

Wright College Academic Department Program Assessment Project Fall 2016

WHAT?

Describe the purpose of this assessment project.

It is a goal of the CIS department to improve student's ability to apply information they have read or heard to perform new task.

This project is based on question 4. of the Assessment Survey, "Used information you have read or heard to perform a new task."

WHY?

Describe your department/program's reasons for taking on this project and the areas of your department/program that are involved.

A large portion of the majority of CIS courses are based on the student's ability to utilizing information they have read or heard in order to perform new task. The department feels that this project can enhance student's understanding and thus improve their success rate.

Initially the areas of the CIS department that will be involved in this project will be the CIS-101 classes which will serve as a pilot.

HOW?

Describe the participants, methods, and the timeline for this project.

Participants will be the students and instructors of the CIS-101 classes.

Timeline the departments plan is to run the Assessment Survey again at the end of the semester.

WHAT WE FOUND

1. Describe the way in which your department/program will collect results.
The department will then compare the results of the surveys.
 2. Provide the results.
