

Dear Harold Washington College Community,

For many of you, especially our graduates, this is your last semester with us. We will miss you. I wish all of you the best of luck and a bright future! For others – continuing students, faculty and staff – I look forward to seeing you in either the Summer or Fall semesters. I am excited to begin a new academic year with all of you.

I will be changing the frequency of these communications and my virtual office hours for the summer. Please stay tuned for those details. In the meantime, please do not hesitate to reach out to me by emailing HWCPresident@ccc.edu.

Here are the College Updates for this week:

- Enrollment Update (for additional data click [here](#)):

Headcount	Actual (as of 5.7.2020)	Target	% to Target
Summer 2020	1,736	3,111	56%
Fall 2020	477	7,298	6.5%

- Students eligible for CARES Act funding were notified and advised to go to their MyCCC.edu account to complete the survey for funds, up to \$350. If you think you're eligible, but have not received information, please reach out to your college financial aid advisor.
- All City Colleges employees, with the exception of limited essential personnel, will continue to work remotely through at least Saturday, May 30. The first day employees could expect to return to work at our facilities would be Monday, June 1. Please reach out to your HR representative with any questions.
- The college continues to search for a Vice President and Dean for Academic Affairs. A Search Committee will support the interview and selection process. We will continue to keep the HWC community updated as we move forward with the process.

- An offer has been made for the IT Director role at the college. Approval at the CCC board meeting in June is required before the proposal is finalized.
- Space Committee: To enhance student experiences, the college intends to make some changes to various spaces. If you would like to play an active role in that process, please email astang1@ccc.edu.
- Feedback Wanted! Please share your online learning and student service experiences with us [here](#). We would like to know what the college is doing well during this time as well as what areas could be improved. Your feedback is valuable to us.
