Of Chicago Metropolitan Area
Evolution of Chicago metropolitan area from frontier outpost to modern metropolis; economic, social, political and cultural changes, analysis of institutions, discussion of current problems requiring solution in context of their historical background. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK HW
GE: Social & Behavioral Sciences

History 118
Women In American History
Introduction to history of women in America, women's changing status in society; effect of major events and forces on women's lives; women's role in reform; discussion of recent problems in light of past developments. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA HW
GE: Social & Behavioral Sciences HD Course

History 141
History of World Civilization to 1500
Definition and flowering of the classical civilizations of Eurasia, Africa, and the Americas. Emphasizes environment, cultural diffusion, and technology as shaping forces in world history; empires and trade links; the major religious systems to 1500 C.E. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: S2 912N GE: Social & Behavioral Sciences HD Course

History 142
Hist World Civiliz Frm 1500
Effects of the military, scientific, industrial, and democratic revolutions on the balance of civilization after 1500 C.E. Topics include: the gunpowder empires; the "Columbian exchange;" colonialism and the price revolution; capitalism and liberalism in global perspective; nationalism and dictatorships: the century of total war; the shifting world balance in the new millennium. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: S2 913N GE: Social & Behavioral Sciences HD Course

History 201
The History of the Mexican People
This course will survey over a thousand years of Mexican history, beginning with the first migrants from Siberia, followed by the ancient Olmec, Toltec, Mayan and Mexico-Tenochca civilizations, and Spanish colonial rule. In addition, the course will examine the origin and development of Mexican culture. Regional, national and international laws and policies impacting Mexican and Mexican-American communities are analyzed. Concepts such as colonization, nationalism, and globalization's impact on Mexico's peoples are considered from a historical, social and economic perspective. Finally, the course will evaluate class inequalities in Mexico by analyzing the relationship of economics, gender, ethnicity and social class. Writing assignments will be required as appropriate for the discipline.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

History 211
Problems In History
Methods of historical research; specific subject matter depends on faculty member in charge. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK
GE: Social & Behavioral Sciences
History 212
History & Culture Of China
Study of Chinese history from Asian dynasties to the present. Political, economic, and cultural structure of traditional Chinese civilization, foreign relations, invasions, and consequences including the rise of the Communist Party and the emergence of modern Communist China. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA MX TR
GE: Social & Behavioral Sciences  HD Course

History 225
Modern Middle East History
This course examines the history of the Modern Middle East since World War I by looking at the challenges posed by imperialism and the rise of nationalism in the area. The region studied encompasses the Arab world, Israel, Turkey, and Iran. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA HW
IAI: S2 920N GE: Social & Behavioral Sciences  HD Course

Modern European History 1500-1830
Medieval backgrounds, the Reformation and religious struggles, the development of nation-state, commercial revolution, colonization and European expansion. Includes the rise of Prussia and Russia and the French Revolution. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
GE: Social & Behavioral Sciences

History 226
Modern European History Since 1830
Recent European history, includes 19th century background, emphasis on the period following the Versailles Treaty of 1919. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW

HORTICULTURE (0096)

Horticulture 101
Intro To Ornamental Horticulture
Plant structures, terminology and use of identification keys; study of culture and use of annuals, biennials, herbaceous perennials. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: OH

Horticulture 104
Plant Propagation
Techniques used in reproducing plants, both from seed and vegetative parts; propagating units, factors affecting rooting, growth substances, rooting media and seed treatment; principles of heredity, structure of genetic material and mechanics of transmission, and importance of genetics in hybridization. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lecture Hours. 4 Credit Hours.
Offered at: OH

Horticulture 105
Identification of Herbaceous Landscape Plants
This course focuses on identification of herbaceous plants used in the landscape. Study the ornamental value, use and culture of annuals, biennials and perennials. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission to the Horticulture program/plan 241.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: HW

Horticulture 202
Landscape Design I
Aesthetic and economic importance of grounds improvement, residential and commercial; site analysis, requirements of landscape plans, scale drawings and landscape symbols; nursery classification, selection of plant materials and landscape construction. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lecture Hours. 4 Credit Hours.
Offered at: HW

Horticulture 205
Arboriculture
Continuation of plants identification, covering use and culture of deciduous and evergreen trees and shrubs. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

HOSPITALITY MANAGEMENT (0330)

Hospitality Management 724
Hospitality Management
This class focuses on management skills within the hospitality industry including topics such as leadership styles, training and development, work environment, communication and team building. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 and Math 098 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 806
Customer Service Fundamentals
This class has a defined focus on how to provide the service that is expected when a person is a guest at a hotel, restaurant, banquet hall, casino or other venue. It covers interactions with guests, responses to difficult situations, service recovery and how to develop better interpersonal skills that will lead to outstanding customer service. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 AND Math 098.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 807
Hospitality Financial Management
Essential managerial accounting functions utilized in the hospitality industry. This class is meant to be a foundation for managers in the hospitality industry. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 AND Math 098.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 808
Restaurant Operations
Fundamentals of basic restaurant management are covered in the course where students are exposed to the entry level front-of-house positions that create the core of operations to the management of those employees and beyond including customer service and financial management. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 AND Math 098.
3 Lecture Hours. 1 Lab Hour. 4 Credit Hours.
Offered at: KK

Hospitality Management 810
Bar and Beverage Management
Fundamentals of basic restaurant management are covered in the course where students are exposed to the entry level front-of-house positions that create the core of operations to the management of those employees and beyond including customer service and financial management. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 AND Math 098.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 812
Hotel and Lodging Operations
Fundamentals of basic hotel and lodging management are covered in this class where students will learn the duties and responsibilities associated with hotel operations. Departments explored include front desk, housekeeping, sales and marketing, engineering, food and beverage and accounting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 AND Math 098. Grade of C or better in HMGT 806,807,808, 330CUL 700,701,703,705,708 and 723, OR Consent of Department Chairperson.
3 Lecture Hours. 1 Lab Hour. 4 Credit Hours.
Offered at: KK

Hospitality Management 814
Front Office Management
This class focuses on management skills within the hospitality industry including topics such as leadership styles, training and development, work environment, communication and team building. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 and Math 098 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 816
Sales and Marketing Management
This class focuses on management skills within the hospitality industry including topics such as leadership styles, training and development, work environment, communication and team building. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 AND Math 098.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 818
Food and Beverage Management
This class focuses on management skills within the hospitality industry including topics such as leadership styles, training and development, work environment, communication and team building. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 AND Math 098.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 820
Leadership and Team building in Hospitality Management
This class focuses on management skills within the hospitality industry including topics such as leadership styles, training and development, work environment, communication and team building. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 AND Math 098.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
Hospitality Management 814
Hospitality Procurement
Comprehensive look at acquisition of goods and services starting from the buyer determining what is needed to the actual receiving of the goods purchased. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 and Math 098. Grade of C or better in HMGT 806,807,808, 330CUL 700,701,703,705,708 AND 723, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 816
Introduction to Hospitality Marketing Principles
Fundamentals and foundations of hospitality marketing. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 and Math 098. Grade of C or better in HMGT 806,807,808, AND 330CUL 700,701,703,705,708 AND 723, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 830
Catering and Event Management
Students will learn aspects of effective planning which in turn leads to successful execution of events and will be exposed to menu design, room selection, cost control, pricing, contracts and managing an event. Sales and marketing, financials, food and beverage service, and staffing will also be covered. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 and Math 098. Grade of C or better in HMGT 806,807,808, AND 330CUL 700,701,703,705,708 and 723, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 835
Introduction to Casino Operations Management
As an introduction to casino organization and culture, this class will explore the history, systems and technology and marketing crucial to casino and gaming operations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 and Math 098. Grade of C or better in HMGT 806,807,808, and 330CUL 700,701,703,705,708, AND 723, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Hospitality Management 860
Hospitality Internship
This course is designed to provide employment skills as a concurrent and integral part of a student’s educational program in hospitality, culinary and baking and pastry. Students are placed in an approved employment situation mutually agreed upon by the student college staff, and employer, with the opportunity of applying knowledge and being exposed to work methods and settings unavailable in the classroom. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in CUL 701,703,705,708,723 or Grade of C or better in BKPS 767,768,769,770,771 or Grade of C or better in HMGT 806,807,808,812.
20 Lab Hours. 4 Credit Hours.
Offered at: KK

HUMAN DEV AND FAMILY STUDIES (0168)

Human Dev and Family Studies 201
Human Development and Sexuality
A study of the social and psychological aspects of human sexuality. Topics include sexual development, cultural influences, gender identity, sexual dysfunctions, love and relationships. Emphasis will be placed on the mental and emotional aspects of human sexuality as well as current issues. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in PSYCH 201.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Human Dev and Family Studies 202
Intimate Relationships
An overview of theories and research related to intimate/romantic relationships as well as family members, friends, and professional. Students will be encouraged to think critically about the various components of healthy relationships including comparative research within self expectations and effects of such as perpetuated by the media and other sources. Topics include communication, conflict, love, stress, strains, and overall impact on relationships. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in CHLD DEV 101 and CHLD DEV 102.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Human Dev and Family Studies 203
Family Development/Cross Cultural Perspective
Course includes information on families and culture through an examination of research on child development, child rearing across cultures, and issues of equity, power and privilege. Readings and discussion on how culture and context influence all aspects of development whereby students gain in-depth understanding of families and lifestyles, communication and conflict, domestic violence, dysfunctions within families and inter-generational families. Course also provides a knowledge base for family assessment, understanding one’s own family, tools to prepare one to work with families in a variety of settings and across the lifespan. Topics such as child rearing, language differences, racial identity, cultural traditions, and socio-economic status will be covered. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in CHLD DEV 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Human Dev and Family Studies 204
Family Life Education
Introduction to and history of the professional and practice of family life education, including needs assessment, evaluation of programs, understanding group process, and contexts of family life education. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in CHLD DEV 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Human Dev and Family Studies 205
Internship for Human Development
Participation in occupational area of study, work experience under supervision of both college and employer. Internship objectives developed by student and faculty advisor, with approval of employer, to provide appropriate work-based learning experience at the site 15 hours per week. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completed and accepted application, Grade of C or better in CHLD DEV 101 and 102, all courses in HDFS program including any special certificates.
2 Lecture Hours. 20 Lab Hours. 6 Credit Hours.
Offered at: TR
Humanities 100
Critical Readings in Humanities
For students with little or no prior exposure to humanistic studies; an opportunity to improve and gain confidence in reading and writing skills in subject areas where creativity and imagination play a much greater part than they do in most basic skills courses. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

Offered at: OH HW
IAI: HF 904N GE: Fine Arts & Humanities HD Course

Humanities 216
Athletics in the Ancient World
A survey of ancient events that emphasizes the role of sports in ancient societies. The course focuses on various aspects of athletics and provides a comparative examination of ancient and modern sports activities and athletic values. Some topics will include: sportsmanship in the ancient world, rules of the games, training and competing, women in ancient athletics, religion in ancient athletics, and athletics in ancient myth. Students will examine and discuss many types of ancient evidence, including readings in translation from several ancient literary texts, paintings, sculpture, and archeological remains. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

IBEW (0432)

IBEW 702
Electrical Circuitry
This course will include a study in circuitry used in the residential housing industry in the Chicago metropolitan area. Installation practices. Practical hands-on wiring skills such as splicing and termination will be taught. The students are expected to apply themselves, learn and accomplish entry levels of proficiency in these subject areas. Writing assignments, as appropriate to the discipline, are part of the course.
3.5 Lecture Hours. 3 Lab Hours. 4.5 Credit Hours.
Offered at: DA

IBEW 703
Conduit Bending I
This course is designed to teach the student the various methods of bending conduit employed in the electrical construction industry. The focus of the course is on hand-type benders and methods of conduit installation utilized in the commercial, industrial and residential housing industry. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 4.5 Lab Hours. 3.5 Credit Hours.
Offered at: DA

IBEW 704
Construction Technology
This course will include a study of common hardware and wiring materials used in the electrical construction industry. This course will include first aid, personal safety, and job site safety; the use of rope, knot tying, and basic rigging; drill gauges, drilling and tapping holes in metal, and drill sharpening; using knockout sets, hole saws, concrete anchors and fastening devices; and the use and care of hand tools, drill motors, hammer drills and grinding wheels. Writing assignments, as appropriate to the discipline, are part of the course.
3.5 Lecture Hours. 3 Lab Hours. 4.5 Credit Hours.
Offered at: DA

IBEW 705
Print Reading I
Upon completion of this course the student will have gained a thorough knowledge of residential prints and their use with the National Electrical Code. Writing assignments, as appropriate to the discipline, are part of the course.
3.5 Lecture Hours. 3.5 Credit Hours.
Offered at: DA

IBEW 706
Conduit Bending II
Upon completion of this course the student will have gained skills in advanced conduit bending techniques utilizing mechanical leverage benders and hydraulic benders commonly used in the electrical construction industry. Hand-operated and automatic cutting and threading devices will also be mastered. Writing assignments, as appropriate to the discipline, are part of the course.
2.5 Lecture Hours. 3 Lab Hours. 3.5 Credit Hours.
Offered at: DA

IBEW 707
Fire Alarm Systems
Upon completion of this course the student will have mastered the basic concepts and theory of installation and maintenance of fire alarms systems and fire suppression systems currently in use in the electrical construction industry. Testing, troubleshooting and safety techniques through hands-on training and field simulated problems are developed. The course will also discuss the Chicago and National Electrical Codes as they pertain to the installation and maintenance of fire alarm systems. Writing assignments, as appropriate to the discipline, are part of the course.
2.5 Lecture Hours. 3 Lab Hours. 3.5 Credit Hours.
Offered at: DA

IBEW 708
Motor Control Systems
Upon completion of this course the student will have mastered the basic concepts and theory of installation, operation, and maintenance of motor control devices commonly used in the electrical construction industry. Skills in testing, troubleshooting, and safety techniques will be developed through hands-on training and the use of field simulated problems. In addition, this course includes a discussion of the theory and the practical application of transformers as used in the electrical industry. Writing assignments, as appropriate to the discipline, are part of the course.
2.5 Lecture Hours. 3 Lab Hours. 3.5 Credit Hours.
Offered at: DA

IBEW 709
Print Reading II
Upon completion of this course the student will have gained through knowledge of, commercial and industrial construction prints and their use with both the Chicago Electrical Code and National Electrical Code. Writing assignment, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA

IBEW 710
Programmable Control
Upon completion of this course the student will have mastered the basic concepts and theory of installation, operation, and maintenance of programmable control systems commonly used in the electrical industry. Programming techniques and hands-on training will be provided in the lab on Allen-Bradley systems PL5/20, PLC5/11, and SLC 5/03 CPU programmable controllers. Writing assignments, as appropriate to the discipline, are part of the course.
3.5 Lecture Hours. 3 Lab Hours. 4.5 Credit Hours.
Offered at: DA
IBEW 711  
**Communications**

The BICSI Installer level telecommunications cabling installation training is designed for individuals with 2 to 5 years of low voltage cabling experience. The class combines lecture with hands-on skills practice using tools and equipment provided in class. The following areas are covered: ANSI/TIA/EIA wiring Standards and the National Electrical Code. LAN cabling system characteristics and network topologies, media and media characteristics, transmission fundamentals, connectorization, grounding and bonding, pulling and terminating copper and fiber, testing and troubleshooting copper and fiber, splicing fiber, fire stopping site surveys and safety practices. There will be a final examination and a period of structured on-the-job training to be completed at the student’s workplace. Writing assignments, as appropriate to the discipline, are part of the course.

**3.5 Lecture Hours. 4.5 Lab Hours. 4.5 Credit Hours.**

**Offered at:** DA

---

IBEW 712  
**HVAC Systems**

Upon completion of this course the student will have mastered the theory of thermal dynamics and the processes used in the heating, ventilation and air-conditioning systems. Hands-on training is an integral part of the course. The course will cover skills in piping, brazing, soldering, and the E.P.A. standards for charging, and systems. Hands-on training is an integral part of the course. The course will cover dynamics and the processes used in the heating, ventilation and air-conditioning systems. Writing assignments, as appropriate to the discipline, are part of the course.

**3.5 Lecture Hours. 3 Lab Hours. 4.5 Credit Hours.**

**Offered at:** DA

---

IBEW 713  
**Instrumentation**

Upon completion of this course the student will have mastered the theory of thermal dynamics and the processes used in the electrical construction industry. The student will master the theory of flow, pressure, temperature, and level. Calibration techniques are taught through hands-on training, bench testing, and lab work with a variety of instruments, the Fluke 702 Calibrator and the Rosemount Communicator. Writing assignments, as appropriate to the discipline, are part of the course.

**3.5 Lecture Hours. 3 Lab Hours. 4.5 Credit Hours.**

**Offered at:** DA

---

IBEW 714  
**Technical Math I**

Upon completion of this course the student will have mastered the calculations and applications of the formulas used daily in the first year apprentice course of study and in the electrical construction industry. Writing assignment, as appropriate to the discipline, are part of the course.

**3 Lecture Hours. 3 Credit Hours.**

**Offered at:** DA

---

IBEW 715  
**Technical Math II**

Upon completion of this course the student will have mastered code calculations and problem solving techniques used in the application of Ohm’s Law in accordance with the National Electrical Code. Writing assignment, as appropriate to the discipline, are part of the course.

**3 Lecture Hours. 3 Credit Hours.**

**Offered at:** DA

---

IBEW 716  
**Electronics**

This course covers basic electronic and its application to the communications industry. The course will cover basic electric theory, direct current, alternating current, Writing Ohm’s Law, the use and calibration of electrical test equipment, electrical safety, soldering skill, series, parallel and combination circuits, and electronic components. Writing assignments, as appropriate to the discipline, are part of the course.

**3.5 Lecture Hours. 3 Lab Hours. 4.5 Credit Hours.**

**Offered at:** DA

---

IBEW 717  
**Structured Wiring**

This course provides the student with a thorough knowledge of the wiring materials commonly used in the communications industry. This course provides instruction on personal safety, jobsite safety and shop safety as it applies to the communications industry. In addition, there will be instruction in applicable EIA/TIA standards, BICSI requirements, media characteristics, transmission characteristics, fire protection, documentation, grounding, bonding, electrical protection, and other relevant industry practices. Upon satisfactory completion of the course, the student will be eligible for the BICSI Level I Installer Examination. Writing assignments, as appropriate to the discipline, are part of the course.

**3.5 Lecture Hours. 3 Lab Hours. 4.5 Credit Hours.**

**Offered at:** DA

---

IBEW 718  
**Integrated Systems I**

This course will introduce the student to the basic concepts and theory of digital and analog based audio communications systems. This course will cover skills in installation, balancing, testing and troubleshooting of audio communications equipment. Included are constant voltage audio systems, paging systems, background music systems, and sound reinforcement systems. Writing assignments, as appropriate to the discipline, are part of the course.

**2.5 Lecture Hours. 3 Lab Hours. 3.5 Credit Hours.**

**Offered at:** DA

---

IBEW 719  
**Integrated Systems II**

This course will cover the basic concepts and theory of transmission and distribution of digital and analog based video signals. This course will cover transmission line theory and signal propagation along with installation, testing and troubleshooting of video communications equipment. Writing assignments, as appropriate to the discipline, are part of the course.

**3.5 Lecture Hours. 3 Lab Hours. 4.5 Credit Hours.**

**Offered at:** DA

---

IBEW 720  
**Communication Systems Verification**

This course covers the testing, benchmarking and troubleshooting of fiber optic and copper based communications systems. Also covered are the proper use of field test equipment, electrical safety, transmission characteristics, fault location and analysis of field test results. Writing assignments, as appropriate to the discipline, are part of this course.

**2.5 Lecture Hours. 3 Lab Hours. 3.5 Credit Hours.**

**Offered at:** DA

---

IBEW 721  
**Fiber Optics**

This course covers the basic concepts and theory of digital transmission of communications over fiber optic communications cabling. This course will cover skills in installation, testing and troubleshooting of fiber optic connectors and cabling systems. This course meets the Fiber Optic Association Certification standards for Fiber Optic Association Certification standards for fiber optic installation. Writing assignments, as appropriate to the discipline, are part of this course.

**2.5 Lecture Hours. 3 Lab Hours. 3.5 Credit Hours.**

**Offered at:** DA
IBEW 722
Computer Networking
This course provides the student with an overview of the basics of networking from the component hardware to the topology and theoretical foundation of networks. Various types of networks and network topologies will be covered. Writing assignments as appropriate to the discipline, are part of this course.
3.5 Lecture Hours. 3 Lab Hours. 4.5 Credit Hours.
Offered at: DA

IBEW 723
Industrial Control Systems
Upon completion of this course, the student will be proficient in the field of industrial control and planning. Industrial control training will focus on modern systems incorporating feedback loops, analog and pneumatic signals, and the smart family of transmitters. The dominant process variables -- temperature, pressure, level, and flow -- will be employed in the development of these skills. The planning section of this course will cover electrical layout with an emphasis on initial conduit installation, reading blueprints of various building trades, calculating loads based on the electrical code, designing distribution systems, and sizing and protecting electrical conductors. Writing assignments, as appropriate to the discipline, are part of the course.
3.5 Lecture Hours. 2 Lab Hours. 4.5 Credit Hours.
Offered at: DA

IBEW 724
Electrical Power Systems
Upon completion of this course, the student will have mastered the theory of distribution and usage of electricity in common industrial settings. Hands-on training is an integral part of the course. The student will learn the basics of power distribution with an emphasis on transformers and the four basic power systems: delta, corner grounded delta, high leg delta, and wye. The student will learn about the largest user of this distributed power: rotating equipment - motors. The motors portion of the course covers single phase and three phase motors. The single phase motors include shaded pole, AC series, permanent split capacitor and motors with starting relays. The three phase motors include wye, delta and wye/delta motors. Finally, the students will learn the newest technique for motor control, variable speed drives. The course will cover the theory of pulse width modulation and the safe operation of frequency drive motors. The student will learn about line lengths, over voltage, overheating, harmonics, and drive components. Writing assignments, as appropriate to the discipline, are part of the course.
3.5 Lecture Hours. 2 Lab Hours. 4.5 Credit Hours.
Offered at: DA

IBEW 725
Low Voltage Systems
Upon completion of this course, the student will have mastered the basic concepts and theory of the installation and maintenance of low voltage systems currently in use in the electrical construction industry. Installation, testing, troubleshooting and safety techniques through hands-on training and field simulated problems are developed. This course will cover topics in security, life safety, access, environmental controls, communications, data transfer, and data storage. The associated electrical codes are included in daily discussions as they pertain to installation and maintenance of low voltage systems. Writing assignments, as appropriate to the discipline, are part of the course.
2.5 Lecture Hours. 3 Lab Hours. 3.5 Credit Hours.
Offered at: DA

INTEGRATED COMMUNICATION (0139)

Integrated Communication 100
Integrated Communication St
This course prepares students to successfully complete the General Education communication sequence of English 101 and English 102 by providing necessary critical reading, writing, and thinking skills. The course will address the writing process, critical reading strategies, rhetorical strategies, metacognition, academic literacy, and conventions of academic discourse, and, as needed, issues of grammar, structure and style. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 1 Credit Hour.
Offered at: KK MX OH TR HW WR

INTERDISCIPLINARY STUDIES (0104)

Interdisciplinary Studies 101
College Success Seminar
Introduction to academic skills that foster success in college and after college, critical thinking, reading, and writing as well as study skills, time management and stress management, use of technology for communication and research. These skills will be learned through the topic of the course which will be based in the idea of “Self and Community,” but will vary depending on the instructor and department teaching the course. Topics will be approached from a variety of perspectives that represent interdisciplinary academic inquiry, and students will consider how to take personal responsibility for academic and career choices through exploration of relationship between self and community. Students will be required to do either twelve hours of service learning related to the content of the course, or to meet other criteria for an equivalent number of hours spent in outside activities as determined by the instructor. Writing assignments, as appropriate to the discipline, are part of the course.
1 - 3 Lecture Hours. 1 - 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Interdisciplinary Studies 102
Career Development and Decision Making
This course helps students develop additional skills to aid in the transition from being a college student to being an employee. Learners will identify personal challenges that might affect their success and develop specific plans to address them. Overall, students will use critical thinking and self-reflection to develop soft skills that enhance employment preparedness. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 or Consent of Department Chairperson.
1 - 3 Lecture Hours. 1 - 3 Credit Hours.
Offered at: DA KK OH HW WR

Interdisciplinary Studies 103
News Literacy and Civic Engagement
Fundamental critical evaluation of diverse news formats through the application of information literacy and media literacy. Topics explored in relation to the culture of civic engagement. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH HW WR

Interdisciplinary Studies 104
College Success: Special Topics
This course introduces students to the expectations of the college community and helps them develop skills that promote success during and after their college career. Topics will include note-taking methods, study and test-taking strategies, problem solving and critical thinking, oral communication, use of technology and library resources, campus support services, time and stress management strategies, and career exploration. Students will also learn the importance of taking personal responsibility for their academic and career choices. Topics may be approached from a variety of interdisciplinary perspectives that focus on connecting individuals to their local and global communities. Through assignments that integrate community engagement, service learning, and/or on-campus service projects, students will make connections between their coursework and their lives. ARC: 3 times.
1 Lecture Hour. 1 Credit Hour.
Offered at: KK MX OH TR HW WR
**Interdisciplinary Studies 299**  
Interdisciplinary Studies and Service  
Students will engage in independent study to augment their educational plan. The course will engage students in service related projects and support activities such as professional networking, scholarly research, and attendance at seminars. Students will work outside the classroom setting and learn to become a practitioner in their field. Writing assignments, as appropriate to the discipline, are part of the course. This course is an allowed repeatable course, and may be repeated up to three times, and count for a maximum of 9 credit hours.  
**Prerequisite(s):** Eligibility for English 101 AND Consent of Department Chairperson.  
1-3 Lecture Hours. 1-3 Credit Hours.  
**Offered at:** DA KK MX OH TR HW WR

**ITALIAN (0052)**  

**Italian 101**  
First Course Italian  
Pronunciation and basic structures, speech patterns, reading, and writing skills. Writing assignments, as appropriate to the discipline, are part of the course.  
4 Lecture Hours. 4 Credit Hours.  
**Offered at:** DA HW  
**HD Course**

**Italian 102**  
Second Course Italian  
Continuation of Italian 101. Writing assignments, as appropriate to the discipline, are part of the course.  
**Prerequisite(s):** ACTFL Writing Proficiency Test (Score 2.00), or Placement test, or Italian 101, or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
**Offered at:** DA HW  
**HD Course**

**Italian 103**  
Third Course Italian  
Review and development of basic language skills, conducted in Italian. Writing assignments, as appropriate to the discipline, are part of the course.  
**Prerequisite(s):** Placement test, or Italian 102, or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
**Offered at:** DA HW  
**HD Course**

**Italian 104**  
Fourth Course Italian  
Review of language structure and interpretation of readings, conducted in Italian. Writing assignments, as appropriate to the discipline, are part of the course.  
**Prerequisite(s):** Eligibility for English 101 based on prior coursework or COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
**Offered at:** KK WR  
**IAI: H1 900 GE: Humanities HD Course**

**JAPANESE (0054)**  

**Japanese 101**  
First Course Japanese  
Pronunciation and basic structures, speech patterns, reading, and writing skills. Writing assignments, as appropriate to the discipline, are part of the course.  
4 Lecture Hours. 4 Credit Hours.  
**Offered at:** HW  
**HD Course**

**Japanese 102**  
Second Course Japanese  
Continuation of Japanese 101. Writing assignments, as appropriate to the discipline, are part of the course.  
**Prerequisite(s):** Placement test, or Japanese 101, or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
**Offered at:** HW  
**HD Course**

**Japanese 103**  
Third Course Japanese  
Review and development of basic language skills, conducted in Japanese. Writing assignments, as appropriate to the discipline, are part of the course.  
**Prerequisite(s):** Placement test, or Japanese 102, or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
**Offered at:** HW  
**HD Course**

**Japanese 104**  
Fourth Course Japanese  
Review of language structure and interpretation of readings, conducted in Japanese. Writing assignments, as appropriate to the discipline, are part of the course.  
**Prerequisite(s):** Placement test, or Japanese 103, or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
**Offered at:** HW  
**IAI: H1 900 GE: Humanities HD Course**

**LATIN COURSES (0142)**

**Latin Courses 101**  
First Course Latin  
This course is the study of the Latin language that includes mastery of grammar and syntax, and etymology. The courses focuses on developing skills and strategies for acquiring new vocabulary and the understanding of sentences structure that increases the student's readiness to acquire other languages, related and non-related, and provides techniques that students can apply in many other fields.  
**Prerequisite(s):** Placement test, or Latin 101, or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
**Offered at:** KK WR  
**IAI: H1 900 GE: Humanities HD Course**

**Latin Courses 102**  
Second Course Latin  
This course is the study of more complex grammatical and syntactical constructions. The course will increase the student's Latin vocabulary and understanding of etymology. Students will analyze Latin roots and English words, parse and translate more difficult passages from actual works of Latin literature, and continue to recognize derivatives found in the Romance Languages. Writing assignments, as appropriate to the discipline, are part of the course.  
**Prerequisite(s):** Latin 101 with a C grade or better or Consent of Department Chairperson.  
4 Lecture Hours. 4 Credit Hours.  
**Offered at:** KK
Library & Information Science 101
Information Literacy

This course is to help students gain the information literacy skills that enable them to find, retrieve, gather, analyze, and use information so they can prosper as a student, citizen and life-long learner. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CC CRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA K K OH HW

Library & Information Science 105
Information Literacy Basics

This course is to help students gain the information literacy skills that enable them to find, retrieve, gather, analyze, and use information from a variety of print and electronic sources so they can prosper as students, citizens and life-long learners. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 100, or Grade of C or better in English 98, or Consent of Department Chairperson.
1 Lecture Hour. 1 Credit Hour.
Offered at: DA K K MX OH TR HW WR

Library Technology 0050

Library Technology 101
Intro To Library Procedures

Vocabulary, tools, systems, organization and equipment of modern libraries. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR HW

Library Technology 102
Multi-Media Technologies

Clerical and supervisory duties required in scheduling, circulation, maintaining, and operation of audio-visual and reproducing equipment. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR HW

Library Technology 125
Learning Resource/Library Practicum

Practice course in which students are placed in learning resource center/library situations. 20 hours per week plus two hour seminar. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in LIB TECH 101.
1-2 Lecture Hours. 10-20 Lab Hours. 3-6 Credit Hours.
Offered at: TR HW

Library Technology 201
Library Public Service

Clerical and supervisory duties required in reference and circulation areas. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Library Technology 203
Materials Preparation Procedures

Clerical and supervisory duties required in catalog departments; familiarization with commercially produced card catalog sets, classification tables and indices, subject headings, filing, cross referencing, typing forms and records. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA K K MX OH TR HW WR
IAI: H3 900 GE: Humanities

Prerequisite(s): Grade of C or better in LIB TECH 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR HW

Library Technology 250
Sysms & Computr Technology of Libraries

Clerical informational and supervisory duties required in reference, circulation, ordering, receiving and verifying library materials. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR HW

Linguistics 0132

Linguistics 101
Language And Culture

Examines the relationship between language and culture. Includes the language socialization of children, gender differences in language, standard varieties and dialects of language, the effects of language on thought, and the nature of language in personal relationships. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CC CRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR HW

Linguistics 102
Introduction To Linguistics

A general introduction to the theory of language, this course will focus on language systems, with particular attention to phonology, morphology, syntax, semantics, and regional and social varieties of English. Examples of general linguistic principles will be drawn from English as well as other languages known to those who teach the course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CC CRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR HW

Linguistics 103
Instructional Media Second Language Teachers

Introduction to a variety of instructional media used in classrooms and learning centers. Includes creative and effective use, adaptive application of materials, selection and evaluation, use and maintenance, and special techniques and devices for class instruction. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (CIS 101 or CIS 120), or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR

Literature 0036

Literature 110
Introduction To Literature

Introduction to Literature Representative poetry and prose. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CC CRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA K K MX OH TR HW WR
IAI: H3 900 GE: Humanities
Literature 111
Poetry
Reading of representative poems from various periods for analysis. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: H3 903 GE: Humanities

Literature 112
Drama
Reading of representative plays from various periods for analysis. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: H3 902 GE: Humanities

Literature 113
Fiction
Reading of representative novels and short stories from various periods for analysis. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: H3 901 GE: Humanities

Literature 114
Ideas in Prose
Introduction to significant prose writing in major areas of thought. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX HW
IAI: H3 904 GE: Humanities

Literature 115
Great Books Seminar/Topics Literature
This course focuses on the Great Books Foundations and Great Books texts and examines in-depth the global themes in the literature for enrichment, stimulation, pleasure and greater self-knowledge. Writing assignments, as appropriate to the discipline, are part of the course. 
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR
IAI: H3 907 GE: Humanities

Literature 116
American Literature from Colonial Days to Civil War
Early American social and political documents, novels, short stories and poems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW WR

Literature 117
American Literature from the Civil War to the 20th Century
American prose and poetry from 1865 to 1914. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK TR HW WR
IAI: H3 915 GE: Humanities

Literature 118
English Literature from Its Beginnings to the Age of Johnson
Important writers and representative literary forms. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR
IAI: H3 912 GE: Humanities

Literature 119
English Literature from the Romantic Revival to the 20th Century
Important writers and representative literary forms. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW WR
IAI: H3 913 GE: Humanities

Literature 120
Contemporary British & American Literature
Major British and American writers of fiction, poetry and drama of the 20th century. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK GE: Humanities

Literature 121
Contemporary African American Literature
Survey of major African-American writers from the period of Harlem Renaissance to present day. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: H3 910D GE: Humanities HD Course
Literature 122
Perspectives in Black Literature
Sequence and scope of writing development by blacks in America; analysis and interpreting of major works of prose, poetry and drama. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK MX
IAI: H3 910D GE: Humanities HD Course

Literature 123
Literature of the U.S. from the Civil War to the Present
Development of the literature of the United States from the Civil War to the present through the analysis of representative texts.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH
IAI: H3 915 GE: Humanities

Literature 124
Experimental Literature
New directions in writing; experiments in poetry, prose, drama and exploratory writing. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA
GE: Humanities

Literature 125
Psychology in Black Literature
Analysis of books by African-American writers from a psychological point of view; begins with autobiography of Frederick Douglass, concludes with black experiences by contemporary writers Cleaver and Jones. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
GE: Humanities HD Course

Literature 126
Contemporary American Literature
Major American writers of fiction, poetry, drama, and essays of the 20th Century. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX TR HW WR
IAI: H3 915 GE: Humanities

Literature 127
Contemporary British Literature
Major British, Irish and Scottish writers of fiction, poetry, drama and essays of the 20th century. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
IAI: H3 913 GE: Humanities

Literature 128
Latin American Literature
This course spans the centuries and the Western Hemisphere. It includes the pre-Columbian Mayan Indian authors of Popol Vuh and the world-renowned contemporary practitioners of magic realism. The course includes authors from Mexico, the Caribbean, Central America, and South America. Close attention will be paid to the historical and cultural context of the works. Readings, lectures, and course work will be in English. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA MX TR HW WR
IAI: H3 908N GE: Humanities HD Course

Literature 129
U.S. Latino (a) Literature
This course explores the trends and movements of various periods of U.S. Latino(a) literature in relation to U.S. Latino(a) social and cultural history. As part of the literature of the United States, these works are distinct from, although sometimes influenced by, Latin American literature, which is written in Spanish or Portuguese by authors native to Latin American and Caribbean countries. The U.S. Latino(a) texts in this course -- poetry, fiction, drama, memoir, and chronicle -- depict various issues and themes pertinent to this ethnic segment of the United States, including Latino(a) writers' stylistic and thematic contributions to American mainstream literature. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK HW WR
IAI: H3 910D GE: Humanities HD Course

Literature 130
Children's Literature
Survey of children's books, stories, magazines and related audio-visual material; criteria evaluated for building literature program within the classroom. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR HW
IAI: H3 918 GE: Humanities

Literature 131
Survey Of Afro-American Poetry
Historical and critical survey of African-American poetry; minor emphasis on Harlem Renaissance and major emphasis on contemporary African-American arts movements. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
IAI: H3 910D GE: Humanities HD Course

IAI: H3 913 GE: Humanities
Literature 132
Native American Literature
Emphasizing perceptions and perspectives, this introductory course will examine the construction of Native American identity by exploring the works of different Native American writers and filmmakers. It will carry out its pursuit by engaging with and interrogating the Eurocentric view of the Native Americans and the Native Americans’ view of themselves. The course will emphasize the history, style, and content of the literature, situating it in a political, social, and cultural context. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW
IAI: H3 910D GE: Humanities HD Course

Literature 133
African American Fiction
Aesthetic values that determine quality of fiction written by African-Americans who profess a national consciousness; short fiction from anthologies, environment, style and social implications emphasized; critical and creative writings required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW
GE: Humanities HD Course

Literature 137
The Black Woman In Black Fiction
Exploration of images of the African-American woman in novels and short stories through lectures, discussion, and optional out-of-class group sessions. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW
IAI: H3 911D GE: Humanities HD Course

Literature 150
Women's Literature
Ideas and philosophy of women writers as represented in their works; problems of women and works portraying women characters in modern British and American works. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: H3 911D GE: Humanities HD Course

Literature 153
Gay and Lesbian Literature
Guided each year by a central sub-theme of the larger Queer culture, this course focuses on literary works by gay, lesbian, bisexual and transgendered individuals. Students will learn and combine principles of argumentation, making clear distinctions between emotion and rationality, in their responses (in both oral and written form) to course content. As historical and cultural content for those readings are provided, the course will examine the authors’ theories (for instance, on topics related to class, race and gender) and the extent of their relevance in contemporary Queer Culture. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR
IAI: H3 911D GE: Humanities HD Course

Literature 155
Literature and Film
Analysis of literature in film; comparison of literary and film techniques, verbal and visual language, and film and modern literature. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH TR HW WR
IAI: F2 905 GE: Fine Arts & Humanities

Literature 156
Creative Non-fiction
A survey course of creative nonfiction in a variety of forms; personal narrative essays, true crime nonfiction novels, and first person cultural criticism. This course introduces students to a genre of literature, to practical approaches to the determination of literary meaning, and to the concerns of literature in general. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
IAI: H3 904 GE: Humanities

Literature 157
Graphic Novels
The world of graphic novels is a vast universe of stories ranging from the realistic and contemporary to the supernatural and historical. Students will read and discuss representative works with some attention to critical work and increase their enjoyment and appreciation of a variety of graphic novels, genres and creators while determining literary meaning, form, and value. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
IAI: F2 905 GE: Fine Arts & Humanities

Literature 211
Shakespeare
Critical reading and discussion of representative Shakespearean histories, tragedies, comedies and sonnets. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK TR HW WR
IAI: H3 905 GE: Humanities

Literature 220
World Literature
Survey of masterpieces in world literature; principal works and writers, literary periods, and traditions with selections from ancient times through present day. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
IAI: H3 906 GE: Humanities
Introduction to Diesel Technology

This course will provide students with concepts and skills required for engine construction, tune-up and troubleshooting procedures of diesel engines. Students will gain an understanding of alphanumeric coding and the integration of additional foundational skills required to identify and repair diesel engines. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111 and 330TRNS 113.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: OH

Logistics/Transportation/Distr 115

Suspension and Steering

This course will introduce students to the basic fundamental skills, technology, and service of automotive suspension and steering systems. Areas of studies include; diagnosis and repair of steering systems, diagnosis and repair of front suspension systems, diagnosis and repair of rear suspension systems, miscellaneous suspension and steering systems, and diagnosis and adjustment of wheel alignment. Group and individual activities engage students in problem-solving techniques and manipulative skills while completing industry related activities. Safety instruction is integrated into all activities. Students will also learn to identify and describe various steering systems used on diesel-powered vehicles and have an opportunity to inspect, diagnose, and repair steering problems. They will make needed repairs on the suspension system and perform wheel alignments. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111 and 330TRNS 113.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: OH

Logistics/Transportation/Distr 116

Diesel Brakes

This course is designed to provide the student with an introduction to the basic principles of brake systems of diesel powered equipment. Emphasis is on maintenance, repairs and troubleshooting. The student will apply knowledge and understanding of the basic theory and operation of the brake systems, diagnose brake components for wear and usability, repair brake components by rebuilding or replacing parts, and adjust brake components. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111,112,113,114,115, AND PHY SCI 112.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: OH

Logistics/Transportation/Distr 209

Diesel Electrical Systems II

This course will include the study of DC resistance and conductors, principles of DC circuits, fundamentals of alternating current and semiconductors, basic electronic circuits, and digital electronics. Writing assignments, as appropriate to the discipline, are part of the course.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: OH

Logistics/Transportation/Distr 211

Diesel Preventive Maintenance

This course introduces the student to the knowledge base and technical skills for all courses in the diesel preventative maintenance and inspection concentration. Areas of study include engine system maintenance, under hood and cab maintenance, electrical/electronic systems, frame and chassis maintenance. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111,112,113,114,115, AND PHY SCI 112.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: OH
Logistics/Transportation/Distr 213
Diesel Engine Construction II
This course will provide students with concepts and skills required for engine construction, advanced diagnostics of diesel engines, rebuilding and testing, repair of injection pumps and governors; troubleshooting engines and fuel system failures as well as the operation and adjustment of Cummins Pressure-Time System. Writing assignments, as appropriate to the discipline, are part of the course. Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111,112,113,114,115, AND PHY SCI 112.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: OH

Logistics/Transportation/Distr 214
Emission Controls
This course will provide students with in-depth study of how technology is used in the trucking industry. Current emissions control systems operations, troubleshooting and repair will be thoroughly addressed. Regulatory compliance, electronic vehicle management systems diagnostics, testing and adjustments will be discussed, along with hands on electronic diagnostic systems testing. Various OEM electronic fuel systems and diagnostic software will also be discussed and used. Writing assignments, as appropriate to the discipline, are part of the course. Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111,112,113,114,115, 116,209,211,213, AND PHY SCI 112.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: OH

Logistics/Transportation/Distr 215
Diesel Engine Performance
This course will provide students with theoretical and practical applications needed for the operation, servicing, and troubleshooting of various types of diesel engines. It will include the study of diesel fuels, diesel fuel supply systems, mechanical and electronic injection systems, computerized engine controls, as well as soot particle reductions. Diagnostic tools usage and problem solving to enhance engine performance are also incorporated into the class. Writing assignments, as appropriate to the discipline, are part of the course. Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111,112,113,114,115, 116,209,211,213, AND PHY SCI 112.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: OH

Logistics/Transportation/Distr 216
Heavy Duty Drives I (Manual)
This course introduces students to power train systems used on medium/heavy duty trucks. Topics include: introduction to power trains, clutches and flywheels, powertrain electronic systems, auto-shift mechanical transmissions, power take-offs, trucks drive lines, differentials and final drives, torque converters, and automatic transmissions. Writing assignments, as appropriate to the discipline, are part of the course. Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111,112,113,114,115, 116,209,211,213, AND PHY SCI 112.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: OH

Logistics/Transportation/Distr 217
Heavy Duty Drives II (Automatic)
This course will provide students with theoretical and practical applications of power train systems used on medium and heavy duty trucks. Areas of focus will include power take-offs, truck drive lines, introduction to power trains, clutches and flywheels, powertrain electronic systems, differentials and final drives, torque converters and automatic transmissions. Writing assignments, as appropriate to the discipline, are part of the course. Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111,112,113,114,115, 116,209,211,213, AND PHY SCI 112.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: OH

Logistics/Transportation/Distr 218
Heating and Air Conditioning
This course introduces systems used in medium/heavy duty trucks and heavy equipment. Classroom instruction on HVAC theory and operation along with local, state, and federal regulations are strongly emphasized. Topics include: HVAC safety, HVAC system theory and operation, A/C system component diagnosis and repair, HVAC system diagnosis and repair, HVAC operating systems and related controls, and refrigeration recovery, recycling, and handling procedures. Writing assignments, as appropriate to the discipline, are part of the course. Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111,112,113,114,115, 116,209,211,213, AND PHY SCI 112.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: OH

Logistics/Transportation/Distr 219
Hydraulic Systems
This course will provide students with theoretical and practical applications of hydraulic principles into mobile hydraulic circuits. Students will gain an enhanced learning of basic hydraulic components including assembly and disassembly of valves, pumps and cylinders; servicing, diagnosing, and preventive maintenance procedures will be performed on trucks and heavy equipment. Writing assignments, as appropriate to the discipline, are part of the course. Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111,112,113,114,115, 116,209,211,213,214,215,216,218, AND PHY SCI 112.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: OH

Logistics/Transportation/Distr 220
Advanced Diagnostics
This course will challenge students and expand upon skills and knowledge learned in previous Diesel Technology-related courses. Students will perform diagnostic testing, and engage in problem-solving techniques and replicate real-world diesel maintenance and repair conditions. Topics include diagnosis and repair of emission systems, computerized engine performance systems, and advanced low and high-pressure fuel systems; proper use of advanced engine performance diagnostic equipment will be addressed. Prepares students for ASE A9 certification test. Writing assignments, as appropriate to the discipline, are part of the course. Prerequisite(s): Eligibility for English 101 and Math 107. Grade of C or better in 330TRNS 111,112,113,114,115, 116,209,211,213,214,215,216,218 AND PHY SCI 112.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: OH

MANUFACTURING TECH TC1 (0340)

Manufacturing Tech TC1 104
Statistical Process Control
This course introduces the use of statistical process control (SPC) which ensures that production systems maintain quality through predictive control of variations. Various distribution curves and statistical control charts are introduced through specific production problems. The interpretation and use of process and product control data is presented through simulations of real scenarios. The course will also prepare students for the Manufacturing Skill Standards Council's Quality Practices and Measurement exam. Writing assignments, as appropriate to the discipline, are part of the course. Prerequisite(s): Grade of C or better in 340MFGT 139, AND Grade of C or better or concurrent enrollment in Math 125; OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA
Manufacturing Tech TC1 111  
Machining Processes I  
This course is an introduction to machine tools and metal-cutting processes used in manufacturing. Students complete projects that require precision layout, set up, machining, and inspection. These projects require students to perform various operations on engine lathes, drill presses and power saws. Students are also prepared to take the NIMS Level 1 Measurement, Materials and Safety test, and the MSSC Safety test. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for Reading 099 by COMPASS Reading (50-64), or Consent of Department Chairperson.  
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA WR

Manufacturing Tech TC1 112  
Machining Processes II  
This course is an introduction to machine tools and metal-cutting processes used in manufacturing. Students complete projects that require precision layout, set up, machining, and inspection. These projects require students to perform various operations on vertical milling machines, power saws and surface grinders. Students also have the opportunity to earn one or more NIMS Level 1 machining credentials including "Measurement, Materials and Safety," or "Job Planning, Benchwork, and Layout." Students with machine shop experience may attempt to earn NIMS Machining Level 1 in "Milling," or "Drill Press," or "Surface Grinding." Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for Reading 099 by COMPASS Reading (50-64), or Consent of Department Chairperson.  
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA WR

Manufacturing Tech TC1 123  
CNC Milling Operations & Programming  
This course introduces the programming setup and operation of CNC machining center. Topics include programming formats, control functions, program editing, part production, and inspection. Various projects will strengthen the students' skills in the proper use, programming, troubleshooting of this equipment. Students will also earn the NIMS level 1 CNC Milling Program, Setup, and Operate credentials. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 340MFGT 140 AND 340MFGT 112-1 OR Consent of Department Chairperson.  
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA WR

Manufacturing Tech TC1 137  
CNC Turning Operations & Programming  
This course introduces the programming, setup, and operation of Computer Numerical Control (CNC) turning centers. Topics include: programming formats, control functions, program editing, part production and inspection. Various projects will strengthen the students' skills in the proper use, programming and troubleshooting of this equipment. Students will also have the chance to earn the NIMS Level 1 CNC Turning Program, Setup, and Operate Credential. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 340MFGT 140 AND 340MFGT 111-1 OR Consent of Department Chairperson.  
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA WR

Manufacturing Tech TC1 138  
Intro to Solidworks  
This course covers part modeling, detailing and assembly design using SolidWorks software. SolidWorks is a feature-based parametric solid modeler used for mechanical design and manufacturing. The topics include the basic functions needed to use SolidWorks to create parts, assemblies and production drawings. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for Math 99 AND Grade of C or better in 340MFGT 139 OR Consent of Department Chairperson.  
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA

Manufacturing Tech TC1 139  
Print Requirements-Quality Assurance  
This course focuses on the fundamentals of print reading and the measuring skills needed to verify print requirements. Visualization of 3D objects from orthographic views and the use of micrometers and dial calipers are stressed. The concepts of Geometric Dimensioning and Tolerancing, and quality tools (such as Pareto diagrams and fishbone charts) are introduced. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for Math 98 and English 096 OR Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: DA

Manufacturing Tech TC1 140  
CNC Fundamentals  
This course introduces students to the CNC process, the operation of the CNC lathe and mill, and to the basic set up, tooling, operation, and trouble shooting of CNC Machining. Students will earn at least one NIMS Level 1 CNC Operator credential. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for Math 099 AND Grade of C or better in 340MFGT 111-1 OR 340MFGT 112-1 OR Consent of Department Chairperson.  
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA WR

Manufacturing Tech TC1 141  
Manufacturing Materials & Processes  
The course will provides a general understanding of the behavior of the materials commonly used in manufacturing: the basic techniques used in processing them into useful products, the scientific theory underlying those processes, and the criteria for selecting particular tools, machines, and processes. Students will have the opportunity to earn the MSSC Manufacturing Processes and Production credential. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 096 OR Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: DA

Manufacturing Tech TC1 142  
Geometric Dimensioning and Tolerancing  
This course expands upon the student's basic knowledge of mechanical drawings by adding form and feature controls in order to meet assembly requirements at the lowest cost. The differences between traditional dimensioning and geometric dimensioning will be stressed. This course prepares students for an ASME certification in GDT. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 340MFGT 139 OR Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: DA

Manufacturing Tech TC1 143  
Advanced Metrology  
The course focuses on the use of the Coordinate Measuring Machine (CMM) and the optical comparator to inspect machine parts to the current ASME Y 14.5 Geometric Dimensioning and Tolerancing (GD&T) standards. Lab exercises will focus on the set up and operation of precision measuring tools, including the CMM and the optical comparator, to inspect complex parts. Bore gages, attribute gages, gage blocks and pins and their use in calibration will also be covered. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better OR Concurrent enrollment in 340MFGT 142 OR Consent of Department Chairperson.  
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA
Manufacturing Tech TC1 144
Wire Electrical Discharge Machining
The course covers operations and procedures for Wire Electrical Discharge Machining systems (Wire EDM). The course content includes an overview of the Wire EDM, EDM operating processes, EDM machine functions, EDM manual part programming, and EDM application in tool rooms and production. Students may also earn the NIMS Wire EDM credential. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340MFGT 140 OR Consent of Department Chairperson.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 145
Computer Integrated Manufacturing (CIM)
Students will study aspects of automated assembly and process control, including programmable controllers, computer assisted part programming, CAD/CAM systems computerized instrumentation and robotics. This course stresses a systems approach and how hydraulic, pneumatic and electromechanical components function together as a system. Troubleshooting automation is a major activity of this course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340MFGT 291 OR Consent of Department Chairperson.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 146
Team Dynamics in Manufacturing
This course provides an exploration into how employees work in groups for the completion of organizational objectives. Emphasis is placed on the growing dependency on self-directed work teams in a manufacturing environment. This course equips students with the ability to manage work teams, work in teams successfully, and to obtain the results via team dynamics. In addition, impacts upon customer satisfaction are explored. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 151
Introduction to Welding
This is a beginning welding course that teaches basic welding skills that lead to an American Welding Society qualification. Gas metal arc welding (GMAW or MIG), TIG welding, electrode selection, welding safety, and steel designations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 OR Consent of Department Chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 152
Intermediate Welding
This is a second welding course that teaches basic welding skills that lead to an American Welding Society (AWS) qualification in Gas Tungsten Arc Welding (GTAW or TIG) and/or Shielded Metal Arc Welding (SMAW or Stick). In addition to teaching the theory and practice of GTAW and SMAW welding processes, the course including training in welding with a FANUC robot, resistance welding and torch work. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340MFGT 151, or consent of Department Chairperson.
6 Lab Hours. 3 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 162
Industrial 2D/3D CAD
This course is designed for students who wish to be involved in the engineering design fields and for those interested in computer aided design. Students will be introduced to both traditional and computer aided drafting skills. The aim of CAD is to introduce students to basic information, skills, and concepts related to drafting and design. Special attention is given to: sketching, measurement, room planning, multi-view drawing, auxiliary views, working drawings, sectional views, orthographic drawings along with AutoCAD tools and commands. Current and future trends in the architectural and engineering fields will be examined. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 163
Programmable Logic Controls for Robotics
This course is designed for students who wish to be involved with the architectural and engineering design fields and for those interested in machine control programming. Students will be introduced to the Programmable Logic Controller (PLC) which is a device that is capable of being programmed to perform control functions. The first PLC was introduced in the late 1960s to replace relay logic controls in the automotive industry. Compared to relay logic controls, the PLC’s advantages include easy programming and installation, high control speed, hardware and software security, network compatibility, troubleshooting and testing convenience, and high reliability. PLCs are currently used widely in industrial and commercial environments. They can be found in almost any manufacturing facility. There are several manufacturers of PLCs. While the instruction formats may not be the same for different brands, the hardware structures and programming concepts are very similar. This course covers PLC hardware structure, input/output modules, software, and programming. PLC operation and ladder logic programs are discussed.
Prerequisite(s): Grade of C or better in 340MFGT 164
4 Lecture Hours. 2 Lab Hours. 5 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 164
Industrial Control Systems
Students will be taught Control Systems Schemes that are used to maneuver industrial equipment. The students will utilize the CAD (learned in previous course) to create electrical, pneumatic, and hydraulic control schematics. CAD lessons will also be extended by use of Blocks and Templates to enhance drafting skill sets. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340MFGT 162
4 Lecture Hours. 2 Lab Hours. 5 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 165
Robotics Programming
This course is designed for students who intend to operate or maintain an R30A or newer FANUC Robot and application technicians (or engineers) who need to design robotic work cells, perform cycle time, reach ability studies, or generate robot path.
Prerequisite(s): Grade of C or better in 340MFGT 164
4 Lecture Hours. 2 Lab Hours. 5 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 191
Industrial Electricity
A study of DC and AC electricity as applied to industrial circuits. The topics include: fundamentals of circuit analysis, single and three phase circuits; and parameters, safety issues in industrial electricity, such as current, voltage and power and troubleshooting methods using test equipment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for Math 099 and English 096 OR Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA
Manufacturing Tech TC1 207
Introduction to MASTERCAM
This course trains students to use Mastercam software to create programs that will drive computerized machine tools (CNC machines). These “g-code” programs are generated from part geometry created in Mastercam software or in a computer-aided-drawing (CAD) software such as Solidworks. Students will learn to create part geometry, generate toolpaths, assign appropriate tools to the toolpaths, and upload their program to a CNC machine, which will precisely cut the part from metal stock. Student projects will focus on 2-D milling operations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340MFGT 140 OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 253
Pneumatics
Study of the basic principles of pneumatics with emphasis on schematics, valves, actuators, compressors, instrumentation, applications, and troubleshooting. Course also includes the use of supplier catalogs and technical manuals. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for Math 098 AND English 096 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 255
Industrial Hydraulics
This course is a study of basic principles of hydraulics. The topics in this course include schematic interpretation, valves, actuators, compressors, line sizing, fluid viscosity and reservoir capacity. This course will also include the use of supplier catalogs and technical manuals. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for Math 098 AND English 096 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 291
Programmable Logic Controllers
This course covers the basic concepts and skills needed to program and use programmable logic controllers (PLC's) in automated systems in industry. The topics include an overview of basic terminology, ladder logic programming, memory structure, and processing. Students will use PLC's to control electro-mechanical devices, pneumatic actuators, and other industrial components. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340MFGT 191 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 292
Principles of Mechanisms
This course covers the basic principles of industrial mechanisms. The motion characteristics of drive mechanisms, bearings, lubricants, cams, gears, pulleys are covered in the context of manufacturing processes and factory automation. Troubleshooting and maintenance procedures used in industrial settings are stressed throughout. Students completing the course will be prepared to earn the Manufacturing Skill Standard Council's Maintenance Awareness module of the Certified Production Technician credential. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for Math 99 OR Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA

Manufacturing Tech TC1 295
Electrical Motor Controls
A study of different types of electrical motor controls as they are applied to industrial circuits. The topics include safety issues, instrumentation, and the interpretation of line diagrams. An overview of different types of motor controls is also provided. The student will be able to troubleshoot and repair problems associated with different motor control applications of the industry. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340MFGT 191 OR Consent of Department Chairperson.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.
Offered at: DA

Massage Therapy 110
Massage Therapy Practice I
This course is designed to enhance students’ knowledge, skills and ability related to entry level massage therapy practice and giving the student a strong foundation in the basic massage techniques and palpation skills to apply this foundation to more specific and advanced massage techniques. Topics presented during this semester include the History of Massage, Touch History, Principles of Energy, Efficient Body Mechanic, Universal Precautions, Equipment and Safety, Basic Massage Techniques, Palpation Skills, Muscular System, and Origin and Insertion of Muscles. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 AND Concurrent Enrollment in ESSS 112.
2 Lecture Hours. 6 Lab Hours. 5 Credit Hours.
Offered at: MX

Massage Therapy 111
Integration of Massage Therapy I
This course is designed to enhance students’ knowledge, skills and ability related to entry level massage therapy practice. Topics that will be presented include Anatomy and Physiology of Basic Chemistry, Integumentary System, Skeletal System, Muscular System, Nervous System. A thorough analysis of human muscle origins, insertions and muscle actions specific to a standard massage routine will be covered. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 AND Concurrent Enrollment in ESSS 112.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: MX

Massage Therapy 120
Massage Therapy Practice II
This course is designed to enhance students’ knowledge, skills and ability related to entry level massage therapy practice. Topics that will be presented include the effects of a massage routine on the systems of the body, therapeutic massage procedures, continued study of muscles and body landmarks, and business skills for massage therapy practice. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MAS 110 and MAS 111.
2 Lecture Hours. 6 Lab Hours. 5 Credit Hours.
Offered at: MX
Massage Therapy 121
Integration of Massage Therapy II
This course is designed to enhance students’ knowledge, skills and ability related to entry level massage therapy practice. Topics for this course are Endocrine, Cardiovascular, Lymphatic, Digestive, Respiratory, Urinary and Reproductive Systems and their Pathologies as it relates to the practice of massage therapy. A thorough analysis of the human body systems for routine massage are covered. Writing assignment, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MAS 110 and MAS 111.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: MX

Massage Therapy 210
Massage Therapy Practice III
This course is designed to enhance students’ knowledge, skills and ability related to entry level massage therapy practice, as well as, advancing their skills to the next level. Topics that will be presented include: Therapeutic Progression, Origin and Insertion of muscles, their actions, stress factors, and trigger point therapy; Pathologies of the back, abdomen and thorax, shoulder, neck, head and face, lower extremities. The student will also learn Lymphatic Drainage, Elderly and Terminally Ill pathologies and massage techniques. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MAS 110, MAS 111, and concurrent enrollment in MAS 120 and MAS 121.
2 Lecture Hours. 6 Lab Hours. 6 Credit Hours.
Offered at: MX

Massage Therapy 211
Integration of Massage Therapy III
This course is designed to enhance students’ knowledge, skills and ability related to entry level massage therapy practice and further their knowledge of specific pathologies with the Integumentary System. Other topics that will be presented include: the effects of a massage routine on the systems of the body, therapeutic massage procedures, continued studies of Universal Precautions regarding bodily fluids, blood; Medication and Massage; Fascia and Pain; Bone Fractures, Brain and Cranial Nerves; Pathologies of neurological diseases and the effects of massage. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MAS 110, MAS 111, and concurrent enrollment in MAS 120 and MAS 121.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: MX

Massage Therapy 220
Massage Therapy Practice IV
This course is designed to enhance students’ knowledge, skills and ability related to entry level massage therapy practice and further their knowledge in specific massage techniques for certain populations. Topics that will be presented include: Pregnancy Massage, CranioSacral Therapy, Chakra Therapy, Aromatherapy, Sound Therapy and Energetic and Integrative Techniques, Asian studies of Shiatsu, Meridians, Acupressure, Lomi Lomi, Tuina, and Thai Massage. The students will prepare for professionalism, strategies to establish appropriate clientele relationship and business practices; knowledge of License Regulations, Illinois Rules and Regulation. Students will also review for the Massage and Bodywork Licensing Exam (MBLEx) and/or The National Certification Board of Therapeutic Massage and Bodywork (NCBTMB). This course also addresses nutrition and how it affects massage therapy. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MAS 110, MAS 111, MAS 120, MAS 121, MAS 210 and MAS 211.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: MX

Mathematics 18
Co-Curricular for Math 118
This course is designed to supplement General Education Math by providing foundational math skills necessary to be successful in Gen. Ed. Math. Topics may include: operations with algebraic expressions, basic geometry, order of operations involving fractions, two dimensional graphs, plotting points, equations, and using technology to enhance algebraic concepts. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Concurrent enrollment in linked Math 118, eligibility for Math 99 or equivalent and eligibility for English 096 or equivalent or consent of Department Chairperson.
2 Lecture Hours. 2 Credit Hours.
Offered at: DA MX OH TR HW WR

Mathematics 25
Co-Curricular for Math 125
This course is designed to supplement Introductory Statistics by providing foundational math skills necessary to be successful in statistics. Topics may include: equivalent fractions, percentages, ratios, absolute value, order of operations, evaluating algebraic expressions, set theory, basic geometry, linear equations and inequalities, the coordinate plane, slope, variation, graphing linear functions, and using technology to analyze data. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Concurrent enrollment in linked Math 125, eligibility for Math 99 or equivalent and eligibility for English 096 or equivalent or consent of Department Chairperson.
2 Lecture Hours. 2 Credit Hours.
Offered at: DA MX OH TR HW WR

Mathematics 40
Co-Curricular for Math 140
This course is designed to supplement College Algebra by providing foundational math skills necessary to be successful in college algebra. Topics may include: operations with algebraic expressions, set theory, basic geometry, linear equations and inequalities, absolute value equations, the coordinate plane, slope, variation, graphing linear and quadratic functions, complex numbers, and using technology to enhance algebraic concepts. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Must be taken with corresponding math 140 course.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
Mathematics 90
 Mathematical Literacy
Mathematical Literacy is designed to enable students to develop conceptual understanding and problem solving competence as preparation for quantitative and statistical reasoning level math. This course integrates numeracy; proportional, algebraic & statistical reasoning; functions and modeling and focuses on developing mathematical maturity through problem solving, critical thinking, data analysis, and the writing and communications of mathematics. Students will develop conceptual and procedural tools that support the use of key mathematical concepts in a variety of contexts. Emphasis is placed on modeling and problem solving, with techniques and manipulations covered in context. Throughout the course, Math success content will be integrated with mathematical topics. Credit earned does not count toward any degree, nor does it transfer.
Prerequisite(s): Completion of FS math 3001/3002 with a grade of S, or ALEKS math score of 20+, or Compass Algebra of 15+ AND Pre-Algebra of 29+, AND Eligibility for English 096, or consent of dept.
6 Lecture Hours. 6 Credit Hours.
Offered at: MX OH TR WR

Mathematics 98
Beginning Algebra with Geometry
Course Description: Algebra of real numbers, integer exponents, polynomial operations, factoring, rational and complex expressions, linear equations, word problems, quadratic equations and graphical and algebraic solutions of simultaneous linear equations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of FS math 3001/3002 with a grade of S, or ALEKS math score of 20+, or Compass Algebra of 15+ AND Pre-Algebra of 29+, or consent of dept.
4 Lecture Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW

Mathematics 99
Intermediate Algebra with Geometry
Algebraic operations involving rational exponents, including scientific notation. Algebraic expressions, including radical and rational expressions. Solutions of quadratic, quadratic in form, rational, radical, and absolute value equations. Solutions of compound linear inequalities. Solutions and manipulations of literal equations of literal equations. Graphical and algebraic solutions of systems of linear equations in two and three variables; graphical solutions to systems of linear inequalities. Graphs of linear and quadratic equations. Geometry topics: perimeter, volume of sphere, cylinder and pyramid. Pythagorean Theorem and distance formula. Similarity and proportions. Applications of problem-solving skills are emphasized throughout the course. Students should be exposed to graphing calculator technology and/or computer algebra systems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of Math 98 with a C or better, or completion of FS Math 3003/3004 with grade of S, or ALEKS score of 30+, or COMPASS ALGEBRA 24+, or Consent of dept.
5 Lecture Hours. 5 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Mathematics 100
Introduction to College Mathematics
This course will provide students with an introduction to college mathematics in two distinct ways. First, students will be exposed to foundational mathematical content that will put them in a position to be successful in their future mathematics courses. The four main topics of the course are numerical literacy, algebraic literacy, math modeling/functions, and graphing. Second, the course will provide students with a space to examine their perceptions, habits, and past experiences in mathematics in an effort to positively influence their future college math coursework and their mathematical identities. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of FS math 3001/3002 with a grade of S, or ALEKS math score of 20+, or Compass Algebra of 15+ AND Pre-Algebra of 29+, or consent of dept.
6 Lecture Hours. 6 Credit Hours.
Offered at: HW

Mathematics 107
Math For Technicians I
Designed to provide mathematical tools for students in terminal technical curricula. Emphasis is on practical aspects of mathematics and less upon the theoretical. Topics include elementary algebra operations, simultaneous and quadratic equations, exponents and radicals, logarithms, introduction to trigonometry, vectors, and use of calculator. Writing assignments, as appropriate to the discipline, are part of the course.
1 - 5 Lecture Hours. 1 - 5 Credit Hours.
Offered at: KK OH

Mathematics 108
Math For Technicians II
Continuation of Mathematics 107. Topics include trigonometric functions, solution of oblique triangles, vectors, Cartesian and polar coordinate systems, graphs of functions and basics of differential and integral calculus. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Math 107, or Consent of Department Chairperson.
3 - 5 Lecture Hours. 3 - 5 Credit Hours.
Offered at: KK

Mathematics 118
General Education Math
This course is designed to fulfill general education requirements. It is not designed as a prerequisite for any other college mathematics course. This course focuses on mathematical reasoning and solving of real-life problems. Three topics are to be studied in depth, chosen from the following list: counting techniques and probability, game theory, geometry, graph theory, linear programming, logic/set theory, and statistics. Mathematical modeling must be integrated in any combination of topics selected. This course is designed to fulfill general education requirements. It is not designed as a prerequisite for any other college mathematics course. This course focuses on mathematical reasoning and solving of real-life problems. Three topics are to be studied in depth, chosen from the following list: counting techniques and probability, game theory, geometry, graph theory, linear programming, logic/set theory, and statistics. Mathematical modeling must be integrated in any combination of topics selected. Applications involving problem-solving skills are emphasized throughout the course. Technology is an integral part of this course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): A minimum grade of "C" in one of the following courses: Math 90 or Math 99 or Math 100; or a minimum grade of C in Math 98 AND concurrent or successful completion of Math 018; or appropriate score on Placement Test; or Consent of Department
4 Lecture Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: M1 904 GE: Mathematics

Mathematics 121
Math For Elementary Teachers I
This course focuses on mathematical reasoning and problem solving. Topics include operations with rational and irrational numbers, sets, functions, logic, numeration systems and number theory, and solution of linear equations in one variable. Applications are included throughout the course. Problem-solving with the use of calculators and computers is emphasized throughout the course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of Math 99 with a C or better, or ALEKS 46+, or COMPASS ALGEBRA 43+ AND College Algebra 1-50, or ACT Math 21+, or SAT Math 500+, or Consent of department.
4 Lecture Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR
GE: Mathematics
Mathematics 122
Math For Elementary Teachers II

This course is a continuation of Mathematics 121. Topics include probability and statistics, lines, angles, polygons, Pythagorean Theorem, circles, solids, areas, volume, and measurements. Applications are included throughout the course. Problem-solving with the use of computers is emphasized throughout the course. Writing assignments, as appropriate to the discipline, are part of the course. Prerequisite(s): Grade of C or better in Math 121, or Consent of Department Chairperson.

4 Lecture Hours. 4 Credit Hours.

Offered at: DA KK OH TR HW WR
IAI: M1 903 GE: Mathematics

Mathematics 125
Introductory Statistics

Basic descriptive statistics including frequency distributions, mode, mean and standard deviation. Permutations, combinations, probability rules and Bayes Theorem. Binomial and normal distributions. Basic inferential statistics including sampling theory, confidence intervals for means and proportions, test of hypotheses. Chi-square distribution. Introduction to correlation and regression. Includes at least one hour per week using computers in statistical application. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): A minimum grade of C in one of the following courses: Math 90 or Math 99 or Math 100; or a minimum grade of C in Math 98 AND concurrent or successful completion of Math 025; or appropriate score on Placement Test; or Consent of Department.

4 Lecture Hours. 4 Credit Hours.

Offered at: DA KK OH TR HW WR
IAI: M1 902; IAI: BUS 901 GE: Mathematics

Mathematics 126
Algebra for Middle School Teachers

This course focuses on the concept of functions in college algebra. It is designed to meet the needs of middle school teachers in accordance to the National Council of Teachers of Mathematics Standards for Teaching Mathematics. Topics include basic definition of different functions and their properties. The following algebraic concepts will be explored: linear functions, systems of linear equations, quadratic functions, non-linear functions, complex numbers, exponential functions, logarithmic functions, square root functions, absolute value, and trigonometry as periodic functions. Problem solving with the use of calculators, CBLs, and computers is emphasized throughout the course. Writing assignments as appropriate to the discipline are part of the course.

Prerequisite(s): Grade of C or better in Math 121 and Math 122.

4 Lecture Hours. 4 Credit Hours.

Offered at: TR WR

Mathematics 127
Geometry/Trigonometry for Middle School Teachers

This course focuses on the concepts of plane and solid geometry and trigonometry. It is designed to meet the needs of a middle school teacher in accordance with the National Council of Teachers of Mathematics Standards and the Professional Standards for Teaching Mathematics. Topics include basic definitions and properties of plane and solid figures, congruence, similarity, constructions, Pythagorean Theorem, measurements, transformations, the unit circle and right triangle trigonometry. Problem solving with the use of calculators and computers is emphasized throughout the course. Writing assignments as appropriate to the discipline are part of the course.

4 Lecture Hours. 4 Credit Hours.

Offered at: TR WR
GE: Mathematics

Mathematics 140
College Algebra

Algebra of real and complex numbers, functions, algebraic and graphical solutions of linear, quadratic and systems of equations. Logarithmic and exponential functions. Additional topics from determinants, sequences, series, the Binomial Theorem, Mathematical Induction, and elements of the Theory of Equations. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Completion of Math 99 or higher with a C or better, or ALEKS 46+, or COMPASS ALGEBRA 43+ AND College ALGEBRA 1-50, or ACT Math 21+, or SAT Math 500+ if before 3/1/16 (530+ if after 3/1/16), or Consent of department.

4 Lecture Hours. 4 Credit Hours.

Offered at: DA KK MX OH TR HW WR
GE: Mathematics

Mathematics 141
Plane Trigonometry

Definition of trigonometric functions, graphs of trigonometric functions and their universes. Applications to triangles, law of sines and cosines, trigonometric identities, equations, vectors and applications. Complex numbers in trigonometric form and DeMoivre’s Theorem. Calculators will be used. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Completion of Math 140 with a C or better, or ALEKS math score of 61+, or COMPASS ALGEBRA 43+ AND College ALGEBRA 51+ AND TRIGONOMETRY 1-50, or ACT Math 24+, or SAT Math 560+ if before 3/1/16 (590+ if after 3/1/16), or Consent of department.

3 Lecture Hours. 3 Credit Hours.

Offered at: DA KK OH TR HW WR
GE: Mathematics

Mathematics 143
Pre Calculus

Emphasizes the notion of function as a unifying concepts for the topics of college algebra and trigonometry. Families and their characteristics include: polynomial functions; rational functions; exponential and logarithmic functions; and trigonometric functions and applications involving problem-solving skills. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Completion of Math 99 with a C or better, or ALEKS 46+, or COMPASS ALGEBRA 43+ AND College ALGEBRA 1-50, or ACT Math 21+, or SAT Math 500+ if before 3/1/16 (530+ if after 3/1/16), or Consent of department.

6 Lecture Hours. 6 Credit Hours.

Offered at: DA KK MX OH TR WR
IAI: CS 915

Mathematics 144
Finite Mathematics

Logic, sets, partitions, counting, probability rules and Bayes Theorem, vectors and matrices, and linear programming. Includes applications to behavioral sciences and to business and administration problems. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Completion of Math 140 with a C or better, or ALEKS math score of 61+, or COMPASS ALGEBRA 43+ AND College ALGEBRA 51+ AND TRIGONOMETRY 1-50, or ACT Math 24+, or SAT Math 560+ if before 3/1/16 (590+ if after 3/1/16), or Consent of department.

4 Lecture Hours. 4 Credit Hours.

Offered at: DA KK MX OH TR HW WR
IAI: M1 906 GE: Mathematics

Mathematics 146
Discrete Mathematics

Introduction to mathematical analysis of finite collections and mathematical foundations of sequential machines, digital logic circuits, data structures, and algorithms. Includes sets, counting, recursion, graph theory, nets, automata, and formal grammars and languages. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Completion of Math 140 with a C or better, or ALEKS math score of 61+, or COMPASS ALGEBRA 43+ AND College ALGEBRA 51+ AND TRIGONOMETRY 1-50, or ACT Math 24+, or SAT Math 560+ if before 3/1/16 (590+ if after 3/1/16), or Consent of department.

Mathematics 202
Number Concepts/Mid-School Teaching
This course has been designed keeping in mind both the Illinois Professional Content Standards for Teaching (Mathematics) and the content necessary to prepare students to be middle school mathematics and science teachers. A wide range of topics across number of theory and measurement will give the students a grasp of the depth and breadth of mathematics outside of the traditional course structure. Problem solving, estimation, measurements, and construction of simple theories of numbers will be treated with and without the use of technology. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Math 113, or Math 126, or Math 140, or Math 143).
4 Lecture Hours. 4 Credit Hours.
Offered at: TR WR

Mathematics 204
Calculus For Business & Social Sciences
For students of business and social science. Introduction to differential and integral calculus with applications pertinent to business and social science. The five-credit hour course will include functions of several variables, partial derivatives, maximum, minimum of functions of several variables and LaGrange multipliers. Writing assignments, as appropriate to the discipline, the course.
Prerequisite(s): Completion of Math 140 with a C or better, or ALEKS math score of 61+, or COMPASS ALGEBRA 43+ AND College ALGEBRA 51+ AND TRIGONOMETRY 1-50, or ACT Math 24+, or SAT Math 560+ if before 3/1/16 (580+ if after 3/1/16) or Consent of departme

IAI: MTH 903; IAI: M1 900-3 GE: Mathematics

Mathematics 210
Differential Equations
A first course in ordinary differential equations: solutions of first order and first degree differential equations, linear differential equations with constant co-efficients. Linear differential equations of higher order, special differential equations of second order and differential equations of first order but not of first degree. Numerical methods, series solutions and applications included. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Math 208, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH TR HW WR
IAI: MTH 912

Mathematics 212
Linear Algebra
Introduction to linear algebra for students who have studied some calculus; computations with vectors and matrices will be emphasized, proofs also will be examined; major topics include systems of linear equations and matrices, determinants, vectors in Euclidean space, abstract vector spaces, linear mappings, computation of eigenvalues and eigenvectors. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Math 208, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH TR HW WR
IAI: MTH 911

Mathematics 216
Statistics For Business Majors
The basic concepts of statistical analysis used in business decision-making, including probability and how uncertainty is dealt with in real life. The student will analyze and work out simple problems and should be able to recognize applications of different statistical techniques, interpret the results of analysis and recognize instances in which statistical techniques have been misused. The following concepts and statistical techniques are included: measure of central tendency and variability, random variable and probability distributions, estimation, tests of hypotheses, chi square tests, linear regression and correlations and one-way analysis of variance. Applications are included throughout the course. Problem solving with the use of calculators and computers is emphasized. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Math 140, Placement Test or Consent of Department Chairperson.
4 Lecture Hours. 4 Credit Hours.
Offered at: DA TR
IAI: BUS 901

Mathematics 299
Special Topics Mathematics
Special Topics in Mathematics will be discussed along with appropriate computer and calculator activities. New developments will be emphasized, especially materials useful in K-12 education and industry. Each special topic course will have a sub-title. Students can take courses with different sub-titles and receive credit for each. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times when topics are different, and may count for a maximum of six variable credits. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Consent of Department Chairperson.
1 - 6 Lecture Hours. 1 - 6 Credit Hours.
Offered at: DA KK OH TR HW WR
Media Communication 102
Announcing
Develops the ability to transform written copy or script into voice performance emphasizing copy preparation, breath control, pronunciation, articulation, use of full dynamic range, microphone techniques, and hand signals. A variety of copy, including commercials, news and public service announcements will be covered. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
IAI: MC 918

Media Communication 145
Intro To Media Communication
A survey of the history, technology, structure and operation of the telecommunications industry. Topics include advertising, audience measurement, network television, radio station operations, cable television, broadcast regulations and licensure, satellite communications, pod casting, and careers in media communications. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
IAI: MC 911

Media Communication 160
History of Radio Genres
An in-depth look at the progression of radio since its inception, as well as examination of the huge impact that it had on American culture. Introduction to the different radio genres, and the will examine the drastic transition those genres have undergone over the years. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Media Communication 170
The History of Television
An in-depth look at the progression of television since its inception and examination of the massive impact that it has had on American culture. Students will also study the different television program genres, such as soap operas, sitcoms, newscasts, reality shows, and many others, as they examine the sweeping changes that have taken place in television programming over the past several decades. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Media Communication 190
Language, Culture and Media
Television, radio, print and film reflect and transmit culture through language and images. Using these media as a context, this course will examine a variety of depictions of culture and language and will evaluate perceptions about language and culture within various segments of society. Students will be encouraged to think critically about language choices and to analyze the impact of culture and media on those choices. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Media Communication 203
Media Writing
Creation and preparation of scripts for radio and television programs and segments which include news copy, commercial copy, public service announcements. Special attention will be paid to correct format and form. Word processing skills will be utilized in this course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
IAI: MC 917

Media Communication 221
Radio Production I
This course is designed as an introduction to the audio control system and training in the operation of related equipment. Emphasis will be placed on how the various components integrate into a system. Demonstration of expertise through class exercises and laboratory projects is required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Media Communication 222
Radio Production II
Review the audio control system and its various equipment components. Emphasis will be placed upon creating, producing, and directing service announcements, news and drama which may be utilized by Kennedy-King's own WKKC-FM. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MEDIACM 221, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Media Communication 223
Advanced Broadcast Writing
As a direct continuation of course MEDIACM 203-Media Writing. This class provides experience in writing longer scripts, for various types of media outlets such as television, radio, and the Internet. With an emphasis on content, clarity and flow. Basic script formats, terminology, and writing techniques for documentaries, commercials, public service announcements, promos, as well as entertainment and fictional programs. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MEDIACM 203 or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
Media Communication 231
TV Production I
Introduction to the television production system and training in the operation of the video and audio equipment necessary to produce programming. Emphasis will be how the various components integrate into a system. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK
IAI: MC 916

Media Communication 232
TV Production II
Continuation in the development of expertise in the use of various audio and video components. Television production projects will require creating treatments, storyboards, and scripts, for the production of a final program. Emphasis on integration of equipment, production personnel, and script to create finished television production. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MEDIACM 231, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Media Communication 234
Producing for Television
An examination of the vital role of the television producer, focusing on the three areas of production: pre-production, production, and post production. Emphasis on the importance of planning, show creation, budgeting, scheduling, management, team building, field producing, and delivery. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MEDIACM 223 and MEDIACM 231 or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Media Communication 240
Minicam & Videotape Editing
Evaluate, set-up, light, mike, and properly record in a single-camera remote environment for desired production results. Learn to log and electronically computer edit recorded footage into professional programs and program segments. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Media Communication 241
Video Editing
Introduction to the fundamentals of digital non-linear editing concepts and practices. Basics of importing (digitizing) video; basic editing techniques, trimming clips, basic effect palettes, overlaying audio with video, recording narration and music; and saving the finished production to digital as well as Quick time file. Students learn to storyboard their ideas and develop the ability to edit in sequence to tell a story. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (MEDIACM 231 and MEDIACM 240).
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Media Communication 245
Advanced Production Workshop
Learn the steps necessary to develop a program concept or idea into a completed radio and/or television program. Emphasis is placed upon the coordinating of technical, budgetary, personnel, scheduling, and equipment aspects of achieving effective productions. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MEDIACM 222 or MEDIACM 232 or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Media Communication 250
Mini-Cam & Video Editing II
As a direct continuation of Media Communications 240, this class provides instruction in advanced video camera recording and digital editing techniques. Students are introduced to multiple industry standard editing software programs, as well as motion graphics. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MEDIACM 240 or consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Media Communication 252
Audio Engineering I
This course is designed to introduce students to basic audio engineering practices for film, video production, sound broadcasting, advertising, and live events. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MEDIACM 222 or MEDIACM 232 or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Media Communication 260
Media Sales & Marketing
A study of sales and marketing relative to broadcasting and cable television. Introduction to the principles of packaging a product for sale to advertisers and program buyers. Review of organization management at television stations, networks, and cable outlets, and Internet Service Providers(ISP). Emphasis is placed upon theoretical and practical aspects of developing presentation skills including instruction and utilization of media research materials such as rating books in positioning sales. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MEDIACM 145, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Media Communication 265
Digital Media Entrepreneurship
This course introduces students to the fundamentals of entrepreneurship and changing media industry business models. Students are exposed to best practices for developing viable concepts, financial management and controlling the organization. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MEDIACM 145 or Consent of Department Chairperson.
2.5 Lecture Hours. 3 Credit Hours.
Offered at: KK
**Media Communication 271**  
Intro to Interactive Media  
A practical introduction to interactive media, otherwise known as the Internet. While in this course, students will become better acquainted with new technologies and methods for creating participatory media, while making it available through nontraditional outlets. Students will develop new ideas for assisting in this tradition, with both the Internet, as well as the traditional broadcast space. Class topics will also cover the technologies that go hand in hand with both the creation and utilization of interactive "new" media. This course will emphasize group projects. Students will be introduced to the unique issues encountered while producing for interactive media, such as streaming, bandwidth, compression, memory allocation, and optimization. Various distribution media will be examined including CD-ROM, DVD, and the Internet. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 101 and Grade of C or better in (MEDIACM 145 and CIS 120), or Consent of Department Chairperson.  
4 Lecture Hours. 3 Credit Hours.  
Offered at: KK  

**Media Communication 280**  
Advanced Editing, Graphics, and Animation  
A direct continuation of Media Communications 250, this course introduces students to motion graphics, visual effects, and animation using industry standard software for film and video projects.  
Prerequisite(s): Grade of C or better in MEDIACM 250 or Consent of Department Chairperson.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK  

**Media Communication 295**  
Practicum Internship  
Planned and supervised training which allows the application of theory to actual practice prepares a student for working independently toward specific career objectives. The internship/practicum generally occurs after the student has completed eighteen MEDIACM credit hours. It takes place at a regular worksite and instruction/supervision is provided by an employee at the worksite. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Consent of Department Chairperson.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK  

**Media Communication 298**  
Audio, Video or Internet Capstone  
After satisfactory completion of all Media Communications courses, this course is intended to provide students with the opportunity to integrate their television, radio, and internet skills by preparing an actual portfolio suitable for employment in the media industry. With an emphasis on quality, the Capstone portfolio will feature a variety of product projects to showcase specific, industry related skills obtained while enrolled in the Media Communications program at Kennedy-King College. In addition, students will create a marketing package for themselves, including a resume, business cards, interactive website, and audition/resume disk. Student must obtain consent of Program Director to take this course concurrently with their internship course, MEDIACM 250. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Consent of Department Chairperson.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK  

**MEDICAL ASSISTING (0153)**  

**Medical Assisting 103**  
Medical Assisting Clinical Procedures I  
This course is designed to introduce students to basic clinical procedures in the medical office assisting field. Students will learn to perform basic skills and assist with procedures common to the medical office. Instruction will include classroom and laboratory as learning experience. Writing assignments, as appropriate to the discipline, are part of the course.  

**Medical Assisting 104**  
Medical Assisting Clinical Procedures II  
This course is designed to build upon the knowledge and skills developed in Clinical I. Students will learn to perform clinical skills and assist with procedures common to the medical office. Instruction will include classroom and laboratory learning experiences. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in Medical Assisting 103-Medical Assisting Clinical Procedures I.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: MX  

**Medical Assisting 106**  
Administrative Procedures  
This course will explore administrative and front office responsibilities in the physician's practice or clinical setting. Emphasis is placed on clerical functions, including verbal and written communication, patient reception, and records management. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 101 and General Education Math 118 or higher and acceptance into the Medical Assisting Program  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: MX  

**Medical Assisting 107**  
Pharmacology  
This course introduces the students to the basic skills that are performed by the medical assistant in the medical office. The course will emphasize the principles of pharmacology as they relate to medication administration in the medical office and clinical settings. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.  
Offered at: MX  

**Medical Assisting 108**  
Fundamentals of Ambulatory Billing and Coding  
This course covers performance of coding procedures; application of third party and managed care policies, procedures, and guidelines, including obtaining referrals and pre-certifications; billing for services, including insurance claim forms and use of a physician's fee schedule. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Eligibility for English 101 and General Education Math 118 or higher and acceptance into the Medical Assisting Program  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: MX  

**Medical Assisting 109**  
Medical Assisting Practicum  
This course requires medical assisting students to integrate and apply knowledge and skills from all previous medical assisting courses in an actual ambulatory health care setting. Students will be assigned to the clinical sites. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Current CPR certification and completion of all coursework in the Medical Assisting Program including Health 102 and 105, Medical Assisting 103,104,106,107 and 108.  
15 Lab Hours. 3 Credit Hours.  
Offered at: MX
Mental Health 223
Intro To Addictions Studies
Includes treatment strategies, perspectives and understanding of the addiction process and its effects upon the individual, the family, employers, and society. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW WR

Mental Health 224
Principles and Practices of Addiction Studies
Basic clinical skills in alcoholism and substance abuse field; strategies in working with denial and resistance; diagnostic and assessment skills; history-taking; individual, family and group treatment modalities utilized with the alcoholic and/or substance abuser; termination process; aftercare and referral process. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Mental Health 223, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW WR

Mental Health 228
Principles of Mental Health Practices
Mental health, the settings in which mental health problems are treated, and common types of mental health problems; review of treatment strategies and methods of intervention. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in ENGLISH 101, MENHLTH 223, 224, 230, 231, OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Mental Health 229
Practicum In Addictions Treatment
Students work 20 hours per week in a mental health setting in the community under supervision of mental health professionals and participate in a two-hour seminar once a week, relating field experiences to mental health theory. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MENHLTH 223, 224, 230, 231 OR Consent of Department Chairperson.
2 Lecture Hours. 20 Lab Hours. 6 Credit Hours.
Offered at: KK HW WR

Mental Health 230
Addictions & Family Treatment
Study of affects of alcoholism and substance abuse of the family; how spouse, children and extended family react to problematic drinking or drug abuse; examination of treatment including self-help groups. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Mental Health 223 and Mental Health 224, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW WR

Mental Health 231
Addictions Treatment of Special Populations
Application of needs of special treatment populations, diagnosis and treatment of adolescent and elderly clients, sexual issues; patient education, prevention strategies, spirituality, relapse prevention and employee assistance programming, AIDS and eating disorders. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Mental Health 223 and Mental Health 224 and Mental Health 230, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW WR

Mental Health 232
CADC Examination Review
Basic clinical skills in alcoholism and substance abuse; strategies in test taking, overview of core functions and competencies and overview and practice of State examination. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MENHLTH 230 AND 231 or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Microbiology 233
General Microbiology
Morphology, physiology, classification and culture of bacteria and related organisms.
The role of bacteria related to human welfare and to plants and animals. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated eight credit hours will be counted towards graduation.
Prerequisite(s): Grade of C or better in Biology 121.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Microbiology 234
Applied Microbiology
A sequence course to a second semester fundamentals course in microbiology. This course is designed for students majoring in biotechnology. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Microbiology 233.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: TR

Microbiology 236
Applied & Environmental Microbiology
The goal of this course is to learn about the use of microorganisms (bacteria, archaea, bacteria, protists, fungi, and viruses) in the population of pharmaceuticals, foods, and industrial chemicals, as well as in applications such as bioremediation. Specifically, genetic engineering and biotechnology will be discussed. Secondly, interaction of microorganisms with other organisms and the physical environmental will be explored. In particular, microbial ecology, biogeochemical cycles, and public health microbiology will be addressed. Field sampling methods and analytical techniques (including molecular biology methods) will be utilized. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 121.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: OH
MORTUARY SCIENCE (0128)

Mortuary Science 102
Microbiology For Embalmers
The basic principles of microbiology related to the principles of funeral service education, especially as they pertain to embalming sanitation, morgue disinfection, public health, and embalming practice. The development and use of personal, professional and community hygiene and sanitation is discussed. The methods of transmission of infectious diseases, control procedures of these diseases with special emphasis on protection to the embalmer are described to differentiate between indigenous microorganisms and pathogens and/or opportunists causing diseases commonly associated with the human host and dead human remains. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 120, Biology 121 and Health Science 102.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Mortuary Science 103
Chemistry For Embalmers
The basic principles of chemistry related to the principles of funeral service education. Especially stressed are the principles and precautions involved in the sanitation and disinfection of dead human remains, focusing strictly on chemistry and embalming chemicals, modifying agents, supplemental fluids and autopsy compounds. Potentially harmful chemicals used in the preparation room and their regulations are emphasized along with the essential characteristics of fermentation, and putrefaction in the area of the chemistry of decomposition of dead human remains. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 120, Biology 121 and Health Science 102.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Mortuary Science 104
Pathology For Embalmers
This course in Pathology is designed to study the pathological conditions of the human body in its postmortem state and how those pathological conditions affect various parts of the body, with particular emphasis on those conditions which relate to or affect the embalming or restorative art process. Pathological conditions discussed will dictate the embalming procedures, methods and chemicals for preservation required by the embalmer. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Biology 120, Biology 121 and Health Science 102.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Mortuary Science 108
Accounting In Funeral Service
An introduction to basic principles of accounting theory. Applications to funeral home operations are made throughout financial statements and their analysis, worksheets, journalizing, receivables, payables, deferrals and accruals. Inventory cost models for funeral merchandise, is covered along with depreciation models and payroll accounting. Accounting proficiencies will enable the understanding of funeral service records and the funeral directors guidelines of funeral arrangements as prescribed by Federal Trade Commission Regulations rule on funeral industry practices. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Acceptance into the Mortuary Science program/plan 257.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Mortuary Science 109
Sociology For Funeral Service
Sociology studies family structures, social structures, and the factors of change within those groups. This course relates those factors of change to the impacts of death and the relationship of the role of the funeral director in providing closure through funeral rites, ceremonies, customs, religion and rituals. Emphasis is placed on the cultural requirements and diversities of each family the funeral director is privileged to serve and an awareness of the changing social factors, which affect American Funeral Rites and the families served. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Acceptance into the Mortuary Science program/plan 257.
3 Lecture Hours. 3 Credit Hours.

Mortuary Science 111
History Of Funeral Service
Survey or current expecitions in American Funeral Practice with emphasis on task and personality of the practitioner. Trends and issues in embalming practice from ancient Egyptian burial rites to current American practices and foreign procedures. Blackboard (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Acceptance into the Mortuary Science program/plan 257.
3 Lecture Hours. 3 Credit Hours.

Mortuary Science 203
Funeral Directing
This course recognizes the wide variation of funeral customs across the country, attempting to point out some general practices that contain minimal geographic and cultural differences, including general information on notification of death, transfer of remains, conduct of the arrangement conference, pre-funded/preplanned funerals. Included is the cross-section of religious funeral practices, fraternal and military funerals, shipment of remains, cremation and aftercare. Guidelines for the course are designed to introduce the Federal Trade Commission and the Trade Regulation Rule on Funeral Industry Practices. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Mortuary Science 111.
3 Lecture Hours. 3 Credit Hours.

Mortuary Science 204
Mortuary And Business Law
The student is introduced to the sources of law, the legal status of the dead human body. The funeral directors responsibilities are examined as practicing professionals in relationship to that of the final disposition. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of two semesters in the Mortuary Science program/plan 257.
3 Lecture Hours. 3 Credit Hours.

Mortuary Science 207
Restorative Art
Study of techniques employed to bring about restoration of a deceased human being to as near a normal appearance as possible. The subject area for restorative art is designed to introduce the techniques and importance of creating an acceptable appearance of the deceased for the benefit of the surviving family members. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Biology 226 recommended.
3 Lecture Hours. 3 Credit Hours.

Offered at: MX
Mortuary Science 209
Funeral Management & Merchandise
This course covers the construction and features caskets, outer burial containers, and other funeral related products such as cemetery headstones and markers. Merchandising examines methods of purchasing, pricing, display, and sale of funeral merchandise as well as services. Emphasis is placed on the component parts of funeral merchandise, including materials used, component part styles, finishes, dimensions/functions and pricing methods. General management techniques and theory as they relate to specific funeral home operational procedures and practices are emphasized. Management examines specific areas of funeral service practice and the managerial guidelines for the contemporary concepts of funeral service management as they relate to client families and community, staff personnel, and professional associates and associations/agencies. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Mortuary Science 203.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Mortuary Science 210
Advance Mortuary Science Practice/Ethics
A survey of topics presented by the Director of the Mortuary Science program/plan, providing an overview of various tasks and subjects a director will encounter in the role of a practitioner. Legal and Moral Ethics are covered. An overview of the curriculum and the practical application of theory as it relates to the ethical practice of mortuary science. Exit examinations/core competency capstone course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Consent of Department Chairperson.
2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Mortuary Science 211
Psychology Of Funeral Service
The underlying value and relevance of this course for preparing the funeral director is that the symbolic and ritualistic aspects of the funeral have a significant impact upon the emotional experience of the bereaved. Emphasis on the grief process and its variations across individuals as influenced by psychological factors aids the funeral director in becoming a facilitating agent for effective mourning through personal interactions as well as the design and implementation of the funeral service. This course will also prepare the funeral director to know when to make a referral for mental health services. Issues relating to children and death and particular theories/theorist are also stressed. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Acceptance into program/plan 257 or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Mortuary Science 213
Embalming Theory I
The involvement of all aspects of embalming theory. From the evaluation of features to the case analysis, embalming reports and instrumentation. A study of phenomenon of death in the human body is detailed. Theory I includes the study of government regulations applicable to the embalming process. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Mortuary Science 102, 103 and 104.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Mortuary Science 214
Embalming Laboratory
Practical application of embalming techniques and laboratory procedures of the deceased human body. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Mortuary Science 102, 207, 213, 215, 216 and Biology 226, 227, 130, 131.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.

Mortuary Science 215
Restorative Art Laboratory
Applied experience in restoring damaged human remains to achieve a normal life appearance of the deceased. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Mortuary Science 207, Biology 226 and 227.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: MX

Mortuary Science 216
Embalming Theory II
Course examines the difficulties encountered by the embalmer due to disease and pathological changes of the deceased, examination of preparation of autopsied cases as well as the procedures for handling and embalming more difficult cases. Theory II includes the study of special treatments and techniques for different conditions encountered in the dead human body. Blackboard Course (BbOC) computer skills recommended but not required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Mortuary Science 213, Biology 226, 227, 130, and 131.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

MUSIC (0060)
Music 101
Fundamentals of Music Theory
Introduction to music theory and application: rhythm, meter, scales, intervals, triads and musical terminology; development of aural and keyboard skills. Writing assignments, as appropriate to the discipline, are part of the course. No credit toward graduation for music majors.
Prerequisite(s): Eligibility for Math 99 or Higher or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
GE: Fine Arts

Music 102
Music Theory I
Realization of figured and unfigured bases and harmonization of melodies. Triads and inversions. Harmonic analysis. Keyboard application. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Music 101, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR HW WR

Music 103
Music Theory II
Realization of figured and unfigured bass and harmonization of melodies. Chords of the seventh and ninth sequences, diatonic modulation. Harmonic analysis. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Music 102, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR
Music 105
Group Piano I
Class instruction in beginning piano techniques through study in small groups. Writing assignments, as appropriate to the discipline, are part of the course. 1 lecture and 2 lab hours per week.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Music 106
Group Piano II
Continuation of Music 105. Minimum of six hours practice per week required for credit. Students majoring in music are required to take two semesters of study with a private instructor following this course. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Music 105, or Consent of Department Chairperson.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: DA KK OH HW WR

Music 107
Jazz Improvisation Pt I
Fundamentals of improvisation; performing improvised solos, both on standard chord changes and original compositions. Topics covered include: ear training, II-V-I progression, simple blues, bebop scales, intervals and random chord exercises which lead to altered dominants and more contemporary concepts. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Music 105 and concurrent enrollment in Music 135, or Consent of Department Chairperson.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Music 108
Jazz Improvisation Pt II
Further study of improvisation: performing improvised solos on standard chord changes and original compositions. The covered topics include altered dominant seventh chords, the 12 tone row, advanced blues, rhythm changes, turnarounds, learning tunes by ear, and improvising on them, extensions, substitute chords, modal harmony, free improvisation, note positions and other scales. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Music 107 and concurrent enrollment in Music 135, or Consent of Department Chairperson.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Music 109
Jazz/Pop Ensemble
Rehearsal and performance of songs from jazz and popular music repertoires. In addition, the course will cover the skills needed as a professional musician. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Consent of Department Chairperson.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Music 110
Jazz/Pop Ensemble: Blues Emphasis
Rehearsal and performance of songs in the blues genre. In addition, the course will cover the skills needed to succeed as a professional musician. Repeatable for credit up to four credit hours. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Consent of Department Chairperson.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK HW WR

Music 111
Aural & Keyboard Skills I
Sight singing, ear training and rhythmic dictation with keyboard application. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Music 101, or Consent of Department Chairperson.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: OH HW WR

Music 112
Aural & Keyboard Skills II
Continuation of Music 111. Advanced ear training and sight singing, melodic dictation and more complex harmonic structures. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in Music 111, or Consent of Department Chairperson.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: OH HW WR

Music 113
String Class
Class instruction in fundamentals of violin, viola, violoncello and string bass; principles of bow control and elementary left hand technique; each student required to demonstrate techniques and develop performing technique; readings to be assigned. Writing assignments, as appropriate to the discipline, are part of the course.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: WR

Music 114
Guitar Class
Programmed, audio-visual music course, emphasizes the development of guitar playing skills. Writing assignments, as appropriate to the discipline, are part of the course.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Music 119
Percussion Class
Class instruction in percussion instruments; each student required to demonstrate techniques and develop performing ability; readings to be assigned. Writing assignments, as appropriate to the discipline, are part of the course.

1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Music 120
Introduction to Music Business
Overview of the music business including recording, publishing, management, marketing and other related topics. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.

Music 121
Introduction To Music
Elements, structure, listening, literature, aesthetic perspective; concert attendance. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Eligibility for English 101 OR Consent of Department Chairperson

3 Lecture Hours. 3 Credit Hours.

Offered at: DA KK MX OH TR HW WR

IAI: F1 900 GE: Fine Arts
Music 122
Perspectives In Jazz
Introduction to jazz; its historical background and its development in the United States. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores; or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH HW

Music 131
Chorus
This course trains students in vocal performance, familiarizes them with choral literature, and provides opportunities for public performances and musical performances for college functions. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated six credit hours will be counted towards graduation.
1 Lecture Hours. 0.5 – 2 Lab Hours. 1 -2 Credit Hours.
Offered at: KK OH TR HW WR
GE: Fine Arts

Music 124
Trends In Mod Amer Music
Exploration of what has been happening in this century in American music; includes review of social conditions that have nourished these trends and discussion of folk, blues, jazz, country and western, rock, musical theater, and classical music. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: F1 904 GE: Fine Arts

Music 131
Chorus
This course trains students in vocal performance, familiarizes them with choral literature, and provides opportunities for public performances and musical performances for college functions. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated six credit hours will be counted towards graduation.
1 Lecture Hour. 0.5- 2 Lab Hours. 1-2 Credit Hours.
Offered at: KK OH TR HW WR
GE: Fine Arts

Music 133
Concert Band
Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
Prerequisite(s): Consent of Department Chairperson.
1 Lecture Hours. 0.5 Lab Hours. 1 Credit Hour.
Offered at: WR

Music 134
Orchestra
Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
Prerequisite(s): Consent of Department Chairperson.
1 Lecture Hours. 0.5 Lab Hours. 1 Credit Hour.
Offered at: WR

Music 135
Instrumental Ensembles
String quartets, brass ensembles, jazz workshops, stage band. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
Prerequisite(s): Consent of Department Chairperson.
1 Lecture Hours. 0.5 Lab Hours. 1 Credit Hour.
Offered at: HW WR

Music 136
Vocal Ensembles
Madrigal groups, trios, quartets, etc. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
Prerequisite(s): Consent of Department Chairperson.
1 Lecture Hours. 0.5 Lab Hours. 1 Credit Hour.
Offered at: TR HW WR

Music 150
Class Voice I
Group instruction in fundamentals of singing, voice production, breathing, diction, vocalizing, and technical exercises; elementary song literature as student progresses. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: OH HW WR

Music 151
Class Voice II
Continued development of proper use of the voice; greater attention to literature; songs in English, Italian, German. Writing assignments, as appropriate to the discipline, are part of the course. Juried examination for credit.
Prerequisite(s): Grade of C or better in Music 150, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Music 180
Applied Music-Elective Level
Individual instruction in applied music to prepare students for Music 181. Includes private lesson (minimum of one hour). Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Students must own (or have access to) the instrument they plan on studying.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW

Music 181
Applied Music-Freshman Level I
Individual instruction in applied music. Includes weekly private lesson (minimum of one hour). First of a four-course sequence of private music lessons required of students in Associate in Fine Arts music curriculum. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR
Music 182
Applied Music-Freshman Level II
Continuation of the process initiated in Music 181. Individual instruction in applied music. Includes weekly private music lessons (minimum of one hour). Second of a four-course sequence of private music lessons required of students in Associate in Fine Arts Music curriculum. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Music 181, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Music 183
World Music
A study of representative music of the non-Western world, with an emphasis on its function within the culture of which it is a part. Elements, structure, listening, aesthetic perspectives; concert attendance. Students need no prior formal training or education in music to take this course. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH TR HW WR
IAI: F1 903N GE: Fine Arts HD Course

Music 200
Black Music Workshop
Contributions of African-American musicians to development of classical music, American style; study of work of contemporary artists, use of Afro-Cuban instruments. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
HD Course

Music 201
Music Theory III
Written harmonization of melodies with strict style figuration. Eleventh and thirteenth chords, modal and chromatic alterations, chromatic modulation. Harmonic analysis. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Music 103, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR

Music 202
Music Theory IV
Extended tonality, chromatic harmonies, contemporary harmonic trends, inharmonic modulation. Harmonic analysis. Keyboard application. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Music 201, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR

Music 204
Commercial Music Workshop I
Composition, arrangement, and performance of commercial music. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK HW

Music 205
Commercial Music Workshop II
Continuation of Music 204. Extended original composition; use of microphone and recording techniques; their influence upon orchestration. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Music 204, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK HW

Music 211
Aural and Keyboard Skills III
Continuation of Music 112. Further development of aural perception (melodic, rhythmic, and harmonic dictation) and abilities in sight-singing (single melodies and duets). Application of harmonic concepts at the keyboard. This course is the third in a four-semester sequence of courses in which music majors need to enroll each term of the freshman and sophomore year. The course may be offered separately or with one or more topics combined. Aural skills include sequential development of ear training, sight singing, and dictation, and may also include computer-assisted instruction and/or other applications. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Music 112, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Music 212
Aural and Keyboard Skill IV
Continuation of Music 113. Further development of aural perception (melodic, rhythmic, and harmonic dictation) and abilities in sight-singing (single melodies and duets). Application of harmonic concepts at the keyboard. This course is the fourth in a four-semester sequence of courses in which music majors need to enroll each term of the freshman and sophomore year. The course may be offered separately or with one or more topics combined. Aural skills include sequential development of ear training, sight singing, and dictation, and may also include computer-assisted instruction and/or other applications. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Music 113, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Music 221
Music Literature & History
Introduction to the standard concert repertory through intensive guided listening. Representative works by major composers are chosen to illustrate the principal styles, forms and techniques of vocal and instrumental music. Assesses a fundamental knowledge and understanding of the elements of music. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR
IAI: F1 901 GE: Fine Arts

Music 225
Individual Project
Individual project as determined with the instructor. Students would also be required to complete an internship as chosen through a discussion with the instructor. Eligibility for course repetition for additional credit hours determined by the instructor. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW
Music 281
Applied Music-Sophomore Level I
Individual instruction in applied music. Includes weekly private lesson (minimum of one hour). Last course in a four-course sequence of private music lessons required of students in Associate in Fine Arts music curriculum. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Music 281, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

Music 282
Appl Music-Soph Lvl II
Individual instruction in applied music. Includes weekly private lesson (minimum of one hour). Last course in a four-course sequence of private music lessons required of students in Associate in Fine Arts music curriculum. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Music 281, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: HW WR

NETWORKING TECHNOLOGIES (0165)

Networking Technologies 101
Client-Server Database I
This course introduces client-server Relational Database Management Systems (RDBMS) that are commonly used to design scalable databases. Topics include relational database terminology and concepts, database design using Normalization, Data Modeling and Entity-Relationship (ER) models, schemas, using Structured Query Language (SQL) for database construction and application processing, and additional data-base-related concepts. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA MX OH TR WR

Networking Technologies 111
Intro to Computer Electronics
Introduction to concepts and principles used in modern computers and computer circuits; basic computer numbers systems; computer architecture; exposure to computer languages; digital logic. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in CIS 116, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA TR

Networking Technologies 119
Intro To Networking
Covers the basics of networking from the component hardware to the topology and theoretical foundation of networks. Emphasis will be placed on learning current networking theoretical models and on supporting and maintaining a network. Various types of networks and various topologies will be covered. This course is ideal for the individual that wants to obtain a solid foundation in the principles of Networking. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in CIS 116, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA TR

Networking Technologies 121
Internetworking I
This course introduces the architecture, structure, functions, components, and models of the Internet and other computer networks. The principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced to provide a foundation in networking technologies. Writing assignments, as appropriate to the discipline, are part of the course. NOTE: CIS 101 or CIS 116 or COMPSFI 101 recommended prior to enrolling in this course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA MX OH TR WR

Networking Technologies 122
Internetworking II
This course describes the architecture, components, and operations and routers and switches in a small network. Students learn how to configure a router and a switch for basic functionality, and the essential routing protocols and virtual LAN operation in both IPv4 and IPv6 networks. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in NET TEC 121, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA OH TR WR

Networking Technologies 201
Client-Server Database II
In this course, the students shall learn of the how to manage a client-server database - serve as database management administrator (DBA), learn techniques to create initial database, configure storage space, add/delete/modify users, and security issues for a database. Network configuration and performance tuning will be covered in more advance courses. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA

Networking Technologies 202
Client-Server Database III
In this course, the students shall learn of the how to manage a client-server database - serve as database management administrator (DBA), learn procedures necessary to recover a database failure, and ensure network accessibility for a client-server database. Student will learn both command-line and GUI interfaces to perform these procedures. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA

Networking Technologies 203
Client-Server Database IV
In this course, the students will learn how to tune a client-server database and serve as database management administrator (DBA); learn techniques to diagnose, troubleshoot and optimize database productivity. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA

Networking Technologies 221
Internetworking III
This course describes the architecture, components, and operations of routers and switches in larger and more complex networks. Students learn how to configure routers and switches for advanced functionality, resolve common issues in both IPv4 and IPv6 networks, and implement a WLAN in a small-to-medium network. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in NET TEC 122, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA MX OH TR WR
Networking Technologies 222
Internetworking IV

This course discusses the WAN technologies and network services required by converged applications in a complex network. In a complex hierarchical networks, students will learn the selection criteria of network devices and WAN technologies to meet network requirements, configure and troubleshoot network devices, resolve common issues with data link protocols, and develop the knowledge and skills needed to implement virtual private network (VPN) operations. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in NET TEC 221, or Consent of Department Chairperson.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA MX OH TR WR

Networking Technologies 240
Operating Systems/Server I

This course introduces the concepts and components of a domain server to manage and serve the resources available in a network environment. The fundamentals of a domain controller including domain services, network name resolution, resource containers, directory management, and network accessibility are discussed with hands on learning experience. The processes of serve installation, configuration, and maintenance will establish the necessary knowledge for planning and implementing advanced services. Writing assignment, as appropriate to the discipline are part of the course. Allowed repeatable course: course may be repeated up to three times and may count for a maximum of four variable credits. Consent of Department Chairperson required for repeatability.

Prerequisite(s): Grade of C or better in CIS 116 or Consent of Department Chairperson.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA MX OH TR WR

Networking Technologies 260
Microcomputers

Introduction to microcomputer architecture, peripheral and input/output devices. Testing, troubleshooting, upgrading and repair of microcomputer systems. Writing assignments, as appropriate to the discipline, are part of the course

2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA TR

Networking Technologies 270
Local Area Networks

Selection and installation of network hardware and software. Management and maintenance of networks. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Courses may be repeated up to three times and may count for a maximum of four variable credits. Consent of Department Chairperson required for repeatability.

Prerequisite(s): Grade of C or better in CIS 116 or NET TEC 240, or Consent of Department Chairperson.

2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA TR

Networking Technologies 299
Special Topics Networking Systems Technologies

Special topics in networking systems and technology will be discussed along with appropriate lab and/or field trip activities. New developments will be emphasized, especially materials useful in K12 education and industry. Writing assignments, as appropriate to the discipline are part of the course. Allowed Repeatable Course: Courses may be repeated up to three times when topics are different, and may count for a maximum of four variable credits. Consent of Department Chairperson required for repeatability.

1 - 4 Lecture Hours. 1 - 4 Credit Hours.
Offered at: DA OH TR WR

NURSING (0063)

Nursing 101
Fundamentals of Nursing

This course is an introduction to the nursing profession and patient-centered care. Emphasis is placed on the knowledge and skills needed to provide quality care to culturally diverse communities. Concepts of focus are communication, safety and professionalism. The theoretical foundation for health assessment and nursing skills is presented and the student is given an opportunity to demonstrate these skills in a laboratory setting. An introduction to the nursing process provides a decision-making framework to assist students in developing effective decision-making skills. Theoretical concepts and clinical nursing skills contained in this course are consistent with the skills standards developed from the State of Illinois as stated in the Nurse Practice Act, IL 1300.340 Approval of Programs sub section F Curriculum and instruction. Writing assignments as appropriate to the discipline are a part of the course.

Prerequisite(s): Successful completion of English 101, Biology 121, Chemistry 121 or higher-level chemistry, Math 118 or higher General Education Math, and Admission to the City Colleges of Chicago School of Nursing Associate's Degree in Nursing Program.

3 Lecture Hours. 8 Lab Hours. 7 Credit Hours.
Offered at: MX

Nursing 102
Introduction to Medical-Surgical

This course focuses on the care of adult patients with one primary comorbidity that requires medical and / or surgical intervention. Emphasis is placed on the care of patient and their families. Concepts of patient-centered care, communication, professionalism, cultural sensitivity, safe practice, teamwork and collaboration and informatics are integrated throughout the course. More complex health assessment and nursing skills are presented and students practice and demonstrate theses skills in the laboratory and clinical settings. Clinical experiences provide students an opportunity to apply theoretical concepts and implement safe patient care to adults in acute care settings. Theoretical concepts and clinical nursing skills contained in this course are consistent with the skills standards developed from the State of Illinois as stated in the Nurse Practice Act, IL 1300.340 Approval of Programs sub section F Curriculum and instruction. Writing assignments as appropriate to the discipline are a part of this course.

Prerequisite(s): Admission to the City Colleges of Chicago Nursing Program and successful completion of Nursing 101 with a C or better. LPN licensure for students admitted through the bridge cohort.

3 Lecture Hours. 8 Lab Hours. 7 Credit Hours.
Offered at: MX

Nursing 140
LPN to RN Role Transition

This course is an introduction to the implementation of the nursing process & documentation. Emphasis will be placed on the development of critical thinking skills in the application of the nursing process. This will be achieved through exercises in care planning and nursing documentation. Students learn and utilize nursing assessment, nursing diagnosis, nursing interventions, nursing outcomes, critical pathways, and other nursing documentation methods. Theoretical concepts and clinical nursing skills contained in this course are consistent with the skills standards developed from the State of Illinois as stated in the Nurse Practice Act, IL 1300.340 Approval of Programs sub section F Curriculum and instruction. Written assignments as appropriate to the discipline are a part of this course.

Prerequisite(s): LPN Licensure and Admission to the City Colleges of Chicago AAS Nursing program.

3 Lecture Hours. 3 Credit Hours.
Offered at: MX
Nursing Fundamentals I
The concepts of holism, nursing practice, multicultural society and communication are studied for purposes of assisting persons to meet their basic needs. The role of the practical nurse in the use of the nursing process is studied and practiced in classroom, laboratory and long-term settings specifically in relation to protection against infection and providing for safety, mobility, comfort, hygiene, elimination and nutrition needs. Theoretical concepts and clinical nursing skills contained in this course are consistent with the skills standards developed for the State of Illinois. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite: Admission into Practical Nursing Program 240.
Offered at: MX WR

Nursing Fundamentals II
Students learn to administer medications and to use the nursing process to care for persons having surgery. The nursing process is also used to assist persons with oxygen, wound care, fluid and electrolyte, and rest and sleep needs and to assist persons who need relief from pain. Learning in classroom, lab and clinical settings foster professional growth. Theoretical concepts and clinical nursing skills contained in this course are consistent with the skills standards developed for the State of Illinois. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission into Practical Nursing Program 240, Grade of C or better in Nursing 150, or Consent of Department Chairperson.
Offered at: MX WR

Nursing Perspectives
The course introduces students to the philosophy, conceptual framework, outcomes and competencies of the program. Nursing practice, nursing process and the therapeutic relationship are studied along with the ethical and legal aspects of nursing from the perspective of nursing practice in today’s society. Contemporary health care delivery issues are also discussed. Theoretical concepts and clinical nursing skills contained in this course are consistent with the skills standards developed for the State of Illinois. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission into Practical Nursing Program 240.
Offered at: MX WR

Nursing Thru Life Span I
This course focuses on the care of clients throughout the life span experiencing common disorders interfering with oxygenation, nutrition, elimination, hormonal balance, and protection from infection. The student integrates previous knowledge relating to the concepts of holism, nursing practice, nursing process, multicultural society, and communication. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Nursing 151 and Nursing 152 and Biology 226.
Offered at: MX WR

Nursing Thru Life Span II
Focusing on meeting the basic needs of mothers and children and their families, the student integrates previous learning relating to the concepts of holism, nursing practice, nursing process, multicultural society and communication. Preventive, supportive and therapeutic care is learned in class, lab and clinical settings. Students are expected to demonstrate professional growth and to function within the provisions of the most current Illinois Nurse Practice Act. Theoretical concepts are consistent with the skills standards developed for the State of Illinois. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in NURSING 151, 152 and BIOLOGY 226.
Nursing 211
Maternal-Newborn/Mental Health
This course focuses on two clinical areas: the childbearing family as well as patients, families and groups who are experiencing cognitive, mental and behavioral disorders. In relation to the childbearing family this integrative, family-centered approach to the care of mothers and newborns is promoted. Emphasis is placed on normal and high-risk pregnancies, normal growth and development, family dynamics and the promotion of health behaviors in the patients. In relation to patients, families and groups who are experiencing cognitive, mental and behavioral disorders emphasis is placed on management of those facing physical and psychological stressors as well as promoting and maintaining the mental health of individuals and families. Concepts of crisis intervention, therapeutic communication, anger management and coping skills are integrated throughout the course. The community as a site for care and support services is addressed. Health assessment and nursing skills continue to be presented and students practice and demonstrate these skills in the laboratory and clinical settings. Clinical experiences provide students with the opportunity to apply theoretical concepts and implement safe, quality, evidence-based patient care and support services is addressed. Written assignments as appropriate to the discipline, are part of this course.
Prerequisite(s): Grade of C or better in Nursing 102, Biology 227, Microbiology 233; for LPN bridge students Nursing 140.
3 Lecture Hours. 6 Lab Hours. 6 Credit Hours.
Offered at: MX WR

Nursing 212
Pediatric/Gerontologic Nursing
This course focuses on two clinical areas: the childbearing family as well as older adult patients, families, and groups who are experiencing age-related changes. In relation to the childbearing family an integrative, family-centered approach is promoted in the care of children. Emphasis is placed on normal growth and development, family dynamics, common pediatric disorders and the promotion of healthy behaviors in patients. In relation to the care of older adult patients the focus is on addressing their unique physiological and psychosocial needs in addition to the complex, multiple comorbidities. Emphasis is placed on collaborating with the interprofessional healthcare team to retain functional ability within home and residential settings. More complex health assessment and nursing skills continue to be presented and students practice and demonstrate these skills in the laboratory and clinical settings. Clinical experience provides the student with opportunity to apply theoretical concepts and implement safe, quality, evidence-based patient care in clinical settings. Theoretical concepts and clinical nursing skills contained in this course are consistent with the skills standards developed from the State of Illinois as stated in the Nurse Practice Act, IL 1300.340 Approval of Programs sub section F Curriculum and instruction. Written assignments as appropriate to the discipline are part of this course.
Prerequisite(s): Grade of C or better in Nursing 210 and Nursing 211.
3 Lecture Hours. 6 Lab Hours. 6 Credit Hours.
Offered at: MX WR

Nursing 213
Advanced Medical Surgical
This course focuses on advanced concepts of nursing care as they relate to adult patients with acute, complex, and multiple comorbidities. Previously learned concepts continue to be emphasized along with evidence-based practice, quality improvement, and leadership. Implementation of priority setting, clinical judgment and tenets of legal and ethical practice are integrated throughout the course. More complex health assessment and nursing skills continue to be presented and students practice and demonstrate these skills in the laboratory and clinical settings. Clinical experiences provide the student with an opportunity to apply theoretical concept and implement safe, quality, evidenced-based care to patients, families and groups in a variety of settings. Theoretical concepts and clinical nursing skills contained in this course are consistent with the skills standards developed from the State of Illinois as stated in the Nurse Practice Act, IL 1300.340 Approval of Programs sub section F Curriculum and instruction. Written assignments as appropriate to the discipline are part of this course.
Prerequisite(s): Grade of C or better in Nursing 210 and 211.
3 Lecture Hours. 6 Lab Hours. 6 Credit Hours.

Offered at: MX WR

Occupational Therapy Assistant 106
Foundations of Human Occupation
This course explores the meaning of human occupation and its relationships to health, illness and disability. The historical roots of occupational therapy are explored and linked to the roles of contemporary occupational therapy practitioners. Students will experience a variety of learning strategies and activities as a means to gaining understanding of occupation, the occupational therapy process and the skills needed by a healthcare professional. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: WR

Occupational Therapy Assistant 107
Occupations Of Childhood
The first in a sequence of courses addressing the emergence of occupational behavior, skills and roles in humans throughout the life span. This course presents occupational and developmental frameworks for understanding the occupational nature of infants and children through 12 years of age, their families and caregivers. Means of applying the occupational therapy process by the occupational therapy assistant is studied within the contexts of a variety of disorders, conditions and circumstances affecting this period of human development. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Consent of Department Chairperson.
4 Lecture Hours. 2 Lab Hours. 5 Credit Hours.
Offered at: WR

Occupational Therapy Assistant 108
Practice Skills of OT Assistant I
Structured experiential learning will provide opportunities for the student to solidify knowledge, develop and practice professional skills and behaviors utilized in the occupational therapy process with infants, children through twelve years of age and their families in a variety of settings. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: WR

Occupational Therapy Assistant 109
Occupations Of Adolescence Early Adulthood
The second in a sequence of courses addressing the emergence of occupational behavior, skills and roles in humans throughout the life span. This course presents theoretical frameworks and models for understanding the occupational nature of adolescents and young adults at home, at school and in the community. Approaches to applying the occupational therapy process by the occupational therapy assistant is studied within the contexts of a variety of disorders, conditions and circumstances affecting this period of human development. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lecture Hours. 2 Lab Hours. 5 Credit Hours.
Offered at: WR
**Occupational Therapy Assistant 110**  
*Practice Skills of OT Assistant II*  
Structured experiential learning will provide opportunities for the student to solidify knowledge and develop practice professional skills and behaviors utilized in the occupational therapy process in a variety of settings with adolescents and young adults. Writing assignments, as appropriate to the discipline, are part of the course.  
*Offered at: WR*  

**Occupational Therapy Assistant 209**  
*Occupation of Middle Adulthood*  
The third in a sequence of courses addressing the emergence of occupational behaviors, skills and life roles in humans throughout the life span. This course presents theoretical frameworks and models for understanding the occupational nature of the middle adulthood years in home settings, work environments, and in multiple levels of community. Approaches to applying the occupational therapy process by the occupational therapy assistant is studies within the contexts of a variety of disorders, conditions and circumstances affecting this period of human development. Writing assignments, as appropriate to the discipline, are part of the course.  
*Offered at: WR*  

**Occupational Therapy Assistant 210**  
*Practice Skills of OT Assistant III*  
Structured experiential learning will provide opportunities for the student to solidify knowledge, develop and practice professional skills and behaviors utilized in the occupational therapy process in a variety of settings with middle-aged adults. Writing assignments, as appropriate to the discipline, are part of the course.  
*Offered at: WR*  

**Occupational Therapy Assistant 211**  
*Special Topics for OT I*  
The first of a two course sequence designed to develop knowledge and skills needed for the provision of occupational therapy services to special populations. Students will explore the role of the occupational therapy assistant in a variety of service delivery contexts. A variety of strategies used to engage in collaborative occupational therapy supervisory relationships in settings without occupational therapists will be addressed. Writing assignments, as appropriate to the discipline, are part of the course.  
*Offered at: WR*  

**Occupational Therapy Assistant 212**  
*Occupations of Later Adulthood*  
The fourth in a sequence of courses addressing the emergence of occupational behaviors, skills and life roles in humans throughout the life span. This course presents theoretical frameworks and models for understanding the occupational nature of later adulthood in multiple living settings, work-related environments, and in community. Approaches to applying the occupational therapy process by the occupational therapy assistant is studied within the contexts of a variety of disorders, conditions and circumstances occurring during this period of human development. Writing assignments, as appropriate to the discipline, are part of the course.  
*Offered at: WR*  

**Occupational Therapy Assistant 213**  
*Practice Skills of OT Assistant IV*  
Structured experiential learning will provide opportunities for the student to solidify knowledge, develop and practice professional skills and behaviors utilized in the occupational therapy process in a variety of settings with elders. Writing assignments, as appropriate to the discipline, are part of the course.  
*Offered at: WR*  

**Occupational Therapy Assistant 214**  
*Special Topics for OTA II*  
The second of a two course sequence designed to develop knowledge and skills needed for the provision of occupational therapy services to special populations. Students will explore the role of the occupational therapy assistant in a variety of service delivery contexts. A variety of strategies used to engage in collaborative occupational therapy supervisory relationships in settings without occupational therapists will be addressed. A special populations independent study incorporating fundamentals of entrepreneurship and marketing is included. Writing assignments, as appropriate to the discipline, are part of the course.  
*Offered at: WR*  

**Oceanography 101**  
*Intro To Oceanography*  
Third dimension of the ocean, its depth, and as new frontier awaiting exploration; interdisciplinary study of ocean and interphase between air and water and how it affects the physical environment. Writing assignments, as appropriate to the discipline, are part of the course.  
*Offered at: OH TR*  

**Pharmacy Technology 100**  
*IV Preparation*  
This course provides basic understanding and training of intravenous preparations of sterile products, clothing, equipment, calculations and documentation. Writing assignments, as appropriate to the discipline, are part of the course.  
*Offered at: MX*
Pharmacy Technology 101
Pharmacology Allied Health
Principles and characteristics of drugs, including physical and chemical properties, dosage calculations, effects and reactions, toxicity, emergency procedures and methods of administration. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission to the Pharmacy Technology program/planning.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at:  MX

Pharmacy Technology 102
Basic Science for Allied Health Personnel
Fundamental biological and biochemical principles as applied to allied health personnel. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission to the Pharmacy Technology program/planning.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at:  MX

Pharmacy Technology 103
Intro To Pharmacy Technology
This course introduces the student to the field of pharmacy technology. Included is an overview of the Pharmacy Technician certificate program, definition of the pharmacy technician’s role, and a review of opportunities open to the pharmacy technician. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission to the Pharmacy Technology program/planning.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at:  MX

Pharmacy Technology 104
Pharmaceutical Calculations
Designed to provide mathematical tools for students enrolled in the pharmacy technology program. Emphasis is on practical aspects of mathematics and less upon the theoretical. Topics include, but are not limited to: fundamentals of measurement and calculation; interpretation of prescription or medication order; the metric system; calculation of doses; reducing and enlarging formulas; and percentage and ratio calculation. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission into the Pharmacy Tech Program/Plan 254.
3 Lecture Hours. 3 Credit Hours.
Offered at:  MX

Pharmacy Technology 105
Prescription Compounding
This course provides a basic understanding and training of compound preparations of products, equipment, calculations and documentation. Writing and reading assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Current Licensed and Certified Pharmacy Technician
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at:  MX

Pharmacy Technology 113
Prescription Processing
Provides basic understanding of the person / pharmacy computer prescription processing software and the development of keyboarding skills. Learn to produce all requisite documentation for the pharmacy. Writing assignments, as appropriate to the discipline, and part of the course.  
Prerequisite(s): Admission to the Pharmacy Technology program/planning.
2 Lecture Hours. 2 Credit Hours.
Offered at:  MX

Pharmacy Technology 121
Pharmacy Communication
Provides basic communication skills and pharmacy practice including verbal, nonverbal communication. Communication barriers, listening/empathic responding, assertiveness, interviewing assessment, patient outcomes, communications with special patients/children about medications are explored in this profession. Writing assignments, as appropriate to the discipline, are part of the course.  
3 Lecture Hours. 3 Credit Hours.
Offered at:  MX

Pharmacy Technology 201
Intro To Pharmacy Law
Overview of legal aspects of the pharmacy practice, including a review of the Federal Controlled Substances Act and Illinois statues, rules and regulations. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission to the Pharmacy Technology program/planning.
1 Lecture Hour. 1 Credit Hour.
Offered at:  MX

Pharmacy Technology 202
Pharmacy Operations
Fundamentals and specifics of drug distribution in hospital and retail pharmacies, including bulk compounding, packaging, quality control, inventory control, drug storage and a variety of drug delivery systems. Mathematical calculations for basic pharmacy operations. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission to the Pharmacy Technology program/planning.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at:  MX

Pharmacy Technology 204
Clinical Practicum I
This course is designed to provide employment skills as a concurrent and integral part of a student’s educational program in pharmacy technology. Supervised work experience in ambulatory care pharmacy practice is provided by applying the knowledge and training learned in related pharmacy technology courses. Training also involves progression from role of observer to assistant, then to relative independence under the direct supervision of a registered pharmacist and clinical coordinator. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in PHAR TC 101, 102 and 103.
2 Lecture Hours. 10 Lab Hours. 4 Credit Hours.
Offered at:  MX

Pharmacy Technology 205
Clinical Practicum II
This course is designed to provide employment skills as a concurrent and integral part of a student’s educational program in pharmacy technology. Supervised work experience in ambulatory care pharmacy practice is provided by applying the knowledge and training learned in related pharmacy technology courses. Training also involves progression from role of observer to assistant, then to relative independence under the direct supervision of a registered pharmacist and clinical coordinator. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission into the Pharmacology Technician Program or Consent of Department Chair and Grade of C or better in PHAR TC 201 and 202.
2 Lecture Hours. 10 Lab Hours. 4 Credit Hours.
Offered at:  MX
PHI THETA KAPPA (0131)

Phi Theta Kappa 101
Phi Theta Kappa Leadership Development
Development of leadership abilities through the study of classic examples in The Great Books and through experiential exercises. Includes topics on leadership and group dynamics, moral and ethical responsibilities of leadership, delegation of authority. Conflict resolution, essential leadership skills, and productive leadership behavior. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA HW WR

PHILOSOPHY (0043)

Philosophy 105
Logic
This course introduces students to methods of reasoning, inference and argument. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: H4 906 GE: Humanities

Philosophy 106
Introduction To Philosophy
Introduction to philosophical methods of inquiry through analysis and evaluation of influential philosophical ideas. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: H4 900 GE: Humanities

Philosophy 107
Ethics
Introduction to representative ethical systems; approaches to problems of values and conduct. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: H4 904 GE: Humanities

Philosophy 108
Philosophy Of Religion
Introduction to major religious traditions, analyzing various conceptions of God, values, reason, and faith. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: H4 905 GE: Humanities

Philosophy 110
Social/Political Philosophy
Discussion of readings in philosophy covering issues such as justice, authority, obligation, rights, power, freedom and well-being. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA HW WR
IAI: PLS 913; IAI: H4 907 GE: Humanities
Philosophy Of Art
Basic artistic concepts, including artistic creation, the aesthetic experiences; focus on values and meaning in the arts. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW
GE: Humanities

PHLEBOTOMY (0113)

Phlebotomy 109 Phlebotomy Practicum and Seminar I
This course provides principles of phlebotomy techniques and examines the phlebotomist’s role as a member of the healthcare delivery team. The students will perform simulated phlebotomy procedures on campus and actual procedures in a clinical setting. Medical terminology, anatomy and physiology, communications, interpersonal relations, professional behavior, safety requirements in the healthcare institution, venipuncture and capillary puncture techniques will be discussed. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 or Consent of Program Director.
2 Lecture Hours. 9 Lab Hours. 5 Credit Hours.
Offered at: MX

Phlebotomy 209 Phlebotomy Practicum and Seminar II
This course provides the student with hands-on experience in both venous and capillary blood drawing in a clinical setting (i.e. hospital and ambulatory health care environment) and in the phlebotomy laboratory during clinical practicum. A minimum of 100 successful unsupervised venipuncture using standard equipment is required for the completion of this course. The students will perform simulated capillary punctures on campus to prepare students in a clinical setting. Topics such as stress management quality assurance and quality control, capillary puncture, continuation of medical terminology legal aspects of phlebotomy, data entry, and cardiopulmonary resuscitation (CPR), will be discussed. The student will also be trained on how to perform a basic 12-lead electrocardiogram (ECG). Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Successful completion of Phlebotomy Practicum & Seminar I with a grade of “C” or better and consent of program director.
3 Lecture Hours. 16 Lab Hours. 8 Credit Hours.
Offered at: MX

PHYSICAL EDUCATION (0065)

Physical Education 110 Fitness
Concepts, techniques, methods of personal fitness, stressing effects of exercise, relaxation and weight control; fitness programs directed to individual improvement. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.
Offered at: KK MX OH WR

Physical Education 112 Gymnastics And Tumbling
General calisthenics and fundamentals of combinations of simple tumbling, gymnastics, stunts and/or modern gymnastics and practice; competitive aspects and scoring. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.
Offered at: KK MX OH WR

Physical Education 114 Jogging
Running techniques to improve organic fitness through individualized programs. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.
Offered at: KK MX OH

Physical Education 116 Self Defense & Combatives
Elements of self-defense; understanding of combatives; conditioning, offensive and defensive tactics, rules and strategy for competition. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.
Offered at: KK MX

Physical Education 118 Weight Training
Development of physical fitness through weight training devices; lifting techniques, circuit training, competitive lifting procedures. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.
Offered at: KK MX OH WR

Physical Education 120 Team Sports
Combination of one or more seasonal sports such as basketball, floor hockey, soccer, softball, touch football and volleyball; theory and practice of fundamental skills, rules of the game and strategy, competition and tournaments within classes. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.
Offered at: MX OH WR

Physical Education 122 Individual Sports
One or more lifetime sports such as archery, badminton, bowling, fencing, golf, skating, skiing, tennis, and track and field; theory and practice of individual skills, rules of the game, techniques of game strategy, competitive tournaments within class. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.
Offered at: KK MX OH

Physical Education 130 Fund Of Swimming
For beginning and intermediate swimmers; breathing techniques, basic strokes, diving and water safety skills. American Red Cross card issued to qualifiers. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.
Offered at: KK MX OH WR
**Physical Education 132**  
**Advanced Swim & Water Games**  
Instruction in all strokes to improve efficiency and speed; diving from pool side, springboard, rescue skills and surface dives; preparation for lifesaving course; individual and team competition in such games as water basketball and water polo. American Red Cross Card issued to qualifiers. Writing assignments, as appropriate to the discipline, are part of the course.  
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.  
Offered at: **KK MX WR**

**Physical Education 134**  
**Aquatic Skills & Synchronized Swimming**  
Development of skills for participation in synchronized swimming activities; stunts and combinations of strokes for simple rhythmic routine composition; advanced diving and underwater skills. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.  
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.  
Offered at: **KK MX**

**Physical Education 140**  
**Dance Survey**  
Introduction to dance techniques such as square, folk, tap, contemporary, social and ballet. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.  
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.  
Offered at: **KK MX**

**Physical Education 142**  
**Square & Folk Dance**  
Fundamentals and practice in basic steps and figures of American and foreign folk dance. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.  
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.  
Offered at: **KK MX**

**Physical Education 144**  
**Ethnic Dance**  
Rhythms, dance and cultures of Africa and their interrelationships with Latin American dance and calypso movements. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.  
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.  
Offered at: **KK**

**Physical Education 146**  
**Contemporary Dance I**  
Contemporary dance including warm-ups, technique, dance patterns, analysis of rhythm and creative experience in improvisations and simple movement studies. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.  
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.  
Offered at: **KK MX OH WR**

**Physical Education 148**  
**Contemporary Dance II**  
Advanced technique, training and principles of movement perception, introduction to fundamentals of dance composition with emphasis on design, form and production. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.  
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.  
Offered at: **KK OH WR**

**Physical Education 150**  
**Ballet**  
Form, style and performance of basic ballet movements and practice of beginning dances; fundamentals of music related to dance. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.  
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.  
Offered at: **KK WR**

**Physical Education 152**  
**Tap**  
Techniques of tap dance; practice and experience in creating simple routines. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.  
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.  
Offered at: **KK MX**

**Physical Education 160**  
**Adaptive Physical Education**  
For students restricted by health limitations; activity programs to meet specific needs of the individual. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated four credit hours will be counted towards graduation.  
0.5 - 1 Lecture Hours. 1 - 2 Lab Hours. 1 - 2 Credit Hours.  
Offered at: **KK MX**

**Physical Education 200**  
**Intro to Physical Education**  
2 Lecture Hours. 2 Credit Hours.  
Offered at: **KK**

**Physical Education 201**  
**Dance Fundamentals**  
Rhythm as related to movement and dance; skill practice with emphasis on correct performance, interpretation of dance patterns, opportunities for student teaching. Writing assignments, as appropriate to the discipline, are part of the course.  
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.  
Offered at: **KK**

**Physical Education 202**  
**Ballet**  
Principles of classical ballet, terminology and methods of teaching elementary composition. Writing assignments, as appropriate to the discipline, are part of the course.  
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.  
Offered at: **WR**

**Physical Education 203**  
**Contemporary & Modern Jazz Dance**  
Analysis through movement, exploration of dance forms, their similarities and differences; skill practice and teaching experience in each area. Writing assignments, as appropriate to the discipline, are part of the course.  
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.  
Offered at: **KK OH WR**
Physical Education 204
Wrestling
Analysis, instruction and theories of coaching, officiating and match strategy. Writing assignments, as appropriate to the discipline, are part of the course.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: KK WR

Physical Education 206
Football
Analysis, instruction, demonstration of fundamental skills; theory of coaching and officiating, styles of play and team strategy. Writing assignments, as appropriate to the discipline, are part of the course.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: KK

Physical Education 207
Introduction to Personal Training
This course is designed to prepare students to sit for the personal trainer's exam. The course bridges the gap between exercise science related course work and the practical application skills of personal training. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: WR

Physical Education 212
Volleyball
Instruction, demonstration and practice of skills; coaching and officiating, styles of play and team strategy. Writing assignments, as appropriate to the discipline, are part of the course.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: KK

Physical Education 216
Track
Skills and teaching techniques of track and field events; rules of competition, strategy and team organization of the sport. Writing assignments, as appropriate to the discipline, are part of the course.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: KK

Physical Education 218
Basketball
Fundamentals of basketball and techniques of team organization; skills of each position, offensive and defensive skills, team play, strategy and officiating. Writing assignments, as appropriate to the discipline, are part of the course.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: KK

Physical Education 219
Sports Officiating
Rules and mechanics of officiating of various team and individual sports; responsibilities and qualifications of an official. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Physical Education 221
Play & Rhythmic Activities of Early Childhood
Methods and materials for teaching simple rhythmic games, singing games and other movement experiences for pre-school child; analysis of play situations appropriate to their needs and abilities. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Physical Education 224
Tumbling And Gymnastics
Instruction and practice in teaching fundamental exercises; correct execution, development of skills, methods of giving gymnastic commands, tumbling and pyramid building; instruction and theories of coaching, officiating and competitive needs. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Physical Education 226
Swim & Senior Life Saving
Skills of fundamental strokes to improve efficiency and speed; diving from pool side and springboard, rescue skills and surface dives; introduction to coaching of competitive swimming; safety, accident prevention; defense methods, rescue techniques. American Red Cross Water Safety Instructors training program; American Red Cross Water Safety Instructors certificate issued to qualifiers. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Physical Education 229
Water Safety Instructor
Swimming skills and techniques in all strokes, skills and techniques of life saving, water safety; practice in class management and teaching progressions; requirements meet those of American Red Cross Water Safety Instructors training program; American Red Cross Water Safety Instructors certificate issued to qualifiers. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Physical Education 230
Baseball And Softball
Basic skills, coaching and officiating styles of play, teaching techniques and team strategy. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK

Physical Education 234
Soccer
History, basic skills, playing tactics, officiating and teaching methods. Writing assignments, as appropriate to the discipline, are part of the course.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: KK

Physical Education 236
Fitness Programs
Individual physical development; methods and teaching techniques of various fitness programs; introduction to physiology of exercise. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK MX

Physical Education 237
Body Mechanics
Principles of fitness, including exercise, nutrition, diet, self-analysis, relaxation, posture, movement and sport activity analysis. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK MX
**Physical Education 244**
Tennis
Basic skills, strategy and playing techniques and teaching methods of tennis; rules, history and court etiquette. Writing assignments, as appropriate to the discipline, are part of the course.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: KK

**Physical Education 246**
Golf
Basic practices and teaching of grip, stance and swing; rules, strategy, course layout, etiquette. Writing assignments, as appropriate to the discipline, are part of the course.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: KK

**PHYSICAL SCIENCE (0076)**

**Physical Science 101**
General Course Physical Science
Introduction to the scientific method, astronomy, geology, meteorology. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX TR HW WR
IAI: P9 900; IAI: P1 905 GE: Physical Sciences

**Physical Science 102**
General Course Physical Science
Introduction to physics and chemistry; the relationship of matter and energy to physical and chemical changes. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR WR
IAI: P9 900 GE: Physical Sciences

**Physical Science 107**
Current Public Issues in Physical Science
Interdisciplinary approach to physical sciences; current public issues serve as framework for course that covers earth sciences (conservation, pollution, space exploration) as well as other branches of science and social and humanistic aspects; integrates significant aspects of physical science with students other studies as well as daily living. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK MX OH TR HW
IAI: P9 900 GE: Physical Sciences

**Physical Science 111**
General Course 1 Physical Science
Introduction to the scientific method, astronomy, geology, oceanography, and meteorology. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and Math 099 or Higher OR Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: P9 900L GE: Physical Sciences

**Physical Science 112**
General Course II Physical Science
Introduction to physics and chemistry; the relationship of matter and energy to physical and chemical changes. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and Math 099 or Higher OR Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: KK OH TR HW WR
IAI: P9 900L GE: Physical Sciences

**Physical Science 118**
Introduction to Meteorology
An introductory course examining the physical properties of the atmosphere, radiation heating and cooling, precipitation, clouds, weather disturbances, climate controls, map reading, and application of the scientific method in analyses of the weather elements. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 and Math 099 or Higher OR Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: HW
GE: Physical Sciences

**Physical Science 295**
Independent Research in Physical Science
This course emphasizes independent, student-driven research under the close supervision of a faculty member. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Eligibility for course repetition for additional credit hours is determined by the instructor. No more than an accumulated 12 credit hours will be counted towards graduation.
Prerequisite(s): Eligibility for English 101 and Math 140 or higher OR Consent of Department Chairperson.
1 Lecture Hour. 6 Lab Hours. 6 Credit Hours.
Offered at: DA KK OH TR HW

**PHYSICAL THERAPIST ASSISTANT (0151)**

**Physical Therapist Assistant 110**
Introduction to Physical Therapy
This course introduces the field of physical therapy (PT) and foundational knowledge of topics threaded throughout the technical portion of the physical therapist assistant curriculum. These topics include, but are not limited to, the history of the profession, PT practice settings, roles and responsibilities of the physical therapist assistant (PTA), the PT/PTA relationship and other interprofessional relationships, ethical and legal considerations in PT, communication skills, cultural competence and diversity in health care related to age, race, ethnicity, socioeconomic status and disability, pharmacology medical terminology, documentation, basic patient safety, patient privacy/comfort, architectural barriers, recognizing and responding to emergency situations, and research and evidence based practice. Upon completion, students should be able to expand upon this foundational knowledge in subsequent courses as it pertains specifically to patient care and conditions/body systems studied. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission into the Physical Therapy Assistant Program.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: MX
HD Course
Physical Therapist Assistant 140
Health Promotion & Wellness I

This course introduces the physical therapist assistant student to health promotion and wellness beginning with a reflection of self as an individual and student, as member of the interprofessional healthcare team, and subsequently the community at large. Students will identify strategies for successful navigation of the physical therapist assistant program including identifying personal strengths and weaknesses, self-reflection on health beliefs, and skills to maintain a healthy school-life balance. The second portion of the course will shift beyond self to health promotion and wellness as a member of the community and interprofessional healthcare team. Students will identify, design, and implement an interprofessional initiative to promote the health and wellness of the members of our college community. Upon completion, students should be able to implement skills to maintain a school-life balance to maintain academic success and complete a needs assessment of their environment and implement feasible initiatives aimed at promoting the health and wellness of that community. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Admittance into the Physical Therapy Assistant Program.
1 Lecture Hour. 1 Credit Hour.
Offered at: MX

Physical Therapist Assistant 150
Therapeutic Procedures I

This course introduces assessment and measurement techniques and mobility training commonly performed by the physical therapist assistant. In this course, students will learn the applicable foundational knowledge and clinical skills to complete anthropometric, joint ROM, muscle length, muscle strength, sensory, and balance/coordination tests and measurements. Additionally, this course will build upon foundational coursework emphasizing the underlying clinical decision making skills and technical skills for functional patient mobility including assistive device fitting, bed mobility, transfer training, gait training, stair navigation, and wheelchair mobility. Upon completion, students should be able to safely, correctly, and effectively apply and document these techniques and procedures within the plan of care and scope of practice of the physical therapist assistant under the supervision of a physical therapist. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Admittance into the Physical Therapy Assistant Program.
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: MX

Physical Therapist Assistant 160
Orthopedic Practice & Exercise

This course introduces commonly encountered orthopedic conditions in physical therapy and effective interventions for physical therapy management. As each joint of the human body is explored, emphasis is placed on foundational principles of tissue healing, pain management, and recovery of meaningful function for the patient. Using evidence based practice as a guide, clinical decision making skills stress progression and modification of interventions. Upon completion, students should be able to safely, correctly, and effectively apply and document tests, measurements, and interventions in clinical practice based on knowledge of orthopedic conditions as experienced by patients within the plan of care and scope of practice of the physical therapist assistant (PTA) under the supervision of a physical therapist. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Admittance into the Physical Therapy Assistant Program.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: MX

Physical Therapist Assistant 170
Therapeutic Procedures II

This course covers the theory and application of therapeutic modalities used in physical therapy practice. Modalities covered in this course include: superficial thermal agents (therapeutic heat and cold), ultrasound and phonophoresis, diathermy, lasers, ultrasound, electrotherapeutics for pain management, muscle contraction, drug delivery, and tissue repair, EMG/biofeedback, traction, massage, compression therapy, aquatics and hydrotherapy. Emphasis is placed on foundational principles and mechanics from physics, physiological effects, indications, contraindications, precautions, skilled application of the modality, clinical decision making, evidence-based practice, and documentation procedures. Upon completion, students should be able to safely, correctly, and effectively apply these techniques and procedures within the plan of care and scope of practice of the physical therapist assistant (PTA) under the supervision of a physical therapist. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Successful completion of previous semester Physical Therapist Assistant coursework with a Grade of C or better.
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: MX

Physical Therapist Assistant 171
Cardiopulmonary & Vascular Practice

This course introduces commonly encountered cardiopulmonary and vascular conditions in physical therapy. In this course, students will learn the applicable knowledge and clinical skills to complete tests and measurements related to a patient’s cardiopulmonary and vascular status. Additionally, this course will further previous and foundational coursework emphasizing clinical decision making skills, proficiency with cardiopulmonary and vascular risk factor assessments, effective resistive and aerobic exercise progressions and modifications, response to emergent conditions, and wellness and prevention initiatives in the cardiopulmonary and vascular patient populations. Lymphatic and integumentary conditions, tests, measurements, and interventions are introduced as related to the cardiopulmonary and vascular systems. Upon completion, students should be able to safely, correctly, and effectively apply and document tests, measurements, and interventions in clinical practice based on knowledge of cardiopulmonary, vascular, and related lymphatic and integumentary conditions as experienced by patients within in the plan of care and scope of practice of the physical therapist assistant (PTA) under the supervision of a physical therapist. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Successful completion of previous semester Physical Therapist Assistant coursework with a Grade of C or better.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: MX

Physical Therapist Assistant 190
Therapeutic Procedures III

This course introduces treatment and measurement techniques and discusses treatment programs for neuromusculoskeletal dysfunction and injury. Topics include soft tissue and joint dysfunction; assessment of girth, volume, length, sensation, pain, and muscle strength; and selected exercise programs. Upon completion, students should be able to measure strength and joint motion and identify methods to assess sensation, pain, volume, girth, length, and gait abnormalities. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in PTA 110, 150, 160 and MAS 110, OR Consent of Department Chairperson.
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: MX

Physical Therapist Assistant 200
Pathophysiology & Complex Systems

This course introduces the remaining body systems and conditions encountered in physical therapy: integumentary, endocrine, immune, hematological, gastrointestinal, genitourinary, and metabolic. For each system and its related conditions, the student will explore etiology, pathology, manifestation, medical and physical therapy treatment, and prognosis. Realistic complex patient care and multi-system involvement is explored through an integration with orthopedic, cardiopulmonary, and neurologic conditions routinely treated by the physical therapist assistant as the patient progresses through the acute care, inpatient rehab, and/or SNF, home care, and outpatient physical therapy settings. Upon completion, students should be able to safely, correctly, and effectively apply and document tests, measurements, and interventions in clinical practice related to conditions involving complex system interactions within in the plan of care and scope of practice of the physical therapist assistant (PTA) under the supervision of a physical therapist. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Successful completion of previous semester Physical Therapist Assistant coursework with a Grade of C or better.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: MX
Physical Therapist Assistant 201
Neuromuscular Rehabilitation
This course introduces commonly encountered adolescent and adult neurological conditions in physical therapy. In this course, students will learn the applicable foundational knowledge and clinical skills to complete assessment and measurements of sensation, cranial nerve and reflex integrity, cognitive functioning, hypo/hyperexcitability, ROM, MM, spasticity, coordination, and balance. Additionally, this course will further previous and foundational coursework emphasizing clinical decision making skills, proficiency with risk factor assessments, effective exercise progressions and modifications, response to emergent conditions, and wellness and prevention initiatives in neurological patient populations. Upon completion, students should be able to safely, correctly, and effectively apply and document tests, measurements, and interventions in clinical practice based on knowledge of neurological conditions as experienced by patients within the plan of care and scope of practice of the physical therapist assistant (PTA) under the supervision of a physical therapist. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Successful completion of previous semester Physical Therapist Assistant coursework with a Grade of C or better.
2 Lecture Hours. 3 Lab Hours. 3 Credit Hours.
Offered at: MX

Physical Therapist Assistant 211
PTA Clinical Education I
This full time clinical education experience (40 hours per week for 8 weeks) offers students the opportunity to gain exposure to a variety of medical and physical therapy diagnoses, develop patient care skills under the supervision of a clinical instructor (physical therapist assistant and/or physical therapist), and become an active participant in the health care team. Students will be placed in inpatient and outpatient physical therapy settings. Writing assignments, as appropriate to the discipline, are part of this course.
Prerequisite(s): Grade of C or better in PTA 110, 140, 150 and 160. Students must complete an online training tutorial on use of the Clinical Performance Instrument (CPI).
20 Lab Hours. 7 Credit Hours.
Offered at: MX

Physical Therapist Assistant 220
Physical Therapy Across the Lifespan
This course introduces foundations for human development and movement and explores developmental changes across the lifespan. At each developmental stage, this course expands upon physical, cognitive, emotional, psychosocial, and sociocultural changes experienced by individuals and how these differences impact effective physical therapy treatment. Commonly encountered conditions will be introduced along with effective interventions. Upon completion, students should be able to safely, correctly, and effectively apply and document tests, measurements, and interventions in clinical practice based on knowledge of patient conditions experienced across the lifespan within the plan of care and scope of practice of the physical therapist assistant (PTA) under the supervision of a physical therapist. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Successful completion of previous semester Physical Therapist Assistant coursework with a Grade of C or better.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: MX

Physical Therapist Assistant 221
PTA Clinical Education II
This course provides a short-term affiliation for planned learning experiences and practice under supervision. Emphasis is placed on basic skills including patient transfers, elementary exercise programs and other learned skills. Upon completion, students should be able to demonstrate satisfactory performance as an introductory-level physical therapy assistant student. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): First year completion of the Physical Therapy Assistant program with a minimum grade point average of 2.0, OR consent of Department Chairperson.
6 Lab Hours. 2 Credit Hours.
Offered at: MX

Physical Therapist Assistant 230
Therapeutic Procedures IV
This course covers normal development, adult and pediatric/CNS dysfunction, spinal cord injuries, amputee rehabilitation techniques, and cardiopulmonary rehabilitation. Topics include neurology review, selected rehabilitation techniques, ADL, and functional training, prosthetic and orthotic training, and environmental access. Upon completion, students should be able to demonstrate safe and correct application of selected rehabilitation techniques for neurological dysfunction, cardiopulmonary conditions, and amputations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): First year completion of Physical Therapy Assistant program with a minimum grade point average of 2.0, OR consent of Department Chairperson.
3 Lecture Hours. 6 Lab Hours. 5 Credit Hours.
Offered at: MX

Physical Therapist Assistant 240
Health Promotion & Wellness II
This course builds upon content of Health Promotion and Wellness I expanding upon cultural competence, service learning in a broader context as part of the interprofessional team, and continuing professional development as students prepare for the National Physical Therapist Assistant Exam (NPTAE) and employment. The course will integrate classroom and clinical knowledge from throughout the course of study in the physical therapist assistant (PTA) program culminating in a health promotion and wellness initiative aimed at the improving upon the health of the immediate community. Upon completion, students as part of an interprofessional team should be able to complete a needs assessment and implement feasible initiatives aimed at promoting the health and wellness of a culturally diverse community. In addition, students will gain the knowledge and tools to successfully seek licensure and employment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Successful completion of previous semester Physical Therapist Assistant coursework with a Grade of C or better.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: MX

Physical Therapist Assistant 260
Advanced PTA Clinical Education
This terminal full time clinical education experience (40 hours per week for 8 weeks) offers students the opportunity to gain exposure to a variety of medical and physical therapy diagnoses, develop entry-level patient care skills under the supervision of a clinical instructor (physical therapist assistant and/or physical therapist), and become an active participant in the health care team. Students will be placed in inpatient and outpatient physical therapy settings. Writing assignments, as appropriate to the discipline, are part of this course.
Prerequisite(s): Successful completion of ALL previous Physical Therapist Assistant coursework with a grade of C or higher. Students must complete an online training tutorial on use of the Clinical Performance Instrument (CPI).
20 Lab Hours. 7 Credit Hours.
Offered at: MX

Physical Therapist Assistant 280
Physical Therapy Assistant Topics
This course covers the physical therapist assistant profession in preparation for the state licensure exam. Topics include developing time management and prioritizing for the competence examinations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in PTA 260 AND Consent of Department Chairperson.
2 Lecture Hours. 2 Credit Hours.
Offered at: MX
PHYSICS (0077)

Physics 131
Mechanics And Power
A limited number of principles are covered with emphasis placed on applications. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA MX TR
GE: Physical Sciences

Physics 132
Electricity Heat And Light
Continuation of Physics 131. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Physics 131, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: DA

Physics 215
Statics
Rigid bodies, fluid statics, friction, moments of inertia, centroids, and virtual work. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Physics 235 and Math 208), or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA
IAI: EGR 942

Physics 216
Dynamics
Problems in kinematics, dynamics of a particle and a system of particles, dynamics of a rigid body, work, energy, small oscillations, and general plane motion. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Physics 235 and Mathematics 208), or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA
IAI: EGR 943

Physics 217
Mechanics Of Materials
Study of elastic and inelastic relationships of external forces acting on deformable bodies. Includes stresses and deformations produced by tension and compression, torsion and bending, combined stresses, buckling, repeated loads, impact, and influence of properties of materials. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Physics 215, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA
IAI: EGR 945

Physics 220
Physics Calculations & Practice
Detailed practice in problems and application of theory for better understanding of physics; application of ideas of physics such as conservation laws, wave motion, invariance and trigonometry, analytic geometry, vector analysis, probability and statistics. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Concurrent enrollment in (Physics 221 or Physics 231), or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK HW
IAI: P1 900L GE: Physical Sciences

Physics 221
Mechanics, Waves, and Heat
Continuation of Physics 221. Exploration of Electromagnetism, Light and Modern Physics using an algebra based approach. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Physics 221, and Math 141 and Eligibility for English 101) or Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 5 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: P1 900L GE: Physical Sciences

Physics 222
Electricity, Light and Modern Physics
Continuation of Physics 221. Foundation concepts in Physics, including elementary problems in mechanics wave motion and heat. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Physics 221, and Math 141 and Eligibility for English 101) or Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 5 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: P1 900L GE: Physical Sciences

Physics 224
Physics Calculations & Practice
For students majoring in engineering or physical sciences. Detailed practice in problems and application of theory involving calculus to provide better understanding of physics. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Physics 235, or Consent of Department Chairperson.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK HW

Physics 231
General Physics I: Mechanics & Wave Motion
Statics and dynamics of a particle and a rigid body; oscillatory and wave motion with application to sound. Primarily for liberal arts students and those in pre-medical curricula. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Concurrent enrollment in Physics 220 AND Grade of C or better OR concurrent enrollment in Math 141 OR Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA KK
IAI: P1 900L GE: Physical Sciences

Physics 232
General Physics II: Electricity & Magnetism
Electrostatics, magneto statics, laws of DC and AC circuits, electromagnetic radiations and elementary electronics. Primarily for liberal arts students and those in pre-medical curricula. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Physics 231, or Physics 235), or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA KK
Physics 233
General Physics III: Heat light & Modern Physics
Introductory thermodynamics, geometrical and physical optics, atomic and nuclear radiations and associated elementary quantum aspects. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Physics 231,or Physics 232), or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA

Physics 235
Engineering Physics I: Mechanics & Wave Motion
Exploration of the laws of mechanics and wave motion using calculus to analyze practical and theoretical problems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Math 207, OR concurrent enrollment in Math 207 and Eligibility for English 101 OR Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 5 Credit Hours.
Offered at: DA KK OH TR HW WR
IAI: PHY 911 IAI: P2 900L GE: Physical Sciences

Physics 236
Engineering Physics II: Electricity & Magnetism
Exploration of electricity and magnetism as they relate to fields, forces and energy using calculus to analyze theoretical and practical problems in lecture and laboratory. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Physics 235, and Math 207 and Eligibility for English 101 or Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 5 Credit Hours.
Offered at: DA KK OH TR HW WR
IAI: PHY 912

Physics 237
Engineering Physics III: Heat light and Modern Physics
Exploration of the laws of heat, light, and modern physics and analysis of practical and theoretical problems through the use of calculus. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Math 207 and Physics 235, and Eligibility for English 101 or Consent of Department Chairperson.
2 Lecture Hours. 6 Lab Hours. 5 Credit Hours.
Offered at: DA KK OH TR HW WR
IAI: PHY 913

Physics 295
Independent Research in Physics
This course emphasizes independent, student-driven research under the close supervision of a faculty member. Eligibility for course repetition for additional credit hours is determined by the instructor. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Eligibility for course repetition for additional credit hours is determined by the instructor. No more than an accumulated 12 credit hours will be counted towards graduation.
Prerequisite(s): Eligibility for English 101 and Math 140 or higher OR Consent of Department Chairperson.
1 Lecture Hour. 6 Lab Hours. 1 - 6 Credit Hours.
Offered at: DA KK OH TR HW WR

POLISH (0046)

Polish 101
First Course Polish
Pronunciation and basic structures, speech patterns, reading, and writing skills. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lecture Hours. 4 Credit Hours.

Polish 102
Second Course Polish
Continuation of Polish 101. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Placement test, or Polish 101.
4 Lecture Hours. 4 Credit Hours.

Polish 103
Third Course Polish
Review and development of basic language skills, conducted in Polish. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): ACTFL Writing Proficiency Test (Score 3.00), or Placement test, or Polish 102.
4 Lecture Hours. 4 Credit Hours.

Polish 104
Fourth Course Polish
Review of language structure and interpretation of readings, conducted in Polish. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): ACTFL Writing Proficiency Test (Score 4.00), or Placement test, or Polish 103.
4 Lecture Hours. 4 Credit Hours.

Political Science 200
Principles of Political Science
Basic principles of political science, History, theories, and various traditional and modern approaches to the study of political institutions and ideas. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA
IAI: SS 903 GE: Social & Behavioral Sciences
Political Science 201
The National Government
Development, organization, and functioning of the American national government; origin, growth, and interpretation of the Constitution; and legislative, executive, and judicial processes; administrative development, controls, organization, and activities. Successful completion of this course may be used to fulfill the graduation requirement to pass the United States Constitution examination. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: S5 900 GE: Social & Behavioral Sciences

Political Science 202
Urban Government & Politics
Development, forms, functions, powers and problems of urban government in the United States. Emphasis on metropolitan areas, such as Chicago, and intergovernmental relations; examination of local politics and pressure group activity, administrative organization and fiscal responsibilities. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK
GE: Social & Behavioral Sciences

Political Science 203
Comparative Government
Principles of comparative study of political systems; political culture, governmental structures and institutions, political parties, groups, and ideology; understanding of political systems other than American. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK WR
IAI: S5 905 GE: Social & Behavioral Sciences

Political Science 204
International Relations
Study of international relations, analysis of international behavior; role of nation-state and international organizations; factors underlying the development, character and, application of foreign policy; war and peace; major social and political forces at work in the contemporary world system. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK TR HW WR
IAI: S5 904 GE: Social & Behavioral Sciences HD Course

Political Science 205
Public Administration
Introduction to principles of public administration including the role of administration in modern government and administrative responsibility; organization, personnel management, fiscal operations, budgeting, purchasing, and planning. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK
GE: Social & Behavioral Sciences

Political Science 206
American Foreign Policy
Examination of conduct and control of American foreign policy in today's complex world; analysis of development of American traditions in foreign policy, machinery which exists for conduct of American foreign relations, factors influencing foreign policy of the United States, and policies and problems relating to countries and regions of the world. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK HW
GE: Social & Behavioral Sciences HD Course

Political Science 207
U.S. State & Local Government
Study of state and local political jurisdictions and systems, including their powers, organization, functions, development and contemporary problems. This course will examine the American federal system with special emphasis directed to the governmental structures and public policies of Illinois. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK HW
IAI: S5 902 GE: Social & Behavioral Sciences

Political Science 211
Analysis Of White Racism
Nature of white racism: political, economic, social, psychological effects on blacks and whites. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH
GE: Social & Behavioral Sciences HD Course

Political Science 215
Politics Of Community Organization
Analysis of voting trends; discussion with community spokesmen and politicians; class participation in community politics such as voter registration and political education; how Chicago is governed; role of Republican and Democratic parties and independents. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
GE: Social & Behavioral Sciences
PROCESS TECHNOLOGY (0340)

Process Technology 116
Process Instrumentation I
This course provides an introduction to the instrumentation used in process industries. Students will develop knowledge of instruments and instrument systems used to monitor and control variables in production processes, especially in the petrochemical industry. Terminology, process variables, symbology, control loops and basic troubleshooting will be covered. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340PRTE 124, AND Eligibility for MATH 098, OR Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: DA

Process Technology 117
Process Instrumentation II
This course is to provide an overview into the field of instrumentation as it relates to operations within the process industries. In this course, students draw upon their knowledge of equipment, systems and instrumentation, to understand the operation of the entire unit. Students study concepts related to commissioning, normal startup, normal operations, normal shutdown, turnarounds and abnormal situations as well as the Process technician's role in performing the task associated with these concepts within an operating unit. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340PRTE 116
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: DA

Process Technology 118
Process Technology Equipment
This course provides an overview and introduction into some of the equipment and vessels, and their operations, within the Process Industry. Students will be introduced to process industry equipment fundamentals, such as purpose, terminology, components, operation, and Process Technician's role for operating and troubleshooting the equipment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340PRTE 116 AND 124
4 Lecture Hours. 4 Lab Hours. 6 Credit Hours.
Offered at: DA

Process Technology 124
Introduction to Process Technology
This course provides an introduction to the field of process industry operations and an overview of the roles and responsibilities of process technicians, the environment in which they work, and the equipment and systems that they operate. Students will be introduced to several process industry concepts including purpose, components, and operation. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 096 OR Consent of Department Chairperson.
4 Lecture Hours. 4 Credit Hours.
Offered at: DA

Process Technology 125
Safety, Health and Environment
Students are introduced to various types of plant hazards, safety and environmental systems and equipment, and to the regulations that underscore process industries. This course will also explore the safety and health hazards of specific hazardous materials, safety data sheets (SDS), labeling and placarding systems, and emergency operations. Regulations and standards from Occupational Safety and Health Administration (OSHA), National Fire Protection Association (NFPA) and Department of Transportation (DOT) will be utilized as primary sources of current hazardous material management. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 340PRTE 124.
6 Lecture Hours. 6 Credit Hours.
Psychiatric Rehabilitation 101
Survey Of Psychiatric Rehabilitation
This course is the first in the series for the Psychiatric Rehabilitation certificate. Courses in the series focus on a rehabilitative approach to servicing individuals with severe mental illness. This approach is based on the premise that consumers set the goals for the rehabilitation team. The survey course has four major themes: understanding psychiatric disability and current approaches to treatment, the mental health system and surrounding legal issues, psychiatric rehabilitation through vocational and skills training, and family and community support systems. The orientation of the course is more practical than theoretical and there is considerable opportunity to observe and practice relevant skill. Consumers serve as guest speakers to highlight issues of empowerment and stigma and to increase understanding of consumer experiences with the mental health system. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Psychiatric Rehabilitation 102
Psychiatric Rehabilitation Skills
This course is the second in the series for the Psychiatric Rehabilitation Certificate. The orientation of the course is more practical than theoretical, and there is considerable opportunity to observe and practice relevant skills. Students learn basic techniques for conducting interviews for use in assessment, treatment planning, and therapeutic interactions with consumers. Students learn to conduct skills training groups and apply behavioral techniques for implementing programs that promote desired skills. Techniques for intervening in crisis situations and preventing and managing aggression are presented. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Course may be repeated up to three times and may count for a maximum of six credit hours. Consent of Department Chairperson required for repeatability.
Prerequisite(s): Grade of C or better in Psychiatric Rehabilitation 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX WR

Psychiatric Rehabilitation 103
Health Skills Psychiatric Rehab
This course examines three-dimensions of wellness: physical, emotional and environmental. Students will learn the fundamentals of physical wellness, including diet, nutrition, exercise, sanitation, disease prevention and control, and special health considerations for persons with severe mental illness. The emotional dimension of wellness includes social support, physical and sensory accommodations, and geriatric and developmental disabilities. Students will learn the essentials of environmental safety, including use of safety equipment and proper body mechanics. Students will develop and practice skills for determining vital signs and documenting their observations. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Psychiatric Rehabilitation 101
3 Lecture Hours. 3 Credit Hours.
Offered at: MX WR

Psychiatric Rehabilitation 104
Vocational & Common Living Skills
This course emphasizes the practical applications of vocational and community living skills development for individuals with severe mental illness. Students will observe and practice the fundamentals of vocational rehabilitation, including the duties and tasks commonly required in vocational settings and the development of employment sites. Practical application of current policies affecting employment sites is presented. Networking skills, common state and federal benefit programs and community-based service provision are presented. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Psychiatric Rehabilitation 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX WR

Psychiatric Rehabilitation 105

PRCP Internship
This internship requires a minimum of 240 clock hours of field experience by the student. Experiences are a combination of observation and participation/interaction with consumers of mental health services. The first half (or a minimum of 38 hours) will include five of the following areas: 1) inpatient milieu and general activities; 2) case management activities; 3) vocational training activities; 4) skills training activities; and 5) consumer led activities. The second half of the internship (a minimum of 38 hours) includes interviewing skills and leading skills training groups, and at least one of the following: behavior definition and task analysis, aggression management, assessment and treatment planning, crisis intervention. All experiences should focus on a rehabilitative approach to serving individuals with severe mental illness. Group or individual supervision with on-site clinical staff and/or supervision by field placement director is also required. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Successful completion of (PS REHB 101, PS REHB 102, PS REHB 103, AND PS REHB 104).
15 Lab Hours. 3 Credit Hours.
Offered at: MX WR

Psychology 201
General Psychology
Historical survey of psychology and a study of the sensory and perceptual processes: learning, thinking, remembering, emotional behavior, motivation, mechanism of adjustment, and the total personality. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: S6 900 GE: Social & Behavioral Sciences

Psychology 203
The Psychology of Women
An application of the general principles of psychological scholarship and research to the subject of gender and women. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW
GE: Social & Behavioral Sciences

Psychology 205
Applied Psychology
Applications of principles of psychology in industry, business, the professions, social welfare, and personal adjustment; career selection, industrial efficiency, advertising, sales, the arts; and detection and treatment of delinquents and criminals. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA
GE: Social & Behavioral Sciences
Psychology 206
Business & Industrial Psychology
Psychological principles and techniques applied to activities and problems in business and industry; selling, advertising, market research, personnel work, employee selection and training, supervision, and morale. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH TR HW WR
GE: Social & Behavioral Sciences

Psychology 207
Child Psychology
Development, adjustment, and psychological problems of the child from birth through adolescence; relationship of scientific psychological findings to practical methods of child guidance and training by parents, teachers, and others. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX TR HW WR
IAI: S6 903 GE: Social & Behavioral Sciences

Psychology 208
Psychology of Exceptional Children
Considers children who do not respond to usual classroom teaching procedures. Includes problems of identification, diagnosis and potential assessment; surveys appropriate instruction and remedial teaching of mentally retarded, physically handicapped, gifted, culturally deprived and maladjusted children. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW
GE: Social & Behavioral Sciences

Psychology 209
Black Psychology
Relationship of psychology to colonized situation; understanding colonial experience in psychological terms, emphasis on effects for black and white persons in America of status of blacks during and after legalized slavery. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK OH
GE: Social & Behavioral Sciences HD Course

Psychology 210
Principles of Supervisory Psychology
Psychological principles applied to problems with employees, both from the standpoint of management and of employees. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK HW

Psychology 211
Social Psychology
Analyzes development of personality structures and patterns: cultural environment, social roles and status, attitude formation, personality types and measurement of personality. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK OH TR HW WR
IAI: S6 905 GE: Social & Behavioral Sciences

Psychology 213
Abnormal Psychology
Abnormal behavior and its social significance; symptoms and dynamics of psychological disorders; neuroses and psychosomatic reactions, sociopathic psychoses; consideration of therapies and theories of prevention. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: PSY 905

Psychology 214
Adolescent Psychology
Continuation of Psychology 207. Physical, intellectual, educational, personality, and social development of adolescents in contemporary society; emphasis on problems of the adolescents adjustment to personal and social environment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Psychology 207 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK WR
IAI: S6 904 GE: Social & Behavioral Sciences

Psychology 215
Psychology Of Personality
Major personality theories to familiarize the student with systems concerned with comprehensively and dynamically interrelating developmental, motivational, and adaptive aspects of behavior; methods of personality assessment and experimental evidence relevant to the theories will also be considered. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK TR HW WR

Psychology 222
Adult Development And Aging
Introduction to psychological problems, issues, facts, and theories relating to later adulthood and old age; societal values and institutions, socio-economic variables, biological and psychological changes, perception, cognition, psychosocial development, personality factors, sexuality and relationships, work and skill issues, adjustment and coping, psychopathology, and therapeutic intervention. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR WR
IAI: S6 905 Adulthood/Aging GE: Social & Behavioral Sciences
Psychology 223  
Death, Dying & Bereavement  
This course will introduce students to psychological problems, issues, facts, theories, opinions, and controversies pertaining to death or loss, the dying process, and bereavement as a response to loss. It will deal with societal values, institutions, psychological variables, the nature of dying and bereavement, the effects of loss on the surviving individual, adjustment and coping problems, relevant behavioral and emotional reactions, and alternatives to societal institutions surrounding death. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.  
3 Lecture Hours.  3 Credit Hours.  
Offered at: WR  

Psychology 224  
Life Span Developmental Psychology  
Life Span Developmental Psychology is an introductory course in developmental psychology covering fundamental biological, cognitive, and psychological factors as they apply to the whole span of development. Theories, research design and findings, facts, and principles, as they apply to each age level, will be examined.  
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.  
3 Lecture Hours.  3 Credit Hours.  
Offered at: TR HW WR  
IAI: S6 902 GE: Social & Behavioral Sciences  

Psychology 240  
Research and Statistical Methods in the Behavioral Sciences  
Study of methods used in the systematic study of psychology, including psychometric concepts, understanding and application of statistical operations (computer-based), and critique of scholarly empirical reports. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: KK TR  

Psychology 299  
Special Topics in Psychology  
Special topics in Psychology will be discussed along with appropriate lab and/or field trip activities. New developments in the field will be emphasized. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in Psychology 201 or consent of Department Chairperson.  
6 Lecture Hours. 6 Credit Hours.  
Offered at: DA KK HW  

RADIOGRAPHY (0021)  

Radiography 101  
Intro To Radiation Sciences  
Fundamental concepts of medical imaging and the radiation sciences; includes origins of the profession, common terminology and chemicals; technical factors influencing development of the radiograph and technical factors which produce the image. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission into the Radiography program/plan 246.  
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.  
Offered at: MX WR  

Radiography 102  
Attitudes In Patient Care  
Skills needed for proper patient care; includes physical and psychological skills necessary to cope with various situations. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission into the Radiography program/plan 246.  
2 Lecture Hours.  2 Credit Hours.  
Offered at: MX WR  

Radiography 105  
Imaging Physics  
Structure of matter, electric circuitry, especially the x-ray circuit, interactions between ionizing radiation and matter and principles necessary for production of radiographic image. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
4 Lecture Hours.  4 Credit Hours.  
Offered at: MX WR  

Radiography 115  
Basic Prins Of Image Produc  
Analysis of various technical factors and accessories which affect radiographic image; includes basic qualitative factors of image production, and laboratory experiments. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission into the Radiologic Program  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: MX WR  

Radiography 124  
Intro To Patient Care  
Proper positioning and basic nursing procedures necessary for patient care; includes proper placement and manipulation of patient and equipment. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Admission into the Radiography program/plan 246.  
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.  
Offered at: MX WR  

Radiography 128  
Image Evaluation  
Analysis of image and quality of radiographs images submitted for interpretation; covers patients size, cooperation and pathological condition relative to and influencing accuracy and quality of resultant image. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
1 Lecture Hour. 1 Credit Hour.  
Offered at: MX WR  

Radiography 131  
Radiographic Procedures I  
Proper positioning of patient for demonstration of suspect pathology of abdomen and its contents, correlated with course in anatomy and physiology, and routine and contrast media procedures. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.  
Offered at: MX WR  

Radiography 140  
Intro To Clinical Education  
Physical and technical skills needed to apply ionizing radiation to human beings; clinical orientation and assessment to determine professional preparedness. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
1 Lecture Hour. 20 Lab Hours. 3 Credit Hours.  
Offered at: MX WR  

Radiography 142  
Intro To Clinical Education  
Physical and technical skills needed to apply ionizing radiation to human beings; clinical orientation and assessment to determine professional preparedness. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
1 Lecture Hour. 20 Lab Hours. 3 Credit Hours.  
Offered at: MX WR  

Radiography 147  
Intro To Clinical Education  
Physical and technical skills needed to apply ionizing radiation to human beings; clinical orientation and assessment to determine professional preparedness. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
1 Lecture Hour. 20 Lab Hours. 3 Credit Hours.  
Offered at: MX WR
Radiography 141  
Radiography Clinical Education I  
Orientation and initial skills development in basic radiographic procedures; visualization of abdomen and its contents stressed to prepare student for further study in major area of specialization; includes communication, operation of equipment, patient care and technical skills development. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
1 Lecture Hour. 20 Lab Hours. 3 Credit Hours.  
Offered at: MX WR

Radiography 200  
Pathology  
Covers disease process with radiographic manifestations; laboratory sessions include use of radiographs and images from other modalities to visualize various types of pathologic conditions. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
4 Lecture Hours. 4 Credit Hours.  
Offered at: MX WR

Radiography 202  
Radiology Management  
Administration, purchasing and personnel control; practical experience in department administration. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
1 Lecture Hour. 1 Credit Hour.  
Offered at: MX WR

Radiography 205  
Applied Radiographic Techniques  
Practical applications of previously learned concepts; effects of technical factor selection, use of accessories and changes in patient type and condition. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: MX WR

Radiography 206  
Imaging  
The components of radiological imaging system chains; imaging systems will be explored, including current systems and new and emerging modalities. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
2 Lecture Hours. 2 Credit Hours.  
Offered at: MX WR

Radiography 208  
Radiobiology  
Effects of radiation on cells, organs, and organisms and implications on present and future populations, use of ionizing radiation in internal and external treatment of benign and malignant disease. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.  
Offered at: MX WR

Radiography 232  
Radiographic Procedures II  
Positioning and patient-care skills applied to additional body systems and correlated with clinical study; proper positioning of patient for demonstration of suspect pathology correlated with previous procedures; includes skeletal and urinary systems. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.  
Offered at: MX WR

Radiography 233  
Radiographic Procedures III  
Study of additional body systems; includes procedures less frequently performed and those requiring special skills or equipment; procedures covered will not normally require invasive techniques. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.  
Offered at: MX WR

Radiography 234  
Special Radiographic Procedure  
Procedures frequently performed in modern department but which employ surgical or other invasive techniques and injection of contrast media into circulatory system; covers emergency procedures and pertinent aspects of some pharmaceuticals. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
2 Lecture Hours. 2 Credit Hours.  
Offered at: MX WR

Radiography 242  
Radiography Clinical Ed II  
Application of concepts learned in related radiography classes; emphasis on progression from role of observer to assistant, then to relative independence under supervision of qualified clinical instructors, radiographers and faculty. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
1 Lecture Hour. 30 Lab Hours. 4 Credit Hours.  
Offered at: MX WR

Radiography 243  
Radiography Clinical Education III  
Progression from role of assistant to greater independence under supervision of qualified clinical instructors. Quality and related aspects of special consent will be covered. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
1 Lecture Hour. 30 Lab Hours. 4 Credit Hours.  
Offered at: MX WR

Radiography 244  
Radiography Clinical Education IV  
Progression of student to full clinical independence, upon demonstrating clinical competency. Student can refine skills through independent practice. Includes field experiences in elective specialization. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in RADIOGR 101.  
1 Lecture Hour. 30 Lab Hours. 4 Credit Hours.  
Offered at: MX WR
Reading 99
Developmental Reading Skills I
Provides skills necessary for efficient reading of textbooks and other materials. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for Reading 099 by COMPASS Reading (50-64), or Consent of Department Chairperson.
1 - 3 Lecture Hours. 1 - 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Reading 125
Developmental Reading Skills II
For students who need to improve their reading skills; efficient reading of textbooks and other materials including work in mechanics of reading, vocabulary development, comprehension, and rate of reading. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Reading 99, COMPASS Reading (65-79), or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR

Reading 126
Structural Analysis & Critical Reading
Ability to read and to analyze college level materials. For students with advanced reading skills. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Reading 125, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Respiratory Therapy 114
Basic Respiratory Care
Theoretical and protocol based applications of, indications for, and assessment of efficacy and patient response to basic respiratory care modalities in the cardiopulmonary compromised patient population. Includes such therapeutic modalities as: O2/gas therapy, aerosol and humidity therapy, bronchial hygiene, and hyperinflation therapy. Clinical simulations, tutorials, and writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Chemistry 121; Mathematics 118, English 101; Biology 116 and 120.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: MX

Respiratory Therapy 115
Cardiopulmonary/Renal Anatomy & Physiology
Study of cardiac, pulmonary and renal structure and function with emphasis on physiology as applied to the practice of respiratory care. This includes the integrated functions of ventilation, respiration, gas transport and acid base regulation. Clinical simulations, tutorials, and Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Acceptance into the RESP TC program.
3 Lecture Hours. 3 Credit Hours.
Offered at: MX

Respiratory Therapy 116
Patient Assessment
Introduction to the role of a respiratory therapist in the hospital setting as a member of a health care team. Includes professional behavior, ethics, legalities, communications, medical terminology, medical charts and cardiopulmonary assessment. Clinical simulations, tutorials, and Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Chemistry 121; Mathematics 118, English 101; Biology 116 and 120.
2 Lecture Hours. 2 Credit Hours.
Offered at: MX

Respiratory Therapy 117
Respiratory Pharmacology
Anatomy and physiology of the nervous system as applied to the pharmacodynamics of bronchodilation and the effects various drugs have on the cardiovascular and pulmonary systems is emphasized. Indications, dosages, routes of administration, contraindications, adverse effects and dose calculations will be discussed. Clinical simulation, tutorials, and Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Chemistry 121; Mathematics 118, English 101; Biology 116 and 120.
1 Lecture Hour. 1 Credit Hour.
Offered at: MX

Respiratory Therapy 118
Respiratory-Microbiology
Applied microbiology and infection control practices as related to the hospital environment and respiratory care modalities and equipment. OSHA, JCAHO infection control practices including screening tests and risk factors as well as understanding of all hospital isolation techniques is presented. Clinical simulations, tutorials, and writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Chemistry 121; Mathematics 118, English 101; Biology 116 and 120.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: MX

Respiratory Therapy 119
Respiratory Care Lab I
Introduction to basic equipment: design, function, troubleshooting and care of respiratory therapy devices and circuitry used to deliver therapy, humidity and aerosol therapy, bronchial hygiene, hyperinflation modalities. Professionalism, communication techniques, monitoring will be practiced in conjunction with laboratory simulated hospital procedures and situations. Basic CPR certification and all proficiency testing of clinical procedures will be done. Clinical simulations, tutorials, and writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Chemistry 121; Mathematics 118, English 101; Biology 116 and 120.
6 Lab Hours. 3 Credit Hours.
Offered at: MX

Respiratory Therapy 127
Clinical Practice I
Introduction to the hospital setting and the set-up, maintenance and discontinuation of oxygen; aerosol and humidity therapy; intermittent modalities to include bronchial hygiene and hyperinflation therapies. Clinical simulations, tutorials and Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 114, 116, 117, 118, 119 or Consent of Department Chairperson.
12 Lab Hours. 3 Credit Hours.
Offered at: MX

Respiratory Therapy 129
Clinical Practice II
Supervised clinical course with an introduction to airway management techniques, basic ventilator care techniques, pediatric respiratory care and refinement of floor therapy skills with acute patients. Clinical simulations, tutorials and writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 115, 127, 137, 139, 141 or Consent of Department Chairperson.
12 Lab Hours. 3 Credit Hours.
Offered at: MX
Respiratory Therapy 137
Advanced Pathology & Clinical Application
Acute and chronic respiratory and cardiac pathological processes and their associated renal complications and compensations; diagnostic testing including arterial blood gases, basic radiographic interpretation, pulmonary function studies, interpretation of laboratory studies, treatment and prevention of disease processes. Clinical simulations, tutorials, and writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 114, 116, 117, 118, 119 or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Respiratory Therapy 139
Respiratory Care Lab II
Introduction to hospital specific policies and procedures, continuation of application and practice of respiratory care modalities, now applied to the critically ill patient. Emphasis on airway management, mechanical ventilators, circuitry, mechanical ventilation management and techniques. Comprehensive laboratory competency testing. Clinical cases presented as technical management corollaries. Clinical simulations, tutorials, and Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 114, 116, 117, 118, 119 or Consent of Department Chairperson
4 Lab Hours. 2 Credit Hours.
Offered at: MX

Respiratory Therapy 141
Ventilatory-Mechanics I
Theory of basic mechanical ventilator function, methods of ventilation, modes, classification of ventilators, demonstration of basic equipment and circuitry. Airway management indications, selection of type, intubation, management assessment, hazards, extubation and troubleshooting the artificial airway will be covered. Clinical simulations, tutorials, and writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 114, 116, 117, 118, 119 or Consent of Department Chairperson
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Respiratory Therapy 146
Ventilatory Mechanics II
Introduction to the theory of mechanical ventilation in the adult patient. Selection of ventilator parameters, commitment, maintenance, weaning. In-depth presentation, discussion, demonstration of specific adult ventilator systems, CPAP, BiPAP circuits, practice and testing. Clinical simulations, tutorials, and Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 115, 127, 137, 139, 141 or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Respiratory Therapy 200
Respiratory Care Lab III
In depth presentation, discussion, demonstration of specific pediatric/neonatal ventilator systems, CPAP circuits, practice and testing. Continuation of adult ventilator practice, practice and integration of other critical care procedures. Clinical simulations, tutorials, and Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 129 and 146, or Consent of Department Chairperson
4 Lab Hours. 2 Credit Hours.
Offered at: MX

Respiratory Therapy 222
Clinical Practice III
Supervised clinical course providing advanced airway management skills, advanced ventilator techniques and diagnostic procedures in the hospital setting. Clinical simulations, tutorials, and writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 129 and 146 or Consent of Department Chairperson.
12 Lab Hours. 3 Credit Hours.
Offered at: MX

Respiratory Therapy 224
Clinical Practice IV
Supervised clinical course providing advanced airway management skills, advanced adult ventilatory techniques, neonatal respiratory procedures and advanced cardiopulmonary diagnostic procedures. Exposure to alternate sites of care. Clinical simulations, tutorials, and writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 200, 222, 225, 227, or Consent of Department Chairperson.
24 Lab Hours. 4 Credit Hours.
Offered at: MX

Respiratory Therapy 225
Age Specific Care
Introduction to age appropriate considerations of patient education, application of therapeutic modalities and manifestations of cardiopulmonary diseases throughout the human life span. This course will also address managed care, management, patient care plans and alternate sites of care. Clinical simulations, tutorials, and writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 129 and 146, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX

Respiratory Therapy 227
Critical Care Services
Advance cardiopulmonary monitoring is presented with emphasis on ECG interpretation and hemodynamic and exhaled gas monitoring and therapeutic interventions. Chest radiograph, CT and MRI interpretation will be introduced. Pharmacological agents that affect the cardiopulmonary, renal, and acid base regulating systems; paralyzing agents, analgesics, sedatives, administration safety, dose ranges, monitoring response to and basic fluid and electrolyte balance will be presented. Clinical simulations, tutorials, and Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 129, 146, or Consent of Department Chairperson.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: MX

Respiratory Therapy 230
Advanced Cardiopulmonary Monitoring
Case studies with PFTs, blood gases, hemodynamic profiles, ECGs and related diagnostic testing will be presented along with related pathophysiological changes of cardiopulmonary diseases. Advanced adult, pediatric, neonatal cardiopulmonary life support will be covered. Clinical simulations, tutorials, and Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Respiratory Care 200, 222, 225, 227, or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: MX
Respiratory Therapy 250  
Cardiopulmonary Rehabilitation Home Care  
Care of patients with chronic cardiopulmonary disease in a sub-acute setting and in their homes. Long term therapeutic prescriptions, equipment selection, cleaning and asepsis of equipment in the non-acute care setting. Pulmonary rehabilitation goals and programs presented along with adjunct exercises, equipment and assistive devices. Clinical simulations, tutorials, and Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Respiratory Care 200, 222, 225, 227, or Consent of Department Chairperson.  
1 Lecture Hour. 1 Credit Hour.  
Offered at: MX

Respiratory Therapy 260  
Advanced Specialty Topics  
Respiratory care research topics presented, ethics and board examination preparation, computer-assisted clinical simulations along with branching logic, latent image practice and mock certification and registry examination preparation and practice. Resume, portfolio and job interview preparation will also be included. Clinical simulations, tutorials, and writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Respiratory Care 200, 222, 225, 227, or Consent of Department Chairperson.  
3 Lecture Hours. 3 Credit Hours.  
Offered at: MX

Short Term Health (0500)  

Short Term Health 104  
Fund Medical Bill/Code  
Completing this course is the first step for you to get employment as inpatient coder, outpatient coder, medical collector, medical records coder, medical record analyst, medical record secretary, medical office secretary, claim specialist, medical insurance biller/coder and other positions that are in demand in the medical service management. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 2 Credit Hours.  
Offered at: TR

Short Term Health 105  
Adv Medi Bill/Code  
This course is needed to equip you with the knowledge and skills to get jobs in the field of Medical Billing and Coding. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 2 Credit Hours.  
Offered at: TR

Short Term Health 153  
Medical Terminology  
Basic medical vocabulary for allied health professionals and others with a minimal background in anatomy and physiology; includes study of the human body systems. Student will learn terminology for common pathologies (diseases) and diagnostic tests, with a focus on proper pronunciation, usage and spelling. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 2 Credit Hours.  
Offered at: TR

Short Term Health 158  
EKG Technician  
Students will learn the skills needed to become an EKG/cardiovascular technician in this comprehensive course. Students will learn the anatomy and physiology of the heart, medical disease processes, medical terminology, medical ethics, and legal aspects of patient contacts. Students will also be introduced to the associated areas of laboratory assisting, and electrocardiography. The hands-on practice the students receive will help in preparing for the national exam administered through (NCCT) National Center for Competency Training. Writing assignments, as appropriate to the discipline, are part of the course.  
2 Lecture Hours. 2 Credit Hours.  
Offered at: OH

Short Term Health 170  
Introduction to Computers in Healthcare  
This course covers the day to day usage of the computer in the healthcare setting and will also develop skills to evaluate alternative courses of action for purposes of improving the efficiency of the healthcare system. Writing assignments, as appropriate to the discipline, are part of the course.  
1 Lecture Hour. 1 Credit Hour.  
Offered at: TR

Short Term Health 624  
BNA Fundamentals/Clinical  
This course is part of the curriculum designed to prepare individuals to work in the healthcare industry as Certified Nursing Assistants (CNAs). The student is introduced to the discipline of nursing and the basic approaches of patient care. The concepts of caring for the whole person, nursing practice, multi-cultural society, and communication are addressed as students assist the licensed nurse and other members of the healthcare team to the clinical settings. Writing assignments, and testing of knowledge as appropriate to the discipline, are part of this course. Clinical laboratory sessions include pre-conference and post-conference at area clinical facilities. Theoretical concepts and clinical skills contained with the course are consistent with basic nursing assistant skills and standards developed by the Illinois Department of Health.  
Prerequisite(s): Eligibility for English 096 and Math 098 or consent of Department Chairperson.  
6 Lecture Hours. 4 Lab Hours. 8 Credit Hours.  
Offered at: MX

Short Term TRD/INDSTRL/TRNSVRT (0504)  

Short Term Trd/Indstrl/Trnsprt 104  
Dev. Your Family Child Care Business  
Developing Your Family Child Care Business is a facilitated interactive business development program to help individuals launch or grow successful family child care businesses. This twelve-session program includes: Identify market advantages/disadvantages related to the business location; develop promotional strategies; begin the process of pricing services and understanding finances and setting policies for the child care center. Writing assignments, as appropriate to the discipline, are part of the course.  
1.5 Lecture Hours. 1.5 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 106  
Road Driving  
Designed for individuals with little or no commercial truck driving experience, this course provides theoretical foundation to become a commercial driver. Students will learn the regulations that governs each classification and why commercial vehicles are identified by classifications. Through this course, students will be eligible to obtain their commercial driver's license. Upon successful completion, students will receive a certificate of completion and a Class "A" Commercial drivers license. Writing assignments, as appropriate to the discipline, are part of the course.  
4 Lab Hours. 2 Credit Hours.  
Offered at: OH
Short Term Trd/Indstrl/Trnsprt 113
Limo/Res Chauffeur Trng
This course is a ONE DAY CLASS that must be successfully completed before applying to the City of Chicago to take the restricted chauffeur's license examination. This examination is required before anyone can drive a livery or medical carrier in Chicago. This workshop covers the rules and regulations governing chauffeurs and the geography and important locations in the city. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 1 Credit Hour.
Offered at: OH

Short Term Trd/Indstrl/Trnsprt 114
Defen Driv/Attitudinal Remd
This course is designed for licensed chauffeurs who have a record of rule and regulations violations and newly licensed chauffeurs who have not been driving in the U.S. for at least three years. This one day course has been deemed mandatory by the Chicago Department of Business Affairs and Customer Protection. The topics would include a review of violated rules and regulations, cultural sensitivity training, anger management, and conflict resolution training, and behavior modification approach to effective customer service. The student would end with a sense of how his earnings can be seriously affected by not being knowledgeable, courteous and safe driver. This course also reviews the Illinois Rules of the Road handbook and prepares the inexperienced chauffeur driver for the road. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 1 Credit Hour.
Offered at: OH

Short Term Trd/Indstrl/Trnsprt 116
Class B-Passenger Endorsement
The purpose of this course is to provide students with the necessary training required to safely transport passengers in commercial in motor vehicles. Students receive training in pre-trip and post-trip inspection, loading and unloading, use of brake-door interlocks, passenger transportation and prohibited practices. Upon completion of this course students will receive a certificate of completion and a Passenger Endorsement on their Commercial Drivers License.
0.5 Lecture Hours. 1 Lab Hour. 1 Credit Hour.
Offered at: OH

Short Term Trd/Indstrl/Trnsprt 117
Class B-School Bus Endorsement
The purpose of this course is to provide students with the necessary training required to become safe school bus drivers. Training will include pre-trip and post-trip inspection, loading and unloading, transporting students with special needs, proper securingment of child safety seats, evacuation, railroad crossings and school bus operations. Upon completion of this course, students will receive a certificate of completion and a School Bus and Passenger Endorsement on their Commercial Drivers License.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: OH

Short Term Trd/Indstrl/Trnsprt 118
Forklift Operator
The Forklift Operator course prepares students for the workplace. Upon completion of this course, students will have a working knowledge of the basic need and use of the lift truck. Students will also be able to safely inspect and operate the lift truck. This course includes theory and practical training.
1.5 Lecture Hours. 1 Lab Hour. 2 Credit Hours.
Offered at: OH

Short Term Trd/Indstrl/Trnsprt 119
Unarmed Security Guard
Intensive instruction in the technical aspects of private security employment. Emphasis is on legal rules, security techniques and processes, life safety, and public relations. Successful completion satisfies the 40-hour basic training requirement for unarmed private security certification under Illinois revised statutes. This course is in compliance with the Illinois Public Act 93-0438 effective August 5, 2003 and the

Private Detective, Private alarm, Private Security and Locksmith Act of 2004. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 126
Machining Processing I
This course is an introduction to machine tools and processes associated with the machine trade. Topics include industrial safety and environmental protection, basic hand tools, shop floor math, job planning, benchwork, layout, power saw operations, drilling machines, milling machines, and print readings. Upon completion, students should be able to perform the basic operations of measuring, layout, drilling, sawing, and milling. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 127
Machining Processes II
This course further develops the students knowledge, skills and abilities in machining buildings on the fundamental principles covered in Machining Process I. Students manufacture projects that require precision layout, set-up, machining, and inspection. These projects require students to perform various operations on engine lathes, and surface grinders. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in STTRDE 126.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 128
Computer Numerical Control Fundamentals
The course is designed to enable students to become familiar with CNC machinery as it applies to the operator. The information presented will include introduction to CNC set-up, tooling, operation, and trouble shooting. Writing assignments, as appropriate, are the part of the course.
Prerequisite(s): Grade of C or better in STTRDE 126 and 127 or with the consent of the instructor.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 129
CNC Milling Operations & Programming
This course introduces the programming, setup, and operation of CNC machining centers. Topics include programming formats, control functions, program editing, part production, and inspection. Various projects will strengthen the proper use, programming, troubleshooting of this equipment in the manufacturing setting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in STTRDE 126.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 130
CNC Turning Operations & Programming
This course introduces the programming, setup, and operation of CNC turning centers. Topics include programming formats, control functions, program editing, part production, and inspection. Various projects will strengthen the proper use, programming and troubleshooting of this equipment in the manufacturing setting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in STTRDE 129.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.
Offered at: DA
Short Term Trd/Indstrl/Trnsprt 131
Machine Shop Math I
This course is designed to provide student with the basic principles of Mathematics with applications that relate to typical machine shop problems. Topics to be studied include the review of fractions, decimals, measurements, ratios, proportions, and percent. An introduction to algebra, measuring systems, precision and accuracy as they relate to machining will also be included in the course. Electronic calculators are required for this course. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 132
Introduction to Welding Principles
This course is designed to introduce students the principles of basic welding techniques, welding shop measurement, layout work, Mig and Tig welding operations and various equipment used in welding shops. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 133
Intermediate Welding
Course is designed to continue development of knowledge and skills in Arc, Mig and Tig welding processes. Students will complete various common joints in mild steel in the horizontal and vertical positions using single and multi-pass welds as assigned. Welding safety will be emphasized. Students will gain practice in metrology, weld inspection and an introduction to weld testing. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): STTRDE 132 with a grade of C or better or Consent of Department Chairperson.
3 Lecture Hours. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 134
Blueprint Reading for Welders
This course prepares student to interpret blueprints and apply the information contained therein in the welding and fabrication trades. Emphasis is placed on the relationship between the two-dimensional drawing and the actual three-dimensional object. Basic and complex welding symbols will be covered. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 135
Advanced Welding
Course is designed to advance development of knowledge and skills in Arc, Mig and Tig welding processes. Arc and Mig students will complete various common joints in the vertical and overhead positions with mild steel using single and multi-pass welds as assigned. Tig welders will weld mild steel, aluminum and stainless steel in the horizontal and vertical positions. Welding safety will be emphasized. Students will continue practice in metrology, weld inspection and interpretation welding drawings and symbols. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): STTRDE 133 with a grade of C or better or Consent of Department Chairperson.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 136
Basic Horticulture
This course will introduce students to basic concepts of Horticulture with emphasis on basic anatomy, terminology, and functions of plants and professions surrounding culture and use of ornamental plants. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 137
Managing Urban Green Space
This subject will provide an understanding of how to manage urban green spaces. The study policy, planning and process issues, community consultation, structures, systems and contractual relationships, landscape documentation, project planning and implementation, life-cycle analysis of landscape elements, urban vegetation planning, implementation and maintenance, sustainability concepts and examples. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in STTRDE 136 Basic Horticulture.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 138
Horticultural Plant Science
This subject covers the structure and function of plants and plant tissue, cell physiology, energy transformations, metabolism, photosynthesis, plant nutrition, water and nutrient uptake and transport and whole plant physiology. By the conclusion of this subject the student should be able to demonstrate their, of the end of integration of these processes in the physiology of plant growth. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 139
Urban Horticultural Floral
This course will provide the student with a working knowledge of plant science, anatomy, morphology, physiology, taxonomy, reproduction and genetics as they relate to horticultural ornamental plants. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in STTRDE 136 - Basic Horticulture
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 140
Greenhouse Crop Production
This course will cover information on the production of greenhouse crops and the cultural practices required for growth. Subjects including seeding, watering, fertilization, containers, growing Medias, temperature control, insect and disease control will be covered. Greenhouse plants and pot crops will be grown throughout the semester. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in STTRDE 136 - Basic Horticulture
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.  
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 141
Soil Fertility and Assessment
This course introduces students to the ways that farmers and gardeners develop and maintain soil fertility in sustainable farming systems. Subjects include introduction to the tools, techniques and rational behind soil cultivation, soil analysis, soil physical properties, components, nutrient deficiency, soil chemistry, and soil fertility. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in CE TRDE 136- Basic Horticulture.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.  
Offered at: DA
Short Term Trd/Indstrl/Trnsprt 142
Management of Plant and Animal Invasion
This course will provide insight and learning of the invasions that are natural ecological phenomena. Dispersing species encounter suitable habitat, establish, spread and evolve. In this way, species have radiated outwards from their origins, colonized distant offshore islands, and species have spread in response to changes in climate. Human-induced invasions of plants, animals and diseases in modern times have dramatically altered the scales of time and distance over which invasions take place. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in STTRDE 136 - Basic Horticulture.
1 Lecture Hour. 4 Lab Hours. 3 Credit Hours.
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 143
Sustainable Farming Practices
This course is designated for those interested in or presently working in the area of grounds care and maintenance. Areas of study including pruning, fertilizing, pesticide use, digging and replacement of landscape plants, general turf care and maintenance of equipment. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in STTRDE 136 , 140 and 141.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 144
Practicum/Internship
This Practicum/Internship is designed for those who have successfully completed the course work for all courses associated with the Sustainable Urban Horticulture program. This Practicum/Internship will allow the student to experience the full vision and mission of the program. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in STTRDE 136 - Basic Horticulture. 137,138,139, 140, 141,142,143 and Consent of Department Chairperson.
10 Lab Hours. 5 Credit Hours.
Offered at: DA

Short Term Trd/Indstrl/Trnsprt 145
Class C Driver Training
This course provides in-depth coverage of the laws, rules, and regulations that are applicable to the operation of both commercial and non-commercial motor vehicles. Students gain knowledge and skills in the area of vehicle inspection, pre-testing, skill operations, and defensive driving techniques. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Must be at least 21 years of age, possess a valid driver license, eligible for Department of Transportation Medical Card, AND physically able to operate the vehicle and maintain negative drug/alcohol testing.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Short Term Trd/Indstrl/Trnsprt 147
Passenger Driver Practice
This course is designed for individuals with little or no commercial driving experience, this course provides the theoretical foundation to become a commercial driver. Students will learn the regulations and actual applications that governs each classification and why commercial vehicles are identified by classification. Students will obtain their Class B Commercial Driver's License Learner's Permit.
Prerequisite(s): Prospective student must be 21 years of age or older, possess a valid drivers license, a good driving record (demonstrated through a court ordered motor vehicle report) and pass a physical examination. Grade of C or better in STTRDE 0337 & obtain a CDL Learner's Permit.
8 Lab Hours. 4 Credit Hours.
Offered at: OH

Short Term Trd/Indstrl/Trnsprt 148
Commercial Driving Training Practice
This course is designed as the continuation of the theory course, this course provides students with behind-the-wheel experience leading them to present their driver's exam and obtaining the Illinois Commercial Driver's License. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Student must be 21 years of age or older, possess a valid drivers license, a good driving record (demonstrated thru a court ordered motor vehicle report) & pass a physical exam. Grade of C or better in STTRDE 0337 & obtain a CDL learner's Permit.
14 Lab Hours. 7 Credit Hours.
Offered at: OH

Short Term Trd/Indstrl/Trnsprt 149
Commercial Driver/Refresher Training
This course is designed for individuals with commercial driving experience, this course provides drivers with a review of the current rules, regulations and requirements to which all commercial drivers must adhere. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: OH

Short Term Trd/Indstrl/Trnsprt 337
Commercial Driver Training Theory
This course is designed for individuals with little or no commercial driving experience, this course provides the theoretical foundation to become a commercial driver. Through this course, students will obtain their commercial driver's license learner's permit. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Prospective students must be 21 years of age or older, possess a valid drivers license, a good driving record (demonstrated through a court ordered motor vehicle report) and pass a physical examination and drug/alcohol test.
6.5 Lecture Hours. 1 Lab Hour. 7 Credit Hours.
Offered at: OH

Short Term Trd/Indstrl/Trnsprt 338
Passenger Driver Theory
This course is designed for individuals with little or no commercial driving experience, this course provides the theoretical foundation to become a commercial driver. Through this course, students will obtain their commercial driver's license learner's permit. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Prospective students must be 21 years of age or older, possess a valid drivers license, a good driving record (demonstrated through a court ordered motor vehicle report) and pass a Department of Transportation (DOT) physical examination.
5 Lecture Hours. 5 Credit Hours.
Offered at: OH

SHORT TRM BUSN/PROFESSION SRVC (0502)
Short Trm Busn/Profession Srvc 167
A+ Certification Exam Prep
Students will prepare to take the A+ certification exam through drills and case study examples. Effective test taking strategies will be explored.
4 Lecture Hours. 4 Credit Hours.
Offered at: WR
Short Term Busn/Profession Srvc 238
IL Real Estate Broker PreLicense
This course was designed to meet the 75-hour licensing curriculum requirements for real estate brokers as set forth by the State of Illinois. Topics included are Illinois license law, agency, state and federal law, relationships with employing brokers, working with sellers and buyers, real property, fair housing, ownership, contracts, real estate valuation, environmental issues, construction, real estate closings, advertising, property management, and commercial real estate. The course mixes presentation of facts, concepts, and key terms with real-life scenarios to illustrate the topics being taught, as well as assessment of such. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): COMPASS TEST SCORES: Reading Score: 72 or higher Math Score: Algebra scores of 49 or higher
6 Lecture Hours. 6 Credit Hours.
Offered at: DA TR

Short Term Busn/Profession Srvc 239
IL Broker Applied Real Estate Principles-Interactive
This course includes student participation in five-three-hour interactive lessons with an instructor to apply the knowledge learned in the Illinois Real Estate Broker Pre-License topics course. Fifteen (15) hours must be classroom or interactive media required by the Illinois Department of Financial & Professional Regulation to complete the 90-hours of Real Estate training to be allowed to test for the Real Estate Broker's exam. Each interactive lesson begins with a review of principles, concepts, requirements for compliance and violations, summary of best practices, and/or applicable laws/licensee requirements. Students will also participate in a variety of interactive activities (i.e., quizzes, content review exercises, class and small group discussion) where they will apply their knowledge to a variety of real-world scenarios designed to provide valuable analysis and decision-making experience. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Successful completion of STBPS 238 -IL Real Estate Broker Pre-Licensure course.
1 Lecture Hour. 1 Credit Hour.
Offered at: DA TR

Short Term Busn/Profession Srvc 240
Introduction To Pc Hardware
This course begins the introduction to PC technology as identified by the objectives in CompTIA's A+ certification. The class provides the framework for understanding how a computer works from the inside out. It is the perfect start into PC hardware and operating systems. 14 hrs. $399
1 Lecture Hour. 1 Credit Hour.
Offered at: DA

Short Term Busn/Profession Srvc 241
Pc Repair & Troubleshooting
Students will learn about PC hardware and system maintenance procedures. Topics include a detailed look at hardware components, power supply, upgrades, networking, maintenance and troubleshooting. In hands-on exercises, students will assign configuration settings, upgrade systems, configure SCSI devices, install printers and monitors, remove and replace components, and troubleshoot POST errors. 35 hrs. $899
2.5 Lecture Hours. 2.5 Credit Hours.
Offered at: DA

Short Term Busn/Profession Srvc 242
PC Operating Systems
Students will learn installation procedures, dealing with legacy systems, creating and using emergency boot diskettes and managing printers and other devices. Other topics include networking, communication protocols, Internet access and troubleshooting. In hands-on exercises, students will install Windows operating systems, manage Windows devices, use the FDISK utility, perform backups, manage system files, configure networks, configure Internet access, and troubleshoot operating system errors. 35 hrs. $899
2.5 Lecture Hours. 2.5 Credit Hours.
Offered at: DA
Social Science 106
North & South American Social Development
Structure and culture of modern urban and industrial development; topics include industrialization and leisure, their consequences for status and class organization in the workplace and social organization in the wider community, social inequality, social stratification and mobility, and changing values and social structures. Writing assignments, as appropriate to the discipline, are part of this course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA
GE: Social & Behavioral Sciences

Social Science 110
Introduction to Global Studies
To prepare students for an increasingly interdependent world, this multi-disciplinary core course cultivates an active conversation about the interconnected global context of our lives. The class examines shared and divergent histories, politics, aesthetics, communication practices, cultures, and economies, as well as human impact on the environment by paying close attention to contradictions among ethnic and religious identities, strong national affiliations, and the fluidity of nation-state borders. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR
HD Course

Social Science 221
Black Economics
African-Americans as producers rather than consumers, evaluation, understanding of black power and militancy. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
GE: Social & Behavioral Sciences   HD Course

SOCIAL SERVICE (0091)

Social Service 101
Introduction To Social Work
Concepts, principles, and processes encountered by social service workers; questions of motivation, acceptance, attitude, techniques of listening and interviewing. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 100, or Grade of C or better in English 98, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK   HW

Social Service 102
Introduction To Gerontology
An overview of elder issues including the social, psychological and physical aspects of the aging process. The course will also examine the economic and social impact of the growing elderly population on US society and the global community and will explore career opportunities in this expanding field. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW WR

Social Service 103
Aging And Social Policy
A study of government policy to familiarize students with programs at the federal, state and local levels that address elder issues from housing to health care to employment to nutrition and recreation. Students will learn how public policy is created, the role of elder advocacy groups in shaping legislative agendas and issues affecting current and future government programs such as Medicare and Medicaid. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Social Service 102, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Social Service 105
Physiology of Aging
An exploration of the basic changes that occur in the physical make-up of men and women as a result of the aging process. Discussion will include the causes and effects of disease and debility, as well as health assessment measures, health care options and health maintenance strategies. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Social Service 102, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Social Service 106
Aging And The Family
An introduction to family theory as found in significant sociological traditions. The course will discuss the effect of the aging process on extended and nuclear families, the changing roles of parent and child, the family stresses and rewards of care giving, the role of aging siblings, relationships between the generations and the financial and psychological impact of caring for the frail elder in the family setting. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Social Service 102, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Social Service 107
Aging And Leisure
An exploration of the opportunities that are available to the elderly from the well years to the frail years, for personal enrichment, intellectual development, volunteering, health improvement, travel, spiritual growth and second careers. Students will learn the ways in which a majority of an individuals older years may be a time of great opportunities for growth, development and service. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Social Service 102, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Social Service 109
Report Writing for Social Service Aides
Introduction to records, reports, and forms required in social agencies; report writing and record keeping. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101. Grade of C or better OR Concurrent enrollment in SOC SER 101 OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK   HW
Social Service 201
Principles of Social Work Practice
Introduction to social welfare resources of the community; discussion of methods to help persons make use of these resources, including analysis of the helping relationship, role of non-professional worker, problem-solving approach to individual, family, and community problems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101 AND Social Service 101.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW

Social Service 202
Aging And Human Services
This course explores the history of gerontological social work and the methods employed in providing the greatest benefits of human services to the elderly population. Students will learn the practical principles of case management from interviewing to evaluation and become familiar with the characteristics of the service settings in which they will encounter the elderly in the role of Gerontology Specialist. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Social Service 102 and Social Service 106), or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Social Service 203
Inter Communication with the Elderly
This course is a study of the basic principles of communication as employed in counseling and human services settings. It will emphasize the development of the listening, speaking, behavioral and attitudinal skills that are required by gerontology professionals at the level of social work assistant. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Social Service 102 and Social Service 106), or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Social Service 204
Cross-Culture Studies In Gerontology
A comparative study of aging in a variety of cultures from traditional to modern. Students will learn that the attitude of a culture towards its aging population is based on the complex set of interrelationships between its social, religious and historical traditions. The course will examine Native American, traditional Chinese, modern European, dominant and minority American cultures and their attitudes toward the elderly and how these attitudes are crystallized into social policy. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Social Service 102, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Social Service 206
Human Development and Aging
This course builds on human growth and development, specifically designed to focus on development tasks relative to those who are fifty (50) and beyond. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: HW

Social Service 212
Intro To Group Process
For persons who work with groups; parent groups, community action programs, recreation programs, church groups, or in child care programs. How individuals function as group members; role of the leader; encouraging participation and group action for achieving group goals. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, Grade of C or better or concurrent enrollment in SOC SERV 101 OR Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW

Social Service 213
Advanced Group Process
For students who desire to develop skill in working with groups; discussion of techniques for working most effectively with different types of groups. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Social Service 212.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Social Service 215
Social Prob & Soc Action I
For group workers, community leaders, and teachers. Problems of urbanization, industrialization, cultural and educational deprivation, juvenile delinquency, and techniques and programs organized to combat these problems. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW

Social Service 228
Methodology For Social Work
Principles of casework applied to work with families; community resources available to meet economic, emotional, and health needs, and techniques for implementing referrals for such services. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, (Child Development 101 and Child Development 102 and Social Service 101 and Social Service 201), or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW

Social Service 229
Social Service Practicum
Field work placement in a family welfare agency 20 hours per week, 8 or 16 weeks; 2-hour weekly seminar. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Social Service 101,109,201,215,228 AND Child Development 101,102, or Consent of Department Chairperson. Must attend a mandatory orientation, prior acceptance of program and secure a practicum site before the first
2 Lecture Hours. 20 Lab Hours. 6 Credit Hours.
Offered at: KK HW
Social Service 230  
Domestic Violence Practicum  
This course will provide students with both a micro and macro perspective of a silent problem that is drastically impacting society today—Domestic Violence. This course will introduce students to the history of domestic violence, and theories and methods used to study domestic violence. This course will be devoted to discussions of different forms of domestic violence including elder abuse, child abuse, and intimate partner violence. There will be a focus on how violence is shaped by social location, race, class, and gender. Additionally, discussions will include special topics in domestic violence regarding heterosexual and homosexual families, religion, the military, and American and Global cultures students will use both in a classroom setting and their cooperative work experiences to learn and practice intervention, as well as prevention strategies utilized by social service agencies and the criminal justice system. Upon successful completion of this course and cooperative work experience hours students will receive the Illinois Domestic Violence 40 certification (provided by an approved Illinois Domestic Violence training site). Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in English 101, AND Concurrent enrollment in SOC SER 228, OR Consent of Department Chairperson.

1 Lecture Hour. 10 Lab Hours. 3 Credit Hours.
Offered at: KK

Social Service 248  
Principles Of Youth & Group Work  
Social development and behavior of young people and other adults in all group settings; church groups, street gangs, tutoring programs, recreational groups, YMCAs and YWCAs settlement or delinquency prevention programs. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW

Social Service 249  
Practicum In Youth Work  
Field work assignment in youth agency 20 hours per week, 8 or 16 weeks; 2-hour weekly seminar. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Child Development 101 and Child Development 102 and Social Service 101 and Social Service 248), or Consent of Department Chairperson.

2 Lecture Hours. 20 Lab Hours. 6 Credit Hours.
Offered at: KK HW

Social Service 250  
Practicum I  
This course combines classroom training with field placement at a community agency or institution serving older persons. Students apply learning about the organization and management of aging services, explore community resources, demonstrate work habits, assess their attitudes and career skills in gerontology, and relate current aging research to practice. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Social Service 102 and Social Service 105 and Psychology 222).

2 Lecture Hours. 5 Lab Hours. 3 Credit Hours.
Offered at: WR

Social Service 251  
Practicum II  
This capstone course provides a review of gerontology course work, field placement experience at a human services agency or institution serving older persons, advanced classroom training in practice concepts related to service delivery to older adults, an guidance in producing a final project that will summarize the students gerontological course work. Writing assignment, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Social Service 250.

2 Lecture Hours. 5 Lab Hours. 3 Credit Hours.
Offered at: WR

Social Service 252  
Nursing Home Administration  
This course introduces students to administrative practices in long-term care facilities including organization, financial management, staffing, community relations, managing the physical plant, in-service training, and alternatives to institutionalization. In preparation for taking the Nursing Home Administrator licensing exam, students will also learn about community health systems, auxiliary agencies and programs, chronic diseases and infirmities, the aging process and the care of the aged, and related local, state, and federal legislation.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Social Service 253  
Accounting For Long Term Care  
This course is designed to give students, who will be essentially non-financial managers, the financial knowledge needed to perform the duties of a healthcare administrator in the long-term care setting.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: WR

Social Service 258  
Prin Practice In Comm Org  
For students who work with community action programs, community planning, or neighborhood improvement. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in (Child Development 102 and Social Service 101 and Social Service 201 and Social Service 213), or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Social Service 259  
Practicum in Community Service  
Field work placement in a community service agency plus weekly seminars. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Social Service 258, or Consent of Department Chairperson.

2 Lecture Hours. 20 Lab Hours. 6 Credit Hours.
Offered at: KK

SOCILOGY (0089)

Sociology 110  
Religion And Society  
Sociological investigation into relationship between religious values and forms of social organization. Concentration on contemporary religious movements and includes examples from Christian, Jewish, Islamic and non-western religions. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.

3 Lecture Hours. 3 Credit Hours.
Offered at: KK

GE: Social & Behavioral Sciences
Sociology 201
Intro To the Study Of Society
Characteristics of group life, the effect of the group on human conduct, and the interrelationships between society, culture, and the individual. Writing assignments, as appropriate to the discipline, are part of the course.

Spanish for Near Native Speakers II
Continuation of Spanish 113. Emphasis on reading and writing skills. Writing assignments, as appropriate to the discipline, are part of the course.
SPEECH (0095)

Speech 101
Fundamentals of Speech Communication
Theory and practice of oral communication; development of poise and confidence, delivery, and speech organization; public speaking practice; small group discussion, and development of standards of criticism. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA KK MX OH TR HW WR
IAI: C2 900 GE: Communications

Speech 102
Public Speaking
Advanced theory and practice of oral communication in public speaking in speaker-audience situation; discussion of psychological effects of speech techniques, choice of words, attitudes, and structuring; role of speech in gaining consensus in a confrontation of the rhetoric of agitation and control; studies of outside speakers from personal viewing, television viewing, and examination of speech texts, argumentative techniques used in the persuasive speech. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Speech 101, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK WR

Speech 104
Group Communication
Principles and theories involved in discussion techniques; participation in various kinds of discussion groups to prepare student for leadership roles in community, business, and professional groups. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Speech 101, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR WR

Speech 106
Human Communications
Types of verbal and nonverbal communication, oral and visual, as transmission of data and information to elicit a response; includes methods of encoding information for communication, history, social consequences of modern communication, both verbal and visual. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Speech 112
Intro To Oral Communication
Process of communication applied to interpersonal group and mass communication; emphasis on practical application of communication in our daily lives. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Speech 131
Introduction To The Theater
Elementary principles of acting, directing, scene design, scene construction, costuming, lighting, sound and makeup for the stage. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR HW

Speech 135
Speech Projects
A speech project performed outside of the classroom as an activity. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated two credit hours will be counted towards graduation.
Prerequisite(s): Consent of Department Chairperson.
1 Lab Hour. 1 Credit Hour.
Offered at: KK HW WR

Speech 139
Business & Professional Speech
Speech techniques used in selling, administrative reporting, public relations, program speaking, conference procedures, and other industrial and professional presentations. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK WR
Speech 202
Interpersonal Communication
Study of leadership, group process, and interpersonal relations in the small group, conference, and public forum. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: TR HW WR

Speech 206
Argumentation
Role of debate in a democratic society; principles of investigation and analysis of issues, types and tests of evidence and reasoning as applied to public questions. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Speech 101, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Speech 243
Speech For Teachers
Correcting common errors of articulation, identifying and directing remedial cases, reading aloud with interest, controlling and directing simple classroom discussions, developing good speaking voices, and selecting and presenting assembly programs. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in Speech 101, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK HW

SUPPLY CHAIN MGMT & LOGISTICS (0333)

Supply Chain Mgmt & Logistics 150
Intro To Transportation Administration
This course covers transportation practices and strategies for the 21st century. Provides an overview of basic principles and processes for transportation related functions in both the public and private sectors; covers state and federal regulations; provides a historical look at transportation in the U.S. and the impact it has on the economy; characteristics of different modules of transportation will be discussed. The role and importance of transportation in the economy and its relationship to the supply chain will be covered in detail. Transportation modes - trucks, rail, air, and water - will be examined for both domestic and global transportation. Review support functions for transportation management. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Supply Chain Mgmt & Logistics 151
Central Store: Applied Logistics
This course allows students to perform entry-level job functions in "The Central Store," which is a live logistics operation. In this course, students work in the Central Store under supervision, allowing them an opportunity to gain the skills needed to demonstrate preparedness for full time employment in a logistics environment. Additionally, students will apply critical thinking and business communications skills. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
4 Lecture Hours. 2 Lab Hours. 6 Credit Hours.
Offered at: OH

Supply Chain Mgmt & Logistics 152
Intro To Business Logistics
An introduction to the interrelated activities involved with the inbound, in process and outbound movement and storage of goods as well as the related information from the manufacturer to the consumer. There will be a special emphasis placed on how the functional areas of logistics such as customer service, transportation, inventory control, warehousing and packaging impact supply channel decision-making. Introduction and analysis of the logistics concept to include a brief history of logistics, the management of transportation, inventory, packaging, warehousing, materials handling, order processing, facility location and customer service. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Supply Chain Mgmt & Logistics 154
Customer Service Operations
An introduction to customer service operations and to the key elements of customer service that are necessary to ensure high levels of customer satisfaction. Key elements include: the customer order process, reverse logistics, characteristics of good customer service, customer relationship management (CRM), customer life cycle (CLC), service performance metrics, supplier management inventory, order management, delivery and tracking and approaches to addressing challenging customer situations that inhibit satisfaction. Covers the fundamentals of finish goods movements from the point of production to the receipt by the customer, includes transportation, warehousing, inventory deployment and physical distribution. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Supply Chain Mgmt & Logistics 155
Warehouse Management
Overview of warehouse equipment, procedures, facility layout, the role of the warehouse and logistic business. This course will enable students to understand the various functions involved in the operation of a warehouse. Key elements include: the role of warehousing in the supply chain, storage and handling techniques, performance metrics, customer service considerations, and safety concerns across various types of distribution facilities. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Supply Chain Mgmt & Logistics 158
Purchasing
An introduction to purchasing roles and functions. Functions include: strategic sourcing, purchasing operations, supply chain management, project management, credit, receiving, delivery tracking, supplier selection and administration, qualification of new suppliers, preparing purchase orders, negotiating price and delivery, strategic customer/vendor relationships, and resolution of problems. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Supply Chain Mgmt & Logistics 159
Inventory Management
Fundamental principles of inventory control; inventory classifications – raw materials, work-in-process, finished goods and maintenance, repair and operations inventory. Using Pareto analysis (80/20 rule) and ABC classifications; importance of inventory record accuracy; inventory turnover and other inventory measurements; principles of Enterprise Resource Planning (ERP), Material Requirements Planning (MRP) and Manufacturing Resource Planning (MRP II); inventory control systems; internal and external lead time and cumulative lead time; excess and obsolete inventory; role of inventory control in the logistics process and organization; physical inventories and cycle counting; and scheduling techniques. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH
Supply Chain Mgmt & Logistics 160
Operations Management
This course provides management and analytical concepts/tools for the management of operations and the decision-making process within the scope of the supply chain. Examples of operations include maintaining the availability of products that fulfill consumer demands in the most cost-effective manner. Decision-making regarding operational issues is one of the most common tasks within organizations. This course will enable the student to perform the quantitative analysis necessary and understand the management issues in order to make good operational decisions within the supply chain. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Supply Chain Mgmt & Logistics 180
E-Commerce/E-Procurement
The purpose of this course is to provide the student with an understanding of the role of electronic commerce (e-commerce), electronic procurement (e-procurement), and their impact on supply chain management decision-making. This course is designed to provide the student with a historical perspective of the evolution of e-commerce, e-procurement and how they have affected the supply chain. Topics include a history of e-commerce, business to business (B2B) models, business to consumer (B2C) models, consumer to consumer (C2C) models as well as the role of Internet technologies in e-commerce. How the Internet has changed warehousing and transportation strategies and the way we conduct business in the supply chain. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Supply Chain Mgmt & Logistics 181
Demand Planning & Forecasting
Provides an introduction to customer demand forecasting, planning and studies the critical concept of closely balancing supply and demand using both quantitative and qualitative forecasting techniques. Topics covered include sales and operations planning (S&OP), market and business intelligence, demand shaping, trends, cycles, mitigating risk, collaborative planning, forecasting and replenishment (CPFR) processes, independent and dependent demand. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Supply Chain Mgmt & Logistics 182
Global Logistics
Provides a study of the supply chain management and logistics function related to the global environment including import/export, customs clearance, international legal considerations, global sourcing, financing, import duties and letters of credit. This course is designed to survey the impact of the emerging global market place on today’s business environment. In particular, this course will integrate the concepts, theories, and evolving practices of global supply chains with today’s marketplace. Topics include international terms of sale, impact of e-commerce on global strategies, international transportation carriers, documentation issues, global third-party providers, global sourcing, legal and ethical considerations.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

Supply Chain Mgmt & Logistics 210
Inventory Control
Fundamental principles of inventory control. Inventory classification - raw materials, work-in-process, and finished goods. Using the 80/20 rule and ABC classifications. Importance of inventory record accuracy. Inventory turnover and other inventory measurements. Principles of Material Requirements Planning and MRP II. Inventory control systems. Internal and external lead time and cumulative lead time. Excess and obsolete inventory. Role of inventory control in the logistics process and organization. Physical inventories and cycle counting. Scheduling techniques. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: OH

SURGICAL TECHNOLOGY (0016)

Surgical Technology 111
Intro To Surgical Technology
This course is designed to present the basic concepts and principles for developing skill competencies required for assisting in surgery, to introduce the student to the language of the operating room, gain information about the history and legal aspects of the profession, understand surgical services, and understand the role of the surgical technologist. This course also explores various human diversity issues relating to the care of surgical patients. Age, disability status, ethnicity, gender, race, religion and economic status will all be examined. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admissions to the Surgical Technology Program, Grade of C or better in ENGLISH 101, BIOLOGY 120 and BIOLOGY 226.
4 Lecture Hours. 4 Credit Hours.
Offered at: MX

Surgical Technology 112
Application of Aseptic Technique
This course introduces students to the concept of sterile technique and how it is applied to preparative, intraoperative and postoperative duties of a surgical technologist. The physiology of infection and the need for surgical intervention will be discussed. Clinical skills practiced in the laboratory classroom include hand washing, surgical hand scrub, gowning self and other, gloving self and other, establishing and maintaining a sterile field, and getting to the field successfully. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission to the SURG TC Program/Plan 267 or SURG TC Program/Plan 268.
3 Lecture Hours. 4 Lab Hours. 5 Credit Hours.
Offered at: MX

Surgical Technology 113
Surgical Pharmacology
This course will introduce the principles of the compounds and chemicals used in the surgical setting. General terminology and abbreviations associated with pharmacology and anesthesia will be discussed. This course defines the rationale for the use of specific drugs in surgical intervention. Drug action, uses and modes of administration used in the care of the surgical patient will be emphasized. Safe handling of surgical drugs and aseptic technique used for presentation to the field will be demonstrated and assessed in practicum lab. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Admission to the SURG TC Program/Plan 267 or SURG TC Program/Plan 268 and Grade of C or better in SURG TC 111 and 112.
3 Lecture Hours. 1 Lab Hour. 4 Credit Hours.
Offered at: MX
**Surgical Technology 114**

Surgical Intervention I

A study of preoperative and intraoperative practice with focus on the following surgical specialties: General, Obstetrics/Gynecology, Genitourinary, Ophthalmic, ENT, Oral Maxillofacial, Plastic and Reconstructive, and Orthopedic Surgery. The laboratory portion of the course allows the student to put into action the theory acquired in class. The student will participate in entry level mock surgery cases. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Admission to the SURG TC Program/Plan 267 or SURG TC Program/Plan 268 and Grade of C or better in SURG TC 111, SURG TC 112 and BIOLOGY 227 and concurrent enrollment in SURG TC 116.

3 Lecture Hours. 4 Lab Hours. 5 Credit Hours.

Offered at: MX

**Surgical Technology 116**

Surgical Intervention II

A study of preoperative and intraoperative practice with focus on the following surgical specialties: Peripheral Vascular, Cardiac, Pediatric and Neurosurgery. The lab portion of the course allows the student to put into action the theory acquired in class. The student will participate in entry level mock surgery cases. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Admission to the SURG TC Program/Plan 267 or SURG TC Program/Plan 268 and Grade of C or better in SURG TC 111, SURG TC 112, SURG TC 113 and BIOLOGY 227 and concurrent enrollment in SURG TC 114.

3 Lecture Hours. 4 Lab Hours. 5 Credit Hours.

Offered at: MX

**Surgical Technology 211**

Surgical Intervention IV

A study of surgical procedures with emphasis on thoracic, vascular and cardiac surgery. There is also emphasis placed on resume writing, job placement, interviewing and negotiating in the job market. Review for the national exam. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Surgical Technology 200.

2 Lecture Hours. 1 Lab Hour. 2 Credit Hours.

Offered at: MX

**Surgical Technology 212**

Clinical Practicum I

A clinical course designed to provide opportunities for the student to synthesize and apply the skills gathered in the previous program courses. The student will be able to perform the tasks and duties of an entry level Surgical Technologist. Students will be additionally instructed on issues that arise before, during and after surgical intervention. Student will be assigned to a clinical site in both the Sterile Processing department and the Surgery Department. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in SURG TC 114 and SURG TC 116

1 Lecture Hour. 24 Lab Hours. 8 Credit Hours.

Offered at: MX

**Surgical Technology 213**

Clinical Practicum II

A clinical course designed to provide opportunities for the student to synthesize and apply the skills gathered in the previous program courses. The student will be able to perform the tasks and duties of an intermediate level Surgical Technologist. Students will be additionally instructed on issues that arise before, during and after surgical intervention. Students will take a more independent role during the surgical procedure. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in SURG TC 212.

1 Lecture Hour. 24 Lab Hours. 8 Credit Hours.

Offered at: MX

**Surgical Technology 215**

Exam Review & Professional Success

This course will prepare Surgical Technology students for the National Board of Surgical Technologists and Surgical First Assistants and will include participation in the national board exam at the end of the course. Students will develop resume building, interview skills, professional communication and oral presentation techniques. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Grade of C or better in SURG TC 212 and concurrent enrollment in SURG TC 213.

2 Lecture Hours. 2 Credit Hours.

Offered at: MX

**Surgical Technology 216**

Sterile Processing Technology

This course is designed to present the basic concepts and principles for developing skills and competencies required for infection prevention and control in the sterile processing department in a healthcare facility. This course will offer knowledge in cleaning, disinfecting, decontamination, sterilization, Standard precautions, and Universal precautions. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Completion of English Composition 101 and consent of program director; and co-enrollment in Sterile Processing Tech Laboratory 207 with Grade of C or better.

3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.

Offered at: MX

**Surgical Technology 217**

Sterile Processing Technology Lab

This course is designed to provide clinical training and the application of principles required for infection prevention and control in the sterile processing department in a healthcare facility. This course will offer clinical experience in cleaning, disinfecting, decontamination, sterilization, Standard precautions, and Universal precautions. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Completion of English Composition 101 and consent of program director; and co-enrollment in Sterile Processing Tech Laboratory 216 with a Grade of C or better.

12 Lab Hours. 4 Credit Hours.

Offered at: MX

**Surgical Technology 218**

Sterile Processing Clinical Practicum II

This course is designed to present the basic concepts and principles for developing skills and competencies required for infection prevention and control in the sterile processing department in a healthcare facility. This course will offer knowledge in cleaning, disinfecting, decontamination, sterilization, Standard precautions, and Universal precautions. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Admissions to the Sterile Processing Technology program, OR Consent of Department Chairperson. Grade of C or better in SURG TC 216 AND SURG TC 217.

24 Lab Hours. 8 Credit Hours.

Offered at: MX

**Surgical Technology 219**

Professional Readiness

This course is designed to help the Sterile Processing Technology student transition into the professional role of Sterile Processing Technology. It includes preparation for employment, attaining certification, and maintaining certification status. This capstone course is an opportunity for students to demonstrate that they have achieved the goals for learning about sterile processing and professional readiness. The course is designed to assess cognitive, affective and psychomotor learning to do so in a student-centered and student-directed manner which requires the command, analysis and synthesis of knowledge and skills. Writing assignments, as appropriate to the discipline, are part of the course.

Prerequisite(s): Admission to the Sterile Processing Technology program, OR Consent of Department Chairperson. Grade of C or better in SURG TC 216 AND SURG TC 217. Concurrent Enrollment in SURG TC 218.

2 Lab Hours. 1 Credit Hour.

Offered at: MX
Technology 332 400  
Scaffold Safety
General safety guidelines for constructing and dismantling scaffolds, including a review of local municipal and OSHA codes, rules and regulations. Writing assignments, as appropriate to the discipline, are part of the course.

1 Lecture Hour. 1 Credit Hour.
Offered at: KK

Technology 332 401  
Intro To Labor & Trade Occ
This course will provide the student with information about trades and crafts related training programs, unions, and working conditions. Writing assignments, as appropriate to the discipline, are part of the course.

1-2 Lecture Hours. 1-2 Credit Hours.
Offered at: KK

Technology 332 406  
Construction Materials/Methods
This course will provide the student with the information needed on construction materials and methods used in the construction of buildings. Writing assignments, as appropriate to the discipline, are part of the course.

2 Lecture Hours. 2 Credit Hours.
Offered at: KK

Technology 332 407  
Quality Abatement Supervisor
This course emphasizes the supervisory responsibilities required to safely remove hazardous materials as asbestos and lead. The course will provide instruction on potential health effects, personal protective equipments and information on such hazardous materials as asbestos, lead and mold; removal practices and procedures and other related safety and health concerns. Writing assignments, as appropriate to the discipline, are part of the course.

4 Lecture Hours. 4 Credit Hours.
Offered at: KK

Technology 332 408  
Environmental Safety Worker
This course is designed to provide the student with the general knowledge for environment safety workers. It fulfills OSHA’s requirements to perform class I and II work. Students will receive instruction on the potential health effects, personal protective equipment, background information on such hazardous materials as asbestos, lead, and mold; removal practices and procedures, and other safety and health concerns. Writing assignments, as appropriate to the discipline, are part of the course.

4 Lecture Hours. 4 Credit Hours.
Offered at: KK

Technology 332 409  
Construction Safety
This course is intended to provide the student with a basic understanding of safety practices found in the construction industry. Emphasis will be placed upon those areas in construction that are most hazardous, using OSHA standards as a guide. Upon successful completion, students will be issued the OSHA construction safety and health 10-hour course completion card. Writing assignments, as appropriate to the discipline, are part of the course.

1 Lecture Hour. 0-3 Lab Hours. 1-2 Credit Hours.
Offered at: KK

Technology 332 410  
Interior Construction I
This course will provide the student with the opportunity to practice and master the task required for entry level carpentry positions. Writing assignments, as appropriate to the discipline, are part of the course.
Technology 332 422
Plumbing Maintenance
Basic plumbing skills used in building maintenance and repair. Course content includes: troubleshooting, repairing, and replacing faulty plumbing and fixtures. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 1 Credit Hour.
Offered at: KK

Technology 332 424
Drywall & Interior Wood Trim
This course is designed to provide the student with the basic fundamentals of how to install drywall, apply tape and joint compound, sand to a smooth surface, as well as, install wood trim to baseboards, windows, and doors. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.
Offered at: KK

Technology 332 425
Window and Door Installation
This course is designed to provide the student with the knowledge and skills required to install windows and doors. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.
Offered at: KK

Technology 332 426
Intro To Concrete Masonry
This course provides an overview of concrete masonry trade, which includes the history and safety standards. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Technology 332 427
Masonry Tools & Equipment
This course is designed to provide the student with an overview of the types of tools and equipment used in the concrete masonry industry. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): C or better in 332 Engineering 426.
2 Lecture Hours. 2 Credit Hours.
Offered at: KK

Technology 332 428
Mortar
This course is designed to introduce students to mortar applications. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 3 Lab Hours. 3 Credit Hours.
Offered at: KK

Technology 332 429
Basic Math & Specifications
This course is designee to teach basic applications of mathematics pertinent to the trade. Emphasis will be placed on actual measurements and calculations, different types of specifications used in the building industry as related to the trade. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: KK

Technology 332 430
Masonry Installations Procedures
This course is designed to provide students the practical skills required to install masonry units. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): C or better in 332 Engineering 426-1
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: KK

Technology 332 431
Specifications & Building Code
This course will enable the student to adhere to established local codes and laws governing construction and rehabilitation of buildings; measure and estimate costs of labor, time and materials; develop written proposals for specific projects. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: KK

Technology 332 432
Basic Arc Welding
In this course, the student will concentrate and master basic welding skills and techniques. An overview of the safety rules and procedures will also be provided. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lab Hours. 1 Credit Hour.
Offered at: KK

Technology 332 434
Introduction To Plumbing
This course is designed to provide an overview of the plumbing trade which includes the history and safety and sanitation procedures. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Technology 332 435
Plumbing Tools & Equipment
This course is designed to provide the student with an overview of the types of tools and equipment used in the plumbing trades. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: KK

Technology 332 436
Plumbing Codes
This course is designed to introduce students to the regulations of Illinois Department of Public Health. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 1 Credit Hour.
Offered at: KK

Technology 332 437
Basic Plumbing Related Math
This course is designed to teach the basic application of mathematics pertinent to the plumbing industry. Emphasis will be placed on actual measurements and calculations of pipe and other fittings.
Prerequisite(s): Grade of C or better in 332TECH 434
1 Lecture Hour. 1 Credit Hour.
Offered at: KK

Technology 332 438
Intro To Fire Protection
This course is designed to provide an overview of the fire protection and sprinkler trade. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
Technology 332 439
Home Plumbing System
This course is designed to provide an overview of the plumbing systems within a home. Those systems include: waste, vent and water piping. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

Technology 332 441
Flooring/Floor Covering
This course will instruct the student in safety precautions for working with adhesives and mastic; safety operation of equipment, and installation of carpeting/padding, as well as the replacement of damaged tiles. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Credit Hours.
Offered at: KK

Technology 332 442
Introduction To Bricklaying
This course is designed to provide an overview of the bricklaying trade, which includes its history and safety standards. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Technology 332 443
Bricklaying Tools & Equipment
This course is designed to provide the student with an overview of the tools and equipment used in the bricklaying industry. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 332 Engineering 442-1
2 Lecture Hours. 2 Credit Hours.
Offered at: KK

Technology 332 444
Bricklaying Installation Procedures
This course is designed for students to develop and practice the skills and techniques required in bricklaying. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in 332 Engineering 442.
1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.
Offered at: KK

Technology 332 445
Introduction to Electrical Theory
Offers a general introduction to Ohm’s law, the National Electrical Code and general procedures. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 1 Credit Hour.
Offered at: KK

Technology 332 446
Foundations and Flatwork
This course is designed to teach basic forms for continuous, grade beam concrete footings including edge forms used for slabs and other structures. Theory and hands-on application are emphasized through the completion of the course. Writing assignments, as appropriate to the discipline, are part of the course.
2-3 Lecture Hours. 1 - 3 Credit Hours.
Offered at: KK

Technology 332 447
Materials
This course is designed to describe uses of work materials and grading systems. The course will also describe various kinds metals, fasteners, and adhesive used for roadwork carpentry. Theory and hands-on applications are emphasized through the completion of the course. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 1 Credit Hour.
Offered at: KK

Technology 332 448
Vocational Physical Training I
Vocational Physical Training focus on preparing students for the physical challenges that line worker careers require. Students learn the basic of nutrition and how what we eat fuels our bodies. Students will learn proper techniques to stretch, warm up and physically train. Emphasis is given to cardiovascular training as well as leg and upper body strength. Instructors work with students to overcome physical challenges and fears for basic pole climbing. Student must earn a “C” or better in course to advance to Vocational Physical Training II. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lab Hours. 1 Credit Hour.
Offered at: KK

Technology 332 449
Professional Development
This course is designed to provide the student with a basic understanding of the human relations skills necessary to obtain employment and succeed in a quality work environment. This course includes resume development, cover letter writing, job searching skills, networking skills, interviewing techniques, and post-interview skills. Additionally, this course helps students succeed while on the job by exposing students to current workplace trends, team building skills, customer and co-worker relations, attitude and motivation, stress management, and financial management and planning. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: KK

Technology 332 451
Plumbing
This course will enable the student to identify pipe fittings and standard plumbing symbols; install rough plumbing for bath and kitchen fixtures, and install water heating systems. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.
Offered at: KK

Technology 332 452
Basic Electrical Theory
This class covers the theories behind basic electricity. The emphasis is on electron theory, magnetism, Ohm’s Law, and circuitry. Alternating current concepts such as circuits with resistance, inductive and captive reactive circuits, and power factor correction are covered. Basic math skills are used. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK
Technology 332 453
Overhead Techniques & Projects I
This first semester discusses basic electric system layout from generator to electrical user and focuses on practical tasks and working concepts associated with electrical line work. Aerial climbing is introduced and practiced, power line equipment is used. Overhead distribution line design, specifications, and construction are part of this class. In this class, students learn basic rope knots, guying and anchoring techniques, electrical connectors, hand tools, and power tools. Additionally, students learn about single phase underground distribution concepts and metering principles. Student must earn a “C” or better to advance to Overhead Techniques and Projects II. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Grade of C or better in MATH 107, ENGLISH 197, 332TECH448-1 and 449.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: KK

Technology 332 458
Overhead Techniques & Projects II
In this second semester class, students learn about and use advanced levels of topics such as aerial climbing, rope knots and splices, electrical connectors, electrical test equipment, as well as hand and power tools. Students also learn basic hydraulic principles. Application and installation of various electrical apparatus in a lab environment is completed by the students. Overhead distribution structures are constructed, protective grounding is introduced and live line work such as rubber gloving and hot stick use (deenergized lines). Underground distribution (UD) equipment is introduced including cable terminating tools and cable locating equipment. Students will install and terminate UD cable, Three-phase concepts such as metering and UD are covered. The class covers component pieces of electrical distribution equipment. The class is introduced to current prospective devices including automatic throw overs, high voltage fuses, sectionalizers and oil current reclosers. Students learn to identify various type switches and are introduced to step-type voltage regulators. Students practice safety concepts common to line workers. Students also identify and read distribution maps. A trencher/cable plow, trucks and other mobile equipment are used by the student. The student must earn a C or better in this course. Writing assignments, as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in 332TECH 452 and 332TECH 453 and 462.
3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.
Offered at: KK

Technology 332 459
Construction Safety and Rescue
This course is intended to provide the student with a basic understanding of safety practices found in the construction industry. The student will be provided specific instruction in Flagging and Cardiopulmonary Resuscitation (CPR). Emphasis will be placed upon those areas in construction that are the most hazardous, using OSHA standards as a guide. Upon completion, students will be issued the OSHA construction safety and health 10-hour course completion card. The student will be provided a basic knowledge of bucket truck and pole top rescue. Emphasis will be placed upon those areas in the electrical line worker profession. Student must earn a “C” or better in course to advance. Writing assignments, as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in 332TECH 452, 453 and 462.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Technology 332 462
Vocational Physical Training II
Vocational Physical Training focuses on preparing students for the physical challenges that line worker careers require. Students will build upon the skills developed in Vocational Physical Training I. Students will learn how to select foods to provide optimum health and the best sources of energy. Students will learn how to read labels and how to use food to cleanse and maintain overall health. Students will build upon techniques for stretching, warming up and physical training. Student must earn a grade of C or better in course to advance to Vocational Physical Training III. Writing assignments, as appropriate to the discipline are part of the course.
Prerequisite(s): Grade of C or better in 332TECH 448.
2 Lab Hours. 1 Credit Hour.
Technology 332 469  
**Advance Plumbing/Pipefitting**
This course offers students the opportunity to increase their skills and knowledge in the plumbing industry. Course material covered will include arc of pipe sizing, print reading, fitting allowance, code review, thermodynamics/pipe connection above and below grade. A review of the proper procedure for solving offset problems will also be covered. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 332TECH 434-1 or one year experience in the plumbing industry.

1 Lecture Hour. 6 Lab Hours. 3 Credit Hours.  
Offered at: KK

Technology 332 470  
**Power Equipment Operations II**
This course is a continuation of 330TECH 464 to provide instruction in preparation for obtaining a commercial driver's license. In addition, the class covers the operation and use of a variety of power equipment commonly used in the electric power industry including the use of bucket trucks. Power take-off equipment, trailers, cable pullers and tensioners. Students must earn a grade of C or better in the course to advance. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in Math 107, and English 197, and 332TECH 448, and 332TECH 449 and 332TECH 454.

2 Lecture Hours. 1 Lab Hour. 2.5 Credit Hours.  
Offered at: KK

Technology 332 471  
**Exterior Repair & Remodeling**
This course will instruct the student to remove and replace doors and windows; install exterior hardware; install weatherization, insulation and roofing materials. Writing assignments, as appropriate to the discipline, are part of the course.

1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.  
Offered at: KK

Technology 332 481  
**Interior Repair & Remodeling**
This course will instruct students to make minor plaster repairs; install interior hardware; replace/repair damaged wood flooring, tile and other floor coverings; apply wallpaper, paints, and other coatings. Writing assignments, as appropriate to the discipline, are part of the course.

1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.  
Offered at: KK

Technology 332 491  
**Residential Electrical Wiring**
This course will instruct students in writing of various electrical configurations commonly found in residential systems. Writing assignments, as appropriate to the discipline, are part of the course.

1 Lecture Hour. 9 Lab Hours. 4 Credit Hours.  
Offered at: KK

Technology 332 503  
**Gas Utility Training I**
Gas Utility Training I introduces students to the principles, processes, and sub-systems applicable to the safe construction and operation of natural gas distribution systems, for delivery of natural gas to end-use customers. Classroom and practical room training will ensure that students possess the necessary skills and knowledge to perform duties in an entry-level gas utility worker job classification. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 432CMGT 609 - Construction Safety II

5 Lecture Hours. 3 Lab Hours. 6 Credit Hours.  
Offered at: KK

Technology 332 504  
**Gas Utility Training II**
Gas Utility Training II is a continuation of the Gas Utility Training I. The course expands upon the principles, processes, and sub-systems applicable to the safe construction and operation of natural gas distribution systems relative to the construction of mains and services, pressure regulator and meter installation/removal, excavation damage prevention, lockout/tagout and shutdown processes, and safe appliance light-up procedures. It includes an introduction to joining methods for various pipe component materials, such as compression fittings for plastic and ferrous materials. Classroom and hands-on training will ensure that students possess the necessary skills and knowledge to perform duties in a secondary level gas utility worker job classification. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 332TECH 503-Gas Utility Training I

4 Lecture Hours. 6 Lab Hours. 6 Credit Hours.  
Offered at: KK

Technology 332 505  
**Gas Utility Training III**
This course provides students with knowledge of advanced processes for mains pipe facilities repair, installation, and abandonment. It also provides knowledge of advanced processes for service pipe work. Students also review the fundamentals of appliance light up and venting, and hazards associated with potential leak and ignition sources inside and outside of a structure. Classroom and hands-on training will ensure that students possess the necessary skills and knowledge to perform advanced duties associated with work on distribution piping systems by higher level gas utility worker job classifications. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 332TECH 504-Gas Utility Training II

2 Lecture Hours. 3 Lab Hours. 3 Credit Hours.  
Offered at: KK

Technology 332 506  
**Gas Utility Training IV**
This course provides students with knowledge of advanced processes for gas service activation and other end-use activities. This course also provides students with additional safety related details for carrying out certain activities covered in Gas Utility Training III. Theory of operation of Class 1 and Class 2 pressure regulators is also covered. Students will learn the principles of operation and diagnosis of operational problems and applicable NFGC code requirements on the broad scope of end-use appliances. Excavation and trenching safety is covered in detail. Classroom and hands-on training will ensure that students possess the necessary skills and knowledge to perform advanced duties associated with work on gas service activation and end-use appliances and systems by higher level gas utility worker job classifications. Writing assignments, as appropriate to the discipline, are part of the course.  
Prerequisite(s): Grade of C or better in 332TECH 505-Gas Utility Training III

3 Lecture Hours. 3 Lab Hours. 4 Credit Hours.  
Offered at: KK

Technology 332 509  
**Intro to Basic Arc Welding**
This course will concentrate and master basic welding skills and techniques. An overview of the safety rules and procedures will also be provided. Writing assignments, as appropriate to the discipline, are part of the course.

2 Lecture Hours. 12 Lab Hours. 2 - 6 Credit Hours.  
Offered at: KK

Technology 332 510  
**Blueprint, Layout, & Fabrication**
Detail interpretation of welding print and fabrication, fabrication procedures as well as interpreting basic elements of a drawing or sketch. Writing assignments, as appropriate to the discipline, are part of the course.

2 Lecture Hours. 2 Credit Hours.  
Offered at: KK
Technology 332 515  
Related Mathematics I
This course is designed to provide to the student those mathematical tools most often needed to solve trade related problems. The instruction includes a review of whole numbers, fractions, decimal, powers, roots, ratios proportions and percentages. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lecture Hours. 4 Credit Hours.
Offered at: KK

Technology 332 516  
Related Mathematics II
Continuation of Mathematics I. Topics include elementary algebraic operations, geometry and an introduction into trigonometry. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lecture Hours. 4 Credit Hours.
Offered at: KK

Technology 332 518  
Manufacturing Materials & Processes
An introduction to manufacturing materials, methods, and processes for drafting and design technicians is provided. Basic cold and hot working processes, used to join, form, weld, shape and cut materials to specified sizes, are also taught. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 1 Credit Hour.
Offered at: KK

Technology 332 520  
Arc Welding
This course provides continued development of the basic skills for performing operations with mild steel plates. Student progress in welding from flat to vertical, down to horizontal, and to vertical up positions. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): C or better in 332ENGR 509.
2 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

Technology 332 526  
Welding Mathematics I
This course gives a student a review of basic mathematics as it pertains to layout and blueprint reading. The course covers decimals, fractions, and converting whole inches to millimeters. Writing assignments, as appropriate to the discipline, are part of the course.
1-2 Lecture Hours. 1-2 Credit Hours.
Offered at: KK

Technology 332 530  
Advanced Welding
In this course students will concentrate and master advanced welding skills and techniques. An overview of safety rules and procedures will also be given. Writing assignments, as appropriate to the discipline, are part of the course.
4 Lecture Hours. 6 Lab Hours. 4 Credit Hours.
Offered at: KK

Technology 332 581  
Concrete Framing
This course will acquaint the student with industry terminology, the tools used in the trade, and safety procedures. Instruction and demonstration will introduce the student to the application of footings, foundation walls, and slab, and stair construction. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 3 Lab Hours. 2 Credit Hours.
Offered at: KK

Technology 332 582  
Residential Carpentry
Training consists of an orientation into the field of carpentry, industry terminology, and the discipline and the uses of tools of the trade. Students will receive hands-on training in the recognition and application of the materials used in residential structures. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 3 Lab Hours. 2 Credit Hours.
Offered at: KK

Technology 332 583  
Basic Hand Tools
This course is designed to introduce students to the operation and safe use of various types of hand tools. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: KK

Technology 332 715  
Intro to Hand and Power Tools
This course will enable the student to identify, maintain, and illustrate proper handling and care of the various hand and power tools. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 6 Lab Hours. 1 - 3 Credit Hours.
Offered at: KK

Technology 332 767  
Blueprint Reading I
Introduce students to construction blueprints and specifications. Emphasis on how to read and understand all types of working drawings used in the construction industry. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: KK

Technology 332 768  
Blueprint Reading II
Continuation of Blueprint Reading I. This course will further develop the student’s ability to interpret drawings of intermediate and advanced complexity related to actual trade projects. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Credit Hours.
Offered at: KK

Technology 332 769  
Blueprint Reading III
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

THEATER ART (0099)

Theater Art 129  
Intro To Theater History
Introduction to theater history from its origins to the present including theatrical styles and literature. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK TR WR
Theater Art 130
Stagecraft
Introduces safety procedures and basic techniques of scenery and property construction, tool use, scene painting, and backstage organization. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK, WR
IAI: TA 911

Theater Art 131
Intro To Theater
Introduction to Theater is a survey of theater, including basic elements and principles of production, styles, and historical perspectives of theater, dramatic literature, and criticism. Writing assignment, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK, MX, HW, WR
IAI: F1 907 GE: Fine Arts

Theater Art 132
Theater Production, Direction & Management
Production and direction of plays; experience in play selection, theater organization, scheduling, audience analysis, box office and record keeping, and publicity. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: KK, MX, TR, HW, WR

Theater Art 133
Acting I
Acting techniques, stressing exercises, improvisations, prepared and general acting situations; theories of method and technical methods explained and presented; survey of acting styles. Writing assignments, as appropriate to the discipline, are part of the course.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK, MX, OH, TR, HW, WR
IAI: TA 914

Theater Art 134
Theater Diversity in the U.S.
Examination of various dramatic expressions that reflect the experience and construction of racial or cultural minority identity in the United States. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
3 Lecture Hours. 3 Credit Hours.
Offered at: DA, KK, OH, TR, HW, WR
IAI: F1 909D GE: Fine Arts HD Course

Theater Art 135
Theater and Special Projects
Special project permitting independent research and/or study, includes writing of a play or design and execution of a costume or a special and unusual unit of scenery. Not more than three hours of credit counted toward graduation. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 1 Credit Hour.
Offered at: KK, HW

Theater Art 136
Stage Make-up
This course is an introduction to the basic techniques and philosophies concerning the effective application of theatrical makeup. The objective of the course is to give the student a practical, working knowledge of the principles of highlighting, shadowing, and contouring the human face with makeup in a workshop environment. Explorations into the basic techniques involved in working with crepe hair, and various three-dimensional processes shall also be undertaken.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK, OH, TR, HW, WR

Theater Art 137
Stage Lighting
Comprehensive study of theory and technique of lighting for the theater; use of all instruments and dimming controls, work on sound in theater. Writing assignments, as appropriate to the discipline, are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK, WR

Theater Art 138
Topics In Theatre
Special survey courses introducing employment opportunities and procedures in theater. Writing assignments, as appropriate to the discipline, are part of the course. Course runs in a rotation of 3 topics. Courses may be repeated for a total of 3 credit hours.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Theater Art 140
Sound For Theatre
Comprehensive Study of theory and technique of sound and sound engineering; use of all instruments amplification and recording equipment. Writing assignments as appropriate to discipline are part of the course.
Prerequisite(s): Grade of C or better in Math 118.
3 Lecture Hours. 3 Credit Hours.
Offered at: KK

Theater Art 141
Costumes And Wardrobe
Introduces theory of costume design, focusing on safety procedures and basic techniques of costume and accessory construction, tool use, fitting and draping, and costume shop organization through projects in cutting, stitching, and finishing costumes for production. Writing assignments as appropriate to discipline are part of the course.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Theater Art 143
Acting Workshop
Practical workshop in performance styles, stage techniques, timing, scene study and improvisations; students will cooperate in class-produced one-act plays. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK, HW

Theater Art 144
Practice In Modern Theater
Workshop in production of modern plays; readers theater methods will be used in total concept of modern theater production; less emphasis on detail than in Theater Art 143. Writing assignments, as appropriate to the discipline, are part of the course.
1 Lecture Hour. 2 Lab Hours. 2 Credit Hours.
Offered at: KK
Theatre Production & Management

Voice And Movement

Acting II

Theater Design

Theater Workshop

Independent Internship Assignment

Production and management of plays and theatres; survey of theatre and production organization, scheduling audience analysis, box office operation, record keeping and publicity. Writing assignments as appropriate to discipline are part of the course.

Prerequisite(s): Grade of C or better in Math 118 and Theater Art 230, or Consent of Department Chairperson.

3 Lecture Hours. 2 Lab Hours. 4 Credit Hours.

Offered at: KK

Theater Art 240

Play Production

A literary exploration of the relationships between dramatic text and the play in performance, with special emphasis on basic terminology and methodology. Representative plays are studied in their genre, historical, and social contexts. Writing assignments as appropriate to discipline are part of the course.

3 Lecture Hours. 3 Credit Hours.

Offered at: KK

Theater Art 242

Improvisational Theater Workshop

Theory and practice of improvisational acting techniques; development of scripting in the moment, development of character and styles; designing and performing an improvisational show. Writing assignments, as appropriate to the discipline, are part of the course.

3 Lecture Hours. 3 Credit Hours.

Offered at: KK

Theater Art 252

Children’s Theater Workshop

The students will participate in a production of a play for children. The class will operate as a theater company and students will work in all phases of theater including acting, directing, stage managing and producing as a full company experience. Writing assignments, as appropriate to the discipline, are part of the course.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: WR

VISUAL COMMUNICATIONS (0009)

Visual Communications 101

Intro to Visual Communications

Introduction to the visual communications industry through the application of industry-standard software and essential skills, concepts, and design techniques. Digital image editing, illustration, page layout and the processes in each will be discussed. Writing assignments, as appropriate to the discipline, are part of the course.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: KK

Visual Communications 102

Website Design I

Basic procedures in preparing website design and production; includes web code techniques, color theory, typography and composing style sheets and photo layout. Writing assignments, as appropriate to the discipline, are part of the course.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: KK

Visual Communications 104

Digital Photography

Basic study of the industry and practice of photography using the digital camera. Topics include basic camera operations and techniques, portraits, lighting, and post-production techniques such as editing and retouching. Writing assignments, as appropriate to the discipline, are part of the course.

2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.

Offered at: KK
Visual Communications 110
Digital Production
A study of the digital prepress and print production procedures for commercial printing; includes planning and problem-solving in layout and design, desktop publishing, digital imaging, proofing and digital print work. Writing assignments, as appropriate to the discipline, are part of the course. 
Prerequisite(s): Grade of C or better in VIS COM 101, 104, 122 and 224. 
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours. 
Offered at: KK

Visual Communications 122
Graphic Software
This course is designed to familiarize the student with hardware and software used in the visual communication industry. Software includes Adobe Illustrator, Photoshop. In design and other computer graphic software used for page layout design. Emphasis on the study and use of computer hardware equipment as: Monitors, keyboards, scanners, printers and digital cameras, etc. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated six credit hours will be counted towards graduation. 
3 Lecture Hours. 3 Credit Hours. 
Offered at: KK

Visual Communications 132
Publication Design
A study of digital publication design and digital prepress production with emphasis on planning and problem-solving in layout and desktop publishing, digital imaging, proofing and digital print work. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated six credit hours will be counted towards graduation. 
Prerequisite(s): Grade of C or better in VIS COM 101
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours. 
Offered at: KK

Visual Communications 134
Logo Identity Design
Basic study of logo design, branding, and corporate identity. Emphasis is placed on actual creation, design briefs, the research of companies, concepts, the use of symbols, typography, wordmarks, and imagery, and how each culminate into a unique identity for a business or institution. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated six credit hours will be counted towards graduation. 
Prerequisite(s): Grade of C or better in VIS COM 101, 122, AND 224.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours. 
Offered at: KK

Visual Communications 150
Graphic Design I
An introductory course on the foundations, principles and elements of graphic design. Students will utilize industry-standard professional graphics software to explore various concepts in visual communication for both print and electronic media. Industry terminology and practices will be presented with an emphasis on problem-solving and the design process. Students will apply the theories of graphic design to produce various deliverables such as corporate identity, advertising and brochures. Writing assignments, as appropriate to the discipline, are part of the course. 
Prerequisite(s): Grade of C or better in VIS COM 101, Art 144, or Consent of Department Chairperson. 
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours. 
Offered at: KK

Visual Communications 201
Design Management
The study of design management practices in the visual communication industry: Sales, marketing, strategic planning, graphic production, job cost, services, studio layouts, purchasing, inventory control, staff positions/management and proposal writing. Writing assignments, as appropriate to the discipline, are part of the course. 
Prerequisite(s): Grade of C or better in VIS COM 150
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours. 
Offered at: KK

Visual Communications 202
Website Design II
Focus on website design and production; includes web code techniques, color theory, typography and composing style sheets and photo layout. Explores animation on the web using current web publishing software applications. Writing assignments, as appropriate to the discipline, are part of the course. 
Prerequisite(s): Grade of C or better in VIS COM 102, or Consent of Department Chairperson. 
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours. 
Offered at: KK

Visual Communications 212
Motion Graphics I
Basic study of animation using industry-standard vector software to create motion, including animated shorts, information graphics, and multimedia presentations. Writing assignments, as appropriate to the discipline, are part of the course. 
Prerequisite(s): Grade of C or better in VIS COM 101
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours. 
Offered at: KK

Visual Communications 213
Motion Graphics II
This course is a continuation of the study of motion graphics with an interest in commercial applications using industry-standard software. Topics include motion graphics principles, design and composition, timing, storyboarding and planning, visual storytelling, sound and music development, and synchronization. Writing assignments, as appropriate to the discipline, are part of the course. 
Prerequisite(s): Grade of C or better in VIS COM 212 (Course ID# 000102) or Consent of Department Chairperson
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours. 
Offered at: KK

Visual Communications 224
Digital Typography
This course is designed to familiarize the student with the computer hardware and software application used in the visual communication industry. Emphasis on the study of typography font design, specification, effects and copy fitting. Also, a study of the historical developments of typography from ancient to modern times will be studied. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course: Not more than an accumulated six credit hours will be counted towards graduation. 
Prerequisite(s): Grade of C or better in VIS COM 101, Art 144, or Consent of Department Chairperson. 
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours. 
Offered at: KK
Visual Communications 290
Practicum Internship
This course is designed to provide the student with further academic support while completing the Visual Communications practicum internship to gain experience in the field. On-the-job strategies, furthering student's design education and training, seminars for career development as well as other topics that are career-related will be discussed. Writing assignments, as appropriate to the discipline, are part of the course. Allowed Repeatable Course. Not more than an accumulated six credit hours will be counted towards graduation.
Prerequisite(s): Completion of the Visual Communications curriculum or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

Visual Communications 298
Design Studio
This capstone class prepares students for the visual communications industry, including the study of design and the design business: sales, marketing, strategic planning, production, estimating, services, studio layouts, staff positions, management and proposal writing. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Completion of the Visual Communications curriculum or Consent of Department Chairperson.
2 Lecture Hours. 2 Lab Hours. 3 Credit Hours.
Offered at: KK

ZOOLOGY (0029)

Zoology 211
General Zoology
Fundamental principles of animal morphology, physiology, genetics, and ecology. Writing assignments, as appropriate to the discipline, are part of the course.
Prerequisite(s): Eligibility for English 101 based on prior coursework or CCCRTW, COMPASS, ACT, or SAT test scores, or Consent of Department Chairperson.
2 Lecture Hours. 4 Lab Hours. 4 Credit Hours.
Offered at: OH TR
GE: Life Sciences
NON-DISCRIMINATION POLICIES AND PROCEDURES

Equal Opportunity in Programs, Services and Activities
City Colleges of Chicago does not discriminate on the basis of race, color, national origin, ethnicity, gender, age, religion, citizenship, sexual orientation, marital status, disability, veteran status, genetic information, pregnancy, membership or lawful participation in the activities of any organization, or the exercise of rights guaranteed by local, state, or federal law with respect to hire, terms and conditions of employment, continued employment, admissions, or participation in Board programs, services, or activities as required by Title IX of the Educational Amendments of 1972, the Americans with Disabilities Act of 1990 and the Amendments Act, Section 504 of the Rehabilitation Act of 1973, Title VI or Title VII of the Civil Rights Act of 1964, and other applicable statutes and City Colleges of Chicago policies. The EEO Office is responsible for investigating and responding to equal opportunity concerns, including sexual harassment, of CCC employees, applicants for employment, students or applicants for admission or any other person.

Complaints of discrimination or harassment may be made by or against employees, students, or other participants in Board programs, activities, or services. Any person who believes that he or she has suffered from a violation of CCC's equal opportunity policies with respect to discrimination or harassment may file a complaint with the District’s EEO Office.

Complaints must be in writing and filed within 180 days of the discriminatory or harassing act. All complaints must be directed to the EEO Office in the Office of Human Resources and Staff Development at 226 W. Jackson Boulevard, 12th Floor, Chicago, Illinois 60606, or at eeoffice@ccc.edu. For information regarding the EEO Policy and procedures, please contact the EEO Office at (312) 553-2865.

The complete text of the District’s non-discrimination policy is contained in the Student Policy Manual. Copies of the City Colleges of Chicago Equal Opportunity Complaint Procedures and the Discrimination Complaint Form are available in the District Office, Office of Human Resources at the above address, and in the Personnel Office at each of the seven City Colleges of Chicago locations. CCC’s non-discrimination policies, and complaint procedures and form are also available on the CCC website at www.ccc.edu/departments/Pages/Equal-Opportunity-Office-(EEO).aspx.

Prohibition Against Retaliation and Intimidation
Retaliation against and/or intimidation of employees, students, program participants, witnesses or any other persons who make complaints or who cooperate in EEO investigations is strictly prohibited. Anyone who feels he or she is the victim of retaliation or intimidation should contact the EEO Office to report such incidents immediately.

Smoke-Free Workplace
City Colleges of Chicago is a smoke-free environment.

Prohibition on Unlawful Drug and Alcohol Use
City Colleges of Chicago prohibits the use or distribution of alcoholic beverages in or on college property, or in conjunction with any college activities, except as authorized by state law and specifically approved by the college president or the chancellor. The unlawful manufacture, distribution, dispensation, use or possession of controlled substances (as defined in the Controlled Substances Act, 21 U.S.C. 812, section 202, schedules I through V) in or on college property is strictly prohibited.

The Board of Trustees of the Community College District No. 508, is governed by the Illinois Public Community College Act, (110 ILCX 805/1-1, et seq.) and the Rules for the Management and Government of City Colleges of Chicago, with any amendments enacted or thereafter. A student or employee who is found to be in violation of the above stated prohibitions will be subject to disciplinary action, up to and including expulsion and/or dismissal from employment.

Privacy of Educational Records
City Colleges of Chicago complies with the Family and Educational Records Protection Act with respect to students’ right of access to their educational records and the disclosure of educational records to third parties. For more information, please visit www.ccc.edu/menu/Pages/ccc_ferpa_compliance.aspx#legal.
