PHARMACY PROGRAM

Program Description:
The UIC COP agrees to reserve up to 5 PharmD Program seats each year for highly qualified CCC students who, no later than the second semester of attendance at CCC, declare intent to complete a PharmD degree in the UIC COP upon completion of an associate’s degree at CCC. Upon satisfactory completion the UIC COP Conditions for Guaranteed Interview, Affiliation Program students will be offered admissions interviews for possible matriculation to the PharmD Program offered on the Chicago Campus.

Program Requirements:
In order to participate in the program, students must:
- Maintain a full-time course load every semester through graduation from CCC;
- Maintain cumulative and pre-pharmacy prerequisite coursework grade point averages of at least 3.5 (on a four-point scale) every semester;
- Complete all pre-pharmacy prerequisite coursework at CCC on a graded basis (see UIC Pharmacy Pathway);
- Receive a grade of B or better in every prerequisite course;
- Attend meetings every semester with the UIC COP program contact;
- Send a Degree Audit Report or transcript (unofficial is acceptable) to the Office of Student Affairs, College of Pharmacy, every semester, including summer sessions. (Transcripts should be directed to the attention of the contact person listed below, College of Pharmacy M/C 874);
- Earn an associate’s degree from CCC within three years of first enrollment;
- Complete all coursework by the end of spring semester of the year of intended matriculation into the UIC COP;
- Take the Pharmacy College Admission Test (PCAT) and score at the 50th percentile or higher; and
- Complete a PharmCAS application and any supplemental application materials as needed by the UIC COP.

Application Information:
- Complete the UIC CCC Pharmacy Application
- Hand deliver the application to the Transfer Director at your college

Benefits
- Reserved seats in the PharmD program for up to 5 students
- Support to prepare for the PharmD interviews
- Support to prepare for the PCAT exams (a 6 week summer course)
- Opportunities to engage with like-minded peers through the Pharmacy Club
- Monthly office hours at your college by the UIC-COP representative
- Participate in a UIC pharmacy class for a day
- Hear guest lectures in basic science classes by UIC-COP faculty
