EXPLORE CAREERS IN THE RENEWABLE ENERGY INDUSTRY PHOTOVOLTAIC SYSTEM FUNDAMENTALS

FREE COURSE: SEPT 24 - OCT 24, 2024

Join IL IBEW Renewable Energy Fund for a 30-hour noncredit course tailored for those pursuing a career in renewable energy. Explore union apprenticeship and pre apprenticeship opportunities that may be available to graduates, providing hands-on experience in PV system installation, maintenance, and troubleshooting. This program presents pathways to a rewarding career in renewable energy and diverse opportunities in the electrical industry.

*Conversion of solar energy
into electricity*

*Function of solar panels, inverters,
charge controllers, batteries, and
mounting structures*

Regulatory policies of PV systems

*Economic considerations and
financial incentives of PV systems*

**COURSE SCHEDULE
TUESDAYS & THURSDAYS
5:00-8:00PM**
