Technology Fluency ILO Chair

- A plan is needed to be ready to implement the following year and to develop an evaluation tool to support college-wide assessment of the technology fluency ILO in collaboration with the executive chair, assessment subcommittee co-chairs, and I-SLO planning task force.

Co-Curricular Updates

- The concentration this semester is all of the depts submitted SLOs; 95% have.
- We split into 3 groups of 3 to evaluate the SLOs, now we are in process of providing one uniform feedback to give to each dept based off of SLOs and rubrics.
- Once submitted, departments can make changes within 2 weeks and resubmit.
- The plan for summer for department is to think about how to assess SLOs for fall semester.
- Also looking to possibly do graduate exit survey, but may not if district office is going to send out something to spring graduates.

Quantitative Literacy

- Volunteers were contacted.
- Working on schedule for meetings, with plans to go over rubrics.

Common Assessment

- Contacted volunteers with plans on meeting with them next week.
- Working on getting completed phase 2 forms.

Communications

- Three volunteers for communications, working on scheduling a meeting.

Archivist

- Work on creating a separate page on SharePoint for the collection of student artifacts, organizing them (possibly through Excel Spreadsheet).
