

Illinois State Seal of Biliteracy Evaluation Request Form

General Guidelines: City Colleges of Chicago (CCC) accepts the Illinois (IL) State Seal of Biliteracy for college credit. For the evaluation of a State Seal to get processed, students must already be admitted to CCC and have an active student record. This evaluation request form must be completed and accompanied by an official high school transcript containing the IL Biliteracy Seal. Both documents are required for submission to the Office of the Registrar within 3 years of the high school graduation date to receive credit. College credit will then be posted as 4 semester hours of World Language coursework or elective credit.

For more information about the Illinois State Seal of Biliteracy at CCC and course equivalents, please refer to the City Colleges of Chicago website.
