B. Midyear Update – due first week Spring semester

Completely describe all actions that have occurred since this past August with respect to your department's Assessment Plan.

Students were incentives to visit the instructor's office to discuss a relevant topic from the course. Students were to demonstrate initiative in approaching instructors to discuss course topics outside of classroom time. In this regard, I gave extra credit coupons to students who initiated these contacts- 5 point coupon for students who visited the office and 2 points for students who initiated contacts before class begins and after it ends. 10 students/64 students (16%) in my biology 121 classes made these contacts.
